HOW TO ORDER.

TO SECURE a fit it is necessary when ordering to mention the width as well as the length of shoes worn. Shoes are generally marked on the lining in figures to denote the length, and in letters to denote the width. In case of doubt, send any shoe which has been worn, however worthless it may be, it will materially assist us in deciding the size.

I forward goods to all parts of the United States, by Mail or Express. When sending orders, please forward money by Post Office Money Order, Draft payable in New York City, Check, Money in Registered Letter or Postal Notes.

When ordering Shoes to be sent by mail, include **One Cent** per ounce to cover cost of mailing, as I forward all goods by express unless postage is prepaid. No collect on delivery goods can be sent by mail.

Inquiries regarding goods, styles, prices, etc., will receive prompt attention.

Prepayment for goods preferred. C. O. D. is expensive, as the customer must pay express charges for the return of money to me.

I do a strictly cash business; in no case will goods be sent unless the price accompanies the order, or C. O. D. by express. **ISENDNOGOODSBYMAILOR EXPRESS ON APPROBATION OR SUBJECT TO INSPECTION.**

Goods not approved may be returned and the money will be refunded, if they reach me in good condition at no expense to me and are returned promptly. State plainly your residence, street and number, County and State, and please do not forget to sign your full name.

No discounts to any one. No deviation under any consideration. Any correspondence looking to a reduction will prove futile. My terms are strictly cash in every instance.

Prices charged customers by mail in every case the same as if bought personally.

I also issue a more complete illustrated catalogue and price list containing a full description of foot wear in all its branches, which I mail free on application. In case any of your friends should desire to become acquainted with my lines of shoes, by sending me their names and address I will gladly send them a catalogue, postage prepaid.

The increased demand for fancy foot gear for summer uses, and the unlimited variety of styles, color, and materials now desired, have given me a grand opportunity to show what I can do in these lines.

I boldly announce that the display of these goods I now offer surpasses anything to be found in this or any other city.

I claim that my stock of summer and sporting boots and shoes is really magnificent, and all of them are made expressly for me, and can be obtained only from me, and yet I charge my usual low prices for all of them.

Hardly anything receives less thanks and more abuse than a shoe. It is never thanked for the protection it renders against the cold of winter, the heat of summer, against thorns, tacks, glass, dust, sticks and stones. It is kicked about, scoffed at, trampled under foot, knocked around, and thrown violently here, there, or anywhere. Its eyes are blinded, its tongue torn out, and its very "sole" is ground to powder, in its constant uncomplaining servitude.

The shoe, like sails to a ship or like wings to a bird, permits man always and with tireless motion to push on towards the far objects of his measureless ambition. Let the ship thank its sails, the bird thank its wings, and man thank his shoes.

LAWN TENNIS.

Lawn Tennis is a game that should be indulged in by every man, woman and child. It is one of the few out-door games or sports that can be enjoyed without fear of injury. It does not require special physical strength, and affords opportunities for a higher degree of skill than almost any other out-door pastime. It is a particularly excellent game for ladies, as it gives them the very kind of open air exercise they most need, and in which they can compete with gentlemen on about equal terms.

I have made shoes this season, for use in this game, of fancy leather and design which cannot be found with or purchased of any other dealer. I claim that my goods are of the best quality, style, form and finish, and that they cannot be surpassed.

I sell all my superior goods 50 per cent. less than other boot and shoe men charge for inferior articles.

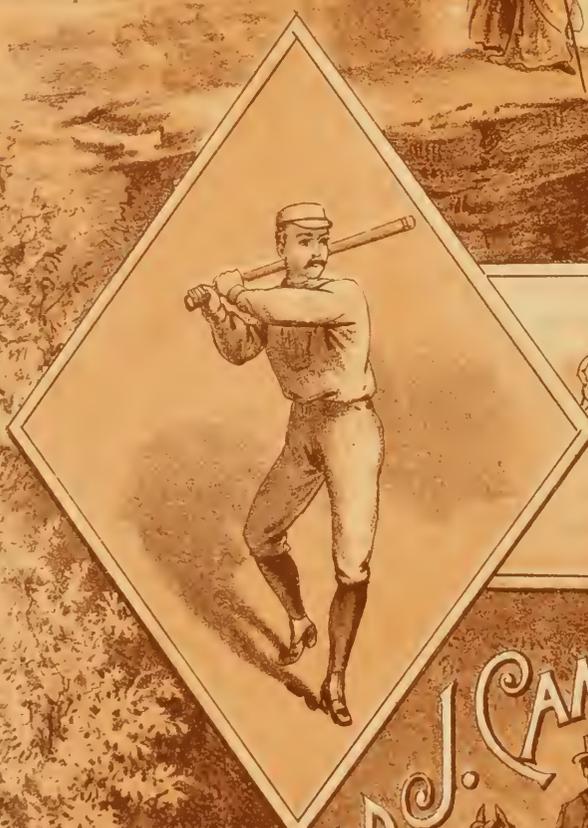

NEVER A HANDICAP.

Although intellect, learning and science are recognized and appreciated by all civilized and cultured people, the athlete is also admired in his proper sphere.

To become a competent athlete, you must start right from the foundation and cover your feet with such shoes that shall not prove a handicap, but a valuable and reliable aid whenever the foot is brought into action. I have distinct styles of athletic shoes for each and every game, purpose or use.

A PERMANENT ADDITION.

The russet shoe has come to stay. Not for a time, not for a season, but as a permanent addition to shoes. It has won its place by its superior traits as a summer shoe. No blacking is necessary. It is never affected by dust, sand or salt air. No one desiring to have their feet easy and comfortable in hot weather should be without them, whether they are to pass the time in the city or the country. This shoe wins praises and blessings from every person who wears it. My prices are, as usual, lower than the prices of other dealers for the same quality of shoes.
