BUSIEST HOUSE IN AMERICA.

1889.

# INSTRUCTIONS.

Do not cut this Catalogue, or give it away.

Be careful and give correct number and name of articles wanted.

Put only one item on a line, when writing orders.

 Those not having an account with us will please send cash with order.

Instruct us to send C. O. D., or send the names of one or more responsible persons or firms of whom we can inquire as to their responsibility.

Goods C. O. D. to any part of the country. Those ordering from a distance, or strangers to us, will inclose 10 per cent. of amount of order to guarantee express charges; this sum we will deduct from bill.

On C. O. D. orders for less than \$25.00 we collect charges for return of money. To avoid this, send cash with order.

Packages sent by mail only when so ordered, and always at customer's risk. In ordering goods by mail, please state whether you wish them sent in **SEALED** or **UNSEALED PARCEL**; also advise us as to whether you desire the same not **REGISTERED**, as we send **ALL MAIL** goods (over \$2.00 in amount) in registered package, unless otherwise ordered.

The charges by mail are as follows: Sealed packages, two cents for every ounce and fraction thereof; unsealed packages, one cent per ounce. An extra charge of ten cents per package will be made for registering sealed or unsealed packages. Add postage with cash orders.

Bulky goods can be sent C. O. D. by freight; in care of the nearest bank.

When ordering bulky goods, like clocks, silverware, lathes, signs, etc., state whether to ship by freight or express; when not stated, we will not be responsible if shipped different from the way desired.

When ordering from this book, consult your Tool and Material Catalogue, and include order for such goods as you need in those lines, etc.

Old Gold taken in exchange for goods as cash at 4 cents per karat.

Old Silver taken in exchange for goods at 80 cents per ounce, or taken in payment of accounts as cash, 80 cents per ounce, less 6 per cent.

Checks on other than Chicago or New York banks must have exchange added or same will be credited less the exchange.

You can send postal orders, which cost only 3 cents at any postoffice, for amounts under \$5.00.

Customers sending packages to us should prepay charges and give their name, address and instructions in full (in package), to insure prompt attention.

Send us your orders for anything needed in our line.

Should you change your location please advise us at once.

# SILVERWARE DEPARTMENT.

Herewith find *illustrations* (pages 3 to 93) of the *choicest articles* selected from the lines made by *Rogers, Smith & Co., Meriden Britannia Co., Meriden Silver Plate Co., Middletown Plate Co.*, whose wares are acknowledged to be the best quality made. In addition *we will fill orders for any article* made by above companies. Articles (pages 94 to 113) are of various makers and good value for the price.

## TELEGRAPHIC CODE.

Words in brackets are for convenience in cases where one or more articles are wanted in a hurry.

ILLUSTRATIONS ARE ONE-THIRD SIZE UNLESS OTHERWISE SPECIFIED.

EXPLANATION.—When one-third size the article is three times as high and three times as wide as illustration.

No. 5004. 1-day, 4½-inch Dial.....	36 00
No. 5006. 4½-inch Dial. Dust Proof.....	40 00

We call attention to this FINE LEVER CLOCK specially designed for LOCOMOTIVES, STEAMERS, or other situations where accurate time-keeping is required, and a pendulum clock cannot be used.

The movements are made in the best manner, with steel pinions and chronometer balance, jeweled, and are fitted up with Bottom's Tempered Hair Springs.

They are put up in two sizes of cast brass cases, with porcelain dials. No. 5003 is 5½ inches, and No. 5004 is 7 inches in diameter.

These Clocks are warranted accurate time-keepers.

1-day, Strike.....\$10 00  
Striking "eight bells," same as rung on shipboard.

# SETH THOMAS CO.'S SUPERIOR CLOCKS.

## SCHULTZ WATCHMAN'S CLOCK.

**30-HOUR, NICKEL-PLATED, \$14 00.**

Patented January 11th, 1876, and December 12th, 1876. Showing the clock as put up in Banks, Stores, Offices and Private Residences where the watchman has access only to a small button outside the building. Where used in factories, etc., where the watchman is inside, the clocks are placed at the various stations, and operated by pushing the lever at the bottom of the clock to one side.

**MODE OF OPERATION.**—The small dial in the center is removed, and upon the flange is placed a bulletin (a paper ribbon), upon which are printed the hours. This ribbon is placed so that the hours printed upon it correspond with the figures on the small dial. This dial revolves with the hour hand, and when the lever is pulled it marks the ribbon, showing the exact time at which the watchman visited the station.

This clock has a lever movement, and will run in any position, and is a good time-keeper.

The case, inner dial, and portions of the movement exposed to view are nickel-plated, and will not tarnish, and the clock case is so constructed that it is dust-proof. The application of power to the puncher needle is positive, and there is no fail about it, and it cannot be tampered with without exposing the attempt. The interval between each report of the watchman is arranged to suit the pleasure of the proprietor. The clock will record each report distinctly, however short the interval may be.

A Watchman's Detector, at a moderate price, simple and durable in its construction, easily kept in order, and which would also do duty as a clock, has long been inquired for.
