DEAR SIR:—

How to get your order for Spring and Summer Clothing is a question that deeply interests us at the present time. We know how hard it is for some merchants to send an order for any kind of goods without first seeing them. We are also aware of the expense that is entailed in going to see you in person. Now, in order to overcome the difficulty we want to submit a few facts. In the first place, is there any possible way for a manufacturer to sell his production of goods with less expense than by mail order? You must certainly agree with us that if you put the producer to a nominal expense, he can make his products cost less than if you insist upon his adding an unnecessary cost to the selling. Our plan is unquestionably feasible, and there is no cheaper way to reach you than by this Advance Agent.

Now for your side of it:— You may object to placing an order for what you do not see. This is not the case when you order of us. You order the goods only on the condition that they please you in every respect. With the plain facts in view, is it not reasonable to expect that we will send you goods at the very lowest market price? We do not wish to pay freight on goods that are returned to us, and if we do not ship them at prices that are the lowest, you will not keep them and we must stand that loss. You will also agree with us that we must have implicit confidence in our ready-made Clothing, or we would not make such an offer. We know that we can sell you goods for less money than you can buy them elsewhere. We know that our Clothing is made up in first-class style, and we further know if you will place a trial order with us, early, we will get your duplicates.

We wish you would look through this Advance Agent carefully, and make a selection and send to us.

We are, yours respectfully,

**WORK BROS. & Co.**

**WE** FIND that our Cabinet system is of great benefit to dealers who handle a general stock, or those who live in a dusty country. Each suit is put up in a heavy paper box that fits into the Cabinet. These boxes are all the same size and will go in either a 16 or 24-suit Cabinet. If a dealer will buy four, or six, or twelve suits of a kind and mark each size on the box and place one in the Cabinet, putting the others on his shelves, or on top of the Cabinet, he will find it a very convenient way to show, and keep clothing in first-class order.

If a merchant buys \$200.00 worth of Clothing we will send a 16-suit Cabinet; if he buys \$400.00 worth or over, we will send a 24-suit Cabinet, and also send some of our advertising matter if so requested. Dealers in merchandise who have never handled ready-made Clothing will find that if they will send us an order for one of our Sample Orders, or make a selection from the price lists in this Advance Agent, they will do a nice Clothing business upon a very small investment. These Cabinets are an ornament to any one's store.

## GIVEN AWAY

# THE GRANDEST SAMPLE ORDER

EVER SELECTED BY US.

An Assortment of Ready-Made Clothing that any Dealer should be able to handle.

THE CHOICEST GOODS IN OUR STOCK.

## SAMPLE ORDER No. 95,

Amounting to \$1157.00.

With this Order we will send a 24-Suit Cabinet and One Hundred and fifty 32-page illustrated Catalogues, written especially for your business.

The following carefully selected order is picked from the choicest garments in our Spring and Summer stock. These goods we are now making up and will have them ready to ship by January 1st to 10th. Will date the bill as per terms on page 3. This assortment is gotten up especially for the early buyers, the dealers who are on the lookout for bargains. Our intention is to give such good values as to make it an inducement for the buyer to send us duplicate orders, and an incentive for the merchant to come and see us when in the city attending the World's Fair. Every item is a big drive, not one poor style in the lot. 'Tis an assortment that any dealer can sell at a profit of at least fifty per cent. This order can be changed to suit the buyer. If there is not enough of any one kind, change it to suit yourself. If too many, cut it down. In order to get the 24 Suit Cabinet, the order must amount to at least \$400.00. To the dealer who is timid about buying we can send single suits, or a sample of cloth, but we can assure all Clothing dealers that 'tis impossible to tell the value of Clothing by looking at a sample of the cloth. We will send these goods on ten day's approval, if not satisfactory they can be returned at our expense. We manufacture every item listed in this Advance Agent. One-half of this order will make a good stock and a first-class assortment. If you can not use all, order just the amount you can use.

### SAMPLE ORDER No. 97,

Amounting to \$239.00.

**HERE IS A CHANCE TO SHOW A LARGE ASSORTMENT OF READY-MADE CLOTHING  
ON A SMALL INVESTMENT.**

In Sample Order No. 97, we put each man's suit in a heavy paper carton, and each kind is placed in one of our handsome Mahogany-finished 16-Suit Cabinets. This gives an assortment of sizes, and duplicates can be placed on the shelves or counters where they will keep clean and look as fresh six months after as the day they were finished. In addition to this, we send one hundred printed Catalogues, with beautiful cuts of clothing illustrations and valuable information. Each Catalogue will have the name and business of the merchant printed upon the cover, so he can mail one of the circulars to each of his choice customers.

This will be the most effective way for the country store-keeper to drum up his trade, not only in clothing but in all kinds of merchandise that he carries. It will be a direct invitation for each and every member of the family to call and examine his stock before purchasing, and if the merchant has a nice selected stock he can undoubtedly make many sales he would otherwise lose. We know thousands of retail merchants who get the post-office address of every family in the county in which they live, and the wide-awake store-keeper is always devising reputable means to call the attention of purchasers to what he has for sale, and experience has taught us there is no better method than to mail one of our circulars, which is prepared especially for the purpose of soliciting trade for the merchants who buy our Sample Order No. 97.

## SAMPLE ORDER NO 100,

Amounting to \$253.00

With this Order we will send a 16-Suit Cabinet and One Hundred 32-Page Illustrated Catalogues, written especially for your business.

For a small assortment of Men's suits we do not believe that we have made a selection that will prove more salable than this one. Take this and then select from the Advance Agent the Boys' and Children's Suits and Men's Pants that you think you can use, and mail to us and we will send you a bill of goods that will pay a profit of at least forty to fifty per cent. What other class of goods can you order that will pay so well? Remember, you can change any sample order to suit your trade, erase, or add to it to suit your pleasure. We will please you if you give us a chance. We have the goods and want your trade, and we know if you will send us an order we will add your name to our permanent list of customers. Remember we have sold our production of Clothing for the last eight years by catalogue. Is there a better way for a dealer to buy his goods? We know there is not; you cannot be deceived, as you have the goods in your store ten days' time before you have to make up your mind if they please you or not.

# MEN'S SATINET SACK SUITS

Thousands of merchants get an idea into their heads that all low-priced clothing is shoddy and poorly made. We agree with them to a certain extent, but can a reliable house afford to ship shoddy, ill-fitting, poorly-made goods a thousand miles away with the understanding that they can be returned if not satisfactory? We say NO; so it behoves us to make our cheap goods just as strong and to cut them over the same patterns as we do our best goods, and then we can guarantee to please our customers. A merchant who selects an order from this Advance Agent will make no mistake. Every suit we quote is a new pattern, elegant selling goods, and will pay a handsome profit. Try us with a nice order.

MEN'S

# Union Cassimere Sack Suits

SIZES, 35 TO 42.

Our stock of Union Cassimere Sack Suits for men is, without question, one of the most complete in this or any other market; but for want of space we can not quote but few styles, and regret we can not show but one cut; however, we think this makes but little difference with the dealer who wishes to buy close and get first-class selling garments.

We have selected from our immense large stock of Ready-Made Clothing a few of the very choicest patterns and the very best sellers, and will ship any good reliable merchant anything he wishes on ten days' approval. If not satisfactory in every respect, return the goods at our expense. Can any one make a fairer offer? Try us with a big order, and you will own your goods cheaper than you can come in the house and select them yourself.

**This Advance Agent** is mailed to only a few of the very best Merchants, those who should, and no doubt do, buy their Ready-made Clothing early, and to all such we wish to say, if you will favor us with an order, we will convince you that our goods, more particularly these specialties, are far superior to the general run of Ready-made Clothing.

## Men's Black, Blue and Gray Diagonal Worsted SACK · SUITS.

In making this list of Men's Black, Blue and Gray Diagonal Worsted Sack Suits, we openly defy any manufacturer to show a better quality of goods, or one that is as cheap by 10 per cent. as ours are. We have a purpose in quoting such low prices as we do in our Advance Agent. The World's Fair will bring thousands of merchants to Chicago who have never been here before, and we know if their names are on our books, and the goods please, we stand a good chance to get a big bill from them while they are in the market. So we are making an effort to catch all good, prompt paying merchants' trade, and we give here a small list of a few goods that are grand sellers. Now take this Advance Agent and read carefully what we have to say and we firmly believe you will select a nice order and send to us.

SIZES, 34 TO 42.

The following list is comprised of a very few choice Black and Blue Corkscrew Worsted Sack Suits of both American and English manufacture. Bear in mind that we manufacture every item we list in this Advance Agent, and we have selected only a few bargains in all kinds of goods we make. This is done with a view to getting large duplicate orders, also to induce merchants who are opposed to ordering goods by mail. # PRINCE ALBERT SUITS.

For years the Prince Albert style of coat has taken the lead as a dress and business suit; it fills the place of two suits. We give this line a great deal of study, and make a class of ready-made garments that few manufacturers dare do. If it were not for our large sales we could not afford to show a list of so many fine goods.

No merchant tailor can make a better suit of clothes for \$50.00 than we sell to merchants at \$25.00. We put a style into our garments that is absolutely correct. We want your confidence, then we know we can hold your trade.

# BOYS' PANTS.

AGES, 11 TO 18.

Our line of Boys' Pants is extra large, but we cannot list the colors because we close out everything that we can buy at fifty cents on the dollar that will make up well into Boys' Pants. Few manufacturers can afford to do this, for the reason they are compelled to buy goods in lots large enough to make up so they can sample them for traveling men, consequently have to ask a long price. We send all our goods on approval, and merchants take no risk in ordering of us.

# CHILDREN'S SUITS.

AGES, 4 TO 13 YEARS.

We have an extra large line of Children's Suits, but can only list a few choice lots. We dislike to have goods returned, and our experience has taught us the only way to avoid it is to send goods that are extra choice styles and low in price, then there will be no trouble. So we make a selection of only a very few choice sellers. We would suggest that in ordering you send for an assortment of lots; then you will always have a choice stock to show your customers.

We will guarantee to please you and want to get your orders in early.

# KNEE PANTS . . .

FOR CHILDREN FROM 4 TO 13 YEARS.

There is no class of clothing that seems to be in demand more than Children's knee pants, and dealers who do not handle clothing can sell knee pants. Mothers cannot afford to make their boys' pants, when you can sell them ready made, as cheap as you can the material to make them of.

Dry Goods Merchants who do not keep ready made clothing should carry Children's suits and knee pants, for the reason that Fathers seldom buy their Children's clothing.

# MEN'S PANTS

We are so crowded for room in our Advance Agent that we find it impossible to give a very extensive list of Men's Pants. So we only selected a very few extra choice lots, and we will guarantee the prices to be rock-bottom and the patterns extra choice. We want your trade, and if you favor us with an order we will please you in every respect.

In our opinion there is no better way to buy clothing than by mail orders. One thing sure you can depend upon,—we know the trade is not consummated until you have the goods in your house ten days' time, and if our goods and prices are not right you will certainly not keep them. Knowing these facts, we always send goods at lower prices than we would sell you if we had you in our store. In fact, we can well afford to do so, as it costs us so little to sell our goods.
