# Rates for Parcel Post Shipments

Your Postmaster will tell you the parcel post zone in which your postoffice is located, measuring from Chicago

All merchandise shipped by mail takes parcel post rates. Packages up to 4 ounces in weight are carried at the rate of 1 cent an ounce, regardless of distance. Packages over 4 ounces are charged for by the pound. The rate per pound varies according to the distance, which is measured by the Government zone system, each zone covering a certain number of miles from point of shipment. Distances and rates are shown

in the table below. Packages carried by parcel post are handled just like any other mail matter. They are delivered to your box by your rural mail carrier if you live on a rural route, or delivered to your door if you live in a city where there is carrier service, or delivered to your local postoffice if you live where there is no carrier service.

### About Transportation Charges.

When goods are to be shipped by parcel post, it is not necessary to send stamps to pay the postage for shipping package. Simply add the amount for charges to the amount of the merchandise and include in the money order, check or currency you send us. This charge for mailing must be paid in advance, as no provision has been made for the collection of mailing charge on delivery.

When goods are to be shipped by freight or express and there is no freight or express agent at your shipping point, you must send money to prepay the transportation charges. If there is an agent you can pay the transportation charges when shipment reaches you. It is only necessary to prepay freight or express charges when there is no agent at your station.

Throughout this catalog you will find the shipping weight is given in the description of merchandise. Occasionally, according to the nature of the merchandise, we are obliged to give the actual weight. In such cases a few ounces extra in weight must be allowed for wrapping and packing, according to the nature of the goods.

**Books.** Parcel post rates apply to books as follows: All books up to and including 8 ounces in weight will be carried at the rate of 1 cent for 2 ounces to any part of the United States, regardless of distance, and all books over 8 ounces in weight will take the regular parcel post rates according to weight and zone.

The Way to Return Goods to Us by Parcel Post.

### How to Return Goods to Us by Parcel Post.

When you return goods by parcel post, put the letter you write and the bills for the goods (if you have the bills) in an envelope and paste or tie the envelope securely to the outside of the package. In addition to the postage you put on the package, put a stamp on the envelope.

# To Officers of the United States Army, Members of the Aviation Corps and Officials of Military Schools

**I**N THE preparation of this book we have aimed to provide for your selection a line of standard military equipment and other articles of merchandise which experience and judgment lead us to believe add to the comfort and convenience of men in active service.

Relatives and friends of men in the service who wish to send them articles, are also invited to take advantage of these facilities.

All this merchandise is of high quality and carries with it our regular guarantee:

*If you are not perfectly satisfied with any article purchased from us, we expect you to send it back and we will exchange it for exactly what you want, or return your money, including all transportation charges you paid.*

## Our Special Service to United States Soldiers in Europe

Packages weighing not more than 20 pounds may be shipped by parcel post to United States soldiers in Europe. The parcel post rate is the same as for the eighth zone; namely, 12 cents for each pound or fraction thereof.

In ordering goods to be sent to Europe it is necessary that you furnish us the following information:

FIRST—Name of soldier.

SECOND—Name of the company and regiment or troop.

THIRD—That he belongs to the American Expeditionary Forces.

FOURTH—Name and address of the sender of the package.

On all orders for shipments to Europe be sure to include extra money for postage on the package at the rate of 12 cents for each pound or fraction thereof.

If there is anything you wish to buy that is not found in this catalog, we will be pleased to furnish you with a copy of our big General Catalog or any of our special catalogs, on request.

## Service to Soldiers in the United States

Articles for soldiers detailed or in training in the United States will be shipped by parcel post, express or freight, as desired. The parcel post rate will vary according to the zone of the town where the camp or fort is located. The express or freight rates will be based on the distance from Chicago to the town where the camp is located.

On such shipments it will be necessary that you furnish us the following information:

FIRST—Name of soldier.

SECOND—Name of the company and regiment or troop.

THIRD—Location of fort or camp.

FOURTH—Name and address of the sender of the package.

On all shipments to be made by parcel post be sure to include the required extra amount for postage.

Weight of Tents is given above in 8-ounce with poles; 10-ounce will weigh about one-quarter more and 12-ounce about one-half more than 8-ounce. The weight may vary slightly, as the poles do not always run alike.  
**We Carry in Stock** all sizes of wall tents from 7x7 to 12x18 feet, and immediate shipment can be made. On all other sizes allow three to five days' time to make, in June and July allow from six to twelve days. If a stock tent is ordered with a fly, the order requires special handling. Allow four to eight days for making. We do not ship special made tents C. O. D.

**If Poles Are Not Wanted** deduct 5 per cent of the price of 8-ounce tent. We do not ship made to order tents C. O. D.

## TENT FLIES ADD PROTECTION FROM RAIN, HEAT OR COLD.

No. 6K20358 1/2 A fly for a tent is an extra removable roof spread over the top of the tent and is staked down, leaving an air space between it and the tent. This air space adds coolness in summer. The extra roof provides additional protection from cold and dampness. Buy a tent fly if the roof of your tent leaks. The cost of a fly is one-half the price of a wall tent of corresponding size and weight of duck. For example, a fly for a \$10.00 wall tent would cost \$5.00. Necessary stakes and ropes always included without extra charge. Allow three to six days for making.
