How to ORDER

Our catalogues, order sheets and return envelopes are free to all who ask it. Use our order sheet always when filling out an order, answering each question on the list clearly. We receive scores of letters, with money and orders, from persons who forget to give their names and addresses. This always causes much delay and unpleasantness, which we would gladly avoid. Study this catalogue from cover to cover, skipping not a single item. The catalogue speaks clearly, pictures accurately, and is thoroughly reliable and trustworthy. The quality of goods we sell is much above the average. We avoid cheap articles, and we urge you, as you will see, to buy the best and highest priced articles you can afford. When your order is complete, enclose the funds and mail it to us. It will receive our immediate attention.

TERMS

Our terms are positively cash with the order. We will NOT send goods C.O.D. The cash must accompany your order if you wish to deal with us. On the other hand, our prices are lower than those of any other reliable Mail Order House in Canada. Our Spring catalogue prices take effect on February 1st, and our Fall catalogue prices on September 1st of each year.

CLUB ORDERS

To our customers living at a distance we recommend the sending of Club Orders. Two or more persons ordering together can make up a shipment of 100 pounds or more, which will greatly reduce the transportation charges. When ordering in this way, use our order forms, and kindly put the order for each person on a separate sheet, with name and address on each. Always say to which person the goods are to be shipped. We parcel and tag each separately, enclose in one or more cases, and ship to one address.

We offer the following inducements to bring out large orders: Orders of

\$25 to \$50	We allow 2% discount.
\$50 to \$100	" 4% "
\$100 and upwards	" 6% "

Do not take off the discount in sending your order, but leave it for us to return to you with the invoice.

How to Send Money

There are several methods of sending money. 1st—By Post Office Order. 2nd—By Express Money Order. 3rd—By Registered Letter. 4th—By Bank Draft. 5th—By Postal Note. 6th—Postage Stamps (as large denominations as possible). Do not be afraid of sending too much money with your order. If there is any over it will be promptly returned to you.

ABOUT OUR RELIABILITY

In our own opinion, of course, our word is as good as a Bank Note, but such a statement will scarcely satisfy a stranger. We refer you therefore to the tens of thousands of persons who may be found in all parts of Canada who have been, and who are, customers of ours. If you have an opportunity to call personally upon us, please report direct to the manager of our Letter Order Department, who will always be glad to welcome you, and who will be pleased to show you our ability to fill orders for all goods in this catalogue promptly. One thing you can always depend upon, we will never sacrifice quality to price. Our object is to conduct a satisfactory business in a satisfactory manner, and we are doing it. The descriptions of the goods we sell, as given in this book, will be found reliable and accurate, and any goods we may have the pleasure of selling you will open up to your expectations.

INSURANCE

If you will send us the sum of five cents (5c), our Insurance Department will insure the safe arrival of your goods (the goods from the Crockery Department alone excepted). We recommend every one to take advantage of this insurance, and enclose 5c with each order for this purpose. This applies to every order, whether it is to go by Freight, or Express, or Mail. In the case of club orders, it applies to each man's order. We are not responsible in any way whatever for articles lost or broken in transit unless you take advantage of our Insurance Department and enclose with each order 5c to insure.

WHERE WE SELL GOODS

Our territory for doing business is the great Dominion of Canada, from ocean to ocean, and, from all places in Canada, orders arrive for our goods. Our Letter Order Department grows and grows, until our warehouse has become a great national distributing store. If you have never sent us an order we ask you to try our system of Shopping by Letter. Hamilton is not only the centre of a great net work of electric railways, but she is the centre of the great manufacturing district of Canada. There are towns and cities to the east, west, north and south of us, all within a circle of fifty miles diameter, which together form a district which produces nine-tenths of all the articles made in Canada. We mention this to show that Hamilton, being right at the source of supply of such a great number of different articles is a grand centre from which to do a Letter Order Business.

MAIL SHIPMENTS

If the goods you order weigh less than 2 lbs. they should be sent by post to you. To send your goods by mail we must prepay the postage, and it is therefore necessary for you to enclose enough money with your order to cover the required amount of stamps. The postage on all articles is 1c for each ounce. If a parcel weighs 2 lbs. it would cost you 32c for postage and 5c for insurance or registration. We give the amount required for postage on many articles in the catalogue, but should you have any doubt what the postage would be on your goods, then send plenty of money and we will return the balance to you. If you do not send enough money we may have to omit some article or write for more money.

EXPRESS SHIPMENTS

If your order weighs over 2 lbs. and under 30 lbs., then Express is the best way to send it. Express is prompt and safe. The charges vary according to the distance the goods are carried. On your order you should always say what is your nearest express office. If there is no agent at that office the charges would have to be sent to us to prepay. If there is an express agent then the transportation charges may be paid to the agent when you get the goods.

FREIGHT SHIPMENTS

Most of our orders being large ones, are sent by freight. It is slower than express, but if the order weighs 100 lbs. or more, then it is by far the cheapest method of transportation. On the back cover page we give the freight rates per 100 lbs. from Hamilton to many different stations in Canada. From these rates you can form some good idea of what the charges on a shipment to you would cost. All shipments from us secure the very lowest rates. The lowest charge the railway companies will make on any freight shipment is the first-class rate on 100 lbs., and even then in no instance less than 45c. You should always, therefore, when you are making a freight shipment, see that your order amounts to 100 lbs. or 125 lbs. or over, then you will secure the best there is in the rates. If you cannot make this weight with your own order, then ask some friends to join you. All tools, hardware, harness and all other goods which can be packed in boxes secure the 2nd-class rates, also iron beds, iron pipes and iron barrow wheels are 2nd-class. Such articles as organs, barrel churns, sewing machines, unpainted carts and buggies go as first-class freight. The most important thing to remember in making up a freight order is to see that it weighs 100 lbs. or 125 lbs. or over. If you wish further information upon any article, write to

This order is made up from Catalogue No.

WRITE NOTHING on this sheet EXCEPT the order, as general correspondence and orders are attended to by different clerks and your order would therefore not be delayed.
In the case of Club Orders, each man's order should be written on a separate Order sheet, with his name filled out above. Then state plainly to which person the shipment is to be addressed. We will supply order sheets free in any quantity.

We have adopted the plan of insuring the safe delivery of every order sent out by us, whether it goes by Freight, Express or Mail. We make the nominal charge of 5 cents for this insurance. Unless you enclose 5 cents for that purpose we do not insure. In Club Orders each person's order must include insurance.

THE "CANADIAN FARMER'S PRIDE" TEAM HARNESS, \$29.00.

We dub this splendid team harness "The Canadian Farmer's Pride." Every piece of leather used is specially selected stock. The style of the harness cannot be much improved. It is only made in X C mountings. **Bridles**, open or with blinds, as ordered, round winker stays, rosettes, box looped sides, straight or jointed bits. **Lines**, best selected, 1 inch x 20 feet long. **Collars**, best open top farm collars, cloth or leather faced; give the sizes required. **Hames**, X C Mounted, iron bound, painted hames, low top or high top, as ordered, broad staples, with 1 inch hame straps. **Hame tugs**, 1½ inch x 3 ply best selected stock with double grip trace buckles. **Traces**, best selected leather, 2 inches x 2 ply, Northwest pattern, with cockeyes. **Belly-**

bands, reversible, doubled and stitched. **Backbands**, best leather padded, with housing and stout X C mountings, with back strap, crupper and hip strap. Breast straps and martingales, 1½ inch. Price, as described, only \$29.00. We claim for this harness your best attention. It is a good harness in every detail, and only by manufacturing and selling large quantities is it possible to offer such a good harness at this price. You can't buy a better harness for the same money, nor the same harness for less money.

If this harness is wanted without collars then deduct \$3; without bridles, deduct \$3; without lines, deduct \$2.50. If sweat collars are wanted, then add 50c. per set. This is a grand good harness and the quality of stock in every part will give good satisfaction.

FARM BREECHING HARNESS, \$30.00

Bridles, best strong team bridles, open or blind as ordered, round check rein and winker stays, good plaited brow band, nickled rosettes on each side of each bridle, heavy X C plated straight or jointed bits. **Lines**, 1 inch wide x 20 feet, best stock. **Hames**, high knob top heavy painted bolt hames, 1 in. hame straps, new improved metallic hame tugs. **Traces** are 2 in. x 2 ply, very best stock. **Martingales and breast straps** 1½ inch, best selected leather. **Collars**, best open top heavy farm collars, leather or cloth faced, as ordered; always give size of collars. **Breeching**, best full stitched, 2½ inches wide and layered, double hip straps and ¾ inch straps to side rings, thence to hames. A good general purpose farm breeching harness, X C mounted and made of very best stock. Price per set \$30.00. Weight, about 90 lbs. If wanted without collars, deduct \$3; if without lines, deduct \$2.50; if without bridles, \$3; if sweat collars are wanted, add 50c per set.

Note.—This Farm Breeching Harness may be ordered extra heavy, with 1½ x 3 ply traces and hame tugs, 1½ inch breast straps and martingales, 1 inch breeching straps, 3 inch breeching seats and 1½ inch lines for \$4 extra price.

NORTH ONTARIO LUMBERING HARNESS, \$34.50

Extra heavy open **bridles**, X C mounted. **Lines**, 1½ inch x 20 feet, best leather. Heavy concord bolt **hames** with 1 inch hame straps. **Tugs**, 1½ inch x 3 ply, with heel chains. **Martingales and breast straps**, best selected, 1½ inches wide. **Breeching seats**, 3 inch, stitched and layered, with **breeching straps**. 1 inch wide and double hip straps. Heavy open top **collars**. Price per set, \$34.50. If this harness is wanted with 1½ inch side breeching straps for twin neckyokes, add \$1.00 to the price.

In the lumbering districts of North Ontario, Quebec, and of British Columbia we have had great success with this pattern of heavy harness. It is designed for heavy work, and every part is of the best material.

Note.—We will be glad to manufacture to order any other style of heavy harness, and will quote prices on application. Be particular to give full instructions in such cases.

This "Queen's Own" harness is an elegantly handsome carriage harness and will not fail to give every buyer the best of satisfaction. It pays always to buy the best.

PARTS OF HARNESS.

We carry in stock a wonderfully complete stock of nearly all parts of all kinds of harness. Only by manufacturing these parts in quantities can they be offered at the prices we do here. The old-fashioned harness maker is simply "not in it" with the new one. We are ready to sell you a complete set, or we can sell you any part of a harness; or, if you wish, we will supply you with leather, buckles and tools, and you can make your own harness or pieces.

We only sell goods that give satisfaction. Our "Silent Traveller" never misrepresents anything. He tells the truth, the whole truth, and nothing but the truth.

Up to quite recently a good horse collar for \$1.50 was considered an impossibility. We are, however, prepared to supply any number of good, heavy working collars, with open tops, for that extremely low price. We have all the following sizes, viz.: 17, 18, 19, 20, 21 and 22 inches. When ordering, please don't forget the size. Horse collars are measured in inches, straight through the centre, from top to bottom, on the inside. These leather collars are splendidly shaped, being full just at the right place to follow the shoulder bone. They are stuffed with long straw, and made by men who make nothing but horse collars, and who should know their business thoroughly. You may order either leather or cloth face. The best Open-top Working Horse Collars, \$1.50 each. Sweeney and Half Sweeney collars, made specially to order for \$1.75 each.

Ventilated Zinc Collar Pads

Used on the top of the neck, under the collar, and prevents galling at that part. These are not the cheap thin zinc articles com-

monly sold. They are heavy thick goods, and will wear for years. Price 35c. each.

Success Sweat Pads, 25 Cents

Our Success Sweat Pads are all made of the best of cotton drill, brown on the outside and white on the inside.

There is nothing like a Sweat Collar. Every farm horse should have one. There are 4 spring clasps on each. We have sizes 17, 18, 19, 20, 21, 22 and 23. Always give size when ordering. These splendid pads will absorb the sweat and keep the shoulder in good condition. They are stuffed with Reindeer Hair, brought from Norway. Price only 25c each for any size.

FELT SWEAT PADS... 50 CTS.

These are made of very best yellow Felt, have 4 spring clasps, pinked or scalloped edges as pictured. Price for any size only 50c. each. We carry

these in same sizes as the Success Pads, viz.: 17, 18, 19, 20, 21, 22 and 23 inches.

HARNESS LEATHER

We cannot quote a price in this book for harness leather by the pound as the price fluctuates from time to time. A good plan if you want a side of harness leather is to put on your order, 1 side of harness leather, \$6, then if, owing to the weight of the side, or the current price per pound, the cost does not amount to \$6, we will return the balance of the money to you. We will send you only the very best leather.

HARNESS LEATHER STRAPS

The most convenient way to order harness leather is to be found in our Harness Leather Straps. We have these straps cut to all widths, from ½ to 2 inches. Each strap is blacked and creased ready for use. Every size is a useful one, and with a stock of these Ready Straps any farmer can make his own hame straps, martingales, breast straps, etc. Prices of these harness straps are:

1	inch, per foot..	3c	1½	inch, per foot..	7c
"	"	3½c	1¾	"	8c
"	"	4c	2	"	9c
"	"	5c	2½	"	10c

PLUSH LAP ROBES

At \$3.50 and \$5 each. We have two excellent lines of plush carriage lap robes, for the finest carriages. Both are most splendid value. Fancy designs and good quality.

JUTE HORSE BLANKETS

No. 0, 38c.—A light jute blanket, shaped, and finished with buckle and strap, 6 feet in length, light material, not any warmth within itself, but makes a shape that could be lined with other goods. Price each only 38c.

No. 1, 50c.—This is an unlined jute blanket, somewhat heavier and better than No. 0, usual size, shaped at the neck, and the cloth doubled where the strap and buckle is fastened on. At the sides of the blanket are colored stripes. The weight is 2½ lbs. The price of No. 1 is 50c. each; 6 for \$2.80.

No. 2, 75c.—This is a much heavier unlined blanket than our No. 1 blanket. Its wt. about 4 lbs., very nice colors with large wide stripes at sides. Shaped at the neck, supplied with good leather strap and buckle in front, these articles being rivetted as well as sewed. It is a tightly woven blanket of good weight, regular length and of good width, and altogether, for an unlined blanket is a good one. 75c. each; 6 for \$4.20.

For price of good all wool blanket linings see third column of this page.

No. 3, \$1.—At this price, viz., \$1.00, we offer a good lined horse blanket, that is, it is known as a lined blanket, but strictly speaking it is a half-lined blanket. The lining is of heavy cheap cloth. The cover or blanket proper is of heavy jute, it is shaped at the neck and strapped similar to the No. 2 blanket. Its weight is near 5½ lbs. It has fancy colored stripes running along the side from end to end. Each \$1.00; 6 for \$5.50.

KERSEY BLANKETS

Kersey material is a mixture of wool and felt, and has a warm touch which is not present in the Jute blankets.

No. 22 D, \$1.—This is a light weight Kersey blanket of usual size, dark colors only, shaped and strapped at the neck and bound. A good blanket for the price, suitable for light driving harness. Each \$1.

No. 75 D, \$1.25.—This also is a shaped Kersey blanket, made of heavier material than our No. 22 D blanket. Length, nearly 6 feet, shaped, strapped and bound, and dark blue in color. A good medium blanket for buggy horses. Price, \$1.25 each.

OUR "FAMOUS" GERMAN HORSE BLANKET

No. 200 D, \$1.50.—This is the best value in farm horse blankets on the Canada market. They are made specially for our own trade, and blankets, exactly the same in all respects, cannot be purchased elsewhere. The shape is the usual one, but to its size, weight, warmth and price we direct your particular attention. Upwards of 7 lbs. each in weight; color, fawn brown with colored stripes; length, 78 inches; width, 72 inches; substantial buckle and strap at front with reinforced grips, wide binding all around, material uniform throughout of very heavy Kersey cloth, sublined in all parts. No one ordering this blanket, intending to use it on farm horses, will be disappointed. During past seasons we have had exceptionally large sales of this blanket, and with the present improved manufacture we know our customers will be better pleased than ever. You make no mistake ordering this blanket for general purpose use. Price of this No. 200 D German Horse Blanket is only \$1.50 or 4 blankets for \$5.50. For cold localities this blanket is well adapted.

CARRIAGE Horse Blankets

No. 500 D, \$2.—This is a shaped blanket, made of very handsome Kersey cloth. Color of ground work bluish steel gray with dark red check, very attractive and yet not in any way loud. Buckled at front, with reinforcements and bound all around. Size, 78 x 72 inches, and uniformly sub-lined. Price, \$2 each, or \$3.80 pair.

No. 500/7 D Special, \$2.75.—Square pattern, carriage horse blanket, size 84 x 84 inches, made of exactly same material as our No. 500 D blanket and of same color. The picture above shows a clever illustration of how this blanket looks in use. There is a stout russet leather strap and buckle in front, and a good plan is to also purchase one or more of our 5c. blanket pins for use in very severe weather and by the use of which the cold winds can be excluded entirely. This blanket is bound all around and

2 rows of braid strengthen the back. Weight of each blanket over 8 lbs., nearly 17 lbs. to the pair. This steel blue gray color, with the deep red check, makes one of the best colorings for blankets. Give the catalogue number, 500/7 D. Price, \$2.75 each, \$5 per pair. For bus horses, or cab horses, or carriage horses, this is **THE** blanket.

GREY WOOL BLANKETS

These are not shaped or strapped, and may be used as either bed blankets or horse blankets. Some persons know these Grey Wool Blankets by the name of Army Blankets. They are usually sold in pairs, and are therefore priced here in that way, at so much per pair. If only one blanket is wanted it will be of course, just one half the price of a pair. The weight given is per pair also. We stock these grey blankets in only one quality of wool, and that is the extra super

ALL WOOL BLANKETS

No. 41 B, \$2.50.—Warranted all wool horse blankets, for doctor's use or for fine driving horses. Shaped, and with strap and buckle, fancy colored bright check pattern. Too good a blanket for any but the best use. Price, \$2.50 each.

ALL WOOL BLANKETING

Horse blanket material, 72 inches wide, fancy check pattern, all wool. Price, \$1 a yard, and we cut it to any length from the roll as ordered.

All Wool BLANKET LININGS

Blanket Lining, all wool, very heavy, steel gray color; size, about 54 inches square; makes splendid lining for horse blankets, with very warm effect. Each, \$1.

STALLION BLANKETS

No. 7, \$2.00.—Heavy Jute Lined Stallion Blanket for stable use, size 80 inches long, shaped at neck, weight about 10 lbs., price \$2.00 each.

TEAMSTER'S BLANKET

Teamster's Horse Blankets, very strong Jute blankets, full lined with heavy cloth and quilted in rows every three inches. Colored stripes and full bound, shaped at front, with buckle and strap. Weight, upwards of 8 lbs. each. Price \$2 each. This blanket is a good one where strength and durability for rough work are required. Makes a good blanket for lumbering districts.

Blanket Girths, with Buckles—
1—Plain web jute girth, usual length, not padded. Each, 15c; 6 for 80c.

- 2—Cheapest jute girth, with centre pad. Each, 20c; 6 for \$1.

No. 12—Waterproof, linen lined, lap rug, size 46 x 54 inches; a very strong, durable rug; price \$1.25 each.
No. 2—Rubber Lap Rug, extra heavy, a fine article, should be in every buggy and waggon, has eyelet holes at the sides, and may be used as a cover for a democrat or a market waggon load and tied down. An all-round useful article, made in two sizes. No. 2 size, 4 x 6 feet, price, \$1.50 each; No. 2½ size, 6 x 8 feet, price, \$3.00 each. The large one makes a good waterproof sleeping sheet for prospectors.

Reversible Rubber Rugs—These Reversible Rubber Lap Rugs are beautifully lined with fancy colors in plaid patterns. This makes them reversible for dry or wet weather. They are wind and waterproof.

The one side is rubber cloth of good thickness, and is absolutely waterproof. The size is 46 x 54 inches. Price, only \$1.50 each. This Reversible Rug is probably the best kind of a waterproof rug to purchase if you propose to use it exclusively for buggy use. It is a good one, and should give you good use.

Drivers' Waterproof Tapes—Made of very best black waterproof duck canvas, large roomy size, patent snap buttons in front, a grand, good article. Covers the shoulders and arms and chest thoroughly. Length from neck down 34 inches all around. Price \$1.50 each.

AMERICAN BUFFALO ROBES

These robes are not animal skins. They are made of very heavy woven fabric, which in appearance is very similar to the old Buffalo skin of the prairies (now extinct.) The color is a rich, deep brown. In the U. S. these robes have been in use for many years, and, owing to their durability and handsome appearance, they have come to stay. They give the greatest satisfaction. Between the lining and the robe is a heavy rubber sheet, which makes the article windproof and waterproof. They are as strong as any leather, handsome, soft and pliable, warmer than a skin robe, and are easily dried after being wet. Made in dark brown color, suitably trimmed and lined with best blanket lining, and the inside rubber lining already mentioned. Made in 3 sizes:

American Buffalo Robes, 52 x 54 ins., \$7.00.

American Buffalo Robes, 62 x 54 ins., \$8.00.

American Buffalo Robes, 72 x 54 ins., \$9.00.

Money Saved is Money Earned.

It is money in every farmers pocket when he becomes a customer of Stanley Mills & Co. Our prices are right and our goods are satisfactory. We know there are other letter order houses, both in Canada and in the United States, whose prices, in their catalogues, may here and there appear lower than ours, but, and here is the point, do their goods open up to your expectations? Ours always will, and we are careful to see they do. Send us a trial order. Make it as large as you can. If convenient to do so, ask your neighbors to join you in a club order. We allow 2%, 4% or 6% from our regular catalogue prices, according as the order is, \$25, \$50 or \$100.

Axle Boxes

We have in the past received frequent orders and inquiries for boxes to fit old axles. We can furnish boxes to fit axles sold by us, or to fit axles on vehicles sold by us; aside from these we are not able to furnish boxes for old axles. Statistics show that over three hundred different patterns of axles have been used in past years, many of which are now obsolete and impossible to duplicate. It is useless to send us orders, as we cannot help you, however much we may desire to do so.

CARRIAGES

Every carriage we sell is guaranteed first class. The carriages we sell will be satisfactory to every one who buys. We have avoided all cheap trashy goods, and although our prices on carriages may be a little higher than some of the carriages sold out of Chicago and other similar centers in the United States, yet our goods belong to a different class altogether and we offer no apology for the difference in price. The freight on painted carriages is double first class rate, while on unpainted carriages it is partly 1st and partly 2nd class rate.

WHAT HE THINKS.—Mr. Malcolm McKenzie, of River Dennis, P. O., Cape Breton, sent us an order for two of our unpainted corning body road waggons, with tops. He had never seen one, but having entire confidence in us and in our goods he sent his money with his order in the usual way. We will let him tell his own unsolicited story.

Dear Sirs,—I ought to have acknowledged receipt of buggies sent me before now. I may say they are better than I expected. Every one wonders how you can make them so cheap. I am sure you will get some more orders from here before long. My neighbor, who bought with me, is delighted with his. Wishing you every success and thanking you for sending us such good buggies, I remain, etc.

Best flat leaf springs, best quality shafts, crossbar, whiffletree, seat risers and foot rest. The seat is wide enough for two persons to ride comfortably side by side, and is complete with best rubber cloth cushion and railing. The wood work is finished throughout in natural wood, and nicely varnished with best carriage varnish, and striped. Shipping weight, 130 lbs.; price, only \$16. This makes a very easy riding road cart, at the same time a strong, cheap cart.

HEAVY ROAD CARTS.

For mountain roads we make an extra strong, heavy road cart, of same design as above, but with 1 1/2 inch wheels, and 1 1/2 inch steel axles. Price, finished in natural wood and varnished, \$20. This cart will stand the heavy requirements, and will give good wear on all new, unimproved mountainous roads.

UNPAINTED ROAD CARTS.

On all long distance shipments we prefer to ship our road carts in an unpainted condition, which saves freight charges, the freight on an unpainted cart is one-half what it is on the finished cart. The price of the cart in this condition is just the same, and we include the material and brush for finishing upon arrival.

CARRIAGE PAINT

With the aid of our Ready Mixed Carriage Paint, any farmer can paint his own buggy or waggon. These mixed carriage paints dry hard and with a rich gloss so that no varnishing is necessary. The varnish is mixed with the paint. One coat of this paint is all that is required to make your old buggy look new. We have it in the following colors: Yellow, dark wine, vermilion, green, light wine and black. Dark wine, light wine and black are the colors mostly used.

Prices for this Ready Mixed Carriage Paint are as follows: Half pints, 25c each; pints, 45c each; quarts, 75c each. All colors are the same price.

Carriage Varnish—Best No. 1 Carriage Varnish, 1/2 pints, 25c each; pints, 40c each; quarts, 75c each.

Best Drop Black in Japan, per lb. tin, 20c. Carriage Painting Brushes, 15, 20 and 25c. Camel Hair Strippers, each 5c. Tube Paints, any ordinary color, each 10c. Carriage Top Dressing, per tin, each 25c.

Directions for Painting Buggy

If an old buggy, then see that all grease and oil is removed, tighten all nuts, re-washer, fit all new clips, bolts, etc., using sandpaper wherever needed, then give one good coat of our Ready Mixed Carriage Paint. By careful application a quart tin will paint any buggy or light waggon. If you want two colors, such as dark wine gear and black body, then buy the paint in pint tins. If it is a new buggy, then sandpaper thoroughly and give it a prime coat of good ordinary white lead paint, then sandpaper again, then one coat of Drop Black, and follow with a final coat of our Ready Mixed Carriage paint.

To paint one of our buggies you would require the following:

1 quart Lead Colored Paint.....	35c
10 sheets Sandpaper.....	10c
1 Paint Brush.....	25c
1 lb. Drop Black.....	20c
1 quart Carriage Paint.....	75c
Total.....	\$1.65

New Chicago Horse Clipper

The Improved Chicago Horse Clipping Machine is acknowledged by all to be the best machine manufactured for this work. Its construction is perfect, and the result is ease, simplicity, rapidity and perfection of work. There are upwards of 20,000 of them in use in the United States. There are no belts and no slips in the works can occur. It has a positive and direct flexible power between the machine and the clipper and has hardened steel roller bearings. An experienced clipper can clip a horse in 14 minutes. An inexperienced clipper can do the work just as well but not so fast.

Price of Improved Chicago Horse Clipper, with one box of chain lubricant and an oiler, is \$11 with 3 inch knives or \$12 with 4 inch knives. Shipping weight, 45 lbs.

We are headquarters in Canada for plates and handles for these machines, and carry

them in stock constantly. When ordering new plates always send a drawing of your old plate as a pattern, as several kinds have been made.

Chicago two-nut, 3 in. top plate, each \$1.50
 Chicago one-nut " " " " 1.50
 Chicago two-nut, 3 inch bottom plate, \$2.25
 Chicago one-nut, 3-inch bottom plate, \$2.25
 Chicago two-nut, 4 in. top plate, each \$1.75

 The postage on each plate is 5c extra.

New Chicago one-nut handle, with 3 inch knives attached, all complete as pictured, \$6.50; postage 25c extra.

New Chicago two-nut handle, with 4 inch knives attached, complete \$7.50; postage 30c extra.

Chicago chain lubricant, per box 75c.

Chicago Sheep Clipper.

This excellent machine is made like the new Chicago horse clipper, except in the handle and knives. No farmer who owns 50 or more sheep can afford to be without one of these machines. The saving in time and labor cannot be over estimated.

The machine will pay for itself every 3 days it is used. The price, as we sell them, includes a complete machine and one pair of extra knives, a box of chain lubricant and an oiler. Price \$15; shipping weight 45 lbs.

Chicago Sheep Clipper handle, complete with knives as pictured, price \$10; postage, 55c extra. Width of each knife is 2 1/4 inches.

Any person having one of the Chicago Horse Clippers can purchase one of these sheep clipping handles and use it with the horse clipping machine, thus giving them a combination machine.

KEYSTONE DEHORNERS

Fig. 1—Keystone Dehorner complete. The custom of dehorning cattle has grown so rapidly that it becomes every farmer to give the subject his best attention. Those farmers who take the horns off their cattle are pleased with results, and declare strongly in favor of the work. See next page.

The chief feature of the "Keystone" is that the knives meet the horn at four different points at the same time, thus making a clean, uncrushed, quick cut of the horn, a cut which no other clipper can produce.

Fig. 2

Fig. 3

The relative position of the knives and the horn is well illustrated in Fig. 2. Fig. 3 shows the Keystone Head in a closed position. These clippers are very simple and most powerful in their construction and operation.

They are made of the very best malleable iron, while the two knives are of the finest steel of the special temper required for the work. The total weight of a pair of Keystone Clippers, as shown in Fig. 1, with the two wooden handles, is 17½ lbs. The blades and other parts are all interchangeable and can be replaced at any time. They do the work in a most human manner, as the horn is removed instantly. No twisting motion. Full directions accompany each clipper. We are headquarters in Canada for these clippers, and can ship promptly, as we always carry a large stock of clippers and extra knives.

Persiatie Sheep Dip.

I have used Persiatie Sheep Dip for three years, on from 300 to 400 sheep, both in spring and fall, and think there is none equal to it. We have been paid more for our wool than any other breeders have, because of the strong fibre and freedom from any yelliness. We have been breeding high class sheep for 65 years, and have used many dips. **ROBERT MILLER**, Importer and Breeder of Shorthorns and Shropshires, Stonfville, Ont.

SCHOOL BELLS

Our Steel Alloy School Bells are the very best bells manufactured for this purpose, the sound being clear, penetrating and sweet toned. Although these bells are intended for schools they are frequently purchased for church use as well. Price as follows, without tolling hammers:

Diameter of bell.	Bell weighs.	Bell and mountings	Price.
20 inches	110 lbs.	160 lbs.	\$12 50
22 "	125 "	175 "	15 00

28 "	300 "	450 "	40 00

If Tolling Hammer is wanted, add \$4.

CHURCH BELLS

perly. An open belfry is better than one partly enclosed. The larger the bell the more dignified is the tone. We have had very great success in selling church bells, and every bell we have sold is giving the greatest satisfaction. The material is the best specially tempered steel alloy or amalgam, and this metal will stand severe climatic influences much better than any other bell metal. Always state the name of the church or Sunday school, when any bell is purchased for this purpose.

If your church has no bell, it needs one. There is a wrong way and a right way of hanging every bell so as to get the proper results. Every belfry should have a level ceiling just above the bell, so that the sound is thrown out properly.

Prices of Church Bells.

The price includes a tolling hammer, and the bells are F. O. B., Hamilton, Ontario. Bells are first class freight.

ROPE

Best well laid and hard twisted, cut to any length and sold only at so much per foot. The pure sisal ropes (used for tying horses and cattle) we stock up to and including ¾ inch, while the pure manilla

ropes we stock from ¾ inch to 1½ inch inclusive, these being used for horse forks and similar outdoor work.

The Wire Rope is made of the best twisted galvanized steel wires. The ¾, ¾ and 1 inch are made of 6 strands with 7 wires in each. The ¾ inch and smaller of 5 and 4 strands. Galvanized wire rope should never be used for running ropes or belts. It is used for cable outfit tracks, and stay ropes for derricks or smoke stacks, stays or standing ropes of any kind, or for ships rigging. A ½ inch wire rope, made as above, has the same breaking strength as a one inch pure manilla rope.

Wire Rope Thimbles or Eyes, heart shaped, for turning the ends of wire ropes, made for ¾, 5/16, ¾, ½, ¾ and 1 inch wire ropes. Price for any size, each 12c.

Wire Rope Clamps—The end of the wire rope is turned around the thimble, then secured with the clamp. These clamps are made for ¾, 5/16, ¾, ½, ¾ and 1 inch wire ropes. Price for any size, 25c each.

release the car from the stop block is almost human. It runs smooth and easy, is splendidly made and strong. It weighs about 30 lbs. and is made of special malleable iron.

Our price for this carrier, including one stop block and the trip pulley, as shown above, is \$5.00. These carriers are made to run on 4 inch wood tracks. The track can be 4 x 4 good pine, or some use 3 x 4 pine with 1 x 4 hardwood on top of it, so that the carrier rides on the hardwood. Extra stop blocks 40c.

This carrier and pulley is used without any change whatever for either our harpoon forks or wagon slings, which is a great advantage.

CABLE TRACK CARRIER

Our Improved Carrier for Cable or Rod Track is a good one. The trouble with so many cable track cars is that when the track sags a little the locking attachment of the car does not work. This has been thoroughly overcome in our Improved Cable Car. The great demand for stacking outfits continues to increase (see next page about stacking outfits), and the car we have is just the thing. The stop block is always in position and cannot go wrong. The car will work on $\frac{1}{2}$, $\frac{3}{8}$ or $\frac{1}{4}$ inch cable or rod track. Price for Car, Stop Block and Pulley, \$5.00.

Common Double

Harpoon Fork

No. 1—Double Harpoon Hay Fork, weight about 19 lbs., made of special steel, price \$1.25 each. This Harpoon Fork is a well-known, old reliable article. It goes in well, holds the load clean and trips easy. Length of tynes from crossbar, about 25 inches.

Grappling Harpoon Fork

This is a combination harpoon and grapple fork. It has a hinged head and sliding crossbar, which allows the fork to spread out at the points as it enters the hay. This motion is reversed when the load is lifted, and the points are then drawn together, thus permitting the handling of short hay. It opens to 37 inches, closes to 23 inches at the points. Price, \$2.50 each.

American Double Harpoon Fork

This Lock Lever Fork is made of spring steel, sets with one lever and locks either open or closed. Cross bar near the top. Length of tynes from cross bar to points about 30 inches; weight 22 lbs.; price \$2.75 each.

Maple Leaf Double Harpoon Fork

This is one of the best hay forks in existence. Locks and trips easily, holds the load secure. Patent lever lock, length of tynes from cross bar to points about 30 inches; weight about 21 lbs.; price \$2.75 each.

Short Hay Slings

These slings are made of doubled ropes 18 feet long, with large iron rings at each end. The price is 75c each, \$3.00 for the 4 slings. These short sling outfits require one of our

SLING TRIP LOCKS

These are made of best malleable iron, with wrought iron chain, price only \$1.00. This article does it work perfectly. It hangs directly on the pulley hook of the car, same as the Harpoon Forks do. The slings are released from it with least tug at the trip.

The short sling outfit therefore includes 4 sling ropes at 75c each and one sling trip lock at \$1.00, total \$4.00.

The picture above shows one of our Centre Trip Slings, while the next illustration shows how it is used. The sling is long enough for the longest hay rack, and is adjustable in length. The central trip or lock is the best device for this purpose ever invented. The man at the trip rope controls the situation no matter where the carrier may be at the time with its load. The ropes in this sling are $\frac{1}{2}$ inch manilla, and the length of the spreader sticks 4 feet. Price of each sling is \$2.50.

Compression Slug Attachment

This article is used to draw the sling load up tight so that it will carry from the load to its place in the mow without upsetting

HAY FORKS, ETC.

We make a specialty of this class of machinery. The practical man in charge of this department of our business keeps right up to date in these matters. Every improvement that comes to hand is quickly placed in our stock and to-day we are headquarters for Improved Horse Forks, and thousands of farmers are sending to us, from all parts of Canada, for these wonderful labor-saving articles. We sell these forks in sets or outfits, or we sell any parts separately. We handle only the best goods. We carry fork outfits in stock at all times of the year and would recommend farmers to put them up before the busy haying season comes on.

WOOD TRACK CARRIER.

Latest improved carrier. This is a swivel car, and the rope cannot twist or kink. It is a reversible car, and can be run to either side of the stop block with equal ease. The action of the trip pulley as it rises to meet and

The Compression Sling attachment works admirably on the slack rope between the wagon sling and the carrier pulley. When the horse is started the first to happen is the tightening up of the sling load. Price of Compression Sling Attachment is \$2.35.

It is usual to use three or four of the Centre Trip Slings on each load. Therefore a wagon sling outfit of this kind, besides the usual carrier and track, requires three slings and one compression sling attachment, when only one wagon is used at a time. If more than one wagon is used then three slings are required for each wagon in use, but the same compression attachment is used for all.

Jointed Track Bolts—They simply screw in the rafter and then bolt through the wood track upon which the car is to run. They are easy to hang, and made of best wrought iron. Price 12c each.

HAY FORK OUTFITS

For the convenience of our customers who may not be familiar with Horse Forks, and know not exactly what to order, we have arranged this line of goods in outfits, a careful reading of which will assist a prospective purchaser. We recommend wood track outfits for barns.

We do not include the track in these estimates as it is simply good clear 4x4 dressed stuff and can be secured in any locality.

For some years back we have made a speciality of Iron Pumps, and with great success. The three pumps we illustrate below are the results of much experience in this line. No better iron pumps are put together. When ordering a pump and piping always mention the depth of your well.

STOCK PUMPS

FOR WELLS AND CISTERNS

Each of the three pumps described below are frost proof. At our special request they are made so that the bottom of the cylinder is 8 feet below the platform, and there is an escape vent just above the cylinder. All that remains is for you to see that the surface of the well is properly protected against cold.

Farmer's Popular Style A Stock Pump, \$7.00

This picture shows one of our \$7.00 Stock Pumps. It is one of the best iron pumps ever manufactured for pumping water for stock. It pumps fast and works splendidly (just as it is) in wells or cisterns which are not more than 35 feet deep. When wells are deeper than 35 feet the cylinder must be lowered down to within 30 feet of the bottom of the well. This is done by lengthening the piece of iron pipe between the cylinder and the pump head, and also the plunger rod. Our price is \$7.00 each, and includes the head and short length of pipe and cylinder, as pictured. The bottom of the cylinder is 8 feet from the platform. The size of the cylinder is 3 1/2 x 10 inches inside measure, and gives a good flow of water.

Just above the cylinder is a small escape hole in the iron pipe, which empties the head of all water after each using. Weight of pump and cylinder is 68 lbs. The bottom of each cylinder is fitted for 1 1/2 inch pipe. Price of 1 1/2 inch pipe is 10c per foot. This is a low priced well made pump, one that will fill the requirements of most farms.

Style B Force Pump, \$10

This is a pump for shallow or deep wells or cisterns in the same way as our \$7 pump is. The bottom of the cylinder is 8 feet below the surface, and the escape vent is just above the cylinder, and this makes it (same as in our \$7 pump) absolutely frost proof. The size of the cylinder is also 3 1/2 x 10 inches, which makes a fast pump, especially suited for watering stock. Second, it is a force-pump of the best kind, the air chamber being just above the spout in the centre of the pump. Along with each pump we send a hose coupling for the spout, as shown in the picture. The pump can be used for cleaning buggies, watering gardens, filling tanks,

or for fire purposes.

Third, it has an extension plunger rod, the handle can be removed, and the pump operated by a windmill. All these points combined and you have a splendid non-freezing iron force-pump which would prove itself a great friend and labor saver to any farmer or stock raiser. Weight 75 lbs., fitted for 1 1/2 inch pipe below cylinder. Price \$10, as pictured. Iron pipe, 1 1/2 inch, 10c foot.

Our New Improved Style C Force Pump, \$11

Our Style C Force Pump is very similar to our Style B, but is supplied with a stop cock or shut off at the spout. If you work this pump with a windmill this stop cock will be most valuable. At the rear side of the head of this pump is a plug, which may be removed and a pipe attached to the pump at this point. This pipe may be conducted to a tank or reservoir at a considerable elevation, and the windmill is constantly feeding the tank with the water. This supplies a perfect little system of waterworks for a house or barn or both. Price of Style C Pump is \$11 as pictured. It has same size cylinder as our other pumps, and takes 1 1/2 inch pipe below the cylinder.

**MACHINE SECTIONS
only 6c each**

We carry in stock sections for all the most important Mowers, Binders and Reapers. We can also have manufactured any number of any section you desire. When sections have to be manufactured to order, we reserve the right to

have the sections sent direct from the factory to you, rather than delay your order for other goods.

Our price for sections to fit any machine is only 6c for each section, and any number at that rate. The price includes sufficient rivets for any number of sections ordered. If you want sections sent by mail, then add 3c for each section.

Special Notice—We will accept no order for sections for any machine unless a pattern of the section (showing the size of section and position of rivet holes) accompanies the order; and always give, also, the name of the machine for which they are wanted. Our customers tell us our machine sections are the best they have ever used. They are all ready, keen-ground, for immediate use. Price only 6c each.

Section Rivets, best, assorted lengths in 1 lb. box, per box 12c.

THE GEM GRINDERS, \$5.00

It is a perfect grinding machine. Both sides of the machine sections are ground at the same time, and perfectly uniform. This is the only machine that will grind a broken or notched

section properly. There are two wheels with each grinder. One, a bevelled edge, for grinding sections, and one with a flat surface for other work. The wheels are made of corundum, a substance much harder than emery. Total weight of each machine 18 lbs. Price, \$5, with 2 wheels as described and pictured. Extra wheels 60c each. Saw gumming wheel 60c extra.

The surface of the one wheel is flat, and thus the machine may be used for other purposes, such as grinding scissors, jack knives, hoes, butcher knives, etc. One of these Grinders will cost you \$5,

but you would not take \$25 for it if you could not get another.

Family Emery Wheels

The illustration shows one screwed to the corner of a table or work bench. A great speed can be obtained, and for grinding table knives, carving knives, jack knives, etc., such an Emery Wheel can make itself very valuable in any house. Price, only \$1 each, complete as shown in cut. Diameter of Emery Wheel, 6 inches; thickness of wheel, 1/2

inch; total weight, 5 lbs.

The Foot Power Grinder

In any shop where an edge tool is ground, this machine will be welcome. The speed is exceptionally fast. The wheel is of the very best Turkish emery, will cut quick and last long. Size of wheel 6 inches by 1/2 inch thick, and 3,600 revolutions per minute is easily maintained. The machine can be fastened up in any convenient place with very little trouble. Price \$5.25. Weight 18 lbs.

Safety Emery Wheels.

WHAT OUR FRIENDS SAY

Those who buy our goods seem more like personal friends than customers in the usual meaning of that word. We receive at our office many unsolicited letters of a pleasant nature. We wish we had room to print all of them, but that is not possible. We thank our friends heartily for the many expressions of good will that we receive.

Worth More Money

Dear Sirs,—About four years ago I bought one of your Maple Leaf Washing Machines and I never have to use a wash board for any article, no matter how dirty. It is an honest machine, more than worth the money. Yours truly, Mrs. P. St.C. McGregor.

Our Catalogue is Too Modest

New Westminster, B. C.
Dear Sirs,—The organ arrived in first class condition a fortnight ago. It is fully as good, or better, than described in your catalogue, and has been much admired by all who have seen it. We also received the box of saddlery and whiffletrees previously. I am very well pleased with all of the goods, and hope to send you another order in the near future. Yours truly, R. W. Lyness.

Gives Entire Satisfaction.

Kennell P. O., Assa.
Dear Sirs,—I received my parlor organ in the best of condition, and we have been using it for some time and we are well pleased with it. Yours truly, C. H. Barker.

An Expert Judged It

Uphill P. O., Ont.
Dear Sirs,—The organ I bought of you gives splendid satisfaction. I was not able to judge for myself, so I waited until an acquaintance of mine tried it, and he pronounced it a first class organ and a good toned instrument and a credit to your firm in sending out such an instrument. Yours respectfully, Edward Butterworth.

One Order Leads to Others

Ducks P. O., B. C.
Dear Sirs,—I have received the goods and I am much pleased with them, and I expect to send for more later on. Yours truly, Wm. St. Laurent.

Very Much Pleased

Lethbridge, Alta.

Dear Sirs,—Our Jump Seat Family Carriage arrived safely in due time and I think it is just elegant. You might send one of your catalogues to the address below. Mr. Carruthers saw our carriage and thinks it a good one. Yours truly, Mrs. B. T. Whitney.

Every home should be supplied with shoemakers' tools to a more or less extent. They soon save the price of themselves, besides the great convenience of having them handy. Take a set of iron lasts for instance, how frequently these can be used to clinch uncomfortable tacks or nails in the sole of the shoe, or to drive an extra tack here or there in a shoe to make it wear longer. The principal tool of course is a set of lasts.

Set No. 1, 50c Set No. 2, 40c
IRON SHOE LASTS

Crosscut Saw Jointers— This is a combination tool consisting of a saw jointer, tooth gauge and side filer, a tool that should accompany every Xcut saw. With it, any inexperienced person can file a saw to perfection. Price 20c each; \$2.00 per dozen. Postage on each, 10c.

Common Drag Tooth Gauges for Crosscut Saws, to regulate the length of the drag teeth. Price 5c each; 50c per dozen. The drag teeth should always be just a trifle shorter than the cutting teeth, and if amateur saw filers will remember that they will ex-

perience no difficulty in keeping a crosscut saw in good cutting order.

Cross-Cut Saw Sets

The Whiting—This is made of best hardened steel, and may be used for hard or soft wood. One blow of a hammer and the tooth is set. Directions accompany each set. Price, 50c each. Postage on a Whiting set, if wanted by mail, is 8c extra. The Whiting is a simple good saw set, easily used and does good setting on any tempered saw.

The Lincoln—This is a very good improved Cross-cut Saw Set. It is made of very hard steel, and is used in the same way as the Whiting. There are eight different pitches you can set the tooth to. No experience is needed to handle the set successfully. No gauging and no guessing. You do the hammering and the set does the setting. Made only of very best material, and guaranteed to do good work. Directions with each set. Price, 60c each. Postage, 7c.

CHOPPING AXES

No. 1, 65c—“The Eaton,” a good axe for a cheap one, but too cheap to be depended upon. Our idea in this catalogue is to sell good goods, and we never encourage any one to buy the cheapest or lowest lines of any article. Price of the “Eaton” Axe is only 65c each.

No. 2, 75c—The “Stanley,” this is one of our best sellers, giving general satisfaction. This is the fourth season we have sold this axe, and we stick to it because it is satisfactory to us and to our customers. The weights are 3½, 3¾, 4, 4½, 4¾, 5 and 5 lbs., and you may have any weight you select. It is a well made, well shaped axe. The illustration shows it accurately. Price 75c each, or 6 for \$4.20.

No. 3, 90c—The “Model,” a first-class axe, different in shape from “The Stanley,” and heavier in the poll. Good clean eye. Same weights as No. 2. Price, 90c each, or 6 for \$5.

No. 4, \$1—The “All Steel,” this is a clear polished all steel axe, of good shape, and good eye. Price, \$1 each; 6 for \$5.50.

BROOKLYN, N.Y.

"STANLEY BLADE" LANCE TOOTH CROSS-CUT SAWS.

Our experience in the past teaches us that we have, in our "Stanley Blade" Cross-cut Saws, probably the best quality of cross-cut saw on the market. We have now handled these blades for many seasons, and they have given our customers better satisfaction than any other make of saws we have ever had anything to do with. They are made especially for us by one of the best saw manufacturers of Canada, and each one bears the name "Stanley Blade." Every saw is ready sharpened and set for use when you receive it. They are all of the fast cutting lance tooth pattern, and have no superiors.

Stanley Blades, 5 feet, with handles, \$2.50. Stanley Blades, 5½ feet, with handles, \$2.75. Stanley Blades, 6 feet, with handles, \$3 each. When ordering Stanley Blades, say which style of handle you prefer.

NARROW STANLEY BLADES, LANCE TOOTH PATTERN.

These are made in the lance tooth fast cutting pattern. In some districts they meet with ready sale, while in others they are unknown. Priced with handles, Narrow Stanley Blades, 5 ft., \$2.10; Narrow Stanley Blades, 5½ ft., \$2.35; Narrow Stanley Blades, 6 ft., \$2.60 each.

Narrow Cross-Cut Saws, improved champion tooth, priced with handles, 5 foot length, \$1.85; 5½ foot length, \$2.05; 6 foot length, \$2.25 each.

ONE-MAN, LANCE-TOOTH, STANLEY BLADES

The great popularity and the greatly increased demand for One-man Saws has prompted us to give special attention to these articles. They supply a great want, as they may be used on farms where only one man is available, or by shifting the position of the upright handle, two men can operate the saw, same as an ordinary cross-cut saw.

The shorter sizes are also used in place of bucksaws, and also for framing timbers for building purposes. They have the Stanley Blade tooth and quality, and are made in four lengths. Prices as follows, including the handle which is screwed on, and one upright one.

SILVER SPOONS AND FORKS

We guarantee these articles to be exactly as represented. We handle no inferior goods of any kind, and when we recommend an article you can rely upon it.

OREGON SILVER

Oregon Silver is a composition of nickel silver and white metal, a hard good wearing substance. The spoons and forks made of Oregon silver are not plated, but are made of the same composition all the way through, and never turn a brass color. They make a good line of very low-priced spoons and forks. Prices as follows:

Tea Spoons, large, dozen, 60c; postage, 8c
Dessert Spoons, per 1/2 dozen, 60c; " 9c
Table Spoons, " 1/2 " 60c; " 10c
Table Forks, " 1/2 " 60c; " 10c

NEW VICTORIA SILVER

New Victoria Silver is simply a trade name given to nickel silver by the manufacturers. It makes a splendid line of spoons and forks, fully guaranteed by us and by the makers. It wears well, and of course, not being plated can never wear any but a silver white color. It makes probably the best line of goods for everyday use by most people. Every piece guaranteed. For years we have sold this ware, and every piece has given good satisfaction. Prices as follows:

Tea Spoons, med. size, doz., 60c; postage, 8c

SHARP YOUR RAZOR

If you have, in your possession, a hollow ground razor, of any manufacture, that needs honing or sharpening, we can do that work for you in a first-class manner. It will be done by a skilled mechanic, a first-class cutter. Put your name and address on the razor, enclose 25c, and send both razor and money to us by mail. It will be promptly honed and returned by post to you (we paying the return postage), and it will be done in a manner that will be a credit to us. Be very careful to write your name and address on a piece of paper and enclose it with the razor and the 25c, that we may know at once from whom it comes.

50c Razor—A White-handled, Concave or Hollow Ground Razor, fairly good quality. Price 50c each; postage 4c extra.

England's Finest Razor.

\$1 Razor—We have a great Bargain to offer in Razors at \$1 each. This Razor at \$1 was made for the finest United States trade, and was intended to retail at \$3 each, but owing to trade depression it was found necessary to put them on the market at a greatly reduced price, and we were fortunate to secure a large lot of them. It is, in reality, a \$3 Razor that we are offering for \$1 each, or \$10 in full dozen lots. These Razors were made in England, and ground by the finest cutlers in the world, in Germany. If you want a good razor, send us \$1 and we will deliver one of these fine articles, postage paid, at your postoffice. Order round point or sharp point.

This is the razor we blow so much about in this catalogue, and its a good one. We could, if we had room, print hundreds of testimonials about these razors from our customers in the past who are constantly using these splendid articles.

Kitchen Reflector Lamp.

No. 8—Kitchen Reflector Lamp, to hang up or to stand, with large common lamp chimney and large burner, and very large coal oil reservoir. Bull's eye reflector, 11 1/4 in. in diameter. This lamp throws a strong, bright light, and is very useful in a kitchen or outhouse where the wind cannot reach it. Price complete, 75c.

Doctor's Reflector Lamp

No. 9 The illustration, we regret, does not show this splendid article as well as it might. The improved article as we now sell it is a large cold blast lantern built into a huge reflector, and all nicely japanned. The wind cannot possibly blow it out. The light is strong, and the big reflector is very powerful. The burner is the new improved shut-off pattern. The wick cannot be turned down into the reservoir. The reservoir is very large and the burner is made for coal oil only. Diameter of reflector is 12 inches. Price, all complete, \$2 each. This reflector lamp is well adapted for doctor's, farmer's, livery stable use, or any other similar work. It is made to hang or stand, or can be carried in the hand by a heavy wire handle on the top.

Cobble Hill, B. C., June, 19. J.

Messrs. Stanley Mills & Co., Hamilton, Ont.:

Gentlemen,—The Parlor Organ arrived on May 19th in first-class condition. We are very much pleased with it. In design, finish and tone it certainly is an A 1 instrument and is a credit to your firm as well as the Goderich Organ Company.

There is another party in this locality who may place an order with you for a similar instrument in the near future.—Very respectfully yours. J. J. DOUGAN.

THE NEW IMPROVED MEAT CUTTER

The New Improved Meat Cutter, or Sausage Machine, is taking the place of all the old kinds. Their chief feature is the extreme simplicity of construction. There are no knives to break, the cutting being done by the contact of the revolving cutter with the cutting edges on the inside of the machine. The more it is used the sharper it gets. For family purposes, or for shop purposes, these machines are first-class. They cut fast and clean, and do the work easy. Every part of machine is easily reached to clean it, and nothing can get out of order or break.

CREAM SEPARATORS

Cream Separators need very little introduction from us. As every farmer knows, they are machines used to separate the cream from the milk, while fresh from the cow. More cream and consequently more butter is obtained from the milk by the use of a cream separator, besides a great many other advantages. Any farmer who milks 20 or more cows should possess

a cream separator. The great saving will soon pay the cost of the machine. The Separators we handle are conceded to be the very best on the market. They are perfectly constructed and fully guaranteed by the makers to give the best of satisfaction. Write us if you have an idea of purchasing a Separator. The chief features of this Separator are simplicity, ease of cleaning, ease of operation, durability, capacity, capacious milk tank, superior workmanship, increased yield of butter, saving of time and labor, only four parts to clean.

- Size No. 1, \$65**—Hand power, capacity 250 lbs. of milk an hour, for small or medium size dairies. Price \$65, complete.
- Size No. 2, \$90**—Hand power, capacity 350 to 400 lbs an hour. Price \$90, complete.
- Size No. 3, \$125**—Power Separator, capacity 650 lbs. an hour, for large dairies with light power, fitted with ratchet pulley and speed indicator. Price, complete, \$125.

BARREL CHURNS

It has long since been fully demonstrated that a revolving barrel churn is the correct churn. It makes butter without breaking the grain, and thus produces butter with the best of keeping qualities. Made of very best seasoned wood, with galvanized iron parts, the cover cork fitted, solid galvanized iron stand, with greatly improved handle bar. Each churn is centered and hangs on hardened steel ball bearings like a bicycle.

CLOTHES WRINGERS

We handle none but the best quality. Please do not compare our prices for these articles with the cheap American Mud-Rubber wringers, so many of which, we are sorry to say, are to be found for sale in Canada.

Eureka Wringer—The two springs are very strong and powerful ones, and are made of the very best quality of spring steel, the clamp tightener will fit any tub or washing machine. Clamps galvanized, springs japanned. The rolls are all 1 1/2 inch and of the best quality solid white rubber. Eureka Wringer, 10 inch rolls, each \$2.25. Eureka Wringer, 11 inch rolls, each \$2.50.

Royal Canadian Wringer, Dowsell Bros. make, polished wood frame, 2 set screws, size of rubber rolls, 1 1/2 x 11 inches. Price \$2.25 each.

THE MAPLE LEAF WRINGER

The frame is of highly polished and well finished wood, double geared with cogs at each end of each roller, all metal parts galvanized, flat steel spring of best quality, metal bearings, lock nut on handles, made only in one size with 1 1/2 x 11 inch best solid white rubber rolls. One of the best improvements on the Maple Leaf Wringer is the Patent Cam Fastener, by means of which it is promptly and easily fastened secure to any tub or washing machine by simply forcing down the wet clothes apron of the wringer. It is done in a moment, and done so easily and nicely that the improvement at once became very popular, and has, ever since its invention, held its own against all other wringer improvements for this purpose. No clamps to screw and destroy the soft wood of a tub, only one simple move and your wringer is tight and ready to work. Price of Maple Leaf Wringer is \$2.75 each.

There are no others "just as good." Remember that and you make no mistake.

England's Finest Razor, regular price of which is \$3, can be purchased of us for only \$1. If not satisfactory, you may promptly return it to us and we will refund your money.

BALL BEARING WRINGERS

Showing our Maple Leaf Washing Machine ready to receive the soiled clothing. A practical machine at a popular price, \$3.50

The illustrations speak for themselves. We have made and sold these machines for years, and every one who has purchased them is delighted. They do good work, and do it easily. Every washer stands on four legs at a convenient height, these legs being removed for shipment, and the body crated. Size of body of Maple Leaf Washer is 32 inches long, 18 inches wide, 14 inches deep. Each machine is beautifully finished grained and varnish, and when ready for shipment weighs 50 lbs. Any ordinary clothes wringer may be attached and used in connection with the Maple Leaf Washer.

Only those persons who use one of these washers can fully appreciate their value.

These Maple Leaf Washers need no testimonials. Thousands of them are in use, and the sales are increasing all the time

Maple Leaf Wash Bench—

This is one of the best things ever made. It is a folding tub stand, wash bench and wringer holder. The tub benches, when not in use, fold upright out of the way. Any clothes wringer will fit on the top just above the reversible drip board.

This picture shows one of the Maple Leaf Wash Benches on wash day. They are made strong, of hard wood, and well finished. Price of these Wash Benches as shown in the first picture, is only \$1.25 each, or \$12 dozen.

One of our Maple Leaf Wringers and one of our Maple Leaf Wash Benches, used together, make a strong combination. When purchased together the price is only \$3.75.

Cook Stoves

-Style No. 1—For wood only. Length of fire box, 26 inches; size of oven, 22 inches; weight without reservoir, about 300 lbs.; weight with heavy copper reservoir, 330 lbs. Price without reservoir, \$18; price with reservoir, \$22.50. Our style No. 1 stove makes a splendid cook stove for a small sized family. It has a good sized fire box and oven, and is a good cooker.

The "Stanley Mills" Wood Cook Stove

This stove is made specially for us. It is, in reality, one of Hamilton's best Cook Stoves, and bears our name at our request. Under another name, it is one of the best known cook stoves made in Canada. The illustration is not quite accurate, but will serve to show the general appearance of the stove. It has a steel oven, roomy fire box, new patent fire box grate, improved oven doors, heavy solid copper reservoir, two dampers, stands on a base, and is in every particular a first-class modern cook stove. It is a grand stove and a good cooker, and will not fail to give the best of satisfaction.

CROCKERY DEPARTMENT

In this department, which is one of the most complete of its kind in Canada, will be found an attractive assortment of Dinner, Tea and Chamber Sets, all very desirable goods from the best English, French, German and American manufacturers.

Nearly all of our everyday table dishes are from the celebrated potteries of Messrs. Johoson Bros., of Hanley, in Staffordshire, England, who are considered the finest makers of semi-porcelain dishes in England. The body color of their ware is of the purest white and the prints or decorations are clear and distinct. We feel that our customers will be well pleased with the goods from this department. We pack all crockery, china and glassware very carefully, and all pieces are guaranteed sound and perfect when they leave our hands. We are not responsible for breakages during transit of this line of goods. Our special packing has, however, reduced the risk of breakage to a minimum.

DINNER SETS

Below we give some of our best selling lines of Dinner Ware. We find by experience that the most popular set is composed of a combination Dinner and Tea Set, of 97 pieces, as follows: 12 Tea Plates, 12 Dinner Plates, 12 Soup Plates, 12 Fruit Saucers, 12 Cups and Saucers, 2 Platters, 12 Butter Pats, 2 Covered Dishes, 1 Gravy Boat, 1 Sugar Bowl, 1 Teapot, 1 Cream Pitcher, 1 Bowl.

No. 10, Price \$5.00—97 Piece Combination Dinner and Tea Set, in pure white (Johnson Bros.' make). Price \$5.00 per set. We find that a great number of people like the plain white ware, as it always looks nice, and is easily matched.

No. 12, Price \$5.50—97 Piece Combination Dinner and Tea Set, a very pretty pattern in green or blue. This is the best value in Canada for the money to-day, as the quality is first-class every way. It is only by buying in large quantities direct from the maker that we are in a position to offer such value.

No. 16, Price \$6.50—97 Piece Combination Dinner and Tea Set, a very pretty Blue or Grey Pattern, and one of our most popular sellers (Johnson Bros.' make).

No. 14, Price \$6.50—Same as No. 16, only in brown pattern.

No. 18, Price \$7.50—97 Piece Combination Dinner and Tea Set, made from Johnson Bros.' finest English Porcelain, printed with a very pretty color of green on entirely new shapes this season.

DINNER SETS—Continued.

No. 20, Price \$8.00—97 Piece Combination Dinner and Tea Set (Johnson Bros.' make). Printed with the new Mulberry Blue Pattern on the new Queen shape. Very effective and pretty.

No. 22, Price \$8.50—97 Piece Combination Dinner and Tea Set, printed in Green similar to Set No. 18, only having Gold lines. This makes one of the prettiest combinations we have seen. This we have in sets only.

No. 24, Price \$10.00—97 Piece Combination Dinner and Tea Set, printed with a very pretty Delicate Pink Flower on the very finest of English Porcelain. The pattern is thoroughly enamelled and burnt on, and warranted never to wear off. It is also very prettily stippled with gold. The shapes are the very newest designs. We have strained a point to put this set in at \$10, and we feel that our customers will appreciate this fact.

We have also in stock a full line of French, German, and Austrian China Dinner Sets, ranging in price from \$15 to \$30 per set.

Stereoscope Views

We carry an enormous stock of Stereoscopic Views. These views are assorted comic, picturesque, sporting, architectural, foreign and

domestic subjects. We sell them only in lots of our own selection as to subjects, allowing our customer a choice as to preference of subject. As our stock is constantly changing we do not issue any printed list.

The postage on one view is 1c; on 12 views, 8c; on 25 views, 15c extra.

Grade No. 3—Stereoscopic Views, assorted subjects, cheapest grade of pictures, on strong card mounting. Price 25c per dozen, or 50 views for \$1.

Grade No. 2—Stereoscopic Views, well selected assorted subjects, a good medium grade of picture, mounted on good card. Price 50c per dozen, or 25 views for \$1. This No. 2 grade of view is probably the best general grade to order. Every photograph is well and clearly shown.

Grade No. 1—Stereoscopic Views, finest choice selected grade, very artistic, clear and distinct, and beautifully mounted on the very best card, price 10c each, \$1 for 12

Grade No. 1, Colored—Stereoscopic Views, finest selected grade of pictures, all artistically hand tinted, beautiful effect. Choice subjects only. Price 20c each, or 6 for \$1.

Niagara Falls Views

We make a speciality of fine specially selected views of Niagara Falls for stereoscopes. These views are as good as can be manufactured. Photo finish, 10c each; hand tinted and colored, 20c each.

Religious views, hand tinted, the Life of Christ, 12 set series, \$1; 24 set series, \$2 per set

PHOTOGRAPHS

Niagara Series—Finely executed cabinet photographs of Niagara Falls, beautifully mounted on card. This series of pictures will show you the world's greatest water fall in all its glory, both winter and summer scenes. It is instructive and artistic. The entire set consists of 12 pictures, price, per set of 12, only \$1; or each picture separately at 10c each. Postage on set, 15c

STEREOSCOPES

We have a large assortment of stereoscopes. The variety is too great to describe here. The prices range according to quality of

glass and finish of the instrument, some being in cherry, mahogany, walnut, bird's eye maple, rosewood and tulip. All but the cheapest one are velvet bound, thus excluding the light from the eyes. All have hinged or folding handles and good lenses. The higher priced ones have, of course, the best lenses. Prices are 30c, 40c, 50c, 65c, 75c, \$1, \$1.50 and \$1.75 each.

Combination Stereo-Graphoscope

This article may be used for looking at ordinary photographs or pictures of any kind as well as stereoscopic views. The lenses are very powerful. The stereoscope lenses are 1 1/2 inches, and graphoscope lens is 4 inches in diameter. The stand, base and scope are all highly polished and beautifully finished. Each instrument is folded and packed separately in a card box. Price \$2.50; postage, 25c.

Reading Glasses, powerful lenses, metallic frame, black enamelled handles, 2 inch glass, 25c; 3 inch glass, 50c; 3 1/2 inch, 75c

No. 1—Magnifying Glasses or Microscopes, circular lenses, metal bound, very strong powerful glasses, prices 25c and 50c each; postage, 5c.

No. 3—Scholars' Pocket Folding Magnifying Glasses, 25c, 50c each; postage 5c

No. 4—Mounted Microscopes, European manufacture, fine finished laquered brass stands, with adjusting mirror light and adjusting sliding lense holder, powerful glasses, all neatly packed in polished wood box, with subject pincers and sample of mounted subject. Price, \$1.75; postage 15c.

No. 5—Large Mounted Microscopes, finest lenses and mountings, each packed in polished wood box, \$2.50, \$4.00, \$5.00 and \$7.50 each.

TELESCOPES

Telescopes, long distance instruments, finest French manufacture, solid brass trimmed and pebble leather covered, all in heavy black telescope case. These instruments are in 4 compartments and no care is spared in their manufacture. In a picture they look like the 99c telescopes of card board and window glass so extensively advertised in the United States journals, but in reality they are as different as night is from day. Please don't confound them with the U. S. article. Our lowest priced one measures 17 open and 6 inches closed, and has very strong lenses all through the instrument, price \$2.50 each; postage 25c. We also carry larger telescopes in stock, price \$3, \$4 and \$5 each.

Opera Glasses

According to power of lenses and finish of mounting, \$1.50, \$2, \$2.50 each.

Field Glasses

Very powerful lenses, adjustable focus handsomely mounted and cased. Prices vary according

to power, \$6, \$7 and \$8 each.

SPECTACLES

If you follow our directions you should have no difficulty in selecting glasses that will suit your eyes. We will exchange them if they do not suit your eyes. If you should have occasion to mail back to us a pair of spectacles, always put your name and address in with them, that we may know from whom they come. Then write us a post card saying if you would like stronger ones or weaker ones in their place. We do not allow spectacles to be worn a while and then exchanged. We pay the postage on the first pair you order. If you exchange them send us 5c for return postage.

Test Types for Old Sight

Hold the Test Types at natural reading distance from the eyes, and in a good light select the smallest type legible with your naked eyes. Note the number of that line. Now order a pair of glasses about two numbers stronger. For instance, if No. 18 line is the smallest type you can read, then order a pair of No. 15 spectacles, and you will find them about right.

Discounts on Large Orders

When making up an order for us, study our discounts as given on the first inside cover page. The larger the order you send us, the better discount you earn.

On orders between \$25 and \$50 we allow 2 per cent. discount.

On orders between \$50 and \$100 we allow 4 per cent. discount.

On orders over \$100 we allow 6 per cent.

The discounts apply to every article (with-out exception) in this catalogue. The full amount of the order must be sent, and we will return the discount with the invoice. We are the only reliable Letter Order House in Canada offering inducements to bring out good orders. It will pay you to study this matter. Remember if your order reaches \$100 we will refund you \$6, and that goes a long way towards paying your freight. If you cannot reach that amount yourself, perhaps your neighbor would like to join with you and send a club order, and earn the 6 per cent. discount in that way.

PARLOR AND CABINET ORGANS

EVERY instrument we sell is made by the well-known Goderich Organ Company and is fully guaranteed for five years. The organ cases are made from the best seasoned wood, thus insuring best wearing qualities and a fine finish. They are made throughout by hand by the very best of skilled cabinet makers. The actions are the BEST only. When we sell one organ we want to sell others in the same locality. We aim to sell a good instrument at a low price to spot cash buyers. All our instruments are designed and constructed specially for us, and organs exactly like ours can only be ordered through us. The price of each organ includes an Instruction Book. Organs are shipped as first-class freight. If you wish any further information write to us.

PIANOS

The tone and touch, two very important things, of our Pianos cannot be excelled. Believing that the price of pianos, sold in the usual very expensive way, through agents and on long credit, does not represent the real value of an instrument, we offer to those persons who can pay the spot cash in advance and who can trust us to send them only a first-class instrument, pianos at prices which represent the REAL value of a piano. We sell only first-class instruments, made by one of the best manufacturers of pianofortes in Canada, every instrument being guaranteed for 5 years by the maker. The shipping weight of a piano is from 800 to 900 lbs, first-class freight.

Upright Grand Piano, Style No. 1, \$140

For a very low priced piano this style No. 1 excels anything we have yet seen in the line of pianos. The action of this instrument is one of the very best, and the case is walnut finished. Height, 4 ft. 9 inches; width, 5 ft. 3 inches; 7½ octave, ivory keys, Boston fall board, 3 pedals, a full sized instrument, full length music rack, handsomely carved. The action is good and the case is not an expensive one. Price with an instruction book and a stool only \$140, and being over \$100, the order would be subject to 6 per cent discount, thus netting \$131.60 for a regular \$250 piano sold in the old way.

Upright Grand Piano, Style No. 2, \$160

This makes one of the handsomest instruments manufactured. Height, 4 ft. ¼ inches; width, 5 ft. 1 in; full scale, 7½ octaves; double veneered in burl walnut, engraved panels, very handsomely designed trusses, tricolor, overstring bass, compound sectional wrestplank, metal plate, repeating action, continuous hinge, 3 pedals, Boston fall board, etc. A very handsome piano, beautifully finished in every detail. Our price, with stool and book, only \$160. Agents sell this piano from \$275 to \$350.

Upright Piano, Style No. 3, \$190

To this instrument we direct your careful attention. Our price is \$190, subject to 6 per cent discount, terms cash with the order, while agents sell the very same instrument, under old methods, for \$350, or nearly double our price. If you are a cash buyer, why throw away the difference. Height, 4 ft. 9 inches; width, 5 ft. 3 inches; 7½ octaves, 3 pedals. The entire action of this instrument is of the very best and includes all recent improvements in pianos. The case is a new design, a very handsome full-sized instrument with Boston fall, and double veneered in

Burl walnut. Panels, etc., handsomely carved in good taste with the rest of the instrument. This piano is a good one to purchase. Everything about it is good. Tone, touch, durability and finish all that can be desired. Price only \$190, with our best piano chair stool and book.

Upright Grand Piano, Style No. 4, \$235

The action of this piano is much the same as in our style No. 3. The size and general description is the same. The difference in price is largely in the magnificently designed and finished case. It is in double veneered burl walnut, elaborately hand carved wherever in keeping with good taste. No handsomer piano is made. Our price is \$235, including our best piano chair stool and instruction book. A regular \$400 instrument for only \$235.

**OVERHAULED
SECOND-HAND PIANOS,
\$100 EACH**

Piano manufacturers always have on hand pianos of various makes which have been taken in exchange for a new piano. These instruments are thoroughly overhauled in the factory before being offered for sale. If any of our customers wish to commission us to purchase one of these instruments we are at their service. These pianos are nearly always to be had and will be selected personally by ourselves. For \$100 net price we can purchase the best of them. We do not care to purchase any at a less price than \$100, but at that figure we can always obtain a good instrument. If you are interested, then send us \$100 and tell us to use our own judgment in the selection. We will do our best for you.

THE THREE BEST FRIENDS OF HUMANITY

First Friend

Dr. Williams' Pink Pills for Pale People cure all nervous diseases, Locomotor Ataxy, Paralysis, Rheumatism, Sciatica, Headache, all Female Weaknesses, Pale and Sallow Complexions, all diseases arising from Mental Worry, Overwork, Excess, Decay, etc. See inside wrapper around each box.

The regular price in all drug stores of Dr. Williams' Pink Pills for Pale People is 50c per box, while our price is only 35c per box, or 3 boxes for \$1, postpaid. Warranted the genuine article.

Second Friend

Dr. Walker's Century Blood Pills, for all diseases of the human system which can be reached through the blood. These Pills are so well known throughout all Canada that we need say but very little about them here. Pur-Blood is the mainstay of the human body. If the blood is not in good order these diseases and disorders come to the surface in various ways and in various places in the system. Feed the blood and these diseases promptly disappear. Nervousness, Rheumatism, Paralysis, Headache, Pale Complexions, General Weakness, all announce themselves in different ways, but all may be easily cured by and through the blood. There are very few persons, male or female, who do not at times feel that they need some concentrated form of blood strengthening medicine.

Dr. Walker's Century Blood Pills contain the necessary ingredients to cure all these diseases, acting through nature's channel, the blood. Four boxes of Dr. Walker's Century Blood Pills will be sent to any address upon receipt of \$1.

Third Friend

Dodd's Kidney Pills, as their name implies, act directly upon the kidneys. Bright's disease may be caused by exposure to dampness or cold, or by excesses in eating or drinking. The manufacturers of Dodd's Kidney Pills claim theirs is the only remedy that will cure Bright's disease. Bright's disease, Dropsy, Diabetes and Backache are much in the same class, and all may be relieved by the use of Dodd's Kidney Pills. There are also many cases of Heart Disease which may obtain relief from these same pills. Dodd's Kidney Pills, 35c per box, 3 boxes for \$1, postpaid.

IN THE WATCH DEPARTMENT

We send watches by registered mail, post-paid, at these prices, to any place in Canada. The prices are right, and we can recommend the goods as first-class. We avoid all unreliable makers of watches, and confine ourselves almost exclusively to the well-known and old reliable Waltham Manufacturing Co. If you wish, we will quote you for any particular Waltham movement that is not in our catalogue. We will undertake engraving for presentations and will quote price for same on application. We handle only the Genuine Waltham Watches.

Dollar Watches

Yankee Dollar Watch, in nickel case, by Ingersoll & Co., advertised extensively in all magazines and journals. A remarkable watch for the money, but not at all reliable. Price \$1, postpaid.

BOYS' WATCHES

This watch is a regular size, dust proof case, fitted with a reliable American movement. It is a good time-keeper, is stem-winding, lever set, can be regulated thoroughly to run true time. It is a remarkable watch

and one of the best low-priced watches we have ever seen. Just the thing for boys. Price only \$2 postpaid, with a steel chain.

YOUNG MAN'S WATCH

**WE DO
WATCH
REPAIRING**

A great many of our customers may not be within convenient distance of a watchmaker, and for their special benefit we have established a Watch Repairing Department. If you have a watch (of any make) that needs cleaning, or has a broken main spring, or from any other cause the watch needs repairing, then we are prepared to repair it in a first-class manner. The man whom we employ for this work is engaged constantly in repairing watches, and is a superior mechanic. We cannot say what the cost of such repairs will be until we see the watch, but we guarantee to do it good, and do it reasonable.

Send the watch to us by registered mail, putting your name and address on the parcel, so that we may know from whom it comes, and along with the watch send us \$2. Then write us a letter saying that you have sent a watch. Don't send your letter in with the watch, as it is against the rules of the post-office. Only put your name and address on the parcel. We will repair your watch as reasonably as we can, and return the change to you with the watch (per registered mail) in due time. Very few watches will require \$2 to repair them, but we have fixed on that amount to send to us to make sure, and, besides, the return postage, which is about 15c, will also be taken out of the \$2. Try this simple method of having your watch repaired.

**Solid Gold
WEDDING RINGS**

Doing a cash business means much. It means that we can name lower prices than those who sell on credit. The merchant who does a strictly cash business, and does it right in other respects, has a very great advantage over those who accept I O U's.

Silverware, Fan y Goods or other Wedding Presents

If you wish to send your friend a present, a selection from our stock, we will gladly send it direct from here. In such cases we will, with pleasure, enclose a card stating who it is from, and if you send sufficient money we can prepay the charges for you.

WALL PAPER DEPARTMENT

Our stock includes the choicest patterns of both Canadian and American manufacture. We do not handle any cheap grades of wall paper. We do not think it pays any one to waste their time putting it on a wall, for the sake of saving say 20c on a room, hence we avoid all 3c and 4c papers. The higher the price you pay per roll for wall paper, just so much better satisfaction you will receive.

How to Measure a Room

A single roll of paper is 7½ yards long, a double roll 15 yards long, both 18 inches wide. Ingrain papers are same length, but 30 inches wide.

To find the number of single rolls required, multiply the distance around the room by the height, taking out 20 sq. feet for each door and window, then divide by 30 to find the number of single rolls required. For ceilings multiply length by width and divide by 30 in same way.

For ingrain papers (30 inches wide) divide by 60 (instead of 30) to arrive at number of single rolls required.

All papers are sold at so much per single roll, but are put up in double rolls so as to cut to better advantage.

We do not send samples of Wall Papers, as small pieces cannot give any good idea of how a room will look when finished. When ordering paper always state what room the paper is wanted for, giving the price of paper as a guide, and our wall paper department clerks will select the very best.

Parlor and Dining Rooms

We make a specialty of papers for these rooms. The designs are floral and conventional in all the newest colorings, making complete combinations of wall, border and ceiling papers, all in good taste. The prices of wall and ceiling papers are 8, 10, 12½, 15 and 20c per single roll. The 18 inch borders to match are 5, 6, 7, 8 and 10c per yard. The 9 inch borders are 2½, 3, 4, 5 and 7c per yd.

Hall Papers

A full assortment of the most popular designs for halls in glimmers and gilts, with suitable colorings in crimson, greens, terra cotta and creams. Wall and ceiling papers, 8, 10, 12½, 15 and 20c per single roll. The 18 inch borders to match are 5, 6, 7, 8 and 10c per yard. The 9 inch borders, 2½, 3, 4 and 5c.

Kitchen Papers

Kitchen Papers, floral and block designs, in light or dark shades, all of the newest and most popular papers, with 6 or 9 inch borders to match. Prices of Kitchen Papers, 5, 6, 8 and 10c per single roll. Price of borders, 2, 2½, 3 and 4c per yard.

Bedroom Papers

Here again we are very strong. The choicest new designs for bedrooms are here. Gilts and glimmers in white, blue, pink and cream colored grounds, making complete and very attractive combinations of wall, ceiling and borders, all in the best taste. Bedroom wall and ceiling papers at 5, 6, 8, 10 and 12½c per single roll. Borders to match at 2, 2½, 3, 4 and 5c per yard.

Ingrain Papers

All Ingrain Papers are 30 inches wide. Colors are terra cotta, greens, crimson, blues, pink, creams and straw color. All colors of Ingrain Papers are 15c per single roll, except the crimson, which is 25c per single roll.

Beautiful Ceiling Papers, 18 inches wide, to match any color of Ingrain Wall Paper are 25c per single roll.

Borders to match any Ingrain Papers are 12½c per yard for the 18 inch, and 5c per yard for the 9 inch borders.

Ingrain Papers may be used, with good taste, in any room in the house.

Room Mouldings

We stock a very extensive assortment of Room or Picture Mouldings, in the newest colorings to match all wall papers. Prices, 2½, 3, 4 and 5c per foot, according to width. For price of moulding hooks see Hardware.

THE CANDY DEPARTMENT

This is one of the most active departments in this great warehouse. Hence you may look for and expect fresh goods only. Boy's Own Annual

A marvellously instructive book for boys who are from 8 to 14 years of age. Heavy card cover, thoroughly well bound, contains many illustrations and stories of the right kind to instruct and amuse boys. Price \$1.75 each; postage 18c extra.

Girl's Own Annual

This book is not so well known as the Boy's Own Annual, but nevertheless is as equally instructive and entertaining for girls as the other is for boys. It is bound in the same manner and makes a splendid present. Price \$1.75; postage 18c extra.

MEN'S CLOTHING DEPARTMENT

Fill in the form below, giving every detail, do not allow for ease or looseness; be as exact as possible and we will do the rest. Cut this measurement form from the catalogue and mail it to us with the order. Do not ask for samples, we do not send them. Every garment is fully described under its respective number, and therefore samples would be a source of useless expense. We want your custom, not only for this season but for years to come, therefore we want your confidence now.

Hamilton, Ontario.

Hamilton, Ontario, is the very centre of the Clothing Trade of Canada. There are over 3,000 people in Hamilton engaged constantly in manufacturing Men's Clothing. No wonder that the British Government, during the late South African war, placed very large contracts with Hamilton manufacturers for soldiers' clothing. These contracts were carried out satisfactorily and in good time.

12—Men's 1 Finger Unlined Mitts, extra length, 35c.

MEN'S OVERDRAW MITTS

Overdraw Leather Mitts are becoming more popular each season. They are made large in the thumbs and roomy in the hands, and are made with elastic wrist bands, which is not shown in our illustration. They are used to draw right over heavy woolen mitts.

27—Men's Overdraw Mitts, made of best oil tan Sarnac leather, welted seams, elastic bands, 50c.

28X—Men's Overdraw Mitts, best selected waterproof calf skin stock, very wide palms, large thumbs, splendid to wear, welted seams, elastic bands, extra long, \$1.00. A grand good mitt.

29X—Men's Overdraw Mitts, extra choice water proof California buckskin leather, very soft and pliable, large and roomy in every part, elastic wrist bands, welted seams, etc., one of the best of all mitts, \$1.25 per pair.

Note—We hardly know which of the above 2 lines of mittens (No. 28 or No. 29) to recommend most, they are both so good. Either should be used along with our No. 4X or No. 5X woolen mittens. Ontario farmers should perhaps buy the No. 28X and No. 4X mitts, while Northwest farmers would do well to buy the No. 29X and 5X combination.

When ordering Gloves or Mitts always say whether it is large, medium or a small size wanted.

MEN'S FUR COATS

For this season we offer some remarkably good values in Fur Coats. When ordering give chest measurement over your ordinary clothing. Each coat is double-breasted, and by slight alterations in the positions of the buttons it is not difficult to make a fur coat fit. They are generally worn large and roomy. Each coat has a high storm collar, and, of course, outside and inside pockets. All are full length man's size, 50 inches from under the collar downwards, and are exceedingly comfortable.

We have selected for this season only three varieties of Fur Coats, and have given very special attention to the selection of these three. Each of the three lines is made from the natural pelt, that in itself means durability. We can recommend any of the three, but naturally would prefer to sell our best, which is the Siberian Buffalo.

BLACK CHINESE DOG COATS, \$16

Men's Black Chinese Dog Overcoats, made of extra strong pelt, smooth hair and glossy, double-breasted, with high storm collar. A remarkably good coat for the money. A good color, a well made and a well lined coat, and a cheap one. Each is made with good quilted lining, and has a wide heavy fur collar which may be turned up high around the neck and ears in a storm. Sizes we carry in stock are 40, 42, 44, 46 and 48 inch chest measure. Length 50 inches. Price only \$16.00.

WOMBAT FUR COATS, \$18

Men's best Wombat or Australian Bear Fur Coats, color brown with silver gray spots as illustrated. Fur very close and fine. A good wearing fur, and very warm. Storm collar, double-breasted, quilted lining throughout, good length (50 inches), medium weight, natural pelt (undyed.) Sizes we carry in stock are 40, 42, 44, 46 and 48 chest measure. Price only \$18.00 each. The Australian Bear Fur Coats have now been on this market quite a few years and proven themselves to be well suited for this country. They have met with a large sale, and are giving good satisfaction.

SIBERIAN BUFFALO FUR COATS, \$20

It is to this coat we draw your particular attention. The color is the same as the well known American Buffalo skins, now extinct, viz., a rich deep brown. The pelt is natural and not dyed. Each coat is 50 inches long, double breasted, and is provided with the usual high storm collar. The lining is good, and is quilted throughout. We feel we cannot recommend this coat too strongly. For several seasons now we have sold the same line of coats, and never have we sold more satisfactory goods. **They wear well and look well, the rich brown becomes everybody, and the price is so little more than a poorer coat that we say by all means strain a point when selecting a fur coat, and buy one of these Siberian Buffalo Coats.** Sizes in stock are 40, 42, 44, 46 and 48 inch chest measurement. Price \$20 each. A fur coat is something that is not purchased often in a life time, and it pays to get the best.

As already stated above, we have been selling these Siberian Buffalo Fur Coats for several seasons past, and with great success. Reports from everywhere indicate that this is one of the very best furs from which to make Men's Fur Overcoats. Their handsome brown color and their great durability make them very desirable coats.

MEN'S FUR CAPS

There are two patterns of fur caps—one with a band, known as a band cap, and the other without band, and known as the wedge shape.

To get at the size of the cap required, pass a piece of paper about 1 inch wide around your head at the largest place, and send us the paper with your order, being careful to write your name and address on the paper.

The postage on any cap is 12c extra.

AMERICAN BUFFALO ROBES

These robes are not animal skins. They are made of very heavy woven fabric, which in appearance is very similar to the old Buffalo skin of the prairies (now extinct.) The color is a rich, deep brown. In the U. S. these robes have been in use for many years, and, owing to their durability and handsome appearance, they have come to stay. They give the greatest satisfaction. Between the lining and the robe is a heavy rubber sheet, which makes the article windproof and waterproof. They are as strong as any leather, handsome, soft and pliable, warmer than a skin robe, and are easily dried after being wet. Made in dark brown color, suitably trimmed and lined with best blanket lining, and the inside rubber lining already mentioned. Made in 3 sizes:

American Buffalo Robes, 52 x 54 ins., \$7.00.

American Buffalo Robes, 62 x 54 ins., \$8.00.

American Buffalo Robes, 72 x 54 ins., \$9.00.

WINDOW BLINDS

VERY SPECIAL BARGAINS

In a very large business, such as this is, there are always certain articles in almost every department which for some reason have not been sold as promptly as we expected. It has always been our policy to turn such goods into money regardless of cost. Then again manufacturers sometimes offer us special goods at special prices in order to clean out entire lines of stock. These and other reasons form our excuse for offering the goods under the above heading. In each instance the quantity of the article on hand is limited, and if all are sold out when your order arrives then your money will be promptly refunded. We do not substitute. Order by catalogue number.

Bargain No. 1

We have on hand a number of handsomely framed pictures, which have not sold as well as they should have sold. We offer these pictures at about one-half their original price. Give second and third choice as quantity is very limited.

No. 2—Carpet Samples, purchased from a well-known carpet factory. These were samples carried by their commercial travellers so as to show the patterns.

The size of each piece is 18 x 36 inches, and each has selvege edge all around it. These samples are just splendid for floor or door mats. The colors and patterns vary a great deal. Price only 10c each, 6 for 50c, and they are a great bargain.

No. 3—Reflector Lamp, all complete with burner, wick, chimney and reflector. This is a glass lamp set into a hanging tin case with reflector. It makes a good lamp for either a kitchen or a bedroom. It may be carried about by the handle, or it may be hung up on a nail. Price all complete, only 25c, worth twice the money.

No. 4—French Telescopes, only 24 of them. We bought them cheap and will sell them cheap. Length 5 inches, draws out to 14 inches; made of best lacquered brass and best French lenses, all in neat card case. The body of the telescope is leather covered. Price only 90c each, postage 15c.

We stock all colors of the well known Diamond Dyes. With these dyes, each package of which contains full directions for use, you can beautify your home in a great many ways. Price 9c per package or 6 for 10c.

No. 5—Fancy Glass Ornamental Vases. These were made in Austria. The makers, by mistake, were too many. The designs are beautiful and varied. The height of each is from 8 to 10 inches.

Regular price 25c each; until all are sold our price will be 3 for 25c, a bargain we never hope to repeat.

No. 6—Crystal Glass Vinegar Jugs with glass stopper, a very handsome design, standing about 7 inches over all. A bargain if ever there was a bargain. Regular price 25c; special bargain price only 10c each.

No. 7—Circular Curry Comb, made of flat spring steel, with teeth on one side. The handle may be turned and the comb reversed, so as to make a sweat scraper. A strong article and a dirt cheap bargain. Price 5 for 25c, worth regularly 15c or 20c each.

No. 8—A large manufacturer said he had about 50 dozen Solid Steel Adze Eye Nail Hammers on hand which had been accumulating for some time. These were hammers that had some slight imperfection which their inspector refused to pass. These imperfections do not in any way whatever effect the quality of the material, and for all practical purposes are as good as our best hammers. We bought the lot. There are several different weights, but all are of the best steel, and all have the well-known adze eye. They are worth regularly from 40c to 65c each. Our special bargain price is only 25c each. Be sure you order one or two of these Carpenters' Nail Hammers.

No. 9—Here's another snap. A certain tack factory made a mistake when they put tacks up in this way. They didn't sell for some reason. It reduced the price to a ridiculous figure, offered them to us and here they are. There are six papers of tacks in a very neat

card box. Five of the papers are filled with regular carpet tacks of the very best sizes, the sixth contains 1 oz. Window Blind Tacks. The box with the 6 papers in it was made to sell at 25c. Our price is only 10c for the entire box, or 1 dozen boxes for an even dollar.

No. 10—Tinsmith's Snips, very handy for any person, in fact every house ought to possess such an article. Used for cutting sheet tin, sheet zinc, sheet iron, stove pipe wire and all similar work. Our special bargain, price only 25c.

No. 11—Wood Rasps, round on one side, flat on the other side, length of rasp 9 inches; very handy to fit axe handles in the head or other similar work. Every workshop should own one. A big purchase this, priced for quick selling. Price only 25c each.

No. 12—Flat Files, 10 inches long (only one size); a job lot we purchased. Used for sharpening machine knives of any kind, and for large saws, and also makes a good handy general purpose file for any farmer to have about. Regular price 18c, special bargain price only 13c each, or 2 for 25c.

No. 13—Carving Knife and Fork, strong stag horn handles, length of knife blade 9 inches, good quality steel. Former price \$1, now only 59c for the Carving Knife and Fork. Postage 14c.

No. 14—We have 54 dozen 1 1/2 inch Harness Snips, exactly like the picture. By mistake the factory finished these in black instead of XC plate. That reduced their value but did not hurt them for use. To clear the lot we will sell them at 15c per dozen, worth double the money.

No. 14 1/2—We also have 80 dozen 2-inch Snips, same as above. Bargain price 20c per dozen until all are sold.

No. 15—One only, Ladies' Second Hand Bicycle, standard size, been used only a very little; in the best of condition and perfectly sound in every part. Price only \$17.50.

No. 16—We have also one only Gent's Bicycle which has been used for a short time. It is black in color, standard size, with best double tube tires, and is big bargain at \$18.50. It is as good as new for all practical purposes.

No. 17—Gold Miners' Sheet Steel Pans, 16½ inches in diameter, best heavy material. These may be used for campers' cooking purposes and for a variety of other purposes. Former price 50c each; bargain price 15c.

No. 18—Scholar's Pencil Box, polished wood, 10½ inches long, in the shape of a base ball bat, and containing ruler, pen, lead pencil and slate pencil. Price 10c, postage 3c.

No. 19—Photograph Frames, Cabinet size, imitation leather, very pretty, complete with glass and easel rest, were 25c, now 13c each, while they last.

No. 20—Double Photograph Frame or Folding Cabinet, with very handsomely decorated celluloid cover, beautiful, room for two cabinet photographs, reduced to 25c each, postage 10c.

No. 21—Children's Imitation Red Coral Necklace, very much worn at the present time. Formerly sold at 35c each, now 10c each; postage 3c extra.

No. 22—Children's Colored Glass Bead Necklaces, very pretty and quite large beads, reduced to 10c; postage 3c.

No. 23—Rubber Tipped Lead Pencils. We were successful in purchasing a very large job lot of rubber tipped lead pencils with nickel mounting, like above. These pencils are of excellent quality. If they are worth anything they are worth 25c per dozen. Our price until all are sold will be only 10c per dozen. Not less than 1 dozen, and not more than 12 dozen will be sold on any one order; postage on 1 dozen is 4c.

No. 24—Ladies' or Children's Fancy Enamelled Pendants, with ring, to hang about the neck or from watch guard. These are in various beautiful designs and are lovely goods. The enamelling is of the best. Former price 35c; bargain price 15c, postpaid.

No. 25—Bright Steel Hat Buckles or Ornaments, oval or square pattern, size about 2½ inches. Former price 15c, now 5c each; postage 2c.

No. 26—Bright Steel Hat Buckles, set with Rhinestones, very handsome, were 25c, now 13c, 2 for 25c; postage 2c.

No. 27—Girls' Tortoise Shell Hair Clasp, to hold the braid of hair, the large pin pulls out. We have this in two sizes. Small size, 8c; large, 15c each, formerly twice the price; postage 2c.

No. 28—Fancy Pe-designed Tobacco Jars, comic or animal subjects. Each will hold a good quantity of tobacco, and is handsomely finished in gold and silver trimming. The designs are unique and appropriate. Former price 45c; reduced price 25c each; cannot be mailed.

No. 29—Ladies' Pulley Belt Buckles, in gilt or silver or grey finish. We have one line of these popular buckles of which we must reduce our stock. The former price was 50c, the reduced price is 25c per set.

No. 30—Ladies' or Gent's Plated Finger Rings, with imitation diamond settings, in great variety. We have a limited number of these rings to clear out. The plating is none too good. The former price was \$1 each. The clearing out price is 25c each. Give size.

No. 31—Enamelled Flag Pattern Brooches for ladies or misses. A special line to clear out. Regular price 25c, reduced price 12c each; postage 2c.

No. 32—Ladies' Green Leather Belts, one lot which we formerly sold at 35c each did not sell as rapidly as we expected. Price now reduced to 18c each; postage 4c.

No. 33—In our grocery department we are much overstocked with a line of Shoe Blacking which sells readily at 5c per box. Until the stock is reduced to normal quantity, our price will be 25c per dozen boxes.

No. 34—Fancy China Berry Dishes, a beautifully decorated dish for holding berries, fruit or sauce, on the table. Regular price 25c, now 15c each.

No. 35—Fancy Decorated China Cake Plate, good size, and with very handsome decoration. Special bargain price only 25c.

No. 36—Child's Fancy Plate, with appropriate decorations for children, animal, figure or floral subjects. Price reduced to 10c each.

No. 37—Decorated China Berry Set, consisting of fruit dish and six individual fruit saucers. Regular price of this set is \$1. Special reduced price, 65c per set. A good bargain, this line.

No. 38—Silver Polish, a good article, put up in neat enamelled tin boxes, a splendid bargain for peddlers, who could promptly get 10c each for it; our special bargain price as long as they last, only 30c per dozen boxes. This polish is used on silver spoons, table silver, carriage rails, harness mountings, or for any other similar work.

FOR downright good value, we cannot do better than to point you to these Grab Packages:

GRABS 10c.

Grab Bags and Chance Packages. In order to keep our stock entirely free of slow selling toys, broken toys, and odd pieces of fancy china, and similar articles, we make up what we call "Grabs." These grabs are sold for 10c each, and you do not know what they contain until you open them. You get good value for your money every time. If you have any children at home put one or more 10c Grabs down on your order sheet when you are making it out, and you will not regret it.

Too Late to Classify

The following goods have arrived too late to classify in their right place:

Soft hair saddle blankets, size 27 x 36 inches, an excellent article for hard and constant riders, price \$1.50 each.

Fly Fuma

Our new fly protection or fly fuma to protect cattle, horses and all other kinds of stock from flies and insects of every kind. In one quart tins, price 40c each. This fuma is best applied with one of our 50c cyclone sprayers.

Milk Bottles

These are clear glass bottles for delivering milk, made in two sizes; pints \$1.00 per dozen; quarts \$1.25 per dozen; card covers for same 7c per 100.

GRANITEWARE

In the manufacture of Granite Iron Ware the best manufacturers always keep an inspector, whose business it is to personally examine every piece. What would appear as perfect to the ordinary observer, is frequently to be seen to one side by the inspector as not quite perfect. Now because we are one of their largest customers for their best goods we are sometimes offered job lots of these accumulations of slightly imperfect goods. The articles, for all practical purposes, are as good as the best, and the price is about half regular price. We cannot always supply each article as outlined below, because the makers, of course, make no more of them than they can help. When ordering always give the catalogue number.

PEDLERS' OUTFITS

There are many persons who could do well by selling small things from door to door, or by keeping shop, in a small way at first, but gradually increasing and enlarging their field as their finances improve. Some of the largest fortunes of our country have had their foundation in just that way. We have a great many pedlers and small storekeepers on our list of customers, and for their convenience in ordering we have what we call "Pedlers' Outfits." These outfits include only articles which are sure to sell, articles that are actual necessities everywhere. In each outfit we have made special prices, and consequently cannot alter the lists at all. They are all goods upon which the pedler or storekeeper can mark a good profit. The price of each outfit is a very low one indeed for the remarkably complete and extensive list of goods given. Order by catalogue number.

Hamilton, Ontario

HAMILTON, Ontario, familiarly known as the "Birmingham of Canada," occupies an area of about 4,000 acres, and is situated upon a plain which rises gradually from the shores of Hamilton Bay, a beautiful land-locked harbour at the western end of Lake Ontario, to the base of the Niagara escarpment, the heights over which the waters of the mighty Niagara plunge—forty-two miles east of the city. This immense body of water, rushes ceaselessly on, in awful and majestic sublimity—one of the wonders of the world.

The City of Hamilton is to-day the manufacturing centre of the Province, and is the electric hub of Canada. No other Canadian city has won for itself the industrial celebrity that Hamilton has in her thrifty application of skill and capital to widely diversified industrial operations. Her factories are equipped with modern machinery, driven by that silent but potent power, electricity, at about one-half the price of steam, and fitted out with the latest labor-saving devices to minimize the cost of production. You can scarcely mention an industry that has not a representative in Hamilton, while as a distributing point no other city in the Province provides equal facilities.

Her geographical position at the head of Lake Ontario gives direct communication with the sea-board, and her railway connections are most complete, consisting of the Grand Trunk system, Southern, Northern and North Western Divisions; Toronto, Hamilton & Buffalo, Canadian Pacific, Michigan Central, New York Central, and the Lehigh Valley, over the Grand Trunk tracks. It is impossible to give even a brief outline of the many advantages which Hamilton possesses for manufacturing at lowest possible cost, and of having the very best facilities for rapid transit to Europe, United States, our own Northwest Provinces and the Pacific Coast. We beg to reprint extracts from the Toronto Globe:

NEW ENTERPRISES.

"Hamilton bids fair to become the Sheffield of Canada. The growth and development of our sister city at the head of the lake gives abundant cause for congratulation. Hamilton is a manufacturing city, and many of its important industries are forcing recognition beyond the bounds of the Dominion. Its manufacturing interests are a source of pardonable pride, and they have fully kept pace with the city's growth. The centering of railways has helped to promote industrial enterprise, as it has assisted mercantile establishments which carry on a distributing trade. Every branch of industry and trade has taken full advantage of the favorable situation created by railway and steamboat facilities, and the city has secured besides the very great boon of cheap electric power."

No other city in Canada offers such excellent advantages as Hamilton from which to conduct a Letter Order business. A very large proportion of the articles in this catalogue are manufactured right in Hamilton, and in buying from us you buy, practically speaking, directly from the manufacturers, as those articles which are not made by ourselves, are made so near us that the matter of freight from the makers to our warehouse does not at all enter into the price of the goods.

The iron and steel industry is the greatest in our city. Iron ore is smelted and turned into pig iron, then into bar iron and steel, or into stoves, threshing machines and plows, steel bridges, water pipes, car wheels, fence wire, wire nails, tacks, wood screws, bolts, scales, wood-working machines, bicycles and manufactured hardware articles of every description, and all within the city's limits. Next in importance to the iron industry comes the ready-made clothing and the cotton manufactures. The City of Hamilton boasts of having 286 factories altogether. That fact alone is food for thought, and gives one some idea of its immense manufacturing interests. Any further information regarding Hamilton can be procured by addressing John T. Hall, Commissioner, Assessment Department, Hamilton, Ont.

\$20 IN GOLD

To the person sending us the largest order between September 1st, 1900, and February 1st, 1901, we will, immediately after that date, send \$20 in gold as a reward for his or her work in getting the order to us. To the person sending the second largest order between the same dates we will send a Waltham Gold Watch, and to the person sending the third largest order we will send a Waltham Silver Watch. The result of this contest will be published in our Spring Catalogue for 1901.

Now why do we do this? It is to encourage large orders. What else do we do to encourage large orders? Why if your order reaches \$25 we will allow you a discount of 2%, and if your order should amount to \$50 we allow you 4% discount, and if you can reach the \$100 mark we will allow you 6% discount. That applies to all articles and all prices in this book. Now why do we encourage large orders? Don't we want small orders? Certainly we do, we want all the orders we can honestly get, and we fill small orders just as conscientiously as we do the large ones. We know, however, that the more business we can do the cheaper we can make our prices; and we also know that large orders will be a direct saving to you in many ways. The freight is much less

in proportion on a large order than it is on a smaller one. Every time a shipment is made by freight over any railway, the smallest or minimum charge that the R. R. Company will make is the rate for 100 lbs., that is if you ship less than 100 lbs., say 20, 30, 40, 50 lbs., etc., you have to pay on 100 lbs.

Our offers for premiums for the largest orders are open to every person. Where a number of persons join in sending an order we give credit to the person in whose name the goods are to be shipped, unless otherwise advised in the matter.

By a careful reading of our catalogue you will find our prices, to say the least, are about as low as any you know of, and when you consider that you may save 2%, 4%, or 6% from these already low prices according as your order reaches \$25, \$50 or \$100, and that even after that you have a chance to earn a silver or a gold watch or \$20 in cash, you must at least concede that we do everything possible to encourage you to buy your supplies from us. We are always glad to have new customers, and we will do our best to keep them.

When you are making out your order, start right at the beginning of this book, and leaf over every page, writing down each item on your paper as you proceed. We will supply you with all the order sheets you want, free of charge.

FREIGHT RATES

The rates below are the summer freight rates per 100 lbs. from Hamilton, Ont., and they continue in force until about November 20 each year. Winter rates are a little higher. The minimum, or lowest, charge the R. R. Co.'s make on any small shipment under 100 lbs. in weight, is the 1st class rate per 100 lbs.

For example, 50 lbs. (or any weight less than 100 lbs.) sent by freight to Winnipeg would cost \$1.43. Again, 100 lbs. sent to Winnipeg would cost \$1.43, as that is the lowest charge on any freight shipment to that city. Now, 125 lbs. of hardware (2nd class) to Winnipeg would cost at the rate of only \$1.23, or a total of only \$1.54 for the shipment. Another example, a sewing machine (100 lbs.) 1st-class freight to Rapid City, Man., would cost \$1.96 for freight. If a box of goods weighing 35 lbs. were sent with the sewing machine to Rapid City, the freight bill reads: Sewing Machine, 100 lbs., 1st-class. . . \$1.96
1 box Hardware, 35 lbs., 2nd-class at \$1.66 58

Total \$2.54

If you study the above information you will find that the freight charges are a very small proportion of the value of goods. If your station is not in the above list, then upon application to us we will supply you with the freight rates to your particular station.
