Superwash Wool

There's a great new difference that makes Vagden wool blend socks a must for your man!

Ankle-length **200** Mid-calf **225** Over-the-calf **250**

Superwash Wool makes the big difference to these beautifully fashioned socks that are a year round comfort blend of 65% virgin wool, 30% nylon and 5% other fibres. Superwash Wool means the elimination of worry about how to care for wool. Superwash wool needs no special care, may be machine washed and dried with no fear of shrinkage, pilling or sagging. And Superwash Wool is anti-static—won't pick up lint. Socks are Acti-fresh[®]-treated too for long-lasting odour-resistance. Best of all Superwash Wool retains all the good qualities of regular wool. No loss of warmth, softness or absorbency.

And the addition of nylon to these socks means even longer wear plus built-in stretch comfort. When you consider all the benefits—and check the prices—you're sure to agree that the man on your list deserves several pairs of Woolblend-marked socks by Vagden of Canada.
