Why are the "Star" Alpaca Braids the Best?

Answer:

As a strong and conclusive evidence of the superior quality of the "Star" Alpaca Braids is the preference that is given them over all competitive makes.

They have been subjected to rigid tests for the past ten years, and wherever introduced have at once become the desired article.

They are made of the very best materials, with the greatest care and efficient workmanship, and upon the most improved machinery.

With these appliances, and a determination to go ahead, the manufacturers have made the "Star" Alpaca Braids the popular braids of the country.

First Prize, Silver Medal, Franklin Institute, Phila., 1874.

CARD.

IN addition to the within, we have signatures of recommendation of Dressmakers from all the cities of the United States, comprising in all over 7,000 names.

We beg of those who have not used the "STAR" BRAID, to give it a trial, as we know that they will, thereafter, use no other.

Yours Truly,

S. B. & M. FLEISHER.
