## “SHOPPING BY MAIL.”

**T**HERE is no more striking illustration of the rapid progress of business enterprise, in this age of mercantile marvels, than the wonderful development of the system of “**Shopping by Mail.**” We take pride in the fact that our establishment was the pioneer in this task of annihilating distance, by bringing vast assortments of desirable merchandise directly to the homes, as it were, of the purchasing public all over the world.

This Catalogue is prepared with especial reference to the needs of the many thousands of our patrons who are known to us only through our “Mail Order Department,” and who eagerly anticipate the semi-annual publication of our “**RED BOOK.**” No effort or expense has been spared in the endeavor to make the present volume even better and more complete, if possible, than its predecessors.

We may be congratulated upon the fact that our long experience of the needs of our customers, together with the confidence shown in our house, has brought the business of our Mail Order Department to its present enormous proportions.

If you entrust us with your orders, we are confident that you will have no occasion to regret your experience with “Shopping by Mail.”

In ordering goods, if you will follow instructions on back of “Order Sheet,” you will prevent mistakes and avoid delay.

Respectfully,

JORDAN, MARSH & CO.

**All orders of \$5.00 and upwards delivered free at any freight station in New England. Goods cannot be sent C.O.D. free.**

Should there be a surplus, it will be returned to you by mail in a separate envelope, with an itemized bill.**

**When ordering from sample, mention price and width, and, if possible, make two or more selections, the second or third to be used only when first choice has been sold.**

**In sending money by mail, the safest way is by post-office money order or express money order. Registered letters are also safe.**

Be sure and follow directions for each garment.

Don't make too much allowance for growth, as our sizes are cut to the average boy, and are correct.

When ordering, kindly remember to make first and second choice; in so doing, it will enable us in some cases to be more prompt in the delivery.

## COTTON UNDERWEAR.

We are by far the largest distributors of Cotton Underwear in New England, owing to the fact that we are in a position to give our patrons better values. Why? Because we manufacture our own underwear, thereby making a saving of fully 20 per cent to our patrons, which ordinarily we would be obliged to pay the manufacturer. The idea of ladies making their own underwear is almost entirely done away with, because the material alone will cost them more than we ask for the garment complete, counting their time worth nothing. For instance, take any garment illustrated below and figure the cost of material, you will readily see that it is impossible to make them at the prices we quote. We pride ourselves on turning out nothing but first-class work.

## COLORED DRESS GOODS.

Fall and Winter Seasons, '95, '96.

### OUR COLORED DRESS GOODS DEPARTMENT IS THE LARGEST AND BEST EQUIPPED IN AMERICA.

#### Our Unequalled Foreign and Domestic Connections

Enable us not only to procure the newest, most stylish, and most desirable fabrics in the markets of the different fashion centres, but also place us in a position enabling us to offer them to the public at prices uniformly lower than can be quoted elsewhere.

#### THIS SEASON'S STYLES ARE DIFFERENT

In many respects from those of previous years. Many new fabrics have been introduced and many revived. New, novel, and unique weavings and combinations of the different grades of wool, mohair, and silk yarns, together with hundreds of new ideas as regards style, design, and blending of colors, mark a decided *Fashion change* toward Colored Dress Goods.

#### FASHION HINTS FOR FALL AND WINTER.

In addition to a resident foreign buyer, *Our Special Buyer* visits the different fashion centres of Europe at least twice each year. From personal observation and by contact with and assurances from the best dressmakers of London, Paris, and Berlin, we offer the following suggestions as to the coming fashions:—

In plain materials, such as Serges, Cheviots, Camel's-hairs, Canvas Cloths, Bouclés, Cloths, Cashmeres, Henriettas, Twills, etc., shades of marine, myrtle, browns, will be much used, with the varied shades of brown, olive or Lincoln green, and shades of bright navy or deep French blue as the favorites.

Rough Things, such as Bouclés, knotty and shaggy yarn effects in the new Canvas Cloths, Camel's-hairs, Scotch and English Tweeds, Cheviots, and Rough, Wide Wale Diagonals in plain and mixed colors, are the newest and most fashionable fabrics of the season.

Heavy Mohairs, in plain, glacé, and cross-dye effects, heavy Siciliennes in plain colors and mixtures, will also be very desirable for early fall wear.

Tartan and Clan Plaids in all wool and silk and wool for fancy waists, skirts, and children's wear will be much used. In fact, plaids of any nature, in any material, are spoken of very highly.

Fancy Weaves, Armures and Ettemines, in solid colorings, showing fancy self-colored figures of silk, wool, and mohair, will also be very desirable.

We give Immediate Attention to all Mail Orders.

*COLORED DRESS GOODS: — Continued.*

Piqué Cord — another new fabric — plain color, in plain even cords, also even cords with small figures, will be shown as one of the newest fabrics.

In Fancy Novelties, showing two or more colors, combinations of red and black, green and brown, blue and black, light and dark brown, blue and brown, green and black, maroon and black, etc., are perhaps the newest and best combinations.

**SPECIAL TO OUR MAIL ORDER PATRONS.**

Our object is to make your shopping through the mail as easy, convenient, and as satisfactory as by a personal visit to our store.

We offer you every inducement and even more advantages than a customer who visits our store in person. All orders of \$5 and upwards are delivered free at your nearest express office.

*We Send Samples of any of our Goods to any address, Free of Charge.*

*We Issue Monthly Bargain Bulletins, giving full particulars of special dress goods bargains for that month. If you have never had one, write to us for one the first of each month. All orders are carefully filled and, if upon receipt of goods they are not perfectly satisfactory, you can return them and we Return You Your Money.*

*We have a Special Bureau of Information; and we solicit letters of inquiry regarding information about any of our goods, styles, or prices.*

**A SATISFIED CUSTOMER IS OUR BEST ADVERTISER,**

And the rapid growth of our mail order business in dress goods, the past three years, is a most substantial recommendation of the satisfactory manner in which we serve our "Mail Order" customers.

**OUR SPECIALTIES.**

Although every branch of our great dress goods department receives our best and direct attention, we wish to call your attention to the *Two Following Special Features* : —

We shall for the first time in Boston inaugurate an entirely new system, namely: separating entirely our cheap or low price dress goods from the better and more expensive.

After Sept. 1, we shall add to our already immense dept. *an Annex in Our Basement Salesroom.* Here we shall have our *Special Bargain Counters* for cheap and low price goods, carrying everything that is new, desirable, and which are at the same time bargains beyond competition.

In our main dress goods department we shall devote a separate space for the exclusive sale of Rich and Elegant Novelties. Ladies will find this to be a great aid and comfort in their shopping, as here they will avoid entirely the inevitable rush and crowd of the bargain counter.

## SAMPLES MAILED FREE UPON REQUEST.

We send samples free of charge to any address, requesting only that care be used in describing as near as possible the goods desired, and at what price, and also for what purpose wanted, that we may more satisfactorily fill your commission, and also avoid waste of material.

## IN ORDERING GOODS BY MAIL MAKE TWO OR MORE SELECTIONS.

This is quite important, for in some cases the special shade or style desired may have been closed out during the interval of correspondence. If you do not make more than one selection, state if we may, at our risk, substitute or send what we think the nearest and most desirable, provided what you have selected has been closed out.

Following is, as near as possible, a complete list of our standard lines which we have constantly in stock during their season.

## RICH AND EXCLUSIVE NOVELTIES.

The choice novelties this season show a marked improvement over those of previous years. The styles, colors, and weavings are different and new, with a wide range to select from as regards different fabrics. Prominent among the choice things this season are many rich and handsome effects in Rough and Shaggy goods, such as Bouclés, Canvas Cloths, Camel's-hairs, Scotch and English Cheviots, Tweeds, etc. Especially handsome are those of two or three colors in large plaided effects, which are very suitable for tailor made or walking dresses.

*Crêpons*, the more expensive ones, in two or more colors, with quantities of silk in them, will be very desirable. *Heavy Mohairs* and *Siciliennes* for early fall wear — *Wide Wale Diagonals* in one, two, and three colors — *Piqué Cords* in plain colors — *Silk and Wool Fancies* in endless varieties of styles, weaves, and combinations — *Handsome Tailorings* in diagonals, hair lines, pin checks, and shepherd plaids, give one a great variety to choose from.

BACK-SUPPORTING SHOULDER BRACE AND SUSPENDER.

(For Men and Boys.)

This brace provides a firm yet flexible support for the back, from the hip to the shoulders, to which is attached at the waist a yielding belt which helps to keep the back support in place. At the upper part are connected carefully constructed adjustable pads, so arranged as to draw the shoulders gently back without cutting or chafing under the arms, thus inclining the body to an erect position, thus correcting all tendency to stooping or round shoulders. Suspenders attachments are also added to the trousers, which render other suspenders unnecessary.

# PLUETTE

Trade-mark Registered.

(48 to 56 Inches Wide)

## RAIN-PROOF SERGE.

RAIN SPOTS,  
 MUD SPOTS,  
 SALT WATER SPOTS, } ARE UNKNOWN TO IT!

PLUETTE is the only STORM SERGE that is guaranteed rain-proof by its manufacturers. It is without an equal for Riding Habits, Bicycle Suits, Yachting Dresses, Outing and Street Costumes.

UNPRINCIPLED DEALERS advertise and sell ordinary Storm Serges as RAIN-PROOF. Before buying *test their statement* by pouring water on their Serge; probably it won't hold water five minutes before absorption commences. Then test PLUETTE AND BUY NO OTHER. PLUETTE stamped on back of goods when *genuine*. Take no other.

### WHAT THE "PLUETTE" PROOF IS:

The "PLUETTE" system of rendering fabrics water-repellent consists in entirely destroying the absorbent properties of each and every fibre, whether wool, cotton or silk, contained in the fabric, the openings between the threads remaining free to the passage of air. The waterproofing agent not only chemically combines with the wool or other fibre on its external surface, but penetrates the walls of the fibre and is deposited in the space within it, thereby becoming incorporated with it in all its parts. Fabrics whose fibres have been subjected to our process absorb no more water than if woven from strands of metal or glass. If water be applied to the cloth with sufficient force to penetrate it, it will not wet or adhere to it in its passage through.

The process is a permanent one, and in appearance materials are improved than otherwise by its application, and are not impaired as regards handle or lustre, even in the most delicate shades.

No water will adhere to the surface of the cloth, but runs off as from a duck's back.

 Beware of other so-called Rain-proof Serges, as they will cockle when wet. See that the Trade-mark PLUETTE is stamped on the goods every five yards, for none are genuine without it.
