Sounds like a memory to hear—prices are DOWN for Christmas! As far back as you can remember, in good times or bad, prices on all things, everywhere, are generally UP for Christmas.

Christmas time is not "bargain time". At the holiday season people get the habit of expecting to pay just a little bit more—especially when they let things go to the last minute.

WE PLANNED THIS CHRISTMAS SALE TO SAVE YOU MONEY.

We selected the sort of things that most folks buy for Christmas—for the holidays—during the holidays.

Something for every one, from the little tiny tots to big brother and sister; for father and mother. Lovely remembrances, all. Charmingly beautiful, comfortable, needful things for the home.

The most enduring of all reminders of Christmas-time are nice new things for the home. They make everything so bright and happy and cheerful Christmas Day and then continue to give so much pleasure, satisfaction, comfort and enjoyment for years and years to come.

✓ **Check Any Price—HERE You Will Find It Lower!**

We bought all these things LOW. We are selling them low—LOWER than at any time this season. Check up on that for yourself. Take any item in this Sale and look back into our catalog or any sale that has gone before. This Christmas Offer brings you the greatest money-saving opportunity of the entire season.

Planned to SAVE you money. Planned to SAVE you weary steps, trudging around to find what you want—for what you feel you can afford. Planned to SAVE you money worry—money hardship—heartache and sacrifice.

Planned to help you to shop thoroughly, sensibly and thriftily. Planned to bring you the opportunity to purchase the things you see without waiting. **Planned credit** offered you freely.

Real accommodation credit brought you without charge, without added cost, at Christmas time, when you need so many, many things—when there are so many extra calls on your pocketbook, on your cash money.

Planned to relieve you of all nuisance and annoyance and fretting about higher prices. Planned to do away with any necessity of pell-mell, topsy-turvy, haphazard buying.

Planned so that you, too, can plan ahead. Get everything you need, everything you want for Christmas, as well as for every day and all year 'round use. Sure satisfaction. Planned satisfaction. A half-century old planned easy payment arrangement so that you can pay little by little, scarcely feeling the expense.

We've told you that ours is a one-way business. It's planned that way. We sell only by mail and only on credit. We planned to eliminate every bit of waste and unnecessary expense in all our dealings with factories and makers and with our customers.

Just about everything, here, for all the family—from head to foot. Hats and shoes, hose, underthings, dresses, coats. Perfectly wonderful, useful gifts. Delightfully styled garments to bring that genuine thrill of joy to any heart. All kinds of little odds and ends and knickknacks to delight tiny hearts—grown-ups, too. Things for play, for amusement, for entertainment. A hundred stores could scarcely show *so much*, so completely, such bewildering choice.

We had the opportunity this year, to select these displays from the greatest stocks we ever had in all the history of our business. We shopped through our own warehouses and factories for weeks, always with an eye and mind to bringing you just the thing for Christmas for yourself, for your home, for some dear one—at a price that would make the pleasure of buying and giving, *doubly a joy*.

That is why at Spiegel's there is no charge for credit. It comes to you freely, without added cost.

Many months ago we *planned* all our purchases for the entire Fall season—even for this Christmas Sale. That's why, all during the season, we didn't have to raise a price. The price in every sale and catalog, as printed, was the price to pay—nothing added because prices elsewhere were going up—nothing added because of credit.

Plan The Way We Plan Shop As Carefully As We Shop

When the hubbub and clamor of rising prices has been loudest, we have brought you offers and sales actually *lowering* prices. This Christmas Sale is the latest example. Everything we show here is lower in price than any former offer. That's a remarkable and tremendous achievement in these times. It is all due to careful, studious, painstaking **planning**.

We *planned* to help you save many pennies, dimes and dollars, aside from lowered prices. We know, for instance, that when folks buy towels or sheets or blankets, and stockings, and scores of other such items, they don't if they **THINK**, buy them piece-meal, one at a time.

If they have the money they buy *supplies*. All the way through this Sale and in our catalog too, you will see that we bring you extra savings to encourage you to buy supplies of such things. We even save you money when you buy sets of furniture instead of a single piece at a time.

Shop carefully. Look for these extra added savings. Take advantage of them. That's what we do when we go into the market.

No Money Down Up to \$25.00

We know of no house in America that offers you this same privilege without charge, with the opportunity of buying such a vast variety of things.

No Money Down on orders for home furnishings or for wearing apparel, for tires or automobile needs, for anything we sell!

This privilege is like a Christmas present that we bring our best friends, our old customers. We know you will enjoy shopping without money. It is not necessary to send one penny with any order up to \$25.00 worth.

Even beyond \$25.00 worth we have purposely made the first payment very small for you.

We positively know what GATEWAYS have to offer in actual quality construction, mileage, safety and riding comfort and stand back of our claims to the limit! Gateways have *proven themselves* to give the lowest cost per mile of any tire in America. For proof of that we actually took one Gateway from stock and had it placed on a U. S. Bureau of Standards Testing Machine. We submitted it to the most grueling, grinding wear and tear. And it stood a test that rates equal to 32,800 miles of regular driving under all road

conditions! This test was made with a SIX-PLY Gateway. Just imagine for yourself, then, what the EIGHT-PLY will do!

We want you to order your Gateway on approval. We'll send it to you without receiving one penny from you. Put it on your car, ride on it. Then, if you're not 100% satisfied that it's everything we say it is *and more*, we want you to return it to us at our expense. You can pay for it later, little by little, in small monthly payments. And, remember, there's No Charge for Credit!
