DELIVERY OFFER

NO EXCEPTIONS ON GOODS
AS CATALOGUED

A GRAND BUYING OPPORTUNITY

THAT GIVES YOU MORE ADVANTAGES

EATON QUALITY merchandise at EATON prices—and a new EATON free delivery offer, whereby we prepay charges on all orders amounting to \$10.00 and over in Ontario, Quebec and Maritime Provinces. Surely this is a welcome benefit in these days of higher cost of living—one that will be very good news indeed to our mail order customers. Our previous offer of free delivery on \$25.00 orders has had great success, but in some cases many who would have gladly taken advantage found it inconvenient to make up this amount. Then also this quantity of goods invariably meant forwarding same by freight, and consequently some delay before reaching customer. Now these difficulties have been largely overcome. The greatly lessened amount to secure free delivery will enable many more, if not all of our customers to share in this additional saving on EATON merchandise, and then, in most instances, goods amounting to \$10.00 will go forward by express (we however, reserve the right to send goods either way). Reason this out for yourself—look carefully through this catalogue of everyday requisites, for man, woman, and child—for the home and kindred needs. Think what an opportunity opens up to you, to save money in the spending, and all the goodness of EATON service unimpaired—same high quality—same quick service, and the same desire on our part to give the utmost satisfaction whenever and wherever possible.

YOUR SATISFACTION IS OUR SUCCESS

**TRUST TO THIS
GUARANTEE**

It is our constant endeavor to satisfy you at any cost. To refund the money when goods are returned as being unsatisfactory and in such cases to pay the charges both ways. A guarantee that has no "ifs" or "buts" to it. A guarantee that keeps you right.

OUR TERMS ARE :

SPRING OPENING STYLES OF WOMEN'S SILK COATS

OUR FASHION SERVICE ITS ORIGIN AND AIM

In briefly summarizing the details incident to the production of Women's Garments throughout these pages, which are specially selected for the customer at a distance, we might refer to:—

1. The constantly recurring visits of our buyers and designers to those marts of fashion—New York, Paris and London—whence come the inspirations that determine us TO REPRODUCE, TO IMPROVE, TO ECLIPSE.
2. Our possession of the services of experts studying local conditions all over the land, through which channels there are made known to us—THE WANTS OF THE PEOPLE.
3. Our capabilities to buy in quantities sufficient to exact the very lowest possible price.
4. Our unalterable rule to pass along to our customers a share in every benefit secured through these and other lines of activity, thus ensuring BETTER STYLES, CHOICER SELECTIONS and GREATER VARIETIES at prices proportionately closer than ever before, quality considered.

STYLISH SPRING SUITS FOR MISSES AND SMALL WOMEN

These stylish Misses' Suits, the product of our workrooms—where skilled designers take the latest fashion hints and modify them to suit the requirements and demands of "Miss Canada." Special examiners watch each detail in the making—from the cutting room, through the tailoring department, to the finishers and pressers. This, combined with the buying of materials direct from the mills, results in these high-class Suits being sold at moderate prices.

Skirt lengths should be measured down the front from natural waist line to lower edge of hem, making no allowances. Sizes different from those quoted cannot be supplied. If size ordered should be temporarily out of stock, we endeavor to have one made and forwarded within ten days. Samples of the materials, also an accurate tape measure, sent on request.

The generally useful character of the Coats on this page places them in a class distinctly by themselves, for, no matter how extensive a wardrobe may be, it is never complete unless it contains a Rainproof or Dust Coat of some kind. With this in mind we have endeavored to place before our customers a big variety of reliable goods at very attractive prices.

The proper care of Rubberized Garments suggests that:—Extremes of heat or cold should be avoided do not fold the garment—hang it up when not in use; when wet, shake it out well, and hang it up dry. Note carefully the lengths, colors, etc., given with each description, and order accordingly not forgetting to give style number, size and color preferred. Goods purchased and found unsatisfactory may be returned within ten days for exchange, or refund; all transportation charges being allowed.

WHEN ORDERING PLEASE DO NOT FORGET TO MENTION STYLE NUMBER, AND SIZE WANTED

56-211. Immediately to the left is a **Woman's Dress** of fine White richly embroidered Lawn, handsomely trimmed with heavy Cluny lace and embroidered lawn insertions, the back (where it fastens invisibly with pearl buttons) being a repetition of the front design, except the centre waist panel of embroidered lawn. A handsome gown, the soft beauty of which it is difficult to here depict. Made in bust sizes 32, 34, 36, 38, 40 or 42. Choice of skirt lengths (measured down front from natural waist line) 38 or 40 inches. **White only.** **4.50**
Price.....

56-979. Directly below is shown a most elaborate **Allover Heavily Embroidered Lawn Dress**; the heavier part of the pattern is not insertion, as might be supposed, but part of the allover design, while the entire back of the dress is embroidered in the smaller eyelet pattern shown on the left side of the figure; it buttons invisibly at the front, and has a row of 16 round coral buttons down the front; the lace-edged Robespierre collar and black velvet ribbon tie are striking features. (For sizes see Style 56-981.) **White only.** **5.00**

UTILITY SKIRT OF ALL-WOOL PANAMA

56-207. Drawing on the left shows a 13-gored Skirt of All-wool Panama Cloth; made on strictly plain tailored lines with an inverted box pleat in the centre of the back, the waistband being of the low or ordinary kind still asked for in some of the practical everyday styles like the one illustrated. A value representative of the price-reducing facilities of our manufacturing system. Made in waistband sizes 22, 23, 24, 25, 26, 27, 28 or 29 inches. Choice of skirt lengths (measured down the front from natural waist line) 37, 38, 39, 40, 41 or 42 inches. **Black or Navy. Price..... 3.25**

STYLISH SKIRT OF ALL-WOOL PANAMA

56-409. The Skirt on the right is of fine All-wool Panama Cloth, designed in four gores, with widely stitched fold down the centre of an otherwise plain back, the front showing neatly devised trimming of shortened panel, with long braid loop and button ornaments; finished at the waist with girdele top or moderately high waistband. Made in waistband sizes 22, 23, 24, 25, 26, 27, 28 or 29 inches. Choice of skirt lengths (measured down the front from the natural waistline) 37, 38, 39, 40, 41 or 42 inches. **Brown, Black, Navy 3.85**

DRESSY SKIRT OF BLACK OR NAVY PANAMA CLOTH

56-610. Directly on the right is a Woman's Skirt of All-wool Panama Cloth, cut in a six-gored style, the back being a duplicate of the front, with the exception of the tabs with Soutache braid and button trimming, which only appear on the front and sides. This skirt represents a very decided value, when materials and workmanship are considered, being tangible evidence of the economies made possible through our manufacturing system. Made in waistband sizes 22, 23, 24, 25, 26, 27, 28 or 29 inches. Choice of skirt lengths (measured down the front from natural waist line) 37, 38, 39, 40, 41 or 42 inches. **Black or Navy. WOMAN'S SKIRT OF FINE LUSTRE BLACK OR NAVY

56-410. Directly on the left is shown a Woman's Skirt of fine even weave Lustre, modelled in a five-gored design, the back being almost a duplicate of the front in style, excepting the three lower Soutache braid loops with self-covered buttons, which do not appear. Made with the girdele top hand at waist in moderately high effect. This skirt is a model of neatness, and, while light in weight, possesses the good and clean wearing qualifications for which this fabric is famous. Made in waistband sizes 22, 23, 24, 25, 26, 27, 28 or 29 inches. Choice of skirt lengths (measured down the front from natural waist line) 37, 38, 39, 40, 41 or 42 inches. **Black or Navy. Price..... 2.75**

Sample of the materials of which these Skirts are made will be furnished on request; also an accurate tape measure. In taking skirt length, measure down the front from the natural waist line.

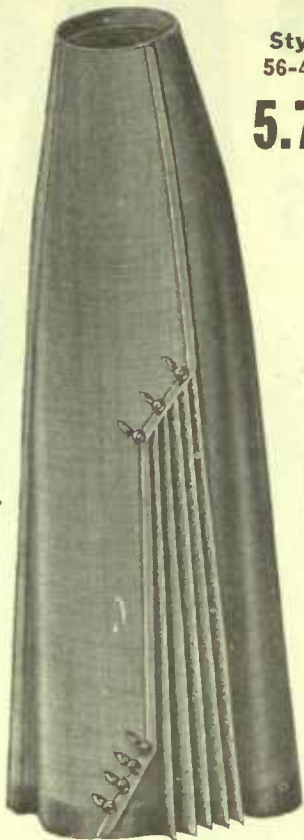

Please note carefully the sizes and colors given with each description, and order accordingly, giving full particulars. For Women's Skirts in other measurements than these see pages 16 and 17.

Do not hesitate to order at once, because if goods are found unsuitable they may be returned (in ten days) for exchange; or refund; and we pay the transportation charges.

ELEGANT SKIRT OF ALL-WOOL BLACK VOILE

56-412. The Very Handsome Skirt directly above is made of a fine All-wool Black Voile of a crisp, even weave, which has gracefully lent itself to the designer's intent to produce a strictly tailor-made skirt with that much-to-be-desired clinging softness usually not seen outside of high-priced productions. It is cut in five gores, the back being a duplication of the front, so far as the long side pleats falling from the fancy silk button heading is concerned; the overskirt effect with silk buttons and braid near the foot is shown at the front only; the softly folded girdle is of black Paillette silk, with braided oval ornament. Made in waistband sizes 22, 23, 24, 25, 26, 27, 28 or 29 inches; with lengths 37, 38, 39, 40, 41 or 42 inches (measured from natural waist line down the front). **Black only. Price..... 6.95**

COAT OF FINE ALL-WOOL SERGE

56-616. Maternity Coat of fine All-wool Serge, 54 inches long, designed on special lines, combining a neat, smart appearance with the necessary provision made for continued wear, so that the original lines of the coat will lend themselves to the figure in desirable effect, the trimming of silk cording on cuffs and graceful shawl collar adding a dressy appearance to this cleverly modelled coat. Made in bust sizes 32, 34, 36, 38, 40, 42 or 44. Choice of Black or Navy. . . . **9.00**

Each style on this page was specially designed for the purpose for which it is designated, every approved idea being utilized to produce the most graceful and best fitting garments possible.

FINE ALL-WOOL SERGE

56-308. Maternity Skirt of fine All-wool Serge, made in a nine-gored style, with narrow side pleats at the gores to afford plenty of fulness in walking. The extension device is arranged with books and eyelets in the band at the back in wide side pleats, which admit of the band being enlarged eight inches over the original size. Waist sizes 22, 23, 24, 25, 26, 27, 28 or 29 inches, with choice of lengths (measured from natural waist line down front) 37, 38, 39, 40, 41 or 42 ins. Black or Navy **5.50**

All-Wool Panama

56-420. Maternity Dress of fine All-wool Panama Cloth, designed in plain simple style, with special hook and eye arrangement on movable binding down the front, by which device being moved when desired the graceful outline of the garment is preserved, while the greatest freedom and ease is conserved. Trimming consists of self buttons, with neck and yoke of Paillette silk. Bust sizes 32, 34, 36, 38, 40, 42 or 44. Choice of skirt lengths (measured from natural waist line) 38 or 40 inches (with deep hem). Black or Navy. Price. . . **5.50**

Fine All-Wool Serge

56-533. Maternity Dress of fine All-wool Serge, specially designed on lines adapted to its purpose, yet possessing a simply trimmed elegance with its neat Dutch collar and tie, its fastening of fine braid and buttons down the front, and the belt of satin de chene. The extension device on this dress is arranged through the use of dome clasps secured beneath wide pleats at sides, that can be adjusted as required, combining the greatest possible utility with style effect. Bust sizes 32, 34, 36, 38, 40, 42 or 44. Choice of skirt lengths (measured from natural waist line down front) 38 or 40 inches, with deep hem. Made in All-black; or Navy trimmed with White collar. Price **8.50**

All-Wool Serge

56-307. Maternity Dress of fine All-wool Serge, designed to ensure the greatest fulness by means of adjustable dome fasteners beneath wide pleats at the sides, yet so modelled as to preserve a dressy and good fitting outline throughout. The simple girdle belt and yoke are of satin de chene, while the easy-fitting and comfortable collar is of Planen lace. Brussels net forms the frill around the cuffs. Bust sizes 32, 34, 36, 38, 40, 42 or 44. Choice of skirt lengths 38 or 40 inches, with deep hem (measured from natural waist line down the front). Made in Black or Navy. . . **8.50**

ALL-WOOL PANAMA CLOTH

56-306. Maternity Skirt of fine All-wool Panama Cloth, designed in a 13-gored style, with front showing a drop panel secured to the band, and side gores with hooks and eyes, which can be adjusted as required so as to enlarge the skirt without altering the appearance of the style, while there are fine side pleats at the back also, which can be let out, if necessary, thus ensuring all the desired fulness. Waist sizes 22, 23, 24, 25, 26, 27, 28 or 29 inches; choice of lengths 37, 38, 39, 40, 41 or 42 inches (measured from natural waist line down front). Black or Navy **5.75**

YOU WILL BE DELIGHTED WITH THESE PLUMES

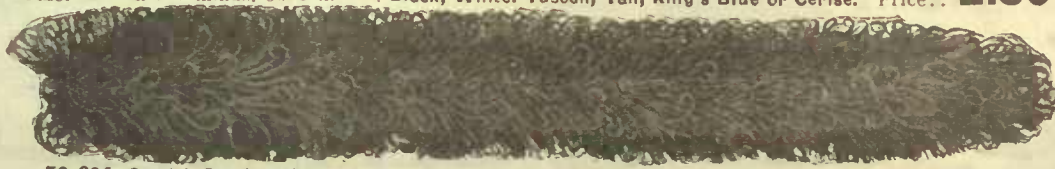

OUR OSTRICH PLUMES

are selected from samples from the best makers in the world. We guarantee them to be made from the choicest male stock, with rich, brilliant fibres, and heavy, full heads. We give the approximate length of the feather, and this should be within half an inch of the actual length. The length of the fibres or flues increase with the increased length of the feather.

MEASUREMENTS GIVEN DO NOT INCLUDE STEM.

SPECIAL

If your feathers become damp they will lose their curl, but if exposed to dry heat for a short time they will regain their natural curl and fullness. Try this. When ordering special colors please allow 75c extra for work, and send sample of shade desired. If you do not see what you want in this page, write to us. We carry an enormous stock of Ostrich Feathers and Ospreys.

BE CAREFUL WHEN TRYING ON GLOVES

Insert the hand but not the thumb into the glove, and work the fingers in by rubbing them down as illustration shows. Then insert the thumb in the same manner, also the back and wrist by repeated, gentle pulls, bring the two edges of the slit together and button. Never force the glove on by pulling at the wrist. A little powder dusted into glove will allow fingers to slip in more easily.

NOTE SPECIALLY

Be Sure To Read the Following Instructions Carefully

1st—Measure around the base of the finger with a small piece of paper, having the edges straight and ends perfectly square. 2nd—Place the piece of paper on scale and measure from left to right. Always keep all of the figures in view. If it is even with line 8, size 8 is wanted; if it is halfway between 8 and 9, size 8½ is correct. 3rd—Never take the measure of your finger around the knuckle, if you do the ring will be much too large. 4th—Never overlap ends of paper when measuring, just let ends meet.

Measurement Instructions

The measurement form we give on this page is for the measurement of our Ready-to-wear Clothing, and while we will make such alterations as shortening sleeves, making the waist of trousers smaller, and the trouser legs shorter, we make no other alterations. Ninety per cent. of exchanges are made necessary because customers order suits larger than necessary. Always measure over vest, and state height and weight. Our Ready-to-wear Clothing is made in our own factory, under the direction of experts, and every garment is guaranteed to fit or we will refund your money and all transportation charges you may have paid.

NOTE

The following scale is the proportionate chest and waist measurement of stock suits.

Chest.	Waist.

HELP US TO SERVE YOU WELL

READ THIS BEFORE ORDERING

DO NOT ENCLOSE CASH Do not enclose Cash unless letter is registered. Send Express or Postal Orders if possible; if amount is under \$1.00 send Postal Notes.

Always state the amount of money you enclose. Do not send stamps in amounts over 20c, use Postal Notes. We enclose an Order Form with each and every Catalogue, order, and letter. We also send them on request.

ALWAYS GIVE SIZE OR COLOR Do not fail to give size or color of goods requiring same and, when ordering from samples, be sure to enclose same, marking each sample second or third choice. (Read particulars "How to Make Out Order.")

If Order is to be sent by mail be sure to send sufficient money extra to pay postage. (Read particulars "Mail Shipments.")

CHECK - - CHECK YOUR EXTENSION AND TOTAL YOUR ORDER - - CAREFULLY Check your extension and total your order carefully. (Read particulars "How to Make Out Order.")

HOW TO MAKE OUT YOUR ORDER

BE SURE to give number of article in Catalogue and page.

WRITE DISTINCTLY Use our order forms; if you have none, plain paper will do. We supply order forms free on request. If plain paper is used follow the arrangement of our order form as nearly as possible.

DO NOT CUT ORDER FORMS USE ONE FOR EACH ORDER

BE SURE to give all sizes, colors or measurements, as without this information it is impossible for us to fill your order. For instance, we could not fill an order for a pair of gloves if customers neglected to give size or color.

SEE THAT your name and address is correctly and plainly written and always state Post Office as well as shipping point. Always state your nearest regular Post Office and Province. If you are now on a Rural Free Delivery route give office formerly used.

IF YOU WISH your order shipped by Express or Freight fill in on Order Form, under shipping instructions, also your nearest Railway Station.

KINDLY FOLLOW INSTRUCTIONS

RETURNING OR EXCHANGING GOODS

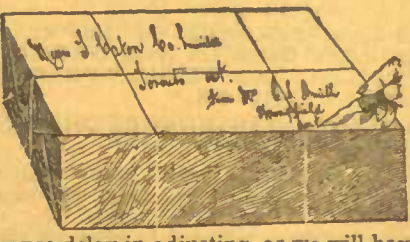

If goods are returned by Express, enclose the Bills with instructions in parcel. If returning by Freight write us a letter enclosing Bills and Bill of Lading.

In cases where goods are being returned that have reached destination in damaged condition, it is absolutely necessary that Customer send us the Freight Bill signed by Agent "Bad Order." Where this is overlooked it will cause delay in adjusting, as we will have to write for it.

When returning goods write plainly your name and address on outside of package, and write us a letter telling us the reason why you are returning them, and what you want us to do.

If you are sending us a new order, and at the same time returning goods for exchange, please give instructions on separate sheet with name and address, and allow sufficient money for new order. This will avoid delay, and will be no extra expense to you.

Be sure that return postage is paid in full, if not, double rate is charged and parcel is delayed. Amount paid for postage will be refunded to you. Parcels valued at \$5.00 or over should be registered.

TELEGRAM ORDERS

When Telegraphing for goods to be shipped at once, money should also be telegraphed, as our terms are strictly cash with order. Otherwise we must ship C.O.D. if regular office, if not a regular office we have to hold order for remittance.

CLUB ORDERS

If you cannot make up a shipment to weigh 100 lbs. to get the advantage of Our Free Delivery, we advise ordering balance in groceries or two or three persons clubbing together and having goods shipped to one address.

We only prepay on \$10.00 orders and over. Each order must be written on a separate sheet, just the same as a single order, giving Name and Post Office address of each customer.

All orders must be mailed at one time and in one letter, also mentioning the name of the party with whose goods the order is to be enclosed.

This is very important, as we do not hold the order and cannot enclose any orders coming in later. They will be sent separately if received, and if either are under 10.00 will be at your expense.

If you have reason to write us after receiving your order always state order number or name of sender so as to enable us to more quickly locate your order.

TO THE SENDER

We appreciate the work you have had in getting Club Orders together and we would be pleased to receive any suggestions from you that would facilitate the handling of Club Orders.

We are always anxious to improve the conditions under which Club Orders are sent, therefore we have prepared a special blue order form for the use of the sender, and request that you fill in the name, address, and amount of cash received from each customer. We will then be in a position to return any monies due to the individual members of the Club, and notify them of any balance due us, or conduct any further correspondence which may be necessary and thereby relieve you of any unnecessary trouble or inconvenience.

We also supply a special brown envelope for Club Orders, so that it is not necessary for customers to cut order forms that a number may be enclosed in the same envelope.

We will allow the sender the cost of Money Order and incoming postage on Club Orders of four members and over.

All orders that are received in one envelope will be shipped together (except otherwise explained on your bills). Each individual order will be packed separately, with the name and address of the owner attached, and the bills and statement enclosed in their respective orders. The complete order will be shipped to the sender according to instructions, subject to our Free Delivery Offer of prepaying charges cheapest way.

THE EATON MAIL ORDER WAY IS SATISFACTORY

EXPRESS SHIPMENTS

Be sure to give us the Express Office you want your goods shipped to, when ordering.

As a general rule the most profitable and satisfactory way to send orders weighing from 2 pounds to 25 pounds is by express. The Express Companies give a prompt service and an absolute guarantee of safe delivery.

Always enquire at Railway Office before writing re delays of orders. Most orders are found to be on hand uncalled for.

UNPROFITABLE MAIL SHIPMENTS

There are quite a number of articles that are unprofitable to be sent by mail, such as Scribblers, Notepaper, Liquids in Bottles, etc. We would advise when ordering such to make your shipment of other goods large enough to have these small articles sent by express or freight.

WE WILL DO OUR UTMOST TO PLEASE YOU

WE GUARANTEE SAFE DELIVERY OF GOODS

ON ALL GOODS purchased from us, if same are not received by you within a reasonable time after ordering, advise us and we will investigate your order. Examine your shipment carefully before accepting from Railway Co., and if damaged in any way have agent make notation of damage on your Freight or Express Bill and return to us with your letter, giving full particulars. On receipt of goods, if anything is wrong write us at once, giving us the order number, particulars and bills.

CUSTOMER'S PROTECTION. We want every man, woman and child who buys goods from us to receive the best possible service and treatment, and if you have any complaint whatsoever on the arrival of your goods, any delay, any damage, any shortage or any faults of any kind, bring them to our attention, and rest assured that they will be promptly and satisfactorily adjusted for you.

PLAIN LABELS ON SHIPMENTS

IF YOU DO NOT WISH OUR NAME to appear on the OUTSIDE OF ANY PACKAGES, if you will request this on your order your instructions will be carried out.

ENQUIRIES ABOUT ORDERS

Should you not receive your goods or hear from us within a reasonable time, write us, giving full particulars, with copy of the order, and, if it has been received by us, we will adjust promptly.

IN NEARLY EVERY INSTANCE WE FORWARD ORDERS WITHIN 24 HOURS FROM TIME OF RECEIVING SAME

When writing us in reference to any delay, advise us from what Railway or Post Office you made the enquiry.

On receipt of goods if anything is wrong write us at once, giving us the order number, particulars and bills.

All claims must be made within 10 days after receipt of goods. If you should not receive a satisfactory adjustment after writing us do not delay but write again as we retain correspondence and orders only a short period and we do not hold ourselves responsible after the order has been destroyed. Our aim is to satisfy our customers and all we ask is an opportunity to do so if you are not satisfied.

We cannot enclose orders when received under separate covers. We cannot make any alterations on your original order; all information must be enclosed in one envelope.

WE DO NOT PAY THE DIFFERENCE OF EXPRESS CHARGES ON FREE DELIVERY ORDERS WHEN GOODS WILL GO CHEAPER BY FREIGHT, AND WE ONLY PREPAY TO YOUR NEAREST RAILWAY STATION.

WE DO NOT PAY WHARFAGE OR INSURANCE CHARGES ON BOAT SHIPMENTS.

In case of shipments going by Express or Freight and of which you have not received advice from your agent, make enquiries from the agent before writing us.

In case of claim for refund of charges collected in error by the Railway Company, be sure to send us the receipt, and refund will be made at once. We do not pay the collection charges on C. O. D. orders.

IN CASE OF SHORTAGES, BEFORE WRITING US BE SURE TO EXAMINE THE PACKING CAREFULLY, AND TELL US THE NUMBER OF PARCELS OR PIECES RECEIVED, ALSO BE SURE TO RETURN THE BILLS.

FLAG STATIONS

If your goods are to be shipped to a flag station where there is no Freight or Express agent, sufficient money must be allowed to pay charges, if order is under \$10.00, or shipment will be put off at the nearest regular station, and held there until charges are paid.

FREIGHT SHIPMENTS

Try to make your shipments to weigh 100 lbs. or over, as the charges by freight are the same for 25 or 50 lbs. as 100 lbs. This can be done by adding groceries or any staple household goods. Make your order \$25.00 or more, so that you can get advantage of our Free Delivery Offer.

Do not sign for goods if damaged until agent makes a notation on your shipping bill, then write us and return the bill; we will adjust at once.

A copy of Bill of Lading is mailed with every freight shipment to enable the customer to check number of pieces shipped, and giving also the length of time shipment has been in transit.

Investigations re delays of orders in transit show a large percentage on hand uncalled for. Kindly make enquiries before writing, advising report of agent, and have him sign a statement to that effect, which will assure you a much quicker adjustment.

CUSTOMER'S DEPOSIT ACCOUNT

How to save time and money in buying.

We have in connection with our store a Customer's Deposit Account Department, which is conducted as follows: Send a deposit with directions to open a Deposit Account. You will receive a receipt on which will be given your D. A. number. Send your orders in, and ship when you want them charged, be sure to clearly state, always giving your D. A. number.

You can send new deposits as often as you like and continue to charge your orders as long as you have money left; a statement will be sent you monthly showing purchases and amount at your credit.

Your money can be withdrawn any time by asking us to remit.

Five per cent. interest will be allowed on your average daily balance, up to \$500.00, and same will be compounded half-yearly and credited to your account.

SUBSTITUTIONS AND OMISSIONS

If the goods you order are out of stock, we will, unless you tell us not to, send similar goods of a better quality for the price allowed, you having the privilege of returning the goods at our expense if they are not satisfactory.

When any of the goods you order are not in stock, and we will have them in a few days, we will ship your order short these goods with an explanation that they will be forwarded later, we paying any extra charges incurred.

Other omissions are caused by customers not allowing sufficient money for postage or charges where shipment has to be sent prepaid at customer's expense.

FACTORY SHIPMENTS

FREIGHT PREPAID

Saves you transportation charges

Include the following goods shipped direct from factories outside of Toronto: buggies, furniture, fencing, farm implements, organs, pianos, stoves, wagons.

Bill for goods shipped from the factory will be enclosed with the shipment from our store, if any, otherwise it will be sent by mail.

Railway bill of lading will be forwarded to you when goods are shipped, and will give you full particulars of where goods are shipped from, by what railroad, and the station where you will receive them.

If you are ordering a variety of the above goods, such as furniture, farm implements, etc., they will be shipped from factories located at different points in the provinces, and may arrive at different dates.

Allow sufficient time for freight shipment to arrive, and do not write us before sending your Agent: he knows what time is required for shipment to reach destination.

FACTORY SHIPMENTS CANNOT BE SENT C. O. D. MONEY MUST BE RECEIVED WITH ORDER

FOREIGN SHIPMENTS

We do not pay duty or transportation charges on orders shipped to European, Asiatic or Foreign Ports. A special charge is made of 5 per cent. of the value of the order which includes safe delivery to destination. Enclosures for foreign orders are to be sent to us packed for shipping and invoiced. A charge of 40c per \$100.00 or fraction thereof is made on the value of the enclosure for safe delivery.

SPECIAL NOTICE—SENDING FOR SAMPLES—BE SURE TO READ

When sending for Samples, always give the Catalogue Number, and shades of the material you require.

We will be pleased to quote prices on any goods not catalogued.

Do not return samples of dress goods, silks or wash goods. Hand them to someone else.

If you should write for samples or information and do not get a reply within a

reasonable time, notify us, and repeat your request as former letter may not have reached us.

To save delay in sending for samples, send us your order without them, and if goods received are not satisfactory we will exchange or refund your money and pay all transportation charges.

When sending for samples, prices or information with your order please write on separate sheet and sign your name and address.

READ THIS NOTICE

There are hundreds of contingencies continually arising to prevent the best seeds always giving satisfaction, such as sowing too deep, too shallow, in too wet or too dry soil; insects of all descriptions destroying the plants as soon as or before they appear; wet weather, cold weather, frosts, chemical changes in the seeds induced by temperature, etc. For the above reasons it is impracticable to guarantee seeds under all circumstances. We give no warranty, expressed or implied, as to description, purity, productiveness, or any other matter of any seeds we send out, and we will not be in any way responsible for the crop.

EATON MANUFACTURED

WE ask you to put our Thread to the test. Send a trial order, and prove for your own satisfaction the full worth of our statements. EATON-made Thread is the product of our own factories—clean, healthful, and truly sanitary, wherein we have installed the latest and most modern equipment in thread machinery. No effort has been spared to make EATON Thread absolutely satisfactory—full strength—smoothness of finish—uniformity—and with necessary elasticity. Again we ask that you try EATON-made Thread—at our risk, because if it is found deficient, or not all that we claim for it, we will cheerfully refund your money.

- STRENGTH

DIAMOND SEWING COTTON

CHEAPEST AND MOST SATISFACTORY

A six-cord thread, made of the best cotton, with a nice soft finish. Put up in 200-yard spool, in BLACK and WHITE only, and sold as desired, or in boxes of twelve. The latter is a desirable way to order, as it ensures a ready stock for all emergencies. We can recommend our  Brand for hand or machine-sewing, and feel sure that it will give the utmost satisfaction to the user, and fully substantiate all the good points we claim for EATON-made Thread.

- SMOOTHNESS - UNIFORMITY

THREAD DEPENDABLE AND SERVICEABLE

Made from the best cotton procurable, and so manufactured that the smoothest finish possible is obtained—a feature that is so desirable and necessary for fast-running sewing machines. *Acme* Thread can be used for both hand-sewing and machine use, and can be had in BLACK or WHITE, and a large variety of colors and shades. *Acme* Thread is put up in 200-yard spools, and every spool has our guarantee for all-round satisfaction. When ordering Colored Sewing Cotton do not fail to send sample of color to be matched.

IMPORTANT NOTICE

NOTE 1—We neither sell liquors nor procure them. Female pills, etc., not sold except on physician's prescription.
NOTE 2—When the word poison is placed after any item, it is necessary to have physician's prescription accompanying order, which can be repeated if so marked; but for the very violent poisons it is necessary to have a new order or prescription each time, or if a long distance from physician, state what poison is required for and how it is going to be used.

PRICES The prices being subject to great variations, we cannot guarantee them should the market change greatly. We reduce when the market price falls, but do not always raise our prices when the market price rises.

In our dispensary we employ only qualified chemists, and all prescriptions are carefully made up and checked before being sent out. Our Mail Order Customers can rely on having their orders promptly and efficiently cared for.

NOTE When an order comes in for a drug, patent medicine or proprietary article which we do not stock, we procure it without delay if possible, but if there is any delay, such as sending to the States or to Europe, we notify customer before sending. **NOTE**—Under the Dominion Act in regard to patent or proprietary medicines, should item not be registered there will be considerable delay, as the authorities in Ottawa require to be satisfied that no injurious substance enters into the preparation, and that the dose is of a perfectly safe character where not mentioned on label.

We carry a very extensive line of almost everything in Drugs and Drug Sundries that is required in the city or country home.

FLORAL CONCENTRATE

CUT GLASS BOTTLES—Daintily Boxed

76-512. The latest creation in the perfume world is the Non-Alcoholic Flower Concentrations. We have gone fully into the matter, and have produced several very fine odors. The odors which we consider the best are the Rose, Violet, and Lily of the Valley, while other odors are Jasmin, Carnation and Lilac, which are also very true. These Concentrated Floral Odors are of the highest order, being very strong while still delicate. Each bottle has a long glass stopper which takes up but a portion of a drop, and when drawn across the handkerchief or corsage, will leave a refreshing natural odor of the flower which will last for days. We have three sizes, put up in neat little boxes. The bottles are cut glass, being very neat and are quite suitable for dainty pleasing gifts.

HELPFUL SUGGESTIONS IN CAMERA OUTFITS AND SPECIALTIES

THE ANSCO

THE ANSCO IS MOST COMPACT Note the small dimensions—takes picture 2 1/4 x 3 1/4.

It is made of metal throughout and covered with Real Leather. It takes a 2 1/4 x 3 1/4. The AnSCO V-P is quick in action. One pull of the front extends the bellows by means of a lazy tongs arrangement and automatically clamps it ready to snap any object from 8 feet distance to infinity. It requires no focussing. The method of loading and unloading is so simple and accurate that no description is necessary. Every AnSCO V-P, however, is sold with an instruction book.

Dimensions, 1 1/2 x 2 3/4 x 6 inches. Weight, 15 1/2 ounces. Lens, a good Meniscus Achromatic. Shutter, self-setting and operated by a finger release lever, which shutter is encased in the front of the camera and is arranged for time bulb, and instantaneous pictures. Finder, brilliant—for horizontal and vertical pictures. Noiseless winding key.

AnSCO V-P complete with lens and shutter, including soft case. Price..... **7.50**
Six Exposure Film, 2 1/4 x 3 1/4..... **20c**

PAGET

PRIZE PLATES

These well known goods need no introduction. Every precaution is taken to ensure perfection, and a trial order will convince the particular user of their merits.

The experience gained during the past thirty years' continuous manufacture of Paget Prize Plates enables them to secure the very highest possible excellence in all their products. Their factory is equipped with the most up-to-date labour-saving machinery, and all the raw materials used are of the finest quality. Every plate is individually examined for freedom from defects, all falling short of their standard being rejected. The uniform quality and speed, fine grain, long scale of gradation, exceptional latitude, ample density and fine printing qualities, combined with freedom from fog, still give the Paget Prize Plates a character essentially their own.

"Gravura"

PAGET PAPER THE BEST GAS-LIGHT PAPER, POSTCARDS AND LANTERN PLATES

The paper is made in two grades, designated No. 1 and No. 2.

No. 1. Made in Glossy, Matt or Satin Surfaces also Cream Crayon, is the one intended for general use with ordinary negatives. It gives fine Black tones by development, which afterwards may be toned by the Sulphide process producing excellent Sepia tones.

No. 2. Made in Glossy or Matt Surfaces only, is chiefly intended for giving prints in various colors ranging from Olive Green to Red Chalk, from ordinary fairly strong negatives (see special instruction sheet). It also gives Black pictures, but these have usually too much contrast (too hard) unless made from very weak negatives. Negatives too weak to give decent prints on any other kind of paper will often give fair results on this.

Post Cards made in Glossy, Matt or Satin Surfaces, are coated with the same Emulsion as the No. 1 Paper.

Lantern Plates coated with this Emulsion give fine Black tones like the papers with ordinary development, or colors varying from warm Sepia to Red Chalk, by increased exposures and restrained developer. (For colors see special instruction sheet).

**COMBINATION
HOG OR HAY
RACK**

DELIVERED IN QUEBEC AND MARITIME PROVINCES

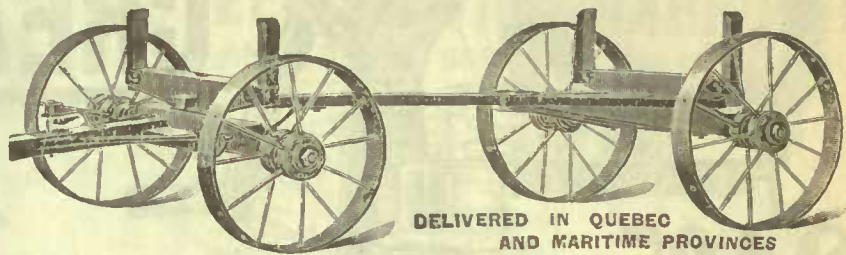

This is a Combination Farm Wagon Box, Hay and Stock Rack, and is the only thing in its line that gives entire satisfaction. It is the article that every up-to-date farmer is looking for. When on his wagon he has either a wagon box or rack. No need of getting his neighbors to help change the rack for a box, or vice versa. It is something that appeals to the man with small farm as well as his big neighbor, who is always needing a wagon box, hay, stock or food rack. Positively no rods, hooks or ropes used to hold this rack in any position required. Made 14 feet long and 40 inches wide, to fit ordinary farm wagon. Box is 12 inches deep. The wings can be used in flat or vertical position. No wrench needed, as the malleable castings are constructed as to lock the wings wherever required.

**FARMER'S
EVER POPULAR
HANDY WAGON**

DELIVERED IN QUEBEC AND MARITIME PROVINCES

No farm is complete without at least one metal Low-down Truck. A load can be put on this style of wagon with greater ease than any other style of wagon made. Having metal wheels, there is no tire to set, and the wagon is practically indestructible. It is handy for moving farm machinery, loading stock, carrying grain, or any work which a wagon can be put to. The axles are of thoroughly seasoned hard maple. Pole bolts run through skein, and have nut on back. Rear gear is equipped with substantial wood hounds, which are thoroughly bound to wrought steel hounds, which pass between braces and rear axle. It is braced by two steel rods running under the bound plates to bottom of axle. Bolster plates and hounds are wrought steel. Bolsters, reach and tongue best quality white oak, thoroughly seasoned. Wheels dodged spoke, made of wrought steel, with cast-iron hubs. Height of wheels 29 inches front, 31 inches rear. Distance between bolster stakes 40 inches. Capacity 3,000 lbs.

FARM WAGON

NEW 1913 MODEL

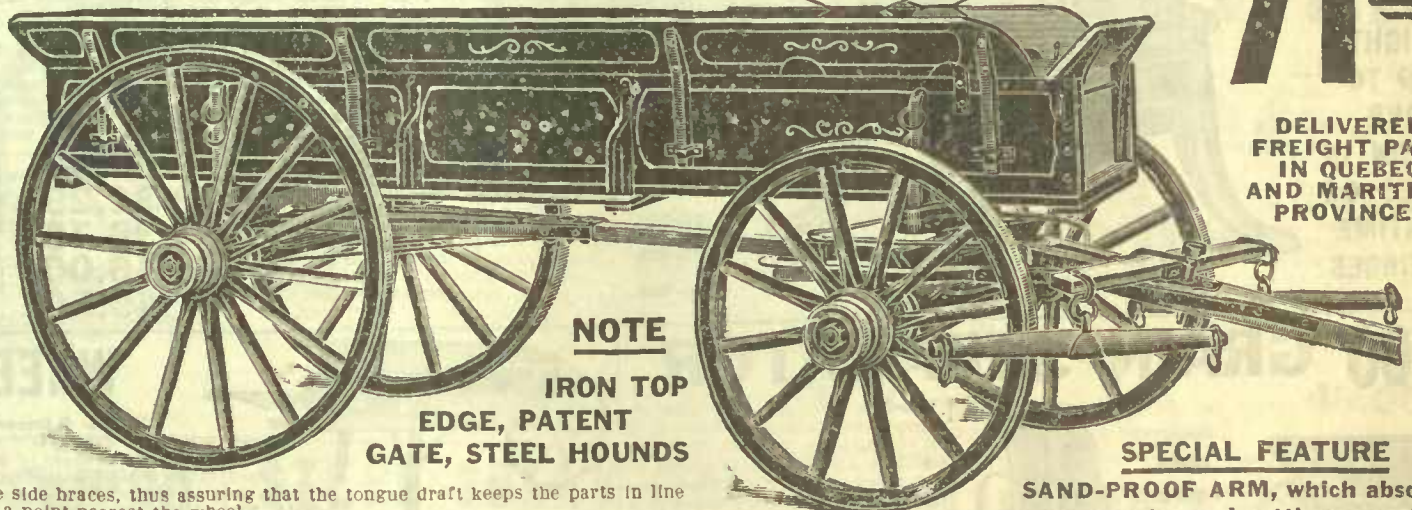

7150

WHEELS—Only the very choicest timber is used, and the construction is such as to make them run true and easy. Spokes are selected second-growth hickory. Hubs and rims are best seasoned oak.

GEAR—Axles are made from select maple, the hounds, bolsters, pole and sand boards are tough seasoned white oak, reaches are oak, heavily ironed, top of bolster is ironed to prevent wear of box, and the iron brace that runs from the axle to hounds underneath prevents hounds from being strained out of shape.

SKEINS—We use the very best of metal in our skeins, and the sand boards are ironed over all, giving a strength and durability not obtained by the usual method of short bolster plate irons. Tongue draw rod takes in the side braces, thus assuring that the tongue draft keeps the parts in line as it draws on the axle from a point nearest the wheel.

BOX is made in the most thorough manner with shelving, and is grain-tight. Size of box 11 feet long, 13 inches deep, without shelving. Painting on this wagon is neat, and done by hand. Every part thoroughly covered and finished so as to give wagons a good appearance.

THE BIGGEST VALUE IN CREAM SEPARATORS

EVER OFFERED BY

THE T. EATON CO. LIMITED

The frame of our new Separator encloses every particle of gearing. The bowl casing is a part of solid one-piece frame, and it is impossible for it to get racked out of true. The base is heavy, and cast in piece. It is just high enough to lift the frame off the floor, and open enough to allow of sweeping underneath. The top cap lifts off, giving access to the top drive gear. The door in the frame just below the bowl cap opens to expose the worm and lower gear wheel, thus all parts are readily accessible, yet entirely enclosed so that no dust or dirt of any kind can get to the bearings, nor can fingers or clothing be caught in any exposed gearing. The frame is low. The top of the supply tank is only 34 inches from the floor—just within reach. This allows milk to be poured into it without high lifting, and makes it convenient to use the supply tank for washing the skimming device in. There are no protruding shelves, as your pails can be set on floor safe and solid. The crank handle is just the right height, where your hands grasp it naturally without bending low or reaching. The design of the frame is graceful, and the finish, a rich red, gives it a handsome and distinguished appearance, in keeping with its mechanical excellence.

WORKS PERFECTLY---WILL SAVE YOU DOLLARS

GEARINGS are all made of the best-known materials, accurately and perfectly cut. There are absolutely frail parts or intricate intermediate gears to break or get out of order. There is not an interval of lost motion between the teeth of gear, thus insuring steady motion without gear friction. **THE RATCHET**—When you stop turning the handle everything stops turning but the bowl and its directly connected parts. Our ratchet for this purpose is situated under the spin gear at the top of the shaft. It is positive in its action. **THE TENT NECK BEARING** is made flexible by means of six finely tempered springs, which are easily adjusted by hand. There is nothing about it to get out of order. **THE BOWL** is made seamless. It is one piece, of Sheel steel. **THE SUPPLY TANK**—This is seamless, is thoroughly retinned, self-draining and round. It has no corners to catch dirt. **CLEANING**—The skimming device is easily cleaned. The discs slip apart on the rack, so that in washing there is not a speck of surface that does not come in contact with the water. We guarantee

31.00 GRAIN SEPARATOR

DOES
PERFECT
WORK

70-305. This machine depends more on sieves and vibration than on strong blast of wind. The fan, which is a small one, is placed at the bottom of the machine, and the blast of wind, controlled in a wind shoot, does not strike the grain until it has passed over four screens, and the fine seeds, such as clover, timothy, alsike, etc., found in other grains, are saved in a drawer. The screens are separated by galvanized iron deflectors, which carry the grain to the top of each screen. This mill is supplied with an oilcloth apron over the sieves, ensuring a remarkable separation of grain, seed and weeds. Wheat, oats, peas, timothy, red-top clover, timothy heads and other weeds can all be put in the mill at once and be perfectly separated. It does not blow out good grain, and

saves all the timothy seed in Fall wheat. It has compound shake and motion, and bagger attachment complete. A child can run it. Price..... **31.00**

BUY THIS 1913 MOWER

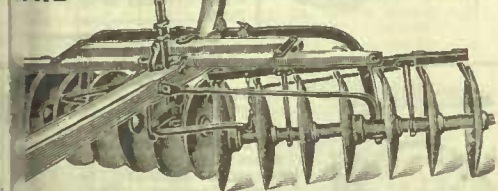

FREIGHT PAID IN QUEBEC AND MARITIME PROVINCES

THE CUTTER BAR—One of the most important parts of a mower is the cutter bar. No expense has been spared in making it on this mower the best we can obtain. The bar is made of cold-rolled steel, finished in such a way that it is impossible for it to get out of shape. It is manufactured with a smooth top, the nuts being below, with an improved guard rounded away at shank. The smooth top of bar enables the light grass to slip over it without hanging. **THE CUTTER BAR SPRING**—One of the improvements of this mower is the counter-balanced spring to assist the driver in handling the bar. When the bar drops into a hollow the full force of the spring is exerted in bringing it out without the guards plowing the ground and choking the machine. **THE ROCKING TILT** is one of its best features. The bar can be locked in any position, or by the use of the link on the end of lever it can be arranged not to engage in any of the ratchets, and thus the bar will be left free to float on the surface of the ground. **THE PITMAN** is longer than on most mowers, and gives as direct a motion as possible to the knife. We use a hickory pitman, with steel jaws and brass boxing. **DRAFT CONNECTION** is attached above the inside shoe of cutter bar, and extends to the shifting donkeytrees, and absolutely overcomes side draft. **THE MAIN SHAFT AND GEARING**—The shaft is made of the very best cold-rolled steel shafting. The main wheels are of good height, and broad on face, giving increased traction. The gearing has only four wheels, and taken in connection with the four driving pawls on main wheels, the result is that when machine moves the knife moves, the lost motion being reduced to an imperceptible point. Machine will stop and start in the heaviest grass crop without backing.

DO YOUR FARMWORK WITH A 1913 MODEL ENGINE

Write to us for any size engine wanted

HOPPER COOLER The most approved system of water cooling. It does away entirely with the use of piping connections, hose, etc. Only a fraction of the water is required for cooling than formerly used with a large tank cooler. The Hopper can be drained quickly.

THE BEARINGS are exceptionally long, fit perfectly, and are lined with genuine babbit.

THE BED of these engines is long and wide, and designed to stand the greatest strain. Cylinders are cast special grade of metal, are fitted to base and not cast with base.

THE FLY WHEELS are perfectly balanced, of correct weight, and insure durability, close regulation and speed.

THE CRANK SHAFTS are of the best steel forgings, carefully machined and have ample weight to stand the heaviest strain they may be subjected to.

THE GOVERNOR is extremely simple and substantial. The piston and rings are constructed with special and ample provisions are made for lubrication.

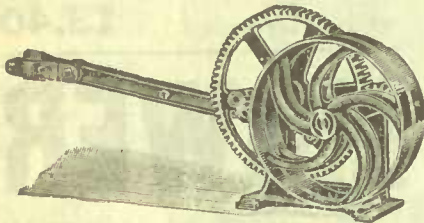

THE VALVES are perfectly seated, can be easily removed, and have long bearings.

THE FUEL CONSUMPTION The usual consumption per horse power per hour is one-twelfth of a gallon of gasoline. These engines are most economical in using gasoline.

EATON

SAINT-DENIS PATENT MEANS COMFORT AND REST

MATTRESS

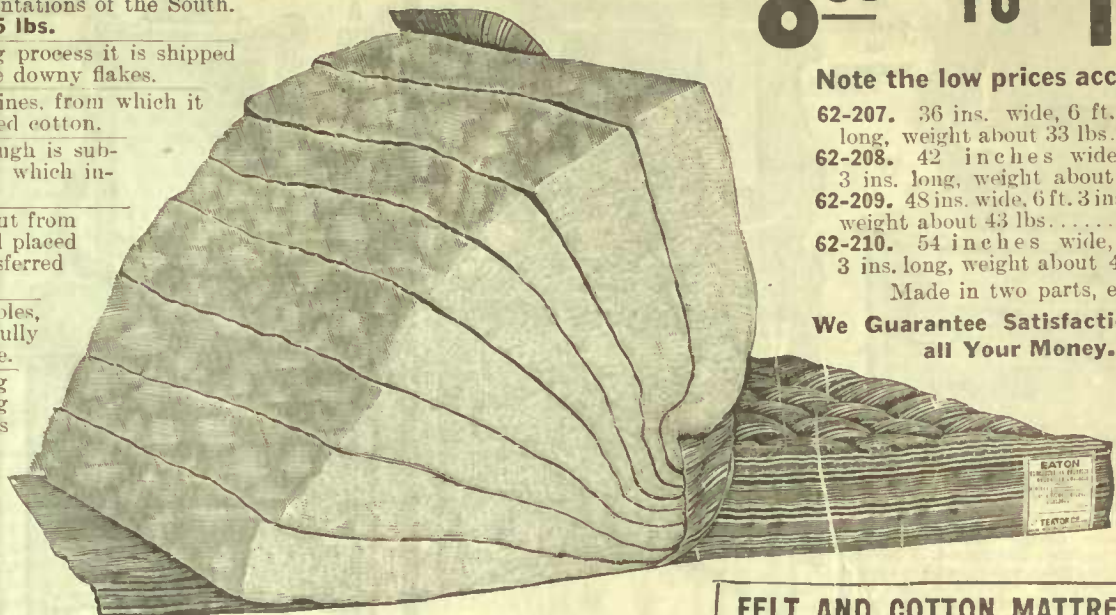

How the EATON Felt Mattress is made

All new cotton direct from the cotton plantations of the South.
The 54 in. Size Weighs 45 lbs.

1. After all seed is removed by the Ginning process it is shipped direct to the factory to be picked into fine downy flakes.
2. These in turn are placed in felting machines, from which it comes in large rolls of soft, luxurious, felted cotton.
3. Every treatment that mattress goes through is subject to the most rigid sanitary principles, which insures a pure mattress.
4. Each layer required for the mattress is cut from the large rolls, the exact size required, and placed in filling machines, from which it is transferred to a beautiful art sateen case.
5. It is then transferred to the regulating tables, where the edges and corners are carefully trimmed, squared up and stitched in place.
6. After this course it is taken to the tufting machines and finished, each tuft being exactly opposite, and the indentations made by the tufts of equal depth.
7. When completed it forms a perfectly soft and durable mattress, built to retain its shape, and on the most scientific sanitary principles. This mattress will give the greatest degree of comfort as well as durability, being fully guaranteed; made in the following sizes:

YOUR MONEY BACK IF NOT SATISFIED

IS WONDERFUL VALUE

You will be well pleased with this new "Seamstress" model—pleased with its appearance, which is most attractive—pleased with the price, which, quality considered, is decidedly low—pleased with its easy-running qualities, which will save you strength, and pleased with its efficiency and capacity for work, which will save time and money.

NOTE THE SPLENDID NEW FEATURES

The self-regulating tension, the automatic tension release, the beveled metal gears, the automatic stitch regulator, the automatic bobbin winder, the hardened steel working parts, are some of the points incorporated in the improved "Seamstress" Sewing Machine.

The Case is a full drop cabinet of attractive design, substantial construction, built entirely of choice selected hand-polished quarter-sawed oak, attractive centre panel, tape measure on table, and automatic lifting device.

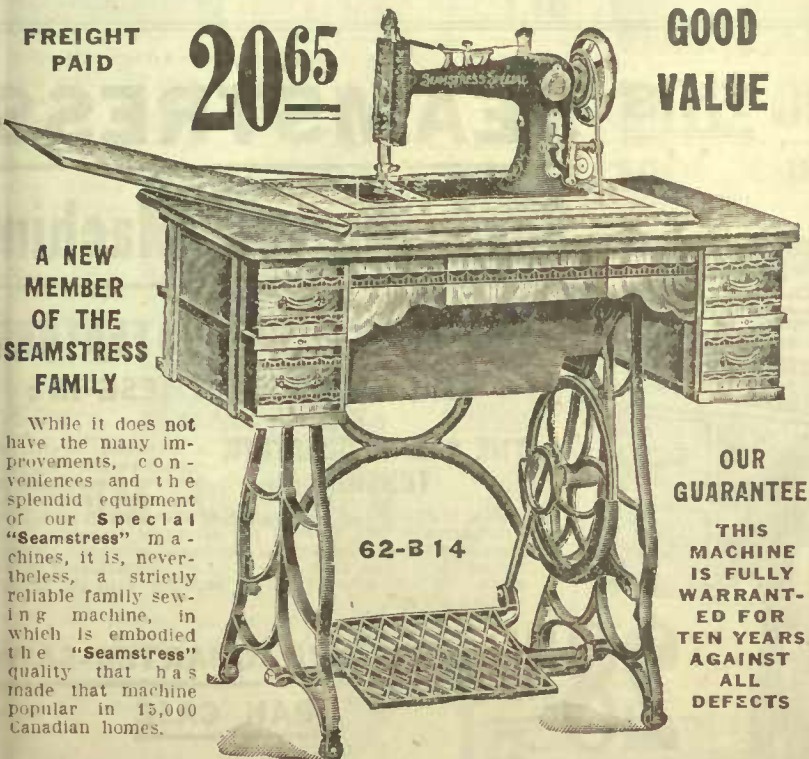

FULLY EQUIPPED FOR THE BEST WORK

With the Nickel-plated Attachments furnished with this machine you can soon learn how to produce many kinds and varieties of dainty needle-work. The attachments are packed in a substantial metal box, and are accompanied by a fully understood book of instructions. The Ball-bearing Stand finished in black enamel, and has nickel-plated steel pitman and belt-riding guard.

AN EXCELLENT VALUE

If you cannot afford one of our better Improved "Seamstress" models you will surely take advantage of the opportunity to purchase this one, which, because the cabinet work is not so elaborate as the others, we can offer to you at a material reduction in price. The difference is in the cabinet work only, which, of course, is not so attractive as the better grades. In so far as sewing qualities are concerned, however, this Improved "Seamstress" is identical with the others, and will give you the best service for a lifetime.

The Improved "Seamstress" Sewing Head makes the double lock-stitch, and has many other valuable improvements, including the new self-regulating tension.

The Stand is Ball-bearing. It runs easily and quietly, and is equipped with belt-retaining guard and polished steel pitman.

The Case is a plain and substantial five-drawer drop cabinet. It is built of good quality well-finished oak and is equipped with four side

drawers, centre drawer and automatic lifting device.

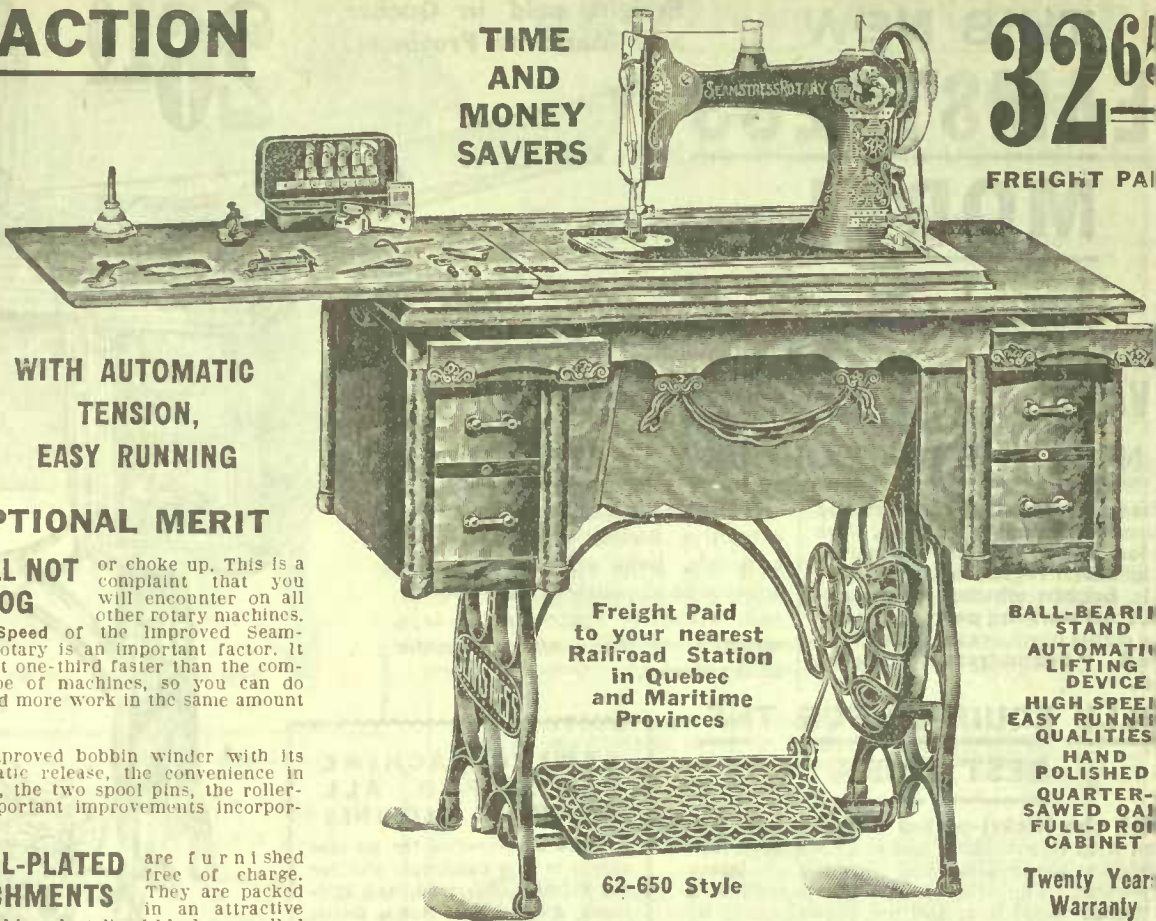

If you want the best Sewing Machine made—the easiest-running and most perfect stitching Sewing Machine in the world—the Sewing Machine that will save you time and strength—you will purchase the Improved "Seamstress" Rotary, which we know fills all of these requirements.

WITH AUTOMATIC TENSION, EASY RUNNING

A ROTARY MACHINE OF EXCEPTIONAL MERIT

THE AUTOMATIC TENSION with which this ideal Sewing Machine is equipped is literally worth its weight in gold. Think of it! This tension adjusts itself automatically to all classes of goods—from the sheerest, flimsiest silks down to the heaviest woollens. Furthermore, it produces an absolutely perfect stitch, the under side of which can hardly be detected from the upper side.

IT WILL NOT CLOG or choke up. This is a complaint that you will encounter on all other rotary machines. The Speed of the Improved Seamstress Rotary is an important factor. It runs just one-third faster than the common type of machines, so you can do one-third more work in the same amount of time.

THE AUTOMATIC TENSION RELEASE, the improved bobbin winder with its automatic release, the convenience in oiling all parts from above, the automatic stitch regulator, the two spool pins, the roller-bearing feed and self-threading bobbin case are very important improvements incorporated in this model.

THE CASE IS RICHLY FINISHED and superior to anything you have ever seen. It is a full drop cabinet, constructed of hand-polished selected quarter-sawed oak, equipped with automatic lifting device, four side drawers and two secret side drawers, and a convenient 18-inch tape measure on front of the table.

NICKEL-PLATED ATTACHMENTS are furnished free of charge. They are packed in an attractive and durable velvet-lined black enamelled metal box, and are accompanied by an easily understood, well illustrated book of instructions.

THE NAME "SEAMSTRESS" on a machine indicates the highest quality. 15,000 satisfied Canadian users of the "Seamstress" will tell you it is a perfect sewing machine—that it is always ready and willing to do perfect work—that it never makes trouble—never disappoints.

OTHER IMPORTANT FEATURES ARE:

The Ball-bearing Stand raises easily and quietly. It is finished in black enamel, and is equipped with a belt-retaining guard, and non-binding steel pitman.

The Nickel-plated Steel Attachments are of the very highest quality throughout. They are all packed in a durable black enamelled, velvet-lined metal box, and are accompanied by a profusely illustrated, easily understood Book of Instructions.

SEVERAL WASH-DAY LABOR-SAVERS

QUALITY HIGH

PRICE LOW

12-574. This Easy Working Machine, combined with hardwood tub stand and wringer board, saves time and labor, saves a separate wash bench, saves taking off and replacing the wringer; it is complete in itself and yet takes up no more room than an ordinary washing machine.

The tub is carried on a steel pivot, rests on anti-friction ball bearings, making a strong and simple washing machine. The motion spring beneath the tub aids greatly in the work; indeed, so easy and simple is the operation that little exertion is required. The mechanical principles on which this washer is built assure you the most satisfactory results in the saving of time and labor and the quick and perfect cleansing of the clothes.

THE TUB

is made from the best quality kiln dried lumber, out of one of the finest known woods to stand water. Inside castings are all galvanized to prevent any possibility of rusting.

Showing Bottom of Tub

8.95

The Agitator sits down upon the centre post, which passes through the bottom of the tub and adjusts itself automatically either a few pieces or a tubful of clothes.

The Motion Spring is made from fine tempered steel, and adjusted as to reverse the motion of the tub without the operator feeling too much of the resistance.

The Measurements. The height from the floor to the top of the tub is 32 inches. The tub stands are 41 inches long and 14 inches wide. The outside diameter of the tub at the top is 24 inches and at the bottom 24 inches. The sides are corrugated where the clothes come in contact with them.

The frame is built of steel, well galvanized to prevent rusting and is very strong and firm.

OUR GUARANTEE

We give this washer our unqualified guarantee. If it does not work to your entire satisfaction in every sense of the word, you do not need to keep it; send it back and we will refund your money in full; furthermore, we will pay the transportation charges both ways. You can readily see that you run no risk whatever when you send us your order. If you are in need of a real good washer here is your chance to get one at the right price.

"SUN" WASHER VERY LOW PRICED

EASY TO OPERATE

12-575. Sun Washer. A first-class article at a low price. A high-grade Washing Machine, constructed from the best Louisiana Cypress and handsomely finished in natural color. It has the latest type of lid, which gives a larger opening than the ordinary machine of this style for handling clothes in and out of tub, and the wringer does not interfere with the cover opening. The mechanism is very simple, nothing that is easily broken or will give trouble. It is fitted with the improved lever gearing and the tub is fully corrugated on the same principle as a washboard. Hoops are made of extra heavy steel, guaranteed not to break. The perfectly tight joints retain the heat in the water, thereby washing cleaner, easier and in much less time than is required to do the work by hand, and either fine or coarse materials can be thoroughly and safely washed in this machine. It is so easy to operate that the wash day will be looked forward to with pleasure. No foul steam can escape from soiled clothes while washer is in use. Made in one size only, measuring inside 11 inches deep and 21 inches in diameter at the top. Height from floor to top of tub 27 inches. Price..... **3.75**

THE IMPROVED ROTARY WELL BRACED

12-576. This is a strongly built Washing Machine, easy to operate, and it runs with less noise than any other rotary washer on the market. It is constructed with sliding cylinder on square post, insuring the greatest strength of any rotary gearing yet produced. It has roller bearings, thereby making it when loaded with clothes practically noiseless. The overlap lid allows the top of washer to open up to nearly full size. This machine is equipped with the new detachable collar for inside dasher, which prevents the clothes from being torn. The wringer shelf allows plenty of room for attaching a large size wringer. The tub is made of best quality Louisiana Cypress and is handsomely finished. This machine will wash everything from the finest fabric to heavy blankets. The mechanism is simple but substantial and compact, and is so effective in operation that all who use it acknowledge it to be all we claim for it. It does away completely with the washboard and hand rubbing, and is less injurious to the clothes. Height from floor to top of tub 29 inches, inside diameter 22 inches, depth 13 inches.... **7.50**

Roller Bearings

THE "BICYCLE" WRINGER AND TUB STAND 4.50 GUARANTEED FOR THREE YEARS

12-578. This Wringer is a very strongly made machine, correctly proportioned in every detail to stand hard wear. The frame is hardwood and nicely finished in natural color. The springs are powerful and tempered by special process and are placed where the pressure is properly equalized. The rollers are genuine white rubber 1 1/2 x 10 ins., vulcanized to the shaft. This type of roller ensures perfect elasticity combined with great strength and wearing qualities.

Clamps will fit either galvanized iron, wooden or fibre tubs or any washing machine. While we guarantee these Wringers for a certain number of years, we do not mean that the Wringer is good only for a stated length of time, but with ordinary care will give good service for many years. If a wringer is defective it will certainly show it in the time our guarantee covers and that ensures the purchaser against any loss and guarantees perfect material and workmanship. This Wringer is provided with ball bearings, made of high-grade carbon steel; they never clog or stick and cannot get out of order. In point of easy turning our wringers excel all others. This Wringer is guaranteed for 3 years..... **4.50**

WRINGER AND TUB STAND 7.00

12-579. This Combined Folding Tub Stand and Wringer is made from especially selected hardwood, with all fittings galvanized to prevent rusting. New style spiral spring, 11-inch solid rubber

rollers vulcanized to shaft. Outside non-rustable cogs, reversible drip board, which conducts the water into either tub. Takes up very little room when folded. Fully guaranteed for three years. Price **7.00**

THE "GUARANTEE" WRINGER AND TUB STAND 5.50 GUARANTEED FOR FIVE YEARS

Strongly Made Easy Running Ball Bearing

12-580. In general construction this Wringer is similar to the three-year guaranteed Wringer except the rollers, which are a better grade of rubber, being manufactured from pure Para white rubber. This is the finest rubber for wringer rollers obtainable and we guarantee this wringer for five years. It has the same high-grade ball bearings as the others by which rollers can be turned with very small effort, thus making lab wash day much easier. It is a perfect working wringer and guaranteed for 5 years..... **5.50**

SOLID TEETH CIRCULAR SAWS

85c TO TO 35 00

PRICES ACCORDING TO DIAMETER

12-630. This Circular Saw has won the reputation of excelling any other make of saws. These saws are made from the finest steel produced. They are geometrically perfect and every blade is as true and free from flaws as it is possible to make them. Being tempered and straightened by heat and pressure in air tight ovens, between heavy revolving plates, a perfectly even temper is produced throughout the saw and this process renders them much less liable to buckle. These saws will stand up to their work under all circumstances and will hold an edge longer and do more work than any other circular saw on the market. The gullets are correctly ground and this also lessens the liability of any saw cracking between the teeth. We guarantee every saw to be faultless in material and manufacture. When ordering be sure to give all the information requested. Circular saws are shipped direct from factory. State whether cross cut or ripping is required.

STOVES SHIPPED DIRECT FROM FOUNDRY

Guaranteed satisfactory or your money refunded.

Delivered to your nearest Railroad Station in Quebec and Maritime Provinces

YOU RUN NO RISK We fully guarantee the *Acme* Ranges to be perfect in operation and economical in fuel; they are faultless baking and cooking ranges for hard coal use. If for any reason you should not find your purchase all we claim for it, return it to us, and your money will be refunded and transportation charges paid both ways.

THE *Acme* KITCHEN RANGE

BUILT TO

BURN COAL ONLY

For hard coal only, handsome, economical on fuel. Shipped freight prepaid from factory to your nearest railroad station. Every stove is inspected. Don't keep it if not satisfactory.

THE ACME RANGE is made from our own specifications and has been constructed to meet the need of Canadian Homes. It is made to burn hard coal only and will give perfect satisfaction with this fuel. The duplex flue construction makes it possible to get the desired heat in the oven with a small amount of fuel.

THE FIRE BOX is oblong in shape, lined with fire brick and fitted with duplex grates, which may be removed without disturbing the brick linings.

THE OVEN is square plan, fitted with an oven rack and oven door opener. This oven is a good baker and is heated evenly.

THE TOP has one reducing ring cover, the rest of the covers are of the double pattern, which prolong their life and prevents warping.

THE TRIMMINGS The Range is plain in design, all carving possible having been purposely avoided in order to give the rich appearance, and save labor in cleaning. The nickel parts are carefully arranged to give the range a well balanced, pleasing appearance. These nickel parts are removable for cleaning purposes.

THE *Acme B* KITCHEN RANGES

BUILT FOR WOOD BURNING

Even at the very low prices quoted we guarantee these ranges to be entirely satisfactory in every detail of their construction and perfect Baking Range for Wood use or Refund Your Money.

THE *Acme B* RANGE is the first cast-iron range ever constructed for burning wood, and it is the only cast-iron purely wood-burning range on the market. The grates are of the exclusive type that have proved so successful when wood is the fuel. The flues are the proper size, and arranged to give perfect draft, and carry the heat where it is needed without any waste, and are easy to clean out. The flue strips are of heavy cast-iron, tightly fitted and securely bolted.

GUARANTEED TO BE ENTIRELY SATISFACTORY OR YOUR MONEY BACK AND ALL FREIGHT CHARGES

NOTE Our Prices for Delivery to your nearest Railroad Station in Quebec and Maritime Provinces.

A SPLENDID OVEN

Roomy and correctly proportioned, and is a perfect baker. It is ventilated to insure pure air, and is cemented on top to prevent overheating or "burning on top." Its baking qualities are unsurpassed. Fitted with a slide rack inside, and a pedal door opener and side shelf outside. The oven door is well balanced, and the handle strong, and always cool.

THE MAIN TOP

Is fitted to allow for expansion and contraction without any danger of fire cracking. The plates are properly braced to prevent sagging. The covers are guaranteed not to warp or split from the heat, and are interchangeable, one sectional cover being included. The long centres are also non-warping.

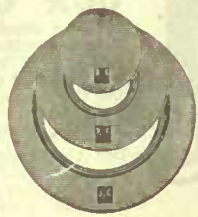

Oven thermometer, scarcely used, and accurately adjusted, and measures the heat of the oven the same as a clock registers the time. It saves fuel and labor, and does away with all worry or fear that the food is cooking either too fast or too slow. Where thermometer is not shown in illustration, and is wanted, add \$1.00 to price.

IMPORTANT.—We protect you from breakage in transportation. Before taking Stoves away from your station, look carefully for any broken parts, and if any breakage has occurred, see that the station agent makes a note of it on the receipt you sign. Then kindly forward your receipt to us so that we can make a claim for damage on railroad. Tell us what is needed to replace, and we will immediately forward the parts to you, charge prepaid.

THE CONSTRUCTION

The *Acme* Steel Range is made of heavy rolled sheet steel, and is accurately proportioned in all its parts. It is cabinet style, and stands on four cast-iron corner legs, which allows free access for sweeping under the range. The oven is square in pattern, and measures 20 1/2 x 21 inches, fitted with full-size door, and ornamented with nickel edge trimmings and nickel medallion, having loose centre removable for thermometer if desired. Should thermometer be wanted on the oven door instead of the plain centrepiece, mention this in your order, and add \$1.00 to the price.

THE FIREBOX

The Firebox for burning hard coal is well proportioned, lined with heavy firebricks, and supplied with the latest improved duplex grates well fitted. A special feature in connection with the firebox is the duplex draft, which gives the fire a strong air feed from both ends of the grate, thus ensuring complete combustion of fuel, and avoiding any possibility of a one-sided fire when baking or cooking.

THE RESERVOIR AND WARMING CLOSET

The Reservoir is made of heavy copper, tinned inside, and finely nickel-plated outside. It is supported in place at either end by brackets. It holds ten gallons of water, and has a closely fitted black japanned cover. The warming oven is made of best rolled sheet steel, and has roll top door, and all edges, corners and handles nickel-plated. The length of stovepipe running up through the warming closet, as shown in cut, is sent out complete with each range, and the opening at top is 7-inch standard size for connecting with the usual stovepipe.

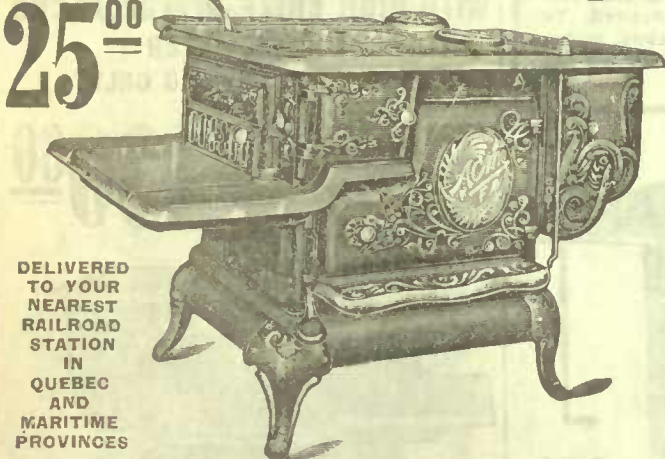

The *Acme* is a range of very handsome appearance, the smooth nickel or a *Acme* mentation adding elegance and brightness to a correctly designed and compact bodily structure. It is made in one size only, this being the most serviceable, and has a six-hole top with 9-inch covers, including one sectional cover in three parts. We are enabled to sell the *Acme* Steel Range at the above special price of \$37.00, as we buy immense quantities in one size only, and that the most desirable size for any household. We ship this range strongly crated with wood, and corners of crating strengthened by hand iron, this of itself being a feature that has proven satisfactory by greatly reducing the chance of damage in transit. Each range is sent out with shaker, lifter, poker and scraper; all detachable parts packed securely in oven.

OUR GUARANTEE We absolutely guarantee the *Acme* to be a perfect baking and cooking Steel Range, made of best materials, strong and properly constructed. It is scientifically designed to give the best results with the greatest economy in fuel. If it does not prove all we claim for it, without any "ifs" or "ands" whatever, it can be returned to us, and your money will be refunded, we paying the transportation charges both ways.

The *Acme* can be fitted to burn wood 26 inches long, and for this purpose is supplied with a special firebox, designed to be both efficient and economical. As a wood-burning steel range we guarantee it to be just as satisfactory as when coal is the fuel, all its features being just the same with the exception of the special firebox.

Acme F WOOD STOVE 25⁰⁰

DELIVERED TO YOUR NEAREST RAILROAD STATION IN QUEBEC AND MARITIME PROVINCES

A new pattern Wood Cook Stove, embodying the latest up-to-date features. A large, heavy, handsome, honestly-built wood cooker. The nickel, while sufficient to enliven the appearance, is not overdone to the extent of necessitating extra work in cleaning. We guarantee the stove to work perfectly. It has been carefully and thoroughly tested. It is built to burn wood only, and, while responding quickly to the drafts, will be found economical on fuel. The fire box of this stove has been built of heavy, long-life castings; the back lining is ribbed, and in three sections. Each stove is No. 9, with four pot holes on top. The top of the stove is 32 inches from the floor. The fire box will take 25-inch wood, and has a door opening 6 1/2 x 8 1/2. The size of the oven is 22 1/2 x 19 x 13. The top of the stove, without reservoir, is 26 x 36, and with a reservoir is 26 x 41, to which a 7-inch wide shelf is added on the wall side. This same 7-inch wide shelf is sent without reservoir, and can be put either on the side or end. This makes a large, roomy top for cooking. The reservoir is made of copper, carefully tinned on the inside, well put together, covered with a cast-iron top, japanned finish.

CREMATORY CLOSET 20²⁵

14-205. Our Crematory Odorless Closet is constructed so as to separate the liquids from the solids at the time the closet is used. The liquids are retained in a galvanized pail easily emptied, the solids are retained in a cast-iron pan, under which preparation has been made for building a fire. This requires to be done every ten or twelve days. The fire consumes the contents of the pan to an ash in a few minutes. This ash is in no way offensive, and can be readily removed, together with the ash of the fuel used. The closet may be placed in any part of the house, the only restriction being that it must be connected to a chimney with the ordinary stovepipe. Any person can set this closet up. The operation is as simple as an ordinary stove.

OUR Acme STEEL GAS RANGES

Bodies of these Ranges are made of steel with the top cast iron. We supply Griddle Top for Manufactured Gas, and Solid Top for Natural Gas. State which gas the range is for.

14-409 For Natural Gas **19⁵⁰**

14-410 For Manufactured Gas **18⁵⁰**

Price includes freight in Quebec and Maritime Provinces

The *Acme* Gas Range has four powerful top burners for cooking purposes, also small simmering burner for steeping, etc. Each burner has its own stoopock fitted with a wooden handle.

The Oven is 18-inch size, fitted with adjustable oven racks, and a drop door, evenly balanced. This door has a swell or bellied front with N.P. edges, giving it a very handsome appearance.

The Baking Oven is fitted with a cast iron bottom, having one pot hole and cover. This may be used as a boiling oven for such vegetables as have a disagreeable odor when being cooked.

The Lower or Broiling Oven is fitted with a similar door on loose slot hinges. Each range has a broiling pan, meat rest and full directions as to how to operate.

We fully guarantee this range to be a perfect cooker and baker. The ovens are heated by two bar burners. Each burner is fitted with air mixers which economize on the amount of gas used.

Top surface of range is 22 ins. wide, 36 ins. long and 35 ins. high. We do not stock this range in any other size.

Acme STEEL RANGE

45⁰⁰ WITH TILED BACK AND MIRRORED WARMING CLOSET

We guarantee this stove to bake perfectly and to be economical with fuel. After you have thoroughly tried it, if you are not perfectly satisfied in every way return the stove at our expense and we will refund your money.

This Range embodies all the latest improvements known to the stove manufacturers.

It has a big square oven, size 20 ins., fitted with oven rack and drop oven door.

This door forms a convenient shelf for putting out baking to examine or for basting.

The Fire Box is deep and narrow when fitted for coal, which shape economises fuel and makes a good baking fire.

The fire box is fitted with duplex grates lined around with fire brick. The draft to the fire enters from both ends of the fire box, thus giving each end a good supply; this also makes a fast even fire. The top has six 9-in. covers, including one reducing ring cover and one damper cover, which will be found very useful for checking fire over night.

The Ash Pan is large and roomy.

The warming closet is finished in tile of a combination of brown and blue colors. The doors of the warming closet are made with mirrors. The top finish rail has an oval mirror as well.

The general appearance of this range is very pleasing and the tiled warming closet is sanitary, easily cleaned and will last the full life of the range.

We can recommend this range to those wanting a first-class high-grade cooking fixture.

The quick baking feature, the roomy oven, the ease with which it can be cleaned, the attractive appearance, the general up-to-dateness of this range, have made it a general favorite wherever sold.

- 14-100. Price for Coal **45.00.**
- 14-101. Price for Wood **44.50.**

If you wish to have both fire boxes we can supply Coal Fire Box at \$3.00. Wood Fire Box at \$2.50, we can also supply Water Front at \$2.50. If reservoir is not wanted deduct \$4.00. Prepaid to your nearest railway station.

CROWN HURON KITCHEN RANGE

KEEPS FIRE OVER NIGHT
EASY TO REPAIR
GOOD BAKER
SAVES FUEL
GRATES REMOVABLE WITHOUT
DISTURBING FIRE BRICK

16⁹⁵

THE CROWN HURON RANGE is made of cast iron carefully tempered to avoid warping, and is exceptionally durable when used with coal as the fuel. We have proven this range to be a good baker, and economical on fuel.

THE FIRE BOX is fitted with duplex grates, easily operated, and makes a clean, free fire. The fire box is lined with brick.

THE OVEN is square plan, fitted with an oven rack and foot trip for opening door.

THE FLUES are so constructed as to force the smoke and gases to pass twice around the oven before entering the stove pipe. This feature saves fuel and heat.

THE TOP of the range is fitted with one reducing cover to fit different size pots; the balance of the covers are double, making them very durable.

THE TRIMMINGS All possible nickel trimmings are made removable, and with smooth surface, this makes them easy to clean. The trimmings are nicely arranged to give the range a very pleasing appearance.

THE FUEL The Crown Huron is constructed to burn coal only, small quantities of wood may be used for summer purposes, but the best results are from coal. Our guarantee covers this range as a coal burner.

ACCESSORIES Each range is sent out complete, including a shaker, lifter, poker, towel rod, ash pan and scraper.

THE RED HOT WARM AIR FURNACE

We have had this furnace constructed so as to give the greatest efficiency possible for the amount of fuel consumed. The general construction is of a low set type which leaves plenty of pitch for the hot air pipes, making for fast service.

THE GRATES are the triangle rotary grates, any one of which may be removed and replaced without tearing down the furnace. **THE FIRE POT** is made in two sections which saves the cracking caused by expansion and contractions, and in case of repairs saves half the expense.

THE RADIATOR is the most important feature of any furnace. This is made with one flue which starts at the feed door and does not allow the smoke or gases to escape until they have travelled completely around to the other side of this feed door. A baffle plate at the smoke pipe collar distributes this heat the full depth of the radiator.

THE COMBUSTION CHAMBER has a separate wall from the radiator making three steel surfaces in all, throwing heat into the casing in addition to the cast top fire pot.

DIRECT DRAFT, a damper is placed in the radiator on the side of the door nearest the smoke collar. This gives a quick short route for smoke when putting on coal.

DUST FLUE. A dust damper and flue are so arranged as to take the dust, caused by dumping the fire, into the smoke outlet.

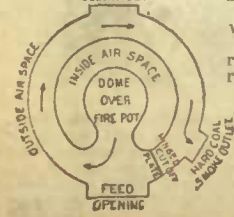

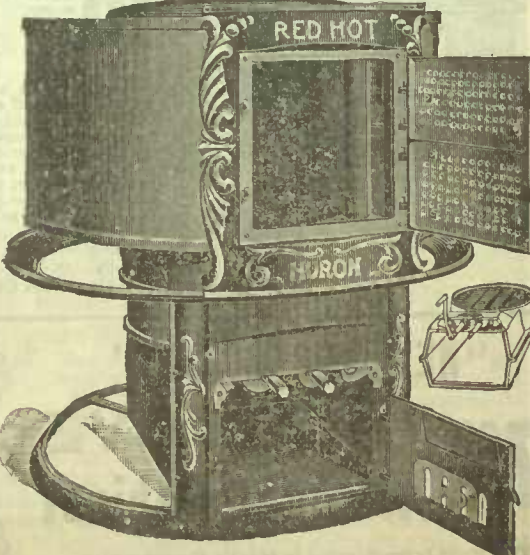

GENERAL. This furnace is built to burn coal only, and has proven itself equal to the capacity as shown in our catalogue when the weather is zero. In order to assure yourself of plenty of heat for extreme weather allow 20 per cent. reserve for every ten degrees that your weather drops below zero.

INSTALLING. We do not install furnace outside Toronto, and would recommend our customers to procure their hot air and smoke pipes locally as conditions do not nearly enough resemble each other in the different houses to make standards possible. Make your hot air pipe run as direct as possible, giving an advantage in size to long runs. Never put a hot air pipe in an outside wall. Take the cold air from the coldest part of the house to the bottom of the furnace casing as direct as possible, and an amount equal to the combined total of the hot air pipes. All hot air pipes must continue to rise from the furnace to the registers.

SMOKE COLLAR. The smoke collar is made interchangeable so as to be easily put on either side of the furnace, a steel plate is arranged with bolts to allow of this change without cutting. This allows you to have your smoke pipe on either the right or left side without ordering it specially.

DRILLED. If you wish your furnace drilled in order to connect it to the boiler add 1.00 to the price as shown in catalogue, and state "Drilled" when ordering.

SIZE REQUIRED. To ascertain size of furnace required multiply the length of house in feet by the width of house in feet and multiply this total by 18 if house is two storey, and by 27 if house is three storey. We recommend the use of Wall Registers, easily connected, save cutting floor. For ground floor—wall register 9 x 12, black Jap finish, .85 each; 8 x 10, black Jap finish, .65 each. For second floor—wall register 8 x 10, black Jap .55. For cold-air face to fit floor—12 x 30, 1.25; 12 x 19, 1.00; 14 x 22, 1.25

INSTRUCTIONS FOR CORRECTLY MEASURING CARPETS

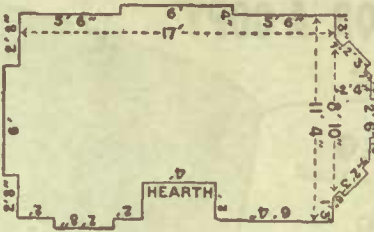

YOU cannot be too particular in taking measurements for carpets, especially so if they are to be bordered; as bordered carpets cannot be turned under, they should fit exactly. Draw a diagram of rooms to be bordered, also of rooms or halls requiring more width in some parts than others. It is not necessary to draw to scale, but give all the measurements along base exact to 1/4-inch, making no allowance, also the total length and width of room in centre and through folding doors (if any), and make sure that short measurements along base, etc., agree with the through measurements.

Make plain figures, measure exactly, make no allowances when ordering.

Draw a line across irregular bay windows or jogs, and you will have an accurate base to measure from. Locate all doors and jogs and give length of each so we can sew on carpet or filling for same if desired, also designate front of rooms and state which way widths run.

When the room is of such a size as to require a fraction of a width in addition to the full width used, we will be obliged to piece it in one or two places unless you are willing to pay for a full width.

Directions for Measuring Rooms

In such cases state same on your order and we will send balance of width with your carpet. If you wish to have several connecting rooms covered, make a plan of same on one sheet, showing them in their true position. By being careful in taking measurements and seeing that they prove before sending in the order, you will perhaps save the delay of our sending back the plan for remeasurement, as we will not cut the carpet unless sizes prove correct. In measuring circular or winding stairs, always measure on the longest side, where the outside edge of the carpet would be.

Information, Estimates and Samples given free upon request.

NOTE.—When ordering carpets not estimated on by us, allow at least one yard extra to every 20 yards needed for each room for waste in matching patterns. When borders are used an allowance of 1 1/2 yards extra to every 20 yards required should be made. If carpets can be cut with less waste, the difference will be refunded. Delay in shipping will be avoided by carefully carrying out the above instructions.

NOTE OUR LOW PRICES FOR SEWING CARPETS

Sewing all carpets 3c yard, with an additional charge of 5c for each mitre on bordered carpets. In the case of heavy carpets, especially Axminsters and Wiltons, we recommend that bordered carpets be cut and sewn on the flat. It is done in this way; all surplus carpet at mitres and ends of widths (ordinarily turned under, making two thicknesses) is cut off and the edges oversewn or serged. When sewn together this makes the carpet or rug flat, it has no double thickness anywhere. When done in this way the charge is 3c yard for sewing with \$1.50 extra for rugs, size 10 ft. 6 ins. x 12 feet and under, larger sizes in proportion.

If you have been paying a higher price than this for your tea, include a package of 23c Palawan with your next order. If you are not perfectly satisfied, return it, and we will refund the purchase price.

If you want a tea that delights the palate, that refreshes and exhilarates one physically, that you will be glad to serve to your friends because of its satisfying qualities, we ask you to send us an order for this 35c grade.

We do not believe there is a more desirable leaf produced from any of the tea gardens of the world than this blend. As a matter of fact, it is only the large dealers in the cities who carry this high grade of tea.

A DELICIOUS
BEVERAGE**

Many people use Cocoa for breakfast in place of coffee or tea. To every user of cocoa we want to call attention to our special brand of Breakfast Cocoa which is made for us from the cocoa bean. It is a strong, pure, unadulterated product. It requires much less than many cocoas you are accustomed to using to give you the desired strength. Adapted to persons using intellect unsparingly, suits the feeble stomach. The flavor is peculiarly excellent, and we feel justified in recommending it to our customers.

THE SERVICE OF EATON'S

THROUGH the medium of this Catalogue we offer Canada's people worthy merchandise—the quality kind. We present articles of daily use such as the world's best markets have to offer—a select and representative showing, in part the product of our own factories, and imports brought to these shores from distant lands far-famed in manufacture. Our aim and purpose is to strive after what is best—what is most desirable, so that this Catalogue may be authoritative. In furtherance of all this we have the guidance and active co-operation of our buying offices situated in the great European centres, which seek out and in turn pass on to us much of the ultimate goodness that goes to make this a book of wondrous worth. Let it be so to you—the recipient. Make it your guide—your shopping place. We invite your patronage, and in like manner we court your approval. If it be possible give us the opportunity to prove our helpfulness. As our customer—in a word—be assured of our sincere desire to give only such service as will be wholly satisfactory in so far as it is possible to be. We commend to your notice the many pages that go to make this Catalogue a voluminous storehouse—a wondrous choosing of interesting values so very economically priced—so very serviceable. And, finally, there is the full assurance of courteous, quick service, free delivery offer, and a broad guarantee which accompanies your smallest purchase. All of this is more fully detailed on index pages (see centre of Catalogue).

CATALOGUE No 108

FALL WINTER
FASHIONABLE FUR SHOWING
 1913-14

Our Fur Department has this season excelled all previous efforts in obtaining a collection of reliable furs, made in styles which have the approval of fashion, and at prices only to be had where EATON purchasing power is used. We control more than the ordinary facilities in securing the best values offered in the world's fur markets in that we have our own offices in London, Paris, Berlin and other European cities, as well as maintaining a fully equipped factory in Toronto. Our reputation for the placing of large orders, and prompt cash payments, results in our being offered special inducements in the way of low prices to secure our trade. The best precaution to take in buying furs is to purchase from a reliable firm—one that lives up to its guarantee of goods right or your money back. Remember, when ordering furs from this Catalogue that every purchase to see **THE T. EATON CO. LIMITED** stands back of that you get satisfactory goods for your money.

The Stylishly Designed Persian Lamb Coat is made of our first quality skins, and lined with a rich black "two-season" guaranteed satin. The combined efforts of both tailor and furrier are reflected in the fashionable cut of the coat and the excellent workmanship displayed in the matching of the fur. It has a slightly fitted back which gives grace to the figure, and a long rolling shawl collar which can be fastened close up to the throat if desired. Buttons and loops are used for the fastening, and deep vents at the back give freedom in walking. The length is 50 inches, and bust sizes 32, 34, 36, 38, 40 or 42.

Style No. 54-506. Price **375.00**

WE DO NOT SEND SAMPLES OF ANY OF THESE GOODS.

Orders for these goods should reach us before January 1st, as we do not carry a complete stock after that date. If necessary to exchange, furs should be returned promptly, not having been worn.

We do not supply fur trimmings by the yard, but sell whole skins at very moderate prices as quoted, so that those who desire the trimming may buy the skin and cut it to their requirements.

HIGH CLASS COATS LINED AND TRIMMED WITH FUR

56-431. The figure directly below shows the combined efforts of fur cutter and master tailor in a 52-inch Coat of fine imported all-wool Broadcloth, designed in slightly fitted style, the seams and stitching all showing the utmost care in finish. The lining throughout is of full-furred muskrat in large diamond-cut skins; while the extra large storm collar and revers are of Western Sable of a uniform, fully-matured grade. Made in bust sizes 32, 34, 36, 38, 40, 42, or 44. Choice of **Black; or Navy.. 49.50**

WESTERN SABLE COLLAR, MUSKRAT LINING, FINE BROADCLOTH

56-428. Especially for those who would have a Winter Coat rich in appearance, yet unburdensome in weight, this model is designed. The shell, 52 inches in length, is cut in slightly fitted style from fine all-wool Broadcloth, and carefully tailored all through. The large storm collar and revers are of a superior grade of Mink Marmot; the three-quarter lining is of the same fur, while the lining at the lower section is a fine heavy mercerized sateen. Made in bust sizes 32, 34, 36, 38, 40, 42, or 44. Choice of **Black, or Navy. Price..... 32.50**

54-154. "Pillow" Muff to match (see page 13). **6.50**
Three-Quarter LINING and COLLAR of MARMOT, FINE BROADCLOTH

56-429. Style perfection is here apparent in the masterly handling of high-grade materials, the superb Coat below being a 52-inch model, cut in slightly fitted style from fine all-wool imported Broadcloth, perfectly stitched, and finished. It is lined throughout with muskrat fur in large, full-furred skins; while the graceful shawl collar (which can be fastened higher up if desired) is of natural stripe mink, completing this very rich coat most effectively. Bust sizes 32, 34, 36, 38, 40, 42, or 44. Choice of **Black or Navy 75.00**

Style Review

Fall & Winter 1913-14

Cloak & Suit Department

Suit styles for this season are decidedly "cutaway," and this feature can be as extreme as one's own taste dictates, but the well-dressed woman will adopt some degree of this fashion in a length about 38 inches. Separate Vests are being shown, but the popular modification of this style note will be the vestee effect, being attached to or part of the coat. These are made of a different material, and often in a contrasting shade. Skirts show slight draping in some styles, while the plain tailor-made will still be a favorite, the narrowness being overcome by foot pleats, or slashed hems, which can be left open or buttoned. The materials for Suits are very beautiful, consisting of Bedford Cords, plain and brocaded; Whipcords, Corduroys, Boucle Tweeds, Ratines, and

the very serviceable All-wool Serges. Separate Coats in heavy, rough materials, Boucle Tweeds, Plushes, Caraculs and Persianna Curl Cloths will be very fashionable, also plain, smooth cloths for more dressy occasions. Special interest should attach to this and the following pages for those wishing to see a carefully selected range of Women's, Misses' and Children's Ready-to-wear Garments, not extreme, freak styles, but those embodying the style features which will be adopted by dressers of good taste. While reading over these pages keep in mind that **T. EATON CO. LIMITED** stand back of every purchase to see that you get satisfactory goods for your money.

EVENING WRAP with Latest Trimming Effects

The recent advent of draped effects has given free scope to the introduction of the classic model, and in no garment of women's attire can this very desirable and fashionable trend be so well depicted as in an Evening Wrap, such as is shown in the illustration. Unmistakably beautiful it is, made in fine Chiffon Broadcloth, 48 inches long, lined luxuriantly with Satin de Chine; the deep droop of the Oriental shoulders, the hand-made fastening ornament and pipings of self material, all tend to the grace and refinement so pronounced in every line. The artistic draping, which is the strong character note of the garment, falling in graceful contour from the bust line, extends round to the back, which it encircles with three deep folds, the centre of which is held by a plastron ornament, same as appears on front, White Fox being the height of fashion for trimming; the same is used very effectively for the deep shawl collar, which adds so much charm and usefulness to the garment. This wrap can be had in all evening shades, including Mahogany, Rose, Hello, Fawn, samples of which we are pleased to send when requested. Bust sizes 34, 36, 38 or 40. Style No. of this Wrap is 56-459. Price.....

IMPORTED NOVELTY STYLE TAILOR-MADE SUIT

One of the fashionable novelties of the season is the Tailored Suit, produced in a combination of fabrics, the coat of one weave, the skirt in another. Such is portrayed here on the leading figure, showing the latest of these models imported from New York. The smart Cutaway, Semi-fitting Coat, cut 36 inches long, is made of a novelty Bedford Cord, lined with satin, the collar of black velvet, same as is used on back of cuffs, with jet buttons, a similar trimming appearing on back of coat in neat effect. Coming fashion notes give much prominence to vests and vest effects, the attached vestee in the coat in this case being one of the most approved styles, made of material same as that in the skirt, and fastened with jet buttons, such as trim the coat. The skirt, of black and white novelty check material, is cut in a very stylish two-piece model, gracefully trimmed at each side with a shaped fold button-trimmed, above which is a gathered heading in long draped effect, disappearing beneath the coat. The waist line at the back has a very stylish and effective finish in a short, dip-girdle belt placed just above a group of short, fine tucks, which extend into fullness lower down. Skirt measures about 60 inches round the hem. Made in bust sizes 32, 34, 36, 38, 40 or 42. Coat in choice of Black or Navy. Skirt in Black and White only. Samples of the material used sent on request. Style No. of this Suit is 56-662. Price.....

ALL-WOOL SERGE

56-332. Here is a stylish, yet plain and simple in effect, faultlessly tailored in a grade of all-wool make. The cutaway coat is in cutaway style, 38 inches in length, lined with serge silk, and trimmed with touches of self material ornaments of self material at the collar and cuffs. The four-gored skirt, which measures about 58 inches at the hem, is trimmed with the coat, and has a wide, full-length fold down the centre, the back showing an exact repetition of the design. For sizes see note below. Black, or Navy. **15.00**

56-652 **15.00**
ALL-WOOL SERGE

56-652. Decidedly smart, yet plain and simple in effect, is this perfectly tailored model, made in a mannish all-wool serge, the coat showing one of latest cutaway designs in the popular 38-inch length, lined with serge silk, and trimmed at centre back with a hand-made ornament of self material in braid effect. The skirt is a skillfully tailored and gracefully hanging model in the new two-piece style, with a wide stitched fold down left side, made to button from the knee down. It measures about 60 inches at the hem with this closed. For sizes see note below. Black, or Navy. **15.00**

56-653 **18.50**
WHIPCORD

56-653. Extremely elegant, yet mannish and simple model is tailored from an All-wool Diagonal Whipcord Novelty Suiting. The coat, cut in the 38-inch popular length, is semi-fitting, lined with serge silk, and trimmed with velvet collar on which pearl buttoned braid ornaments are placed. The skirt shows a novelty feature in design, the back being in three pieces, having the centre panel shaped to the full width below, with short tailored pleats above at each side. It measures about 56 inches around the hem. For sizes see note below. Black, or Navy. Price **18.50**

56-654 **17.50**
ALL-WOOL SERGE

56-654. Here is a Suit which plainly shows graceful elegance on strictly tailored lines, produced in a splendid All-wool Serge. The coat, cut in semi-fitting style, is 38 inches long, showing the new cutaway style, and is lined with serge silk. A velvet collar, with piping of the same at back, and on the new style cuff edges, is the only trimming allowed. The skirt, which measures about 60 inches at the hem, is no less perfect as an example of high-class tailoring, the back and front being in duplicate design, with a heavy piping of velvet running full-length at the left side, in conjunction with a narrow fold of the goods, with soutache and button trimming at the foot. For sizes see note below. Black, or Navy. **17.50**

56-330 **15.00**
BOUCLE TWEED

56-330. A Suit of exceptionally stylish design, made in a nobby Boucle Tweed Mixture, in which high-class tailoring can be so well depicted. The new cutaway coat, designed in semi-fitting style, is cut 38 inches long, lined with serge silk, and perfectly plain but for the collar and piping of velvet outlining the revers. The skirt, which measures about 64 inches at the hem, is cut in three gores, the back in habit style, while the front shows a full-length wide fold with a neatly tailor-tucked fullness below the knee on left side. For sizes see note below. Blue, or Grey, or Brown. **15.00**

56-629. "Refined" and "elegant" are terms particularly applicable to this coat, cut in slightly fitted style, 52 inches long, from a beautiful fur-like quality of silk-seal Plush; interlined to waist with flannelette; and lined throughout with black satin; the large panel revers and deep cuffs with the hand-made frog fastening of satin braid being the only trimming allowable on this garment, dependent on the richness in itself alone for its right to favor. Made in bust sizes 32, 34, 36, 38, 40, 42, or 44. Black only. Price.... **25.00**

56-627. This new model, cut 48 inches long, in a slightly fitted design, is of silk-seal Plush; interlined to waist with flannelette, and lined throughout with grey brocaded sateen. The handsome satin braid frog fastening is the only trimming, while the graceful shawl collar may be fastened still further up, as shown in the smaller illustration with the back view. The whole garment is suggestive of richness, appealing to recognition on its simple elegance. Made in bust sizes 32, 34, 36, 38, 40, 42, or 44. Black only. Price.... **15.75**

16.50

56-628. Made of Silk-Seal Plush, in a slightly fitting model, 52 inches long; this is a coat representative of good style, with general utility and simple plainness strongly emphasized. The collar may be closed up snugly (as shown with the back view) if desired; the fastenings are of large self cloth-covered moulds. The coat is lined throughout with grey brocaded sateen, and interlined to waist with flannelette, thereby increasing the warmth without much additional weight. Made in bust sizes 32, 34, 36, 38, 40, 42, or 44. Black only.... **16.50**

56-630. The dignity and goodness so clearly defined in this attractively model are qualities possible only where such high-grade materials are employed; tailored in a very slight fitted form, 52 inches long, from rich silk-seal Plush; lined throughout with plain grey satin, and interlined to the waist with flannelette. The long, sweeping, shawl collar of steel grey silk plush, while the rich satin corded frog fastening has a long girdle-end attachment of same. Made in bust sizes 32, 34, 36, 38, 40, 42, or 44. Black only. Price.... **27.50**

The materials in these Coats cannot be satisfactorily sampled, so we do not send clippings of them; but exchange goods or refund money, if unsuitable. If the plush is crushed, hold over the dry steam of a tea kettle, and rub lightly with a piece of plush or velvet.

56-434. This magnificent Winter Coat, 52 inches long, is designed on slightly fitted lines from the new "Persianna" wool curl cloth — the most perfect simulation of Persian lamb (without the expense or tenderness of the real fur), making it one of the most desirable offerings of the season. It is lined throughout with heavy Venetian twill sateen, and cut with a particularly wide fold-over in front, which an inner strap keeps in position when buttoned. The collar closed up may be seen in smaller cut with back view. Made in bust sizes 32, 34, 36, 38, 40, 42, or 44. **Black only. Price.... 22.75**

56-631. Made of heavy rich Black Ponetta Caracul Cloth, in partly fitted style, 48 inches in length, interlined to the waist with flannelette, and lined throughout with black brocaded sateen, this coat offers itself as a particularly stylish and comfortable garment for cold weather wear. The collar may be buttoned up close at the throat, the trimming of wide basket weave braid on cuffs and collar with braid ornaments giving a desirably smart finish. Made in bust sizes 32, 34, 36, 38, 40, 42, or 44. **Black only. Price.... 16.75**

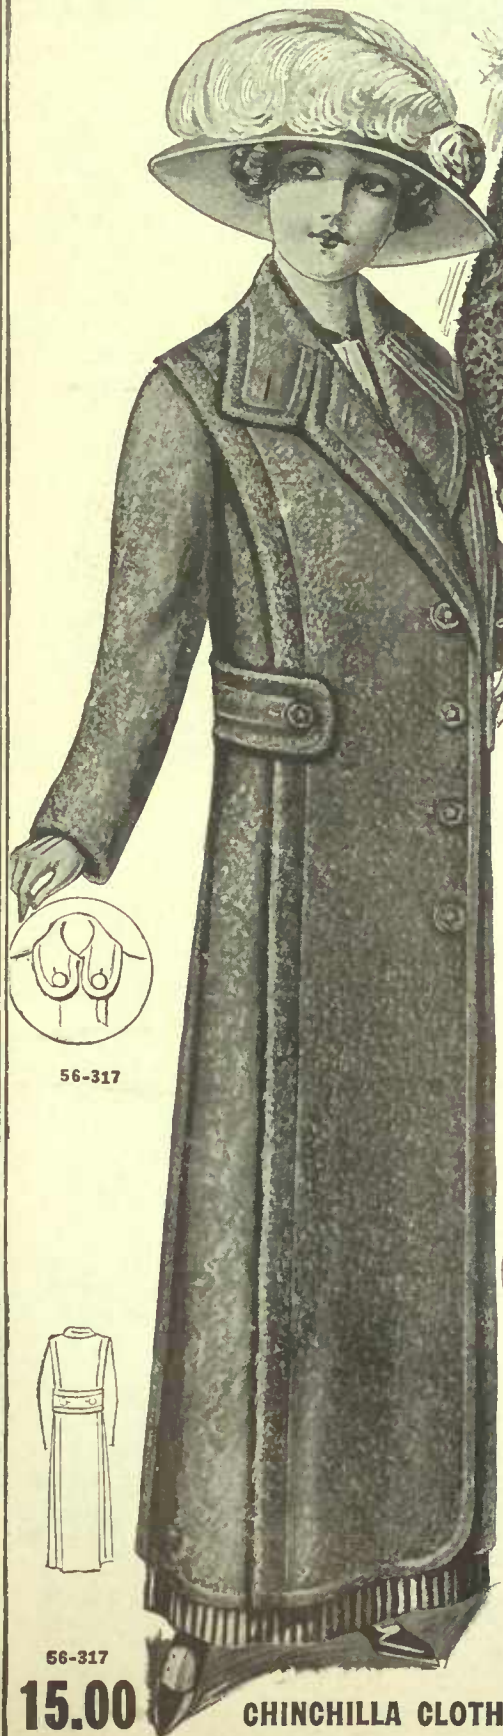

23.50

56-435. The slightly fitted model above is cut 52 inches long, from a superior Ponetta Caracul Cloth; lined throughout with quilted sateen, and secured with large handsome frog fastenings. A main feature is the large storm collar and revers in Western Sable fur of a full-furred and choice variety, which may be closed up at the throat when desired, thus ensuring the greatest possible comfort and protection to the wearer when occasion demands. Made in bust sizes 32, 34, 36, 38, 40, 42, or 44. **Black only. Price..... 23.50**

Orders for the Coats on this and the preceding page should reach us before January 1st; as we do not carry a complete stock after that date. We do not send samples of the materials used in these Coats; but if unsuitable the goods may be returned for exchange or refund.

IMPORTED BROADCLOTH

56-438. Stylish Winter Coat of rich imported All-wool Black Broadcloth, faultlessly tailored in a semi-fitting style, and cut 52 inches in length. The long, graceful lines are emphasized by the plainness of the design, while the handsome shawl collar of "Persianna"—a close wool curl resembling Persian lamb fur (and which may be turned up closer when required) gives character and extra usefulness to the garment. The lining is of black satin to the hips, and there is an interlining of flannellette. Made in Black only; in bust sizes 32, 34, 36, 38, 40, 42, or 44. Price **16.50**

VICUNA CLOTH

56-231. An excellent Coat for general wear, made from fine Winter-weight Vicuna Cloth, 52 inches long, the shoulders and fronts warmly lined with self material, while the braid and velvet-trimmed cuffs and close-fitting "Johnny" collar, also of velvet, give a distinct feeling of warmth and protection. The coat is designed almost loose-fitting, the deep belt shown on the back controlling the fulness there into a very smart effect. Choice of Black, or Navy. Bust sizes 32, 34, 36, 38, 40, 42, or 44. Price **8.00**

ALL-WOOL BROADCLOTH

56-638. Long, graceful lines characterize this semi-fitting Winter Coat of fine All-wool Broadcloth, the back view showing the same suggestion effectively carried out, making it an ideal coat for use with furs. It is lined to the hips with strong sateen, the collar and cuffs showing a neatly strapped trimming of velvet; otherwise the style is plain and becoming. Length 52 inches. Choice of Black, or Navy. Bust sizes 32, 34, 36, 38, 40, 42, or 44. Price **10.75**

IMPORTED BROADCLOTH

56-456 **7.75**

56-501 **5.50**

56-244 **6.75**

56-457. The smartly tailored, mi-military style shown directly above is produced in a beautifully soft and fine all-wool Serge. The back is plain, the skirt having wide centre panel, while the front, where it fastens invisibly, shows a wide band of black silk braid, the entire length, the same appearing on the cuffs, the buttoned tabs of Soutache braid running to midway, heightening the military character of the dress. Choice of Black, or Navy trimmed as described above. Price..... **8.00**

56-829. This stylish model is designed for general wear, and made of all-wool Panama Cloth, the back in plain style as shown; the front, where it fastens invisibly, shows Robespierre collar, with tie, and cuffs and sashed crush girdle of paillette silk in matching tone; the buttons similarly covered. The good style and general usefulness of this dress commends itself to neat dressers. For sizes see note at foot of page. Choice of Black; or Navy. Price..... **5.00**

56-456. The handsomely tailor-made Dress above is modelled in fine all-wool imported Serge, the back preserving plain simplicity as shown, while the front, where the dress fastens invisibly, is distinguished by the smart military collar, rosetted girdle, cuffs and streamer tie of paillette silk in matching shade; the buttons covered with the same. A dress featured to accommodate the slim or stout figure equally well. For sizes see note at foot of page. Choice of Black or Navy. Price..... **7.75**

56-501. This practical design, modelled in fine all-wool Panama Cloth, shows a gown useful for wear on all occasions, the long, graceful sweep of the skirt being emphasized by the two centre folds, while the Soutache braid and brass button trimming on the front, where the dress fastens invisibly, heightens the military tailored effect, which is evidenced in the collar, with its fold-over of Paillette silk, same as also appears on the cuffs. For sizes see note at foot of page. Choice of Black, or Cadet, with Black trimming on both. Price..... **5.50**

56-244. This particularly simple and graceful Dress, made in a medium twill all-wool Serge, comprises in its development a style suggestive of long, sweeping lines, as the full-length wide tuck of the material which extends down the front would indicate. Relieved by button and Soutache braid trimming, buttoned strap collar and cuffs piped with silk to match, and edged with a heavy cream lace border, this dress is strikingly neat and practical. For sizes see note at foot of page. Choice of Black; Navy; or Tan. Price..... **6.75**

56-328. The above graceful model for maternal wear is of a fine All-wool Serge, in **Black or Navy**, with the fastening in front, and plenty of fulness arranged beneath the satin de chene silk girde by means of deep side pleats adjustably arranged with dome fasteners, by which the size may be increased without effacing the lines of the garment. The Plauen lace collar with satin de chene surplice vestee give it a very acceptable finish. Bust sizes 32, 34, 36, 38, 40, 42, or 44; with choice of skirt lengths 38 or 40 inches. **8.50** Price.....

56-329. The Maternity Dress directly above is of fine All-wool Serge, made from one of the latest models of this character; the front panel of the skirt is so arranged that it can be adjusted by the fastenings beneath, while there are two wide overlapping tucks of the material at each side, which can be gradually reduced by the removal of the dome fasteners that keep it in place, and this without destroying the general effect of the dress. The trimming on collar and cuffs is of black satin, and the girde sash of satin de chene. Bust sizes 32, 34, 36, 38, 40, 42, or 44; with choice of skirt lengths 38 or 40 inches. **8.50** Black or Navy. Price..

56-458. The great simplicity and ease with which it can be adjusted at any point down the front is the feature mainly responsible for the popularity of this style of Maternity Dress, which is produced in **Black or Navy** All-wool Panama Cloth, the necessary adjustment being accomplished by simply moving inward as far as required, a band on which are sewn the eyes to which the hooks on the overlapping edge are attached. Self-covered buttons, collar and yoke of paillette silk. Bust sizes 32, 34, 36, 38, 40, 42, or 44; with choice of skirt lengths 38 or 40 inches. **5.50** Price.....

ALL-WOOL SERGE

56-446. There are two features of this skirt which mark it as new and desirable, quite different from the ordinary skirt. First, the double pleating at side-front, preventing bagging at the knees, and completed with buttons and Soutache braid. Second, the two folds at side-back, stitched down to a short distance from the hem, giving comfort in walking. Waist line is slightly raised; skirt shaped in four gores, and width at hem, pleats confined, 66 inches. Waistband sizes 22, 23, 24, 25, 26, 27, 28, or 29 inches. MISSES' AND SMALL WOMEN'S NEW DRESS STYLES IN ALL-WOOL SERGES AND PANAMA CLOTH

The Dresses on this page are made in sizes to fit misses from 14 to 18 years of age, also suitable for small women. The materials used are of reliable makes only, while the models chosen represent the latest style features without introducing extreme fashions. Being, as they all are, the product of our own workrooms, every detail of the making is under our own supervision, and closely inspected from the shrinking of the cloth to the pressing and finishing of the garment. Our prices are as low as could be marked on goods with these combined qualifications. We guarantee to exchange, or refund money where goods are unsuitable to the purchaser, an additional advantage, as in such cases we pay all the transportation charges incurred. Orders for these Dresses should reach us before January 1st, as we do not carry a complete stock after that date.

ALL-WOOL SERGE

56-826. The long, slender lines so much desired are stylishly evident in this Misses' Dress of All-wool Serge, the full-length, narrow centre pleats with button trimming down the front, where dress closes, emphasizing the required effect. The short set-in sleeves, the Dutch collar and half cuffs of white Cluny lace over Paillette silk to match material, also the piping at the waist line, and bow tie of silk, all combine in producing so dainty and useful a style. Skirt measures about 68 inches at hem. Made in sizes to suit ages 14, 16, or 18 years, as per list at foot of page. Choice of Black, Brown, or Cadet Blue... **5.95**

COAT DRESS

— OF —
PANAMA CLOTH

56-824. The usefulness of this novel Coat Dress commends it for misses' wear. It is made of All-wool Panama Cloth in one-piece style, yet suggestive of two, and at the same time shows the long front line in present vogue. The collar and cuff trimming and the tie are of Paillette silk to match, while the buttons (beneath which the dress fastens invisibly) are silk-covered. The belt, which is of black patent leather, gives a smart finishing touch of utility. Skirt measures about 64 inches at hem. Made in sizes to suit ages 14, 16, or 18 years, as per note at foot of page. Choice of Black, Navy, or Navy. Price. **5.00**

"SAILOR STYLE"

— IN —
ALL-WOOL SERGE

56-825. As an approved style for misses, the "Sailor" Dress is unrivalled, and when, in addition, the long lines are developed as they are in this skirt (which measures about 60 inches at the hem), with its full-length tucks at each side of panel, back and front, it leaves nothing to be desired. The material is an All-wool Navy Serge, with braid trimming in contrasting shade on cuffs, and "Sailor" collar (which is square at the back), the tie of silk poplin to match the trimming. Made in sizes to suit ages 14, 16, or 18 years, as per note at foot of page. Navy only, with choice of trimming in Red, Cadet, or **5.50** Black. Price....

56-823. The dominating style feature in this graceful Dress of All-wool Serge is the full-length, 2-inch wide tailored fold of the material, which so distinctly marks the front design, and beneath which the dress is fastened. A soft, rolling collar of self material relieves the plainly tailored effect, while the knotted tie is of Paillette silk to match, of which also the button centres are made. Skirt measures about 60 inches at the hem. Can be had in sizes to suit ages 14, 16, or 18 years, as per note at foot of page. Choice of Navy, or Brown. **4.75**

5.75

56-599. Misses' Simple Dress of fine All-wool Panama Cloth, splendidly tailored in a most becoming design, the suggested long front line being broken on waist and skirt in overlapping side effect, trimmed with Soutache braid tabs and silk-covered buttons. The cuffs and neat double collar are piped with Paillette silk to match, of which the neat bow tie is also made. The closing is invisibly arranged in front, and the belt is of self material. Skirt measures about 72 inches at hem. Made in sizes to suit ages 14, 16, or 18 years, as per note at foot of page. Choice of Black, Navy, or Brown. Price..... **5.75**

56-243. This Misses' Dress is made of a pure all-wool imported Serge, with stylish character well developed by the slight blousing at the waist, and the full-length button-trimmed fold at centre line, beneath which the fastening is arranged invisibly, while the waist shows neatly tailored folds on each side. The broad graceful collar and cuffs are trimmed with figured silk in harmonizing shade, and the bow tie is of plain silk. Skirt measures about 68 inches at hem. Made in sizes to suit ages 14, 16, or 18 years, as per note at foot of page. Choice of Navy, Tan, or Cadet. Price.... **7.00**

FALL AND WINTER STYLE DISPLAY

WOMEN'S WAIST DEPT.

New styles in Women's Waists have a strong fascination for good dressers, and the showing for this season as displayed on this and the following pages is no exception. Fashion in style as well as material has had due consideration, also the many uses and special occasions which demand a garment in keeping with fashion's dictates. Our buying offices located in the great centres of fashion keep us constantly informed as to the latest styles, while our own workrooms modify the extreme ideas to suit the requirements of Canadian women. Note the pages showing House Dresses, Petticoats, Mitted Coats and Children's Dresses. The prices are of special interest, and the quality of the goods up to the standard.

STYLISH WAIST OF PRINTED CHINA SILK

58-529. An exceptionally dainty Waist of Printed China Silk, designed on very soft, yet thoroughly tailored lines, in which is specially featured the low shoulder effect by a heavily piped edge in plain white silk, the front showing a straight centre panel, with tuck on each side, and an additional short fold of plain white silk trimmed with buttons. The turn-back cuff, also of plain silk, is edged with Valenciennes, and the upper part of the neat double collar is of the same; the chic little butterfly tie is of allover shadow lace. This waist fastens invisibly at the back, and is made in bust sizes 32, 34, 36, 38, 40 or 42. Choice of Blue or Pink floral design on White ground. Price..... **6.50**

WAIST OF FINE SATIN LIBERTY BROCADE

Choice of ROSE, SKY, BISQUE
STYLE 58-531 PRICE **7.50**

58-531. Here is a delightful little Shirt Waist, quite suitable for informal dress or general wear, made from Satin Liberty Brocade, which at present is so fashionably prominent amongst desirable fabrics. The full-length vestee (down the centre of which the waist fastens invisibly) and the graceful "Robespierre" collar are of white crepe de chene, while a heavily corded piping of self is carried down each side at the front, where a row of oddly shaped buttons and a single black velvet ribbon tie give a smart touch of style. The back is cut in the new loosely bloused, one-piece style, and the turn-back cuffs have hemstitched edges. Made in bust sizes 32, 34, 36, 38, 40 or 42. Choice of colors Rose, Sky, or Bisque, with trimming in White on all. Price..... **7.50**

WAIST OF CREPE NINON OVER BRUSSELS NET

Choice of GREY, CADET, ROSE
STYLE 58-530 PRICE **8.75**

58-530. For graceful elegance in a most prepossessing style, suitable alike to the young or middle-aged matron, here is a Waist, the dressy lines of which reflect the designer's best work. It is made of Crepe Ninon over White Brussels Net, the handsome surpliced effect emphasized by the two wide shoulder tucks at each side, while the exquisitely modelled collar and cross-over vestee are of silk poplin moire in harmonizing shade, to match the wide cross bow of ribbon velvet, the end from which is caught at the waist line, while the soft fluted elbow cuffs are banded with the same. The yoke is of allover Vandyked edge cream insertion, and the waist fastens at the back. Made in bust sizes 32, 34, 36, 38, 40 or 42. Choice of French Grey with Rose trimming; Cadet with White; or Rose with White **8.75**

BOUDOIR NEGLIGE OF CREPE DE CHENE

Choice of WHITE, PINK, SKY
STYLE 58-532 PRICE **5.75**

58-532. One of the daintiest Boudoir Matinee Jackets offered for this season is here illustrated. Designed to show to the fullest extent the soft, delicate beauties of the Crepe de Chene of which it is made, it has much in its favor to commend it where something out of the ordinary is wanted. The deep Corday collar is of novelty white shadow net, extending into large square design to the waist at back, while the edging shown all round is of white Valenciennes insertion in double rows. The waist line is run through with elastic, and the fastening is with domes beneath the bows of satin ribbon in front, and of which the belt is also made. Made in bust sizes 34, 36, 38, 40 or 42. Choice of White, Pink, or Sky. Price... **5.75**

DRESSING SACQUE OF SATIN LIBERTY

Choice of ROSE, ROYAL, CADET
STYLE 58-533 PRICE **7.50**

58-533. There is nothing more graceful for the dainty woman in the seclusion of her home than the soft negligee, capable of imparting a feminine charm often lacking in more formal garments. The coatee style herewith is of Satin Liberty, cut away to dip in point at the back, and richly border trimmed with ruching of self material, while the gracefully outlined shoulder collar, cut square over back, is veiled with fancy cream net in shadow effect. A large bow of satin ribbon to match is over the closing—which is made with a single dome fastener. Made in bust sizes 34, 36, 38, 40, or 42. Choice of Nell Rose, Royal Blue, or Cadet Blue... **7.50**

PERCALE 1.39

58-132. Immediately above, on the standing figure, we show one of the neatest House Dress models of the season in the plain Percale; the trimming and piping of stripe Percale matching in shade. The dress fastens invisibly in front, the wide tucks at sides of waist extend to the shoulder only; but the skirt at the back also shows wide tucks at each side of plain centre panel. Bust sizes 34, 36, 38, 40, 42 or 44. Choice of Cadet Blue; or Tan. Price..... **1.39**

DRESS OF MEDIUM WEIGHT DUCK

58-803. The standing figure on the extreme right shows a very smart House Dress of medium-weight Duck, with front inset and collar of same material in white, the cuffs also showing pipings of it. From the tailored yoke effect the waist hangs in easy fullness, the little black velvet tie in pearl ring and the row of self-covered buttons completing the very good effect. The dress fastens invisibly at the front; the small view shows the back of waist, the skirt having a single wide fold down the centre. Bust sizes 34, 36, 38, 40, 42 or 44. Choice of Cadet Blue; or Tan, with White trimming..... **2.50**

WRAPPERS AND HOME DRESSES

STYLE 58-036
1.85

58-036. The seated figure on the left illustrates a very practical House Wrapper of good black Sateen, having the waist and sleeves lined with white Percale. A belt controls the fullness of an otherwise very roomy garment, the back having a full-length box pleat in centre, while the trimming as shown is of black satin ribbon. It is 57 inches long (measured down the front from collar edge), and can be had in bust sizes 34, 36, 38, 40, 42, 44 or 46. **Black only. Price. 1.85**

WHEN ORDERING DO NOT FORGET TO GIVE STYLE NUMBER, SIZE AND COLOR

58-038. At the right, on the seated figure, is shown a serviceable House Wrapper of Printed Flannelette, 57 inches long, made with invisible front closing; waist lined with white lawn, trimming consisting of a finishing braid in matching tone. The double square collar is carried out over the back, where a deep inverted full-length pleat gives abundant fullness, which is controlled by the tidy belt. Made in bust sizes 34, 36, 38, 40, 42 or 44. Choice of **Black; Navy; Cardinal; or Grey. Price 1.25**

STRIPE AND DIAMOND PERCALE

58-229. The neat "Busy Dress" shown adjoining on the left is of Printed Percale, in a very new stripe and diamond design, plenty of fullness for comfort being allowed through an inverted pleat running from the waist line at the back to the foot of the skirt. An invisible button fastening is arranged at the front, the trimming consisting of wide bands of plain material to match. Made in bust sizes 34, 36, 38, 40, 42 or 44; the skirt 40 inches (measured from natural waist line down front), with deep hem. Choice of **Black; 1.00**

58-131. The standing figure directly above depicts the smart style of House Dress in which one always feels neatly dressed and attired while at home, its utility commending it as a "busy" dress, while its up-to-date style allows its use at any time of the day almost. Made of polka dot Percale, with trimming of plain color to match ground, fastening at the front—partly by the two large pearl buttons shown, and invisibly further down. Bust sizes 34, 36, 38, 40, 42 or 44. Skirt length 40 inches (with deep hem). Choice of **Black; or 1.25**

58-041. The Check Gingham Dress shown above is the indispensable number in any showing of dresses of this class, representing, as it does, one of the best washing materials known, and very easily laundered. In this particular style the closing is placed with pearl buttons at the front; the cuffs and handsomely modelled Robespierre collar are of plain shade to match check, a neat piping of the same appearing at the waist-line. Made in bust sizes 34, 36, 38, 40, 42 or 44. Skirt length 40 inches (with deep hem). Choice of **Black or 1.35**

DOT AND RING PERCALE

58-039. The comfortable House Wrapper on the extreme right is of Printed Percale, in a neat dot and ring pattern, closing at the front, and made 57 inches in length (measuring down front from lower edge of collar seam). The waist part is lined with white lawn, while the neat finishing braid design, which is also carried out on wide pointed shoulder collar at back, gives a smart touch. A deep pleat runs down the entire back. Made in bust sizes 34, 36, 38, 40, 42 or 44. Choice of **Black; Navy; or Car- 1.00**

The seated figure above shows one of the most recent style developments in Women's Petticoat models, the top part being made of Knitted Jersey Cloth, with strong elastic waistband, while the extra deep flounce is of fine English Sateen, gathered and handsomely embroidered. The great adaptability of this make to the lines of the figure, and its close-fitting, yet very elastic, composition, give it the many points of excellence so desirable in one of these garments, and we introduce it feeling confident it will fill a want in this line of goods. Made in **Black** only, to fit waistbands 22 to 29 inches, with choice of lengths 36, 38, 40 or 42 inches. Price **1.39**

"Klosfit" PATENT
58-557 **1.65**

The graceful Petticoat shown on the standing figure above is made of "Mervotaf," a light silk-like cotton fabric, now famous as a petticoat material; the deep flounce of same is richly embroidered, while the fastening at the waist is effected by the patent "Klosfit" side gusset of jersey cloth on elastic band, which allows perfect freedom, at the same time affording the much desired neat fitting appearance. Made in sizes to fit waistbands 22 to 29 inches; with choice of lengths 36, 38, 40 or 42 inches. **Black only 1.65**

When ordering give waist measure as well as front length.

The very desirable Petticoat shown on the seated figure is made of Moirette, with deep flounce of same, in neat fan groups of fine pleating, stitched flat above and showing two fine tucks below. The fastening is of the "Herpetico" style, by which it can be fitted to the waist as desired, through the eyeleted braid band around the waist. It is made in sizes to adjust to 22 to 30-inch waistband, with choice of lengths 36, 38, 40 or 42 inches. Made in **Black, Navy or Tan**. Price **2.00**

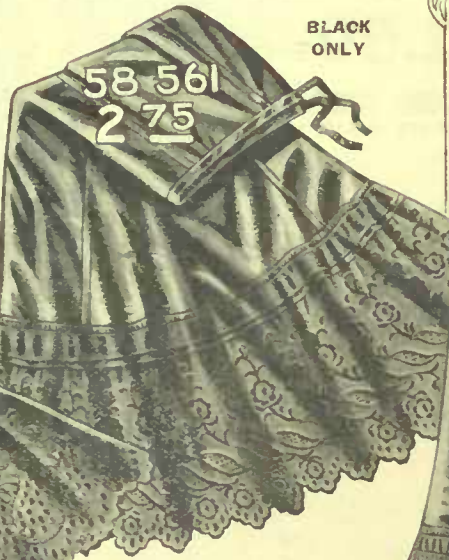

When ordering give waist measure as well as front length.

ANOTHER BIG VALUE

75c

20-301. Women's French Kid Gloves. The old reliable "Vero" quality. In colors **tan, brown, grey, navy, az-blue, white or black.** Full range of sizes, **5½, 6, 6½, 6¾, 7, 7½, 7¾ or 8.** Per pair... **75c**

Of good weight, soft and strong, with the elasticity that marks the glove which will wear. Here is a two-dome fastener having Paris points, self stitching, over-sewn seams and gusset fingers. Adjusts itself perfectly to the hand. Note the color range of attractive shades.

BE CAREFUL WHEN TRYING ON GLOVES

Insert the hand but not the thumb into the glove, and work the fingers in by rubbing them down as illustration shows. Then insert the thumb in the same manner, also the back and wrist by repeated gentle pulls; bring the two edges of the slit together and button.

The Right Way Never force the glove on by pulling at the wrist. A little powder dusted into glove will allow fingers to slip in more easily.

BOYS', GIRLS' AND INFANTS' HOSE

"Multiplex" in Hosiery stands for what is best in texture and wearing qualities, better still, "Multiplex" Hosiery has stood the test, as thousands of our mail order customers can vouch for through actual experience; especially is this a positive fact in the matter of hosiery for children. They are harder on stockings than grown-ups, and this has been thought out through the extra thickness being woven just at the points where the hardest wear comes. Being made of yarns that are selected for their wearing qualities, that will stand hard usage, and, dyed with pure vegetable dye, they are hygienic and stainless. See bottom of page for size guide when buying children's hosiery.

WOMEN'S RIBBED CASHMERE AND WOOL HOSE

Multiplex Hosiery for women is the best that is made from many viewpoints, because they give better wear, because their shape and wearing qualities are unimpaired through the introduction of the most improved machinery, whereby the true shape of the foot is secured and also an extra thread is knitted into the parts where the greatest wear comes—also this extra thread is selected for its long fibre and great strength, and twisted so as to make it very durable. Multiplex hosiery is dyed with pure vegetable dyes, is hygienic, stainless, and will wash perfectly. With all this good quality, and without any additional cost over other ordinary kinds, why not spend your money to the best advantage. We think that Multiplex is the best obtainable at the prices given and we ask that at least you give us the opportunity to prove their worth. If we fail to please you in any particular we will gladly refund your money in full.

**POPULAR MODEL
THERMOS BOTTLE**

28-100. The Thermos Bottle illustrated above is the popular model for all uses. The case is the separable type and the Filler is now inserted in such a way as to be more serviceable, being made so the glass is very thick at base, and as the glass at neck protrudes, makes the bottle pour better. It is made cementless, padless and paperless, and therefore very sanitary. The base part of case is japanned with nickeloid non-rusting bottom and the shoulder and cup are heavily nickel-plated. A most serviceable and sanitary bottle.

HANDSOME DESIGN

The design of this cloth, though admittedly a very handsome one, is not the only point of its merit. It is made from the purest Irish linen yarns, in a fine quality, snow-white bleach, and it will also retain its good appearance when laundered. Take our word for the quality—the design speaks for itself.

HAIR GOODS

We give to Mail Orders for Wigs and Toupees very careful attention; measurements must be taken according to instructions.

THE EATON QUALITY SWITCHES, BANGS, TRANSFORMATIONS, WIGS AND TOUPEES ARE ALL MADE IN OUR OWN WORKROOM FROM PURE CUT HAIR OF FINEST QUALITY

and generous sample of hair as a good match is necessary, especially with a Toupee, when the hair must blend perfectly with the wearer's own.

EATON Quality Switches. Highest grade, fine Human Hair in natural shades of brown. The price quoted while being higher than asked for other switches, is really very low, considering the expensive hair we use. All switches are made on our own premises. For drab and auburn shades, mixed grey or its send sample for quotation.

FINE WOOLS AND FINGERING YARNS

We have endeavoured to describe wools as fully as possible. If you sample of any lines send us a stating catalogue number.

Canadian Wheeling Yarn. In this yarn we believe that we have done better than even our best of previous seasons. A pure selected wool of long fibre, no burrs or lumps, thoroughly cleaned and secured. In this yarn you pay for and get wool, not grease, dirt or shoddy. It is equal in wearing qualities to the old-time home-spun. We keep it in 2 or 3-ply. In black, white, greys and mottled. Put up in 14-lb hanks.

27-301. Per lb. 50c
27-302. Navy or cardinal. Per lb. 55c

"Our Best" Scotch Fingering is made specially for us by the "Baldwin Beehive" manufacturers. INSTRUCTIONS ON HOW TO ORDER HATS OR CAPS

Always send size, and state whether for man, woman, boy or girl, as better satisfaction is thus insured. To find size of hat or cap, take measure of head where the hat or cap rests when in position, and compare with the following table:

Size	Head	Size	Head	Size	Head
5 1/2	18 1/2 in.	6 3/4	20 in.	7 1/2	22 in.
6	18 3/4 in.	6 3/4	20 3/4 in.	7 1/2	22 3/4 in.
6 1/4	19 1/4 in.	6 3/4	21 1/4 in.	7 3/4	23 1/4 in.
6 1/2	19 3/4 in.	6 3/4	21 3/4 in.	7 3/4	23 3/4 in.

THIS SPLENDID WINTER **OVERCOAT**

AN EXCEPTIONAL OFFER

44-200. It has been the pleasure of this Store in the past to make many remarkable value offerings in clothing for men, but this fine overcoat does seem to eclipse anything we have hitherto been able to produce for like money. It is a wonderfully good coat. Dark, neat and serviceable in coloring, stylishly cut, and with the stamp of EATON tailoring clearly discernible. Single-breasted, buttoning through, with the collar and lapels so made that the coat can be converted into a college blazer, fastening close up to the throat. The material is a good serviceable English tweed, in the 28-ounce Winter weight—and the immense quantity we took from a certain noted British mill is largely responsible for the low price on this coat. It is a rich dark brown cloth, in chevron pattern, toned up with a faint stripe of green. Length of coat 50 inches. Chest measure 34 to 44 inches, taken over the vest, with coat off. 44-211. The overcoat pictured above is our "Peerless"—and you'll admit it is a wonderful value. Made of a **Black Melton Cloth** in so firm and sturdy a weave as to come 28 ounces to the yard. Aside from the **genuine fur collar** (a dark brown marmot, and in shawl style), the outstanding feature of this fine coat is its **rubber sheeting interlining** from neck to waist (a protection against wind and rain), and its warm curl cloth body lining. **Leather shields over armholes**; knitted wool wristlets in cuffs. Mohair frog and loop fasteners. Sizes 34 to 44-inch chest. Take measure over the vest, with coat off. **12.95**

THE COAT IN
THE CENTRE AT **10⁰⁰** SETS A NEW
VALUE RECORD

44-210. The price is only that of an ordinary cloth coat, yet this overcoat has a quilted lining and a good warm storm collar that looks fur. It is made from a black cheviot material that is counted a sturdy weave. It is cut all of 50 inches long, and is not skimmed anywhere—either in materials or finish. In fact it is a well-built garment, and you may count it great, good fortune to be able to buy it for the money. Collar of imitation Persian lamb, notch style. Barrel and loop fasteners. Knitted wool cuffs in sleeves. This coat is lined with padded and quilted Italian cloth, and should make a warm garment. Sizes 34 to 44-inch chest measure, taken over vest, with **10.00**

44-212. This overcoat features a very pleasing collar of "Newfoundland Seal." It is a very dark Brown Sealskin, and is exceedingly rich and glossy. I suggest the making of a handsome coat for "best." The cloth is a **Black Melton**—fine and dressy. Warmly lined with quilted and wadded Italian cloth, and the sleeves provided with knitted wind cuffs. The coat is fashioned with ample fulness, and is 50 inches long. Finished with barrel and loop fasteners. Sizes 34 to 44-inch chest measure. nicely finished. Between it and the Italian cloth body
lining is an interlining of chamois skins, that keeps out
the piercing, cold wind—and adds but little weight to
the garment. The chamois lining extends throughout
body and sleeves. The fur collar is of good quality

HOW TO MEASURE FOR READY-TO-WEAR CLOTHING

MEASUREMENT INSTRUCTIONS

The measurement form we give on this page is for the measurement of our Ready-to-wear Clothing, and while we will make such alterations as shortening sleeves, making the waist of trousers smaller, and the trouser legs shorter, we make no other alterations. Ninety per cent. of exchanges are made necessary because customers order their larger than necessary. Always measure over vest, and state height and weight. Our ready-to-wear Clothing is made in our own factory, under the direction of experts, and every garment is guaranteed to fit or we will refund your money and all transportation charges you may have paid.

Price.... **8.65**

MEN'S FALL-WEIGHT CHESTERFIELD OVERCOAT

44-216. This is a particularly dressy, light-weight coat, and one that, used as a Fall and Spring overcoat, should give many seasons' wear. It is cut from a very good black cheviot cloth of English weaving, and is beautifully lined throughout the body with silk. Cleverly tailored to fit snugly at neck and shoulders, and to hang properly. Cut 43 inches long, coming just below the knees. Sleeves lined with mohair to slip on easily. Sizes 34 to 44 chest measure, taken over vest, with coat off. Price..... **12.50**

MEN'S FALL-WEIGHT CHESTERFIELD OVERCOAT

44-215. This is the popular coat early Autumn and late Spring wear; just nice light weight for days when the thermometer hovers near freezing point. A costing little, it is a garment one who have if but to save one's more expensive Winter overcoat. Cut 43 inches long, in sizes 34 to 44-inch chest. Made from imported Oxford grey cheviot, and lined inside with a strong twilled Italian cloth lining and mohair sleeve lining. Size 34 to 44-inch chest measure. Price.... **7.9**

The measurements given in these three Coats are young men's sizes, not men's. All in 33 to 37-inch chest. Do not order in larger sizes, but see Colored Page 200B, Men's Overcoats, No. 200A. Measure over vest, with coat off.

BLUE AND BLACK SERGE SUIT FOR MEN

AT **10⁰⁰**

AN EXCELLENT VALUE

WHAT a world of difference there is in serges! And especially in inexpensive serges. The average ten-dollar serge is a dear buy at any price—it hasn't the body, nor the finish, nor the color. But here is one—our special English-woven serge—that combines quality and appearance to a really surprising degree. A serge that you never would place at ten dollars. It has a nice narrow twill and a good color.

The suit is a three-piece, single-breasted model, the coat in three-button style, with dressy lapels, and with single vent in back. Thoroughly well made, with collar fitting close, and the shoulders properly built. Body lining of Italian cloth. Vest in the popular five-button style.

Sizes 36 to 44-inch chest (measuring over vest, with coat off); trousers 33 to 42-inch waist; and 34 inches longest leg.

MEN'S ALL-WOOL THREE-PIECE SUIT

AT **10.00**

44-124. This is quite a stylish and dressy-looking Suit—the material having that soft pleasing Cassimere finish, and, being in a very fine tan and black Chevron weave, has the effect of a plain medium brown. It is a pattern that is well liked by Toronto men. This material is a medium-weight pure wool English tweed. Coat fashionably tailored in three-button single-breasted model, and finished inside with twilled Italian body lining. Five-button vest. Well fitting trousers. Sizes 36 to 44-inch chest; 33 to 42-inch waist; longest leg 34 inches. Price..... **10.00**

"ETONIAN" SERGE SUITS

A GRAND OFFER OF VALUE-GIVING IN A NAVY BLUE OR BLACK SUIT

12⁵⁰

This great clothing value has stood throughout the years as the strongest kind of proof of the ability of the EATON store to make clothing prices that cannot be matched, quality for quality. It keeps a mill busy weaving for us the fine cloth in these splendid suits. A clay twill serge, so close and firm of weave as to weigh 24 ounces to the yard. Spun from pure wool Botany yarn, and indigo dyed. "Etonian" Serge Suits are uncommonly well tailored and finished. The coat fronts are haircloth and canvas interlined to make for lasting good shape. The coat lining is a quality you would expect in much higher-priced suits—a wool serge. There is admirable style and fit built into every garment. Trousers have side straps and side, hip and watch pockets. Sizes 36 to 44-inch chest measure; 33 to 42-inch waist; longest leg 34 inches.

FOR SHORTER MEN

A NEW MODEL WE HAVE HAD SPECIALLY DESIGNED TO FIT THE SHORT STOUT FIGURE **15.00**

AN OXFORD GREY

44-127. The short, stout man usually entertains the opinion that he is hard to fit, and that his clothes simply must be "made to measure." That idea may be thrown to the winds, for in this special model we have had drafted by one of the most skilled designers there is all of fit and style and good taste that he could well wish for. It is a most satisfactory suit. And it offers value-for-your-money that we are very sure you will not be able to match. In material it is a dark plain grey, with just a suggestion of a black stripe; very dignified and very dressy; a pure wool worsted with that soft mill finish. In style, three-button, single-breasted coat, five-button vest and five-pocket trousers. Good serviceable linings and superior interlinings. Sizes 36 to 42-inch chest measure (taken over vest), 36 to 42-inch waist, leg measure 29 to 32 inches (inside length). Price

THE "EATON-BRAND" CLOTHING FOR MEN

PURE Wool Clothing, much of it hand-tailored, all of it superbly fashioned and built to hold its shape. The EATON-Brand has the ear-marks of good custom-made clothing, and rivals it in all details of workmanship. Materials are high-grade British woollens, specially selected, and re-shrunk in our own plant. Linings and interlinings are of extra quality. Collars, lapels and shoulders are hand-built, and buttonholes hand-sewn. It is clothing a good tailor would be proud to wear.

BLACK AND NAVY BLUE SUITS FOR MEN

44-108 Three-piece Black Suit, in an unfinished worsted—a fine imported pure wool cloth. Three-button coat in new season's pattern, five-button vest, dressy trousers. The coat collar is hand-felled to fit snugly, and the buttonholes hand-worked; fronts are extra well built with shrunken canvas and haircloth; body lining of twilled Italian cloth. Sizes 36 to 44-inch chest measure (taken over vest); 33 to 42-inch trousers waist; 34 inches (in-side) longest leg. Price..... **18.00**

STATE HEIGHT AND WEIGHT.

44-109 A navy blue in a pure wool English clay worsted cloth. Single-breasted, three-button coat, fashionably cut in the dressy style illustrated, the fronts haircloth from top to bottom, hand-felled collar and hand-made buttonholes, best grade body lining and interlining. Vest in five-button style; trousers made with five pockets and loops for belt. Sizes 36 to 44-inch chest measure; 33 to 42-inch waist; 30 to 34-inch leg measure. It's a splendid blue suit, and wonderful value. Price..... **20.00**

44-110 A Black Suit, in a very dressy-looking unfinished worsted cloth of British weave. Tailored in smart single-breasted, three-button style, with the best of workmanship throughout. First quality shrunken haircloth and canvas interlinings are put in to prevent coat fronts wrinkling or breaking; linen stay tapes carry the weight of pockets on to shoulders; collar is hand-felled and buttonholes hand-made. Vest closes with five buttons; trousers have five pockets and belt loops. This is a splendid fitting suit, and a good wearer. You'll count it a rare value for the money. Sizes 36 to 44-inch chest (taken over vest); 33 to 42-inch waist; 30 to 34-inch leg (inside seam). Price..... **21.50**

SOME OF THE NEW SEASON'S "FANCY" SUITS FOR MEN

44-128. A blue-grey, one of the fashionable new English worsteds, all-wool, and showing a faint thread stripe. Conservative enough for any man. In style as illustrated; three-button coat and six-button vest, trousers having five pockets. Hand-felled collar and hand-worked buttonholes. Sizes 36 to 44 chest; 33 to 42 waist; 30 to 34-inch leg. Price..... **18.00**

44-129. A medium brown in the striped pattern illustrated; fine all-wool worsted material. Made up in the same style and the same sizes as 44-128. Thoroughly tailored to give lasting satisfaction, and exceedingly well lined throughout. It is a very dressy-looking suit, and not too heavy. Sizes 36 to 44-inch chest measure; 33 to 42-inch waist; 30 to 34-inch leg measure (inside seam). Price..... **21.00**

44-130. A fancy blue with a narrow green stripe, that harmonizes beautifully, and makes an exceptionally smart-looking suit. It is one of the newest. The material is a fine smooth all-wool worsted. The style is the same as the above two suits, and the tailoring all you could wish for. In fact it is a suit you would choose from a hundred. Sizes 36 to 44-inch chest; 33 to 42-inch waist; 30 to 34-inch (inside) leg measure. Price..... **25.00**

44-131. Hand-tailored Suit of English chevrot, in dark ground, with faint tinge of green and red, giving a very beautiful dark heather effect. The cloth also shows a rich diagonal weave. You will pronounce it one of the handsomest and most tasteful suitings you have seen. It is of fairly heavy quality, and pure wool. The suit is designed as illustrated, and the tailoring is equal to the best custom work. We guarantee the fit. Sizes 36 to 44-inch chest; 33 to 42-inch waist; 30 to 34-inch leg. Price..... **32.50**

HOW TO SEND MONEY

We strongly advise you to send by Post Office Money Order, Postal Note, "Certified Check," or Express Money Order, which can be procured at your Express Office or Post Office at a very small cost. This is absolutely safe, for if the letter is lost we can easily procure a duplicate.

\$5.00 and under	3c
Over \$5.00 and up to \$10.00	6c
Over \$10.00 and up to \$30.00	10c
Over \$30.00 and up to \$50.00	15c
Charges on Postal Notes :	
From 20c to 40c cost	1c
From 50c to \$2.50 cost	2c
From \$2.50 to \$5.00 cost	3c
From \$5.00 to \$10.00 cost	5c

If it is not convenient to obtain any of the above, send money to us by registered mail, and see that the envelope is carefully sealed. The cost of registration is 5c. The letter can be traced if it should not reach us, but in case the money contents are short, it is very seldom the amount can be recovered; therefore the importance of sending a Money Order—you run no risk whatever.

Do not send cash without registering. If letter is lost the Post Office cannot trace it and you will be at the loss.

We accept Bank Drafts and Marked Cheques payable at par in Toronto, Can.

SPECIAL INSTRUCTIONS

HOW TO MAKE OUT YOUR ORDER

Always state the amount of money you enclose. Do not send stamps in amounts over 20c—use Postal Notes.

Do not Fail to give Size, Color and Measurements of goods requiring same, as without this information it is impossible for us to fill your order. For instance, we could not fill an order for Gloves if customer neglected to give the size or color, neither could we fill an order for a suit if customer omitted to give bust and waist measurements, also skirt length.

BE SURE TO GIVE CORRECT NUMBER AND PRICE OF ARTICLE IN THE CATALOGUE, ALSO PAGE NUMBER

WRITE DISTINCTLY and use our Order Forms; we supply Order Forms free on Request. We send an Order Form and envelope with every shipment we make, and every letter we write. However, if you have not an Order Form plain paper will do, and if you use plain paper follow the arrangements of our Order Form as nearly as possible. Do not cut the Order Form—use one for each order.

See that your Name and Address is correctly and plainly written, state Post Office as well as shipping point. If you are on rural free delivery route give office formerly used.

CLUB ORDERS

Invite one or more friends to order with you, if you cannot make up order to get the advantage of our Free Delivery, goods to be shipped to your address.

HOW TO DO IT

Each customer's order to be on a separate sheet, giving name and Post Office Address or Rural Route. It is necessary that all be enclosed with your order; any received separately will be treated as a new order if under \$10.00, and transportation charges sent collect. The complete shipment will be shipped to you (unless otherwise notified on Bills) subject to our Free Delivery. Each Order packed and addressed separately with Bills and Statement enclosed.

CUSTOMER'S DEPOSIT ACCOUNT

No need to send money with each order if you open a Deposit Account.

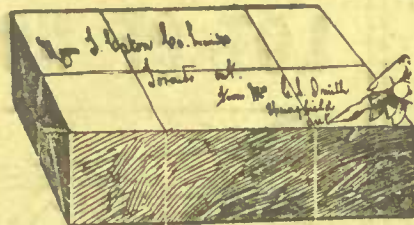

This privilege enables you to deposit any sum of money which is placed to your credit, and when sending orders all that is necessary is to instruct us to charge the amount to your account, giving number of same.

Five per cent. interest is allowed on all sums up to \$500.00, and your money can be withdrawn at any time by asking us to remit.

EXCHANGING OR RETURNING GOODS

WE SHALL EXCHANGE OR REFUND THE MONEY ON ANY GOODS THAT ARE NOT SATISFACTORY FOR ANY REASON, AND SHALL ALLOW SHIPPING CHARGES ON SAME. NO EXCEPTIONS.

PLEASE FOLLOW INSTRUCTIONS

Your name and address should be plainly written on outside of parcel. If this is done it will not be necessary to hold goods until you write.

IF RETURNING GOODS BY EXPRESS

It is important that the purchase bill is returned in every case with full instructions. If returning heavy

goods by Freight, write us a letter giving full instructions, and enclose Purchase Bill and also the Railway Agent's Bill of Lading which you will receive from him when shipping.

WHEN RETURNING BY MAIL

Always remember that it is against the Post Office Regulations to enclose correspondence in parcels; in this case write us a separate letter of instructions and enclose your Bills. Return postage must be paid in full, as we allow charges, and when this is not done **double postage is charged which we do not allow.**

Parcels valued at \$5.00 or over should be Registered.

INFORMATION THAT WILL HELP YOU WHEN ORDERING

EXPRESS SHIPMENTS

Be sure to give us the Express Office you want your goods shipped to, when ordering.

As a general rule the most profitable and satisfactory way to send orders weighing from 2 pounds to 25 pounds is by express. The Express Companies give a prompt and reliable service.

UNPROFITABLE MAIL SHIPMENTS

There are quite a number of articles that are unprofitable to be sent by mail, such as Scribbles, Notepaper, Liquids in Bottles, etc. We should advise when ordering to make your shipment include enough other goods to enable the whole shipment to go by Express or Freight.

MAIL SHIPMENTS

Light goods and small orders weighing up to 20 ozs. may be sent by mail.

Unless your Order amounts to \$10.00 be sure to send sufficient money extra to pay postage and any balance will be returned to you in cash when order is shipped.

The rate on Merchandise by Mail is 1c per ounce, on books and printed matter ½c per ounce or 5c per lb., allowing extra for packing. As the postage must be prepaid, if sufficient money is not allowed, it necessitates our omitting some of the goods to cover postage. See remarks re Express. The limit of weight by mail is 5 lbs. per parcel and the limit of size is 30 inches in length.

For 2c extra we will guarantee the safe delivery of each order of 50c or over if sent by mail, or replace the goods.

SUBSTITUTIONS AND OMISSIONS

If the goods you order are out of stock, we will, unless you tell us not to, send similar goods of equal or better quality for the price allowed, you having the privilege of returning the goods at our expense if they are not satisfactory.

When any of the goods you order are not in stock, and we expect to have them in a few days, we will ship your orders short of these goods with an explanation that they will be forwarded later, we paying any extra charges incurred.

Other omissions are caused by customers not allowing sufficient money for postage or charges where shipment has to be sent prepaid at customer's expense.

OUR DELIVERY GUARANTEE

IS TO SATISFY YOU. — WE ARE NOT SATISFIED UNTIL YOU ARE SATISFIED

CUSTOMER'S PROTECTION. We want every man, woman and child who buys goods from us to receive the best possible service and treatment, and if you have any complaint whatsoever on the arrival of your goods, any delay, any damage, any shortage or any faults of any kind, bring them to our attention, and rest assured that they will be promptly and satisfactorily adjusted for you.

If any order you send to us does not reach you within a reasonable time, first make inquiry at Post Office or Railway, and if not there write us giving a description of goods ordered, also amount of money sent, if in Express Money or Post Office Order, and give number of same. Also be sure to state what Post Office your order was sent from.

Always enquire at Railway Office before writing re delays of orders. Most orders are found to be on hand uncalled for.

IN CASE OF SHORTAGES, BEFORE WRITING US BE SURE TO EXAMINE THE PACKING CAREFULLY, AND TELL US THE NUMBER OF PARCELS OR PIECES RECEIVED, ALSO BE SURE TO RETURN THE BILLS.

ENQUIRIES ABOUT ORDERS

In case of shipments going by Express or Freight and of which you have not received advice from your agent, make enquiries from the agent before writing us.

Examine all orders carefully before accepting from Railway Co., and if damaged in any way have Agent make notation of damage on Freight or Express bill and return bill to us with your letter, or if upon receipt of goods you find anything wrong write us at once telling us plainly just what the trouble is, and in every case be sure to return the bill.

All claims should be made within 10 days after receipt of goods.

We do not enclose orders when received under separate cover. We do not make any alterations on your original order; all information must be enclosed in one envelope.

WE DO NOT HOLD ORDERS.

WE DO NOT PAY THE DIFFERENCE OF EXPRESS CHARGES ON FREE DELIVERY ORDERS WHEN GOODS WILL GO CHEAPER BY FREIGHT, AND WE ONLY PREPAY TO YOUR NEAREST RAILWAY STATION.

WE DO NOT PAY WHARFAGE OR INSURANCE CHARGES ON BOAT SHIPMENTS.

FREIGHT SHIPMENTS

MAKE YOUR ORDER SO THAT YOU CAN GET ADVANTAGE OF OUR FREE DELIVERY OFFER.

A copy of Bill of Lading is mailed with every freight shipment to enable customer to check number of pieces shipped, and giving also the length of time shipment has been in transit.

Investigations re delays of orders in transit show a large percentage on hand uncalled for. Kindly make enquiries before writing, advising report of agent, and have him sign a statement to that effect, which will assure you a much quicker adjustment.

FACTORY SHIPMENTS

Shipping direct from factories, which are located at different points in the province enables us to save you the expense that would be caused by freight to Toronto, and double handling in re-shipping from Toronto. This explains the extra good value offered in such lines.

FACTORY SHIPMENTS ARE NOT SENT C.O.D.

MONEY MUST BE RECEIVED WITH ORDER

FOREIGN SHIPMENTS

We do not pay duty or transportation charges on orders shipped to European, Asiatic or Foreign Ports. A special charge is made of 5 per cent. of the value of the order which includes safe delivery to destination. Enclosures for foreign orders are to be sent to us packed for shipping and invoiced. A charge of 40c per \$100.00 or fraction thereof is made on the value of the enclosure for safe delivery.

SAMPLES

WHEN SENDING FOR SAMPLES OR INFORMATION PLEASE FOLLOW THESE INSTRUCTIONS

When sending for Samples always give the Catalogue Numbers, shades and price of the material you require, with this information we can fill your order correctly.

We shall be pleased to quote prices on any goods not catalogued, if full information is given regarding same.

If you should write for samples or information and do not get a reply within a reasonable time, repeat your request, as your former letter may not have reached us.

We are always willing to send samples at any time when required, but would suggest sending us your order without them, and if goods are not satisfactory in any way, return same at our expense, we shall exchange or refund money and all charges.

When sending for samples, prices or information with your order, write same on separate sheets with your name and address, this will assure a quick reply.

BE SURE TO ORDER EARLY

Although we have purchased heavily in all Catalogue lines in anticipation of increased business, and although it is always our endeavor to keep a complete stock of all lines, it frequently occurs that some are broken by unexpected demands for certain sizes. For this reason it is advisable to order early.

When Christmas goods are wanted, be sure to order well in advance of the Yule Tide Season so as to avoid the congestion in the Post Office, the Express Office and freight sheds that invariably occurs at that time.

SPECIAL THREAD VALUES that are WORTHY of YOUR CONSIDERATION

Because it embodies the best that skilled labor can ensure, we want you to make a quality test of EATON Thread and Spool Cotton; compare it with the best you are now using. Its strength, smoothness and freedom from defects are hard to equal. It is a pleasure to work with EATON Thread. Dressmakers prefer it, for it is smooth and strong, running in many instances all day without breaking or knotting, and attested by thousands as a product in which excellence has been attained in cotton thread. Send a trial order to-day, and test the worth of our statements. If it is not satisfactory, or not all we claim for it, we will refund your money, paying transportation charges both ways.

"TECO" THREAD "THE BIG SPOOL"

A FINE SELECTION OF INTERESTING RING VALUES

FREE ENGRAVING

RING MEASUREMENT—THIS IS IMPORTANT

All Signet Rings on this page will be engraved with an attractive monogram without extra charge, excepting 30-246-248 and 249, which cost 4c a letter extra, and would recommend only one letter because the engraving space is small.

BE SURE TO READ THE MEASUREMENT INSTRUCTIONS CAREFULLY.

1st—Measure around the base of the finger with a small piece of paper, having the edges straight and ends perfectly square. 2nd—Place the piece of paper on scale and measure from left to right. Always keep all of the figures in view. If it is even with line 8, size 8 is wanted; if it is halfway between 8 and 9, size 8½ is correct. 3rd—Never take the measure of your finger around the knuckle, if you do the ring will be much too large. 4th—Never overlap ends of paper when measuring, just let ends meet.

PILLS

Owing to the enormous number of different combinations in pill form it is not possible to give a description of each. A very few of the more generally used ones are quoted, but as we carry many hundreds of different combinations the prices will partially indicate what the price is of other lines.

Sugar coated marks s. c., and g. c., for gelatine coated. Prices quoted are for 100 pills. We cannot sell smaller quantities at same price, 40 pills would be half the price of 100.

LEWIS' AROMATIC CASCARA

TONIC AND LAXATIVE

This preparation is equivalent in strength to the Bitter Fluid Extract and does not contain any purgative or loading drug, being simply Cascara Sagrada Bark along with Aromatics. The bark we import in large quantities and see that it is properly aged before we grind it to make the extract. Its medicinal properties are tonic and laxative. It is almost a specific for chronic constipation.

acting principally on the large intestines. It also acts as a general tonic on the stomach and bowels, especially when the person is anæmic (has not sufficient red blood).

PERFUMES

The Spring and early Summer are the seasons which we all love most on account of the sweet odors of flowers and plants and the freshness which they impart to the air. Consequently Chemists have worked and worked hard to bottle, as it were, some of the sweet freshness of Spring so as to diffuse it in the Winter.

Some of the ingredients which enter into odors are both costly and rare, and are necessary to produce some of the subtle fragrance of the natural flowers. One of the easiest things to produce is a strong rank odor; but it is the perfumery Artist who produces the subtlety and charm of sweetness and fragrance with that freshness so pleasing in Roses, Violets, Lily of the Valley and many of our well known flowers.

This year we have our own perfumes more daintily presented than hitherto and still maintain the same prices, and positively the same high quality of perfume, although there is such a great advance in the price of the natural flower products.

We endeavor to show you the design of the boxes we are using for Christmas giving, and to tell you what size and style the bottles are, some being high-grade cut glass, others plain; then there are the justly popular Little Folks' boxes at **25c** and **50c** for the smaller children, which they thoroughly enjoy.

PHOTOGRAPHIC SUPPLIES

PAGET PAPER

THE BEST GASLIGHT PAPER, POSTCARDS AND LANTERN PLATES

The paper is made in two grades, designated No. 1 and No. 2. No. 1. Made in Glossy, Matt or Satin Surfaces also Cream Crayon, is the one intended for general use with ordinary negatives. It gives fine Black tones. No. 2. Made in Glossy or Matt Surfaces only. Negatives too weak to give decent prints on any other kind of paper will often give fair results on this.

Post Cards made in Glossy, Matt or Satin Surfaces, are coated with the same Emulsion as the No. 1 Paper. Lantern Plates coated with this Emulsion give fine Black tones like the papers with ordinary development, or colors varying from warm Sepia to Red Chalk, by increased exposures and restrained developer. (For colors see special instruction sheet).

DIAMOND STANDS FOR QUALITY, PURITY AND STRENGTH

DIAMOND COCOA MAKES A DELICIOUS BEVERAGE

Many people use Cocoa for breakfast in place of coffee or tea. To every user of cocoa we want to call attention to our special Diamond brand of Breakfast Cocoa which is made for us from the cocoa bean. It is a strong, pure, unadulterated product. It requires much less than many cocoas you are accustomed to using to give you the desired strength. Adapted to persons using intellect unsparingly, suits the feeble stomach. The flavor is peculiarly excellent, and we feel justified in recommending it to our customers.

EATON SAVANNAH FELT MATTRESS

SAVANNAH FELT MATTRESS
MEANS COMFORT AND REST

How the EATON Felt Mattress is made

All new cotton direct from the cotton plantations of the South.
The 54 in. Size Weighs 45 lbs.

After all seed is removed by the Ginning process it is shipped direct to the factory to be picked into fine downy flakes.

These in turn are placed in felting machines, from which it comes in large rolls of soft, luxurious, felted cotton.

Every treatment that mattress goes through is subject to the most rigid sanitary principles, which insures a pure mattress.

Each layer required for the mattress is cut from the large rolls, the exact size required, and placed in filling machines, from which it is transferred to a beautiful art sateen case.

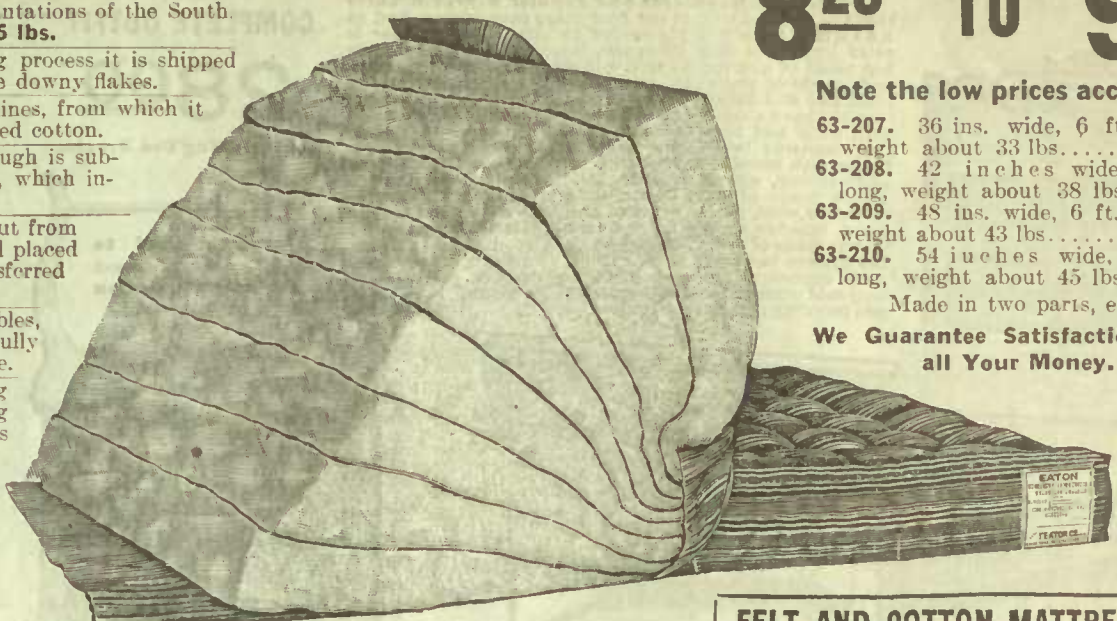

It is then transferred to the regulating tables, where the edges and corners are carefully rimmed, squared up and stitched in place.

After this course it is taken to the tufting machines and finished, each tuft being exactly opposite, and the indentations made by the tufts of equal depth.

When completed it forms a perfectly soft and durable mattress, built to retain its shape, and on the most scientific sanitary principles. This mattress will give the greatest degree of comfort as well as durability, being fully guaranteed; made in the following sizes:

DESCRIPTION OF THE HIGH ARM WARRANTED EATONIA

62-224. If it were not for the Improved Seamstress we should say that "The Eatonia" could not be excelled. It is second only to the Improved Seamstress, and bears our unqualified endorsement.

THE HEAD is very handsome and pleasing in appearance, being carefully proportioned and highly finished in polished black enamel, and then beautifully decorated in an elaborate design.

THE ARM is large and perfectly proportioned. It has a clear space underneath of 5½x8½ inches, permitting the convenient handling of large and bulky work.

THE NEEDLE BAR is round, accurately finished and thoroughly hardened.

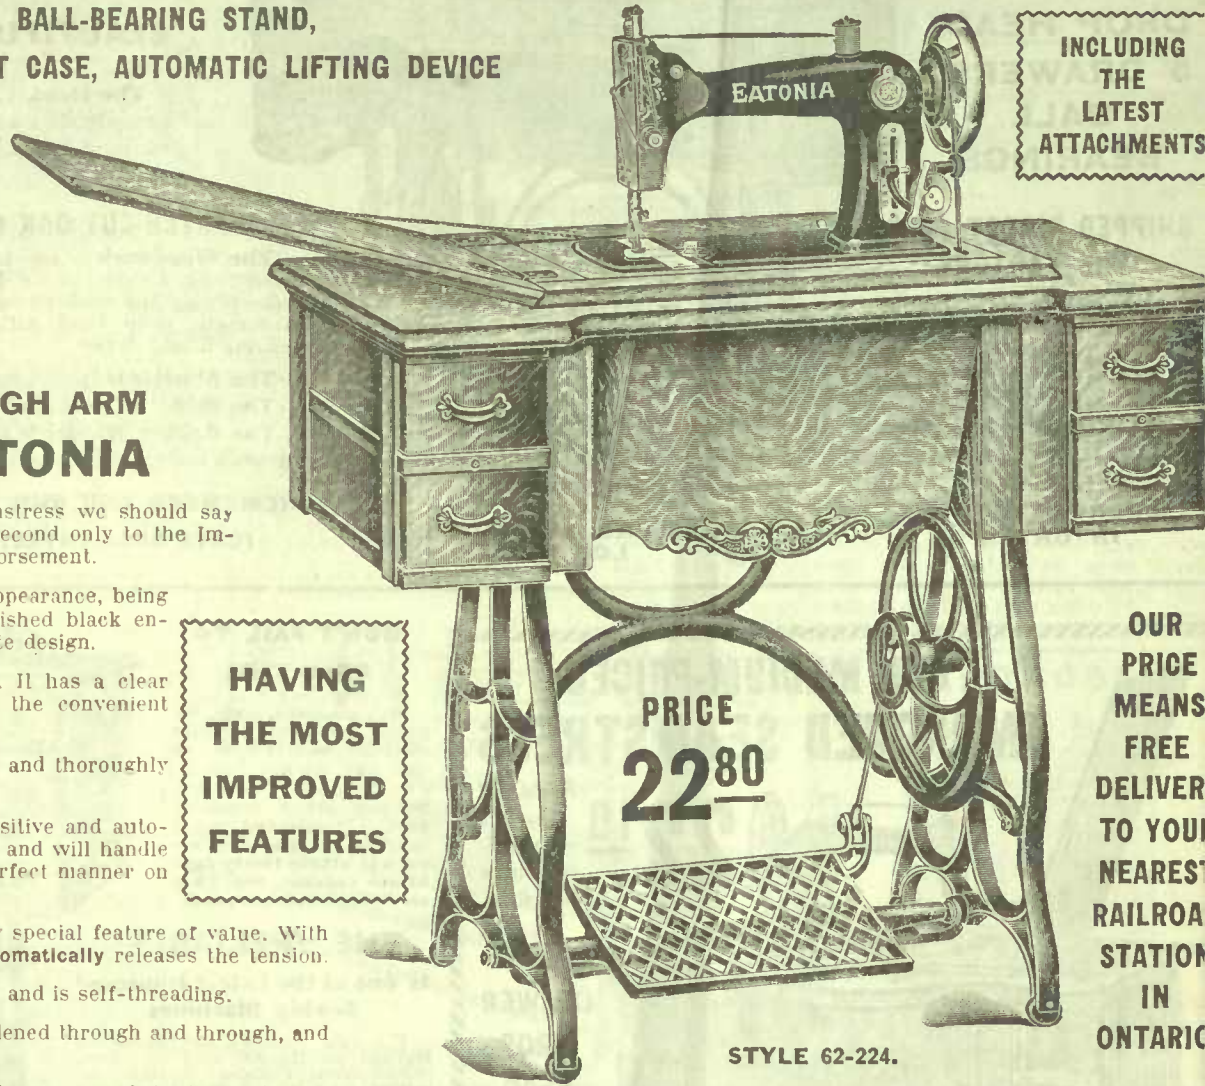

THE TAKE-UP is of new design, absolutely positive and automatic. It is controlled by a cam on the main shaft, and will handle correctly any size or kind of thread or silk in a perfect manner on all kinds of goods.

THE AUTOMATIC TENSION RELEASE is a new special feature of value. With it the action of operating the presser bar lifter automatically releases the tension.

THE SHUTTLE is large size, cylindrical in form, and is self-threading.

ALL BEARINGS and WORKING PARTS are hardened through and through, and finished in a very accurate manner.

THE ATTACHMENTS, supplied without extra charge, are of the latest design, and constructed throughout of the best steel, polished and nickel-plated, and includes the following: Ruffler, Tucker, Binder, Braider, four Hemmers of assorted widths, Quilter, Thread Cutter, Foot Hemmer and Feller.

THIS SEAMSTRESS

Seven-Drawer Machine

HAS MANY IMPROVED FEATURES THE CHIEF OF THESE IS:

THE SELF-REGULATING TENSION

a patented device that cannot be used by manufacturers of other machines. It is difficult to automatically, and without any attention from the owner, regulate the tension for all classes of goods and sizes of thread. After you have once seen it demonstrated in your home you will never again be satisfied with the ordinary tension devices.

NOTE THE SPLENDID NEW FEATURES

The self-regulating tension, the automatic tension release, the leveled metal gears, the automatic stitch regulator, the automatic bobbin winder, the hardened steel working parts, are some of the points incorporated in the Improved "Seamstress" Sewing head.

The Case is a full drop cabinet of attractive design, substantial construction, built entirely of choice selected hand-polished quarter-sawn oak, attractive centre panel, tape measure on table, and automatic lifting device.

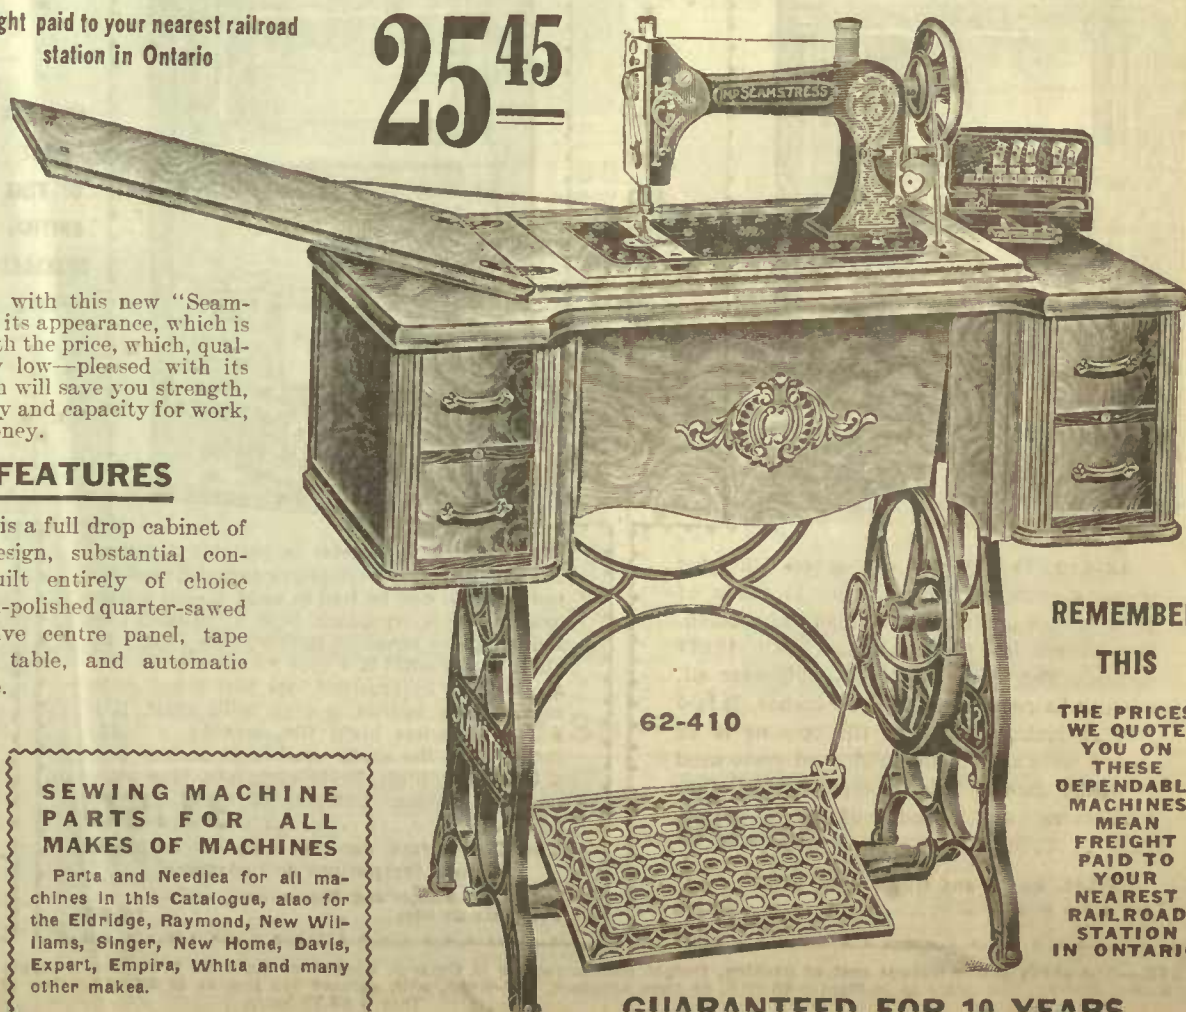

FULLY EQUIPPED FOR THE BEST WORK

With the Nickel-plated Attachments furnished with this machine you can soon learn how to produce many kinds and varieties of dainty needle-work. The attachments are packed in a substantial metal box, and are accompanied by a fully understood book of instructions.

A ROTARY MACHINE OF EXCEPTIONAL MERIT

THE AUTOMATIC TENSION with which this ideal Sewing Machine is equipped is literally worth its weight in gold. Think of it! This tension adjusts itself automatically to all classes of goods—from the sheerest, flimsiest silks down to the heaviest woollens. Furthermore, it produces an absolutely perfect stitch, the under side of which can hardly be detected from the upper side.

IT WILL NOT CLOG or choke up. This is a complaint that you will encounter on all other rotary machines. The Speed of the Improved Seamstress Rotary is an important factor. It runs just one-third faster than the common type of machines, so you can do one-third more work in the same amount of time.

THE AUTOMATIC TENSION RELEASE, the improved bobbin winder with its automatic release, the convenience in oiling all parts from above, the automatic stitch regulator, the two spool pins, the roller-bearing feed and self-threading bobbin case are very important improvements incorporated in this model.

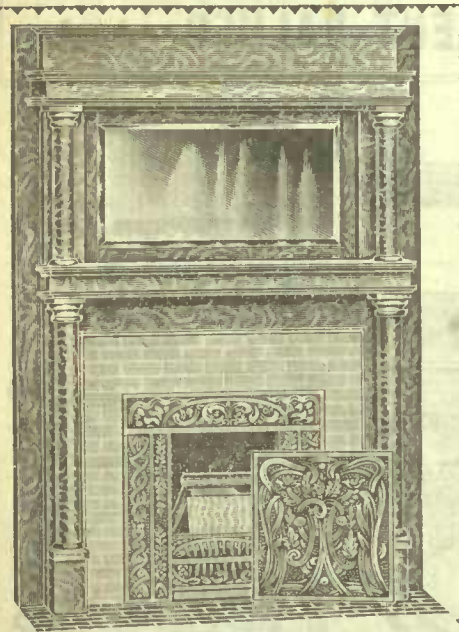

THE CASE IS RICHLY FINISHED and superior to anything you have ever seen. It is a full drop cabinet, constructed of hand-polished selected quarter-sawed oak, equipped with automatic lifting device, four side drawers and two secret side drawers, and a convenient 18-inch tape measure on front of the table.

NICKEL-PLATED ATTACHMENTS are furnished free of charge. They are packed in an attractive and durable velvet-lined black enamelled metal box, and are accompanied by an easily understood, well illustrated book of instructions.

REVERSIBLE GRANITE ART SQUARES

PRO-BRUSSELS EFFECT

A BIG SELLER

Granite Art Squares. A reversible rug of unusual merit and a remarkable value at the price. This square is an adaptation of the ordinary Union Art Square, but the method of weaving employed on the material (fine jute and cotton yarns) produces a firmer and harder surface with the Pro-Brussels effect seen in the more expensive art squares. The richly blended colorings and splendid wearing qualities of these rugs are sure to commend them to those wishing a square at small cost. They are equally suited for bed-room, sitting-room or den furnishing, and should meet with a very large sale. Two very beautiful

squares that we place before our customers with every confidence.

66-204. Is a Rococo Scroll Medallion style in colorings of deep crimson and sage green.

PEERLESS ROOT CUTTER

9.75

Will cut all kinds of roots and vegetables to be fed to stock. Is fitted with steel knives. Runs easily, feeds itself, separates the dirt from the roots before reaching the knives and will not clog or choke. Made in two ways. The No. 1 Hand Cutter with crank only has a capacity of 30 to 40 bushels per hour. The No. 2 Cutter, for hand or power with both crank and pulley, which when run by power will cut from 60 to 80 bushels per hour.

POWER FEED CUTTER

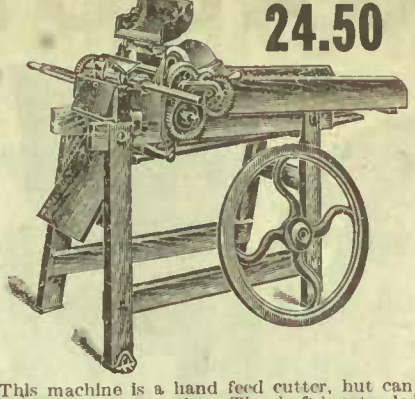

33.00

A SUPERIOR MACHINE

This size power feed cutter has many features of special merit and it meets the general demand. Heavy hardwood frame, and strongly braced. Long feed table, broad and deep. Large feed throat for quick feeding. Pressure on upper feed roll is maintained by equalizer bar. Safety lever instantly starts or stops rolls and gearing. Sliding cone gears provide for quick change of length of cut. Has four tempered steel knives, 1 1/2 ins. long, which make a downward shearing cut. Steel cutting bar has four edges. The knives can be easily detached for re-grinding. Machine cuts 1/4, 3/8 and 1-in. long, or by removing two opposite knives cuts will be 1/2, 1 1/4 and 2 ins. long. Balance wheel is heavy and has safety friction block. Pulley is 12 ins. diameter, with 4-in. face. Can be operated by a 1 1/2 horse-power gasoline engine; also can be turned by hand. Should run 400 revolutions per minute, and will cut feed for from thirty to forty head of cattle. Capacity per hour 1 to 1 1/2 tons of dry fodder, or 2 to 3 tons of green fodder.

70-104. Freight paid in Ontario. **33.00**
 Price.
 Crank for hand turning if desired, extra. 90c

HAND OR POWER FEED CUTTER

24.50

This machine is a hand feed cutter, but can be used with light power also. The shaft is extended so that a pulley can be put on outside of balance wheel. Machine has the latest features, such as expansion gearing for driving upper feed roll, adjustable cone gearing for changing length of cut and safety stop lever. Frame is hardwood and well braced. Feed table is ample size. Has two 10 1/2-in. knives. Length of cut 1/2-in., 3/4-in., or 1-in. Longer cuts can be made by removing one knife. The length will then be 1, 1 1/4 or 2 inches. Capacity per hour when run by hand 300 to 450 lbs. dry fodder, 600 to 850 lbs. green fodder. When used as a power cutter it requires one-horse power and capacity about double. Pulley 10-inch diameter, 3-inch face. Speed for power, 300 to 400 revolutions per minute. Has heavy balance wheel. Well finished throughout.

70-102. Freight paid in Ontario. **24.50**
 Price.
 Same machine as above in all respects, but smaller size, having capacity two-thirds of above and knives 8 1/2 inches, and suitable for either hand or power.

ONE-HOLE CORN SHELLER

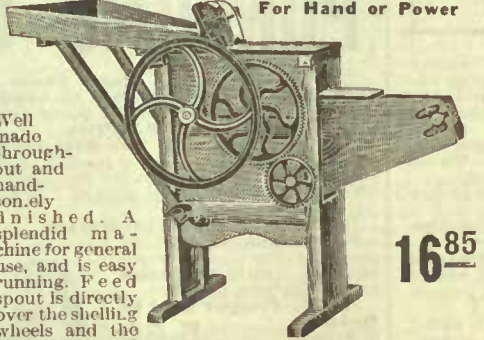

8.75

RUNS EASY AND WORKS RIGHT

The most desirable style of Hand Corn Sheller. It will shell rapidly and clean. Has heavy hardwood frame, securely bolted. The shelling wheels grip the ears of corn firmly, large or small ears being fed with equal ease. The rag-iron and spring are adjustable and any size of ear may be shelled. Capacity is 10 to 12 bushels of shelled corn per hour. Complete with feed table and fan, and handsomely finished.

70-116. Freight paid in Ontario. Price. **8.75**

TWO-HOLE CORN SHELLER

16.85

For Hand or Power

Well made throughout and handsomely finished. A splendid machine for general use, and is easy running. Feed spout is directly over the shelling wheels and the rag irons and springs are adjustable so that any size of field corn can be shelled. The fan and the cob carrier clean and separate the corn in the most perfect manner. Complete with fan, feed table, crank and eight-inch pulley, four-inch face. Power speed is from 300 to 400 revolution per minute. Can be run by hand or power as desired. The balance wheel keeps the speed regular. Capacity about twenty-five bushels of shelled corn per hour.

46⁷⁵ GASOLINE ENGINE

FREIGHT PAID IN ONTARIO

THE MOST USEFUL AND PROFITABLE ADDITION TO THE FARM EQUIPMENT

A Gasoline Engine makes your work easier and means a big saving in many ways.

The EATON Guarantee is back of every engine we ship.

A full power engine, simple in construction, strong and fully tested at a surprisingly small price.

SIMPLICITY AND ECONOMY are outstanding features of our engines. The working parts are few and simple. The instruction book we send with each engine enables any man to at once run his engine and understand it.

Each engine is shipped on skids ready to run, equipped with batteries, spark coil, sight feed oil cup, compression grease cups, starting crank, oil can, oil and wrench. There are no extras to buy with your engine. We supply everything but the gasoline. Fill your gasoline tank and start up.

Every engine at its normal speed will develop the full horse power at which it is rated. They are built to stand the hardest service.

ALL OUR ENGINES ARE SOLD UNDER

The EATON Guarantee

GOODS SATISFACTORY OR MONEY REFUNDED TOGETHER WITH TRANSPORTATION CHARGES. NO EXCEPTIONS

Our 1 1/2 Horse Power Engine can be used for a large number of small jobs, such as running cream separator, pumping water, washing machine, small grist mill, corn sheller, grindstone, etc. This size is just right for pumping purposes.
 Our 2 1/2 Horse Power Engine can be used for heavier pumping conditions, running light machinery, etc. In fact any machine that can be turned by hand can be run by our 2 1/2 horse power engine.
 Our 4 1/2 Horse Power Engine is a most popular size for all-round ordinary farm work. It will run small feed grinders, shredders, light ensilage cutters and handle a 26-inch saw. On a line shaft it will run several small machines at once.
 Our 6 Horse Power Engine will run almost any machine ever used on a farm, except threshers, and heavy grinders or blower heads.
 Our 8 Horse Power Engines are for heavy work. They are powerful and run smoothly, and are used for silo filling, heavy sawing, large grinding mills, etc.

QUICK SHIPMENT. We can ship engines promptly as we keep a large stock in our Toronto Warehouse. We suggest that you allow reasonable time for the railroad to carry your engine to you at your distance, and would advise placing your order in good time.

QUALITY FACTS IN OUR ENGINE CONSTRUCTION
COOLING SYSTEM.—Our engine cylinders are cooled by the open jacket and hopper system. This is the perfect type of water cooling. The hopper connects with the water jacket surrounding the cylinder. The engine is always kept at proper temperature. A small amount of calcium chloride in the hopper will keep the water from freezing in winter, or the drain cock under cylinder can be opened and the water drained out.
CYLINDER HEAD.—The inside offers a solid smooth surface for the piston head to force the charge against, without recesses of any kind to cause loss of power. Every ounce of the explosion is used. Valves fit perfectly. Cylinder heads are stepped in a half inch, and this prevents the blowing out of the packing.
THE MIXER.—This is simple and positive, and automatically mixes gasoline and air in proper proportions. The gasoline supply is regulated by the throttle valve.
THE IGNITION.—Is the make and break electric type. This has proven to be the correct ignition for hard, every day service.
FUEL.—Our engines use only the gasoline that is actually required for the work in hand, and no fuel is wasted. Get an engine large enough for your heaviest work, for you can do light work with a large engine using only the amount of fuel required for the work, but you can not do a large engine's work with a small engine.
THE GOVERNOR.—Is simple in design and perfectly controls the speed. When engine is doing light work it uses only a corresponding amount of gasoline, for the governor also controls the fuel supply. Speed can be increased or decreased while running. We provide a screw to turn for this purpose.
THE CRANK SHAFT.—Is drop forged from a solid billet of high carbon steel. Turned and ground to absolute trueness. Has wide wrist pin bearing.
THE PISTON.—Is fitted perfectly true. Has three lap jointed rings, and is machined less than .00010th of an inch. Every atom of power is used, as the piston allows no waste.
THE BEARINGS.—Are long and bushed with high test babbit.
THE GEARS.—There are but two gears. These are machine cut from solid steel blanks.
NOTE THIS.—We can supply renewals for worn parts or repairs that you may need at any time. Very few repairs are ever needed for these engines, but we can supply them at once when wanted, and as near the cost of making them as possible. We carry parts in stock. This is a distinct advantage to engine owners.

CREAM SEPARATOR

FREIGHT PAID IN ONTARIO

31⁵⁰

CAPACITY 300 to 350 POUNDS PER HOUR

The frame of our new Separator encloses all gearing. The bowl casing is a part of this solid one-piece frame, and it is impossible for it to get racked out of true. The base is just high enough to allow of sweeping underneath. The top cap lifts off, giving access to the top drive gear. All parts are readily accessible, yet enclosed, so that no dirt can get to the bearings. The top of the supply tank is only 34 inches from the floor—just waist high. This allows milk to be poured into it without high lifting, and makes it convenient to use the supply tank for washing the skimming device in. There are no protruding shelves, as your pails can be set on floor safe and solid. The handle is just the right height, where your hands grasp it naturally without bending low. The finish is a rich red, and gives it a handsome appearance.

GEARINGS—Accurately and perfectly cut. There are no frail parts to break or get out of order. **THE PATENT NECK BEARING** is made flexible by means of six finely tempered springs. **THE BOWL** is made seamless. **THE SUPPLY TANK** is seamless, and is thoroughly retinned. **CLEANING**—The skimming device is easily cleaned. The discs slip apart on the rack, so that in washing there is not a speck of surface that does not come in contact with the water.

GRAIN GRINDER

GRIND YOUR OWN OR NEIGHBOUR'S GRAIN

This is one of the very best grinders obtainable anywhere. This machine has steel main shaft of large diameter, ball-bearing at thrust end of shaft which is a simple and effective device for the instantaneous separation of the grinding plates while the machine is running. Perfect feeding arrangements, and the most durable grinding plates. The plates are reversible, thus giving double the wear. Another special feature is the solid frame or bed. The feed trough is long and broad, giving feeding and screening capacity equal to the rapid work of the grinder. Heavy steel shaft with long bearings and heavy balance wheel, make these machines adapted to fast running and heavy work.

IN ONTARIO

THE MODEL *Acme* RANGES have been carefully tried out and tested; we have improved, strengthened and gone carefully over each feature to make it perfect. We have assured ourselves that all is as it should be and have given our approval by offering it under our own trade mark name. Every *Acme* Stove comes from **EATON'S**. Every *Acme* Stove must therefore be right or our reputation suffers. We never put *Acme* on an untried stove. We believe in every *Acme* Stove shown in this Catalogue. We guarantee it to satisfy you or we take it back.

FIREBOX oblong in shape, fitted with duplex grates, lined with fire brick front and back. Easily repaired, even burning, economical firebox.

OVEN square design, fitted with an oven rack and full size oven door opened by a foot trip.

THE FLUES carry the smoke around the oven and back again, getting thereby all possible heat.

THE TOP is fitted with double covers which prevent warping and one reducing cover for convenience when using small kettles.

APPEARANCE The body is nicely carved with loose nickel edges for top, ash pit and oven shelf. The teapot stands, name plate, etc., are also nickel-plated. It is attractive and pleasing without being overloaded with trimmings.

ADVICE Our advice would be to carefully select the size you think will do the amount of work you require to be done. Add such of the extras as closet, shelf, thermometer, etc., as you feel you can afford. When the stove arrives at it up, try it out, if satisfactory the deal is closed, if not satisfactory write us and we will arrange at once to make it satisfactory or send back your money.

Acme B CAST IRON RANGE WITH RESERVOIR AND TEA SHELF FOR WOOD USE **25.00**

At the price quoted the *Acme B* is unapproachable value. When you consider the guarantee we give, it is little wonder that the demand is so great. The stove is a thoroughly dependable baker, and satisfactory from every standpoint.

A SPECIAL FEATURE
Of the *Acme B* and one that we wish to emphasize is that this wood range can be used for coal also, if so desired. To burn coal it is only necessary to take out the wood firebox, which is easily removable, and replace with coal grates, which we can supply for \$3.00 extra.

THE CONSTRUCTION

The **Acme** Steel Range is made of heavy rolled sheet steel, and is accurately proportioned in all its parts. It is cabinet style, and stands on four cast-iron corner legs, which allows free access for sweeping under the range. The oven is square in pattern, and measures 20 1/2 x 21 inches, fitted with full-size drop door, and ornamented with nickel edge trimmings and nickel medallion, having loose centre removable for the thermometer if desired. Should thermometer be wanted on the oven door instead of the plate centrepiece, mention this in your order, and add \$1.00 to the price.

THE FIREBOX

The Firebox for burning hard coal is well proportioned, lined with heavy firebrick and supplied with the latest improved duplex grates well fitted. A special feature in connection with the firebox is the duplex draft, which gives the fire a strong air feed from both ends of the grate, thus ensuring complete combustion of fuel, and avoiding any possibility of a one-sided fire when baking or cooking.

THE RESERVOIR AND WARMING CLOSET

The Reservoir is made of heavy copper, tinned inside, and finely nickel plated outside. It is supported in place at either end by brackets. It holds ten gallons of water, and has a closely fitted black japanned cover. The warming oven is made of best rolled sheet steel, and has roll top door, and all edge corners and handles nickel-plated. The length of stovepipe running up through the warming closet, as shown in cut, is sent out complete with each warming closet, and the opening at top is 7-inch standard size for connecting with usual stovepipe.

The **Acme** is a range of very handsome appearance, the smooth nickel plating adding elegance and brightness to a correctly designed and compact bodily structure. It is made in one size only, this being the most serviceable, and has a six-hole top with 9-inch covers, including one sectional cover in three parts. We are enabled to sell the **Acme** Steel Range at the above special price of \$35.00, as we buy immense quantities in one size only, and that the most desirable size for any household. We ship the range strongly crated with wood, and corners of crating strengthened by bar iron, this of itself being a feature that has proven satisfactory by greatly reducing the chance of damage in transit. Each range is sent out with shaker, lifter, poker and scraper; all detachable parts packed securely in oven.

OUR GUARANTEE We absolutely guarantee the **Acme** cooking Steel Range, made of best materials, strong and properly constructed. It is scientifically designed to give the best results with the greatest economy in fuel. If it does not prove all we claim for it, without any "ifs" or "ands" whatever, it can be returned to us, and your money will be refunded, we paying the transportation charges both ways.

The **Acme** can be fitted to burn wood 26 inches long, and for this purpose is supplied with a special firebox, designed to be both efficient and economical. As a wood-burning steel range we guarantee it to be just as satisfactory as when coal is the fuel, all its features being just the same with the exception of the special firebox.

Acme F WOOD STOVE

25⁵⁰

DELIVERED TO YOUR NEAREST RAILROAD STATION IN ONTARIO

The **Acme F** Wood Cook Stove embodies the latest up-to-date features. A large, heavy, handsome, honestly-built wood cooker. The nickel, while sufficient to enliven the appearance, is not overdone to the extent of necessitating extra work in cleaning. We guarantee the stove to work perfectly. It has been carefully and thoroughly tested. It is built to burn wood only, and, while responding quickly to the drafts, will be found economical on fuel. The fire box of this stove has been built of heavy, long-life castings; the back lining is ribbed, and in three sections. Each stove is No. 9, with four pot holes on top. The top of the stove is 32 inches from the floor. The fire box will take 25-inch wood, and has a door opening 6 1/2 x 8 1/2. The size of the oven is 22 1/2 x 19 x 13. The top of the stove, without reservoir, is 26 x 36, and with a reservoir is 26 x 41, to which a 7-inch wide shelf is added on the wall side. This same 7-inch wide shelf is sent without reservoir, and can be put either on the side or end. This makes a large, roomy top for cooking. The reservoir is made of heavy copper, well put together, covered with a cast-iron top, japanned finish.

CROWN HURON 15⁵⁰

A FOUR-HOLE CAST IRON RANGE FOR BURNING COAL

YOU HAVE CHOICE OF 8-IN. OR 9-IN. COVER
 DELIVERED TO YOUR NEAREST RAILROAD STATION IN ONTARIO

THE FIRE BOX is fitted with Duplex grates, which are the most convenient for coal. Is lined with brick both back and front. This diffuses the heat evenly to the oven, and assists combustion.

THE OVEN is 18 inches wide, 17 inches deep and 11 inches high. Is heated by the duplex flue, which means that the heat passes along the top, down to the bottom and up again to get into the smoke pipe, the idea being to obtain all the heat possible before allowing it to escape.

THE TOP has smooth covers nicely fitted, and a new design steel tea rail, with teapot stand so arranged as to give all the possible room on the main top for cooking utensils. One reducing cover is supplied with each range.

GENERAL Each range has loose nickel edges, knobs and oven door name plate. We supply a poker, lifter, ash pan and towel rod free. We do not make this range in any other style or size.

Acme STEEL RANGE

45⁰⁰ WITH TILED BACK AND MIRRORED WARMING CLOSET

We guarantee this stove to bake perfectly and to be economical with fuel. After you have thoroughly tried it, if you are not perfectly satisfied in every way return the stove at our expense and we will refund your money.

This Range embodies all the latest improvements known to the stove manufacturers.

It has a big square oven, size 20 ins., fitted with oven rack and drop door.

This door forms a convenient shelf for pulling out baking to examine or basting.

The Fire Box is deep and narrow when fitted for coal, which shape economises fuel and makes a good baking fire.

The fire box is fitted with duplex grates lined around with brick. The draft to the fire enters from both ends of the fire box, thus giving each end a good supply; this also makes a most even fire. The top has six 9-in. covers, including one revolving ring cover and one damper cover, which will be found very useful for checking fire over night.

The Ash Pan is large and roomy.

The warming closet is finished in tile of a combination of brown and blue colors. The doors of the warming closet are lined with mirrors. The top finish rail has an oval mirror as well.

The general appearance of this range is very pleasing and the tiled warming closet is sanitary, easily cleaned and will last the full life of the range.

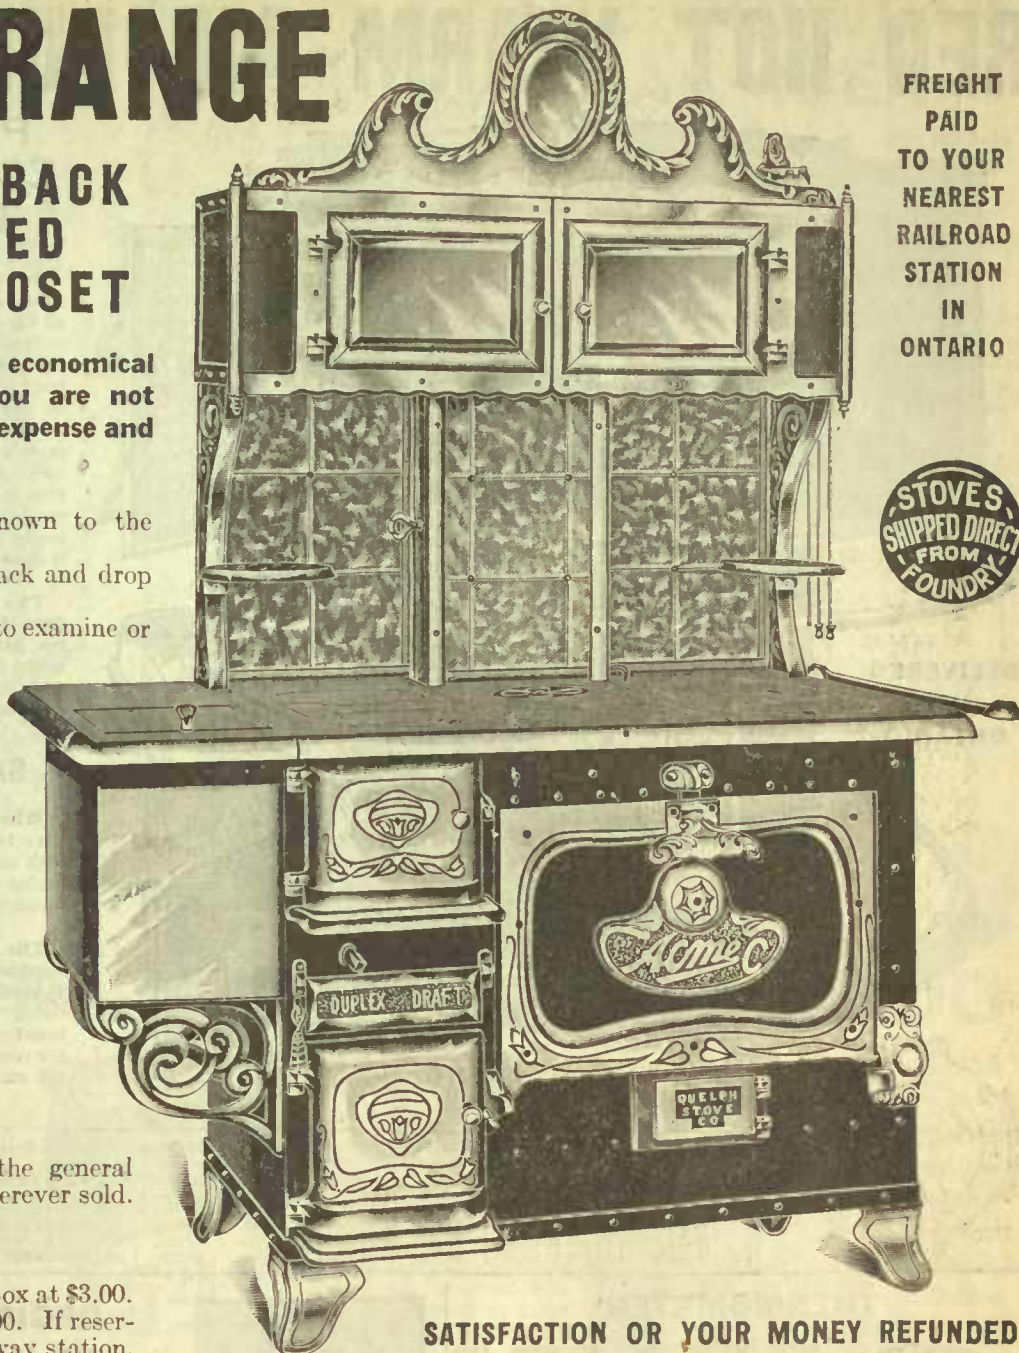

We can recommend this range to those wanting a first-class high-grade cooking fixture.

The quick baking feature, the roomy oven, the ease with which it can be cleaned, the attractive appearance, the general up-to-dateness of this range, have made it a general favorite wherever sold.

14-100. Price for Coal **45.00.**

14-101. Price for Wood **44.50.**

If you wish to have both fire boxes we can supply Coal Fire Box at \$3.00. Wood Fire Box at \$2.50, we can also supply Water Front at \$3.00. If reservoir is not wanted deduct \$4.00. Prepaid to your nearest railway station.

THIS STOVE BURNS WOOD ONLY

This *Acme* Queen Heater will take 24-inch wood. The feed door is 11 inches wide and 12 inches deep; this allows for putting in big chunks of wood. In addition, the top swings off, and leaves all open, 13 ins. wide, 17 ins. long. These measurements indicate how roomy the fire section is, and how capable this stove is for giving an intense heat. Wood is the only fuel this stove will burn. The top has an 8-inch pot hole for boiling kettle if desired. Each side has a nickel-plated foot rail, and the top has an Oriental urn, plated.

RED HOT WARM AIR FURNACE 2900

**POWERFUL
ECONOMICAL
DURABLE**

**DELIVERED
IN
ONTARIO**

A furnace that will do all we claim for it in zero weather. The Huron Red Hot Furnace is constructed on a scientifically proportioned basis, the object being to obtain all the available heat and radiate it for use without any waste either of fuel or of heat. The radiator is combined with the combustion chamber, and has three large full radiating surfaces. All the products of combustion are compelled to travel entirely around the whole body of radiator before entering the smoke outlet. The flue is horseshoe-shaped, and the air supply passes up through the radiator as well as around it, thus an unusually large area of surface is heated. A cut-off plate at one side of the flue compels all heat, smoke and gases to traverse completely around the radiator, and while passing through this chamber a conducting plate placed at smoke outlet force the heat down to bottom of flue thus ensuring the equal heating of the bottom as well as the top of radiator. This feature means that all the available units of heat are utilized. The radiator is made of a very heavy sheet steel, with cup joints embedded in grey iron, top and bottom, which makes it thoroughly gas-proof, and adds durability. It is easy of access for cleaning.

The furnace is provided with revolving triangular grates of the very latest pattern. Grate bars can be readily removed at any time. It is provided with a deep ash pit, dust flue and sectional fire pot. These furnaces are quite low, and are therefore especially useful in low cellars. They are very easily mounted. Each furnace is shipped complete with poker, water pan, chain, pulley, regulator plate, shaker, smokepipe damper and a fine brush. The Huron Red Hot Furnace is made in four sizes.

SATISFACTION OR YOUR MONEY BACK

When necessary to make repairs or replace fire pot sections, this furnace does not have to be dismantled. All that is necessary is to shore up under the radiating drum with scantling, and remove any parts below easily and conveniently. This is a great saving in labor and time, and a feature that should not be overlooked when choosing a furnace, and as the fire pot is in two ring sections, either one can be replaced separately.

The Huron Red Hot Furnace is suitable for hard or soft coal. We do not sell wood-burning furnaces. The casing as quoted in the table of prices is 28-gauge galvanized iron, lined with tin around radiator section. While every furnace requires casing, yet we quote both with and without casing to allow the man who does his own installing to make his own casing if he so wishes. Casings when supplied by us have the concave top for sand, warm air pipes must be taken off side of the top. We do not sell smokepipe, or hot or cold-air pipe.

750 Acme GRATE

The Acme Grate is a coal heater constructed to allow for the removal of the front sections and give the general appearance of a fireplace. We recommend this heater for rooms where a fireplace would be appreciated. It adds wonderfully to the coziness of a room, perfectly safe, easily set up and easily attended. The frame, the top, the bottom and the front are all cast iron. The back is steel lined with fire brick. The fire is held in a basket with a tip grate, same as a fireplace. The top has a removable section on which a small kettle may be set. Wood, soft coal or hard coal may be used, best results are obtained from hard coal. The heater requires a stove pipe to a chimney. This stove pipe may be run up to the usual hole in the chimney or a new hole cut in the chimney below the top of the heater makes it possible to obscure all pipe. As a heater it gives about the same amount of heat as an ordinary fireplace. It is plain black, no nickel or fancy trimmings. Just the correct thing for a den, smoking room or living room. The Acme Grate is 36 ins. wide, 32 ins. high, has 6-inch legs.

CREMATORY CLOSET

14-205. Our Crematory Odorless Closet is constructed so as to separate the liquids from the solids at the time the closet is used. The liquids are retained in a galvanized pail easily emptied, the solids are retained in a cast-iron pan, under which preparation has been made for building a fire. This requires to be done every ten or twelve days. It must be connected to a chimney with the ordinary stove-pipe.

HIGH-GRADE STEEL SPUR AUGER BITS

12-687. Auger Bit, made from fine quality tool steel, carefully and accurately tempered with deep, sharp lips, finely polished and finished, perfectly threaded screws, making them easy of entrance into the wood. The hollow of the twist is well cleaned out, and the angle is straight to allow the shavings to work out. They cut fast, last long, and do good work. Medium grade.

SOLID TEETH CIRCULAR SAWS

90c TO 74.00

PRICES ACCORDING TO DIAMETER
13-630. This Circular Saw has won the reputation of excelling any other make of saws. These saws are made from the finest steel produced. They are geometrically perfect and every blade is as true and free from flaws as it is possible to make them. Being tempered and straightened by heat and pressure in air tight ovens, between heavy revolving plates, a perfectly even temper is produced throughout the saw and this process renders them much less liable to buckle. These saws will stand up to their work under all circumstances and will hold an edge longer and do more work than any other circular saw on the market. The gullets are correctly ground and this also lessens the liability of any saw cracking between the teeth. We guarantee every saw to be faultless in material and manufacture. When ordering be sure to give all the information requested. Circular saws are shipped direct from factory. State whether cross cut or ripping is required.

EASY TO OPERATE

THE TORONTO WASHER VERY LOW PRICED

13-575. A strongly constructed machine made of best selected stock, and all parts securely braced to stand continuous service. Large style lid, which opens in such a way as not to interfere with wringer. It is fitted with the improved lever gear, and the tub is fully corrugated on the inside, on the same principle as a washboard. Hoops are of heavy steel through which the four legs are secured, bolted, ensuring steadiness when operating. Joints are perfectly tight, thereby retaining the heat in the water for a considerable time. No foul steam can escape when washer is in use. The perfectly tight joints retain the heat in the water, thereby washing cleaner, easier and in much less time than is required to do the work by hand, and either fine or coarse materials can be thoroughly and safely washed in this machine. It is so easy to operate that the wash day will be looked forward to with pleasure. Easy to operate and sold under the EATON guarantee of satisfaction guaranteed or money refunded. Price..... **4.25**

13-576. This is a strongly built Washing Machine, easy to operate, and it runs with less noise than any other rotary washer on the market. It is constructed with sliding cylinder on square post, insuring the greatest strength of any rotary gearing yet produced. It has roller bearings, thereby making it when loaded with clothes practically noiseless. The overlap lid allows the top of washer to open up to nearly full size. This machine is equipped with detachable collar for inside dasher, which prevents the clothes from being torn. The wringer shelf allows plenty of room for attaching a large size wringer. The tub is made of best quality Louisiana Cypress and is handsomely finished. This machine will wash everything from the finest fabric to heavy blankets. The mechanism is simple but substantial and compact, and is so effective in operation that all who use it acknowledge it to be all we claim for it. It does away completely with the washboard and hand rubbing, and is less injurious to the clothes. Height from floor to top of tub 29 inches, inside diameter 22 inches, depth 13 inches. **7.50**

A LABOR-SAVING WASHER

13-574. This Easy Working Machine, combined with hardwood tub stand and wringer board, saves time and labor, saves a separate wash bench, saves taking off and replacing the wringer; it is complete in itself and yet takes up no more room than an ordinary washing machine.

The tub is carried on a steel pivot, rests on anti-friction ball bearings, making a strong and simple washing machine. The motion spring beneath the tub aids greatly in the work; indeed, so easy and simple is the operation that little exertion is required. The mechanical principles on which this washer is built assure you the most satisfactory results in the saving of time and labor and the quick and perfect cleansing of the clothes.

The Tub is made from the best quality kiln dried lumber, out of one of the finest known woods to stand water. Inside castings are all galvanized to prevent any possibility of rusting.

The Agitator sits down upon the centre post, which passes up through the bottom of the tub and adjusts itself automatically to either a few pieces or a tubful of clothes.

The Motion Spring is made from fine tempered steel, and is so adjusted as to reverse the motion of the tub without the operator feeling too much of the resistance.

The Measurements. The height from the floor to the top of the tub is 32 inches. The tub stands are 41 inches long and 17 inches wide. The outside diameter of the tub at the top is 25 inches and at the bottom 24 inches. The sides are corrugated where the clothes come in contact with them.

The frame is built of steel, well galvanized to prevent rusting, and is very strong and firm.

"THE UNIVERSAL" WRINGER AND TUB STAND 4⁹⁰ GUARANTEED FOR THREE YEARS

EXPOSED COGS

13-578. A strongly made, correctly proportioned Wringer, highly finished hardwood frame, 11-inch white rubber rollers, securely vulcanized to the shaft, strong spring with top screws, all exposed parts are non-rustable, fitted with ball bearings, thus ensuring the best possible amount of labor in operating. The clamps will fit wooden, fibre or galvanized tubs. While our guarantee protects you for three years, this does not mean that this is the life of the wringer, as with ordinary care it will last for a much longer period.

WRINGER AND TUB STAND 7⁰⁰

13-579. This Combined Folding Tub Stand and Wringer is made from specially selected hardwood, with all fittings galvanized to prevent rusting. New style spiral spring, 11-inch solid rubber

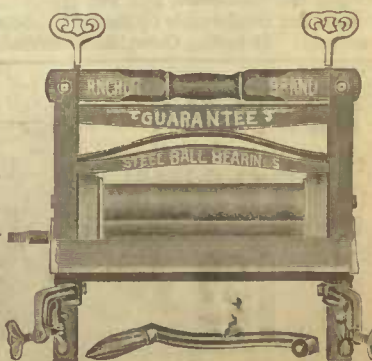

rollers vulcanized to shaft. Outside non-rustable cogs, reversible drip board, which conducts the water into either tub. Takes up very little room when folded. Fully guaranteed for three years. Price **7.00**

THE "GUARANTEE" WRINGER 5⁵⁰ GUARANTEED FOR FIVE YEARS

Strongly Made Easy Running Ball Bearing

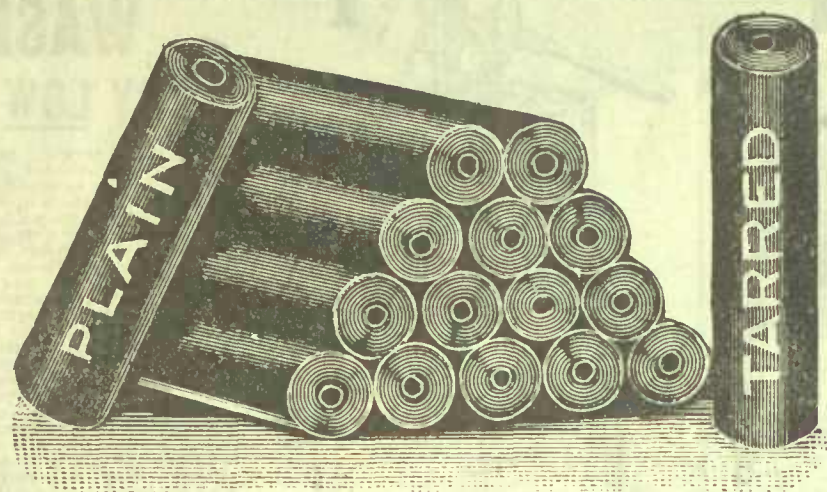

13-580. In general construction this Wringer is similar to the three-year guaranteed Wringer except the rollers, which are a better grade of rubber, being manufactured from pure Para white rubber. This is the finest rubber for wringer rollers obtainable and we guarantee this wringer for five years. It has enclosed cogs and high-grade ball bearings by which the rolls can be turned with very small effort, thus making labor
