<https://archive.org/details/adytum1914deni>

“The heights by great men reached and kept
Were not attained by sudden flight,
But they, while their companions slept,
Were toiling upward in the night.”

“Work, feed thyself,
To thine own powers appeal;
Nor whine out woes
Thine own right hand can heal.”

THE ADYTUM

NINETEEN HUNDRED AND FOURTEEN

THE YEAR BOOK OF
DENISON UNIVERSITY

PUBLISHED ANNUALLY BY
THE MEMBERS OF THE JUNIOR CLASS

VOLUME XXI.

MCMXIV.

The Junior Class
respectfully dedicates this book
to
Dr. Clark W. Chamberlain
Deutson's New President

PRESIDENT CHAMBERLAIN

THE trustees of Denison University have always regarded the Presidency as a position of serious responsibility, requiring a man of conspicuous ability, high personal character and sound scholastic attainments. For the first twenty years, they turned to the graduates of Brown University for such men. Presidents Pratt, Going and Bailey each carried the degree of Bachelor of Arts from Brown, which of course explains the strong influence exercised by Brown upon the development of Denison. President Hall, though without a baccalaureate degree, was a man of broad mental attainments and intellectual power, continuing in Denison the New England traditions appropriate to his birth and his surroundings during the first thirty years of his life.

It was not until 1863, during the stress brought upon the college by the Civil War, that the Board placed the duties and responsibilities of the Presidency in the hands of a man of western birth and training—Samson Talbot, born on a farm near Urbana, Ohio, and graduated from Denison under the administration of President Bailey. Every student of the history of Denison knows that the result was a striking justification of the wisdom of the Board in making such a selection. Ten years of scholarly and impressive work in the class-room, of deep and lasting moral and religious influence upon the student body and the community, and of wise planning for the future so effectively brought home to the Baptists of Ohio as to win their confidence and support,—all this from the young alumnus left Denison with a far easier path to further attainment than she had ever known before.

The over-strained bow broke at the end of these ten years, but the growth of President Talbot's administration had been too firm to be lost by his departure. Two New Englanders followed him—Dr. E. Benjamin Andrews, a graduate of Brown again, and Dr. Alfred Owen, who took his degree from Waterville College, now Colby. Of the three men who have held the position since Dr. Owen's resignation, Dr. Anderson and Dr. Hunt were of New York birth and graduates of Rochester University. Dr. Purinton, coming between the two, was born in the eastern part of what is now the state of West Virginia, and educated in the University of West Virginia.

And now again, after a lapse of just fifty years since the election of Samson Talbot, the trustees have seen fit to place an alumnus in the chair which Dr. Talbot so signally honored. Clark Wells Chamberlain too was a farmer's son, born in northern Ohio. He entered the Academy under the administration of Principal J. D. S. Riggs, in 1888, and was graduated from the college with the class of 1894. Of his college days it is sufficient here to say that he was not only an earnest and energetic student, slighting no branch of study included in his course, but an active and influential participant in various lines of legitimate student activity outside the curriculum, including the work of the Young Men's Christian Association, inter-collegiate oratory, and athletics.

For three years after graduation, he taught in the Western Reserve Academy. In September, 1897, he entered the Graduate School of the University of Chicago, holding a fellowship in the Department of Physics. It was during his work there that he hit upon the idea which led to his invention of the Compound Interferometer, one of the most delicate instruments known for minute measurements in physical research.

From the University of Chicago he was called to the chair of Physics in Colby College in the Fall of 1900, but resigned the position a year later to take the chair of Chemistry and Physics in Denison, left vacant by the call of Professor A. D. Cole to Ohio State University. The work in Chemistry, done by an assistant under his oversight, was later separated entirely from his chair leaving him the opportunity to devote his time wholly to Physics. During the latter part of his service in this chair he was Treasurer of the University and upon him fell a great deal of the responsibility of oversight in the rebuilding of Barney Memorial Hall, after its almost complete destruction by fire. He also served as Faculty representative on the Athletic Board and was for a time a member of the Granville Council.

In 1908, he resigned his position in Denison to accept the chair of Physics in Vassar College, which he held for five years, until his acceptance of the Presidency of Denison during the past Summer. By an arrangement between the authorities of Vassar College and Columbia University, he was permitted to spend a portion of his time in special research in Columbia, and from Columbia he received the degree of Doctor of Philosophy. In addition to his high standing as a physicist and his success as a teacher, the President and Board of Vassar placed a high value upon his administrative ability, and his discriminating appreciation of the conditions and needs of the institution as a whole. From this brief sketch it will be seen that President Chamberlain comes to Denison with a character and training well fitted to justify the confidence which the trustees have placed in him.

The Editors of THE ADYTUM take peculiar pleasure in dedicating the issue of this year to President Chamberlain. It is true that a college cannot keep itself rightly in touch with the educational currents of the time without the introduction into its faculty of a fair proportion of men whose undergraduate work has been done elsewhere; but when the proper man is forthcoming, there is a great advantage in having an alumnus at the head. President Chamberlain comes to his work with an intimate first-hand knowledge of every department of the institution placed under his care. As a student and later as a professor he has already made the personal acquaintance of a large body of its alumni and former students, its Faculty and its Board. Its traditions are ingrained into his nature. We would not question or depreciate the loyalty and affection which many a man or woman forms in later years for a college other than his own, but every man who has ever had a really normal experience of undergraduate college life will accept without controversy the statement that President Chamberlain is bound to Denison by a tie such as no man forms but once in a lifetime.

But if this intimate relation of knowledge, of kinship, of sympathy, is a great advantage, it is still true that others must do their part to get out of these conditions the potential value that lies in them. THE ADYTUM bespeaks for President Chamberlain a warm-hearted, sympathetic and unremitting support on the part of every student and alumnus of Denison. We know that his aim is the solid upward growth of the college on the foundation of all that is good in its past, and even the somewhat selfish consideration of the influence of such growth upon the future value of our present or prospective Denison diplomas would counsel us to lead willing aid to every earnest effort in that direction. But does a Denison student or alumnus need that lower motive? NO! For love of all that Denison has meant to generations of loyal students in the past, for love of all that her name means to us of the present day. THE ADYTUM pledges to President Chamberlain the support of one and all in his every effort to make our Alma Mater even more worthy of our devotion in the years to come.

Foreword

BEHOLD, we present to you the finished product of all our efforts, THE ADYTUM of 1914. To all its readers we send greetings and hope it will meet all expectations. We have done our best in trying to make it represent every phase of college in both work and play. May it recall to the alumnus happy days spent in his Alma Mater. May the Senior who is going away from us receive help and inspiration to great things in life and may he always reflect glory on old Denison. Let the Faculty take this as an appreciation of their efforts in assisting us in the preparation for life's battles in the bleak and cruel world. May all who read this book gain some pleasure and enjoyment from it.

We have made our mistakes. Try not to judge them harshly. We do not boast of our success, but ask that, in reading this book through, you see the true spirit behind the work and then give us our just deserts.

- BOOK III. ORGANIZATIONS

HISTORY OF DENISON

IN the year 1830 at a convention held in Lebanon, Ohio, it was deemed expedient that a Literary and Theological Seminary under the patronage of the regular Baptist denomination of Christians be established in the State of Ohio. In consequence of this, a society was formed for the carrying out of the plan. In October of the same year, a constitution was adopted, providing for the organization of an institution for literary and theological instruction which should be located as centrally as possible in Ohio, and inviting propositions and subscriptions for the purpose.

When it came to the selection of a site for the institution, some difficulty arose, but Granville was finally selected. Elder Allen Darrow and Charles Sawyer of Granville took upon themselves the responsibility of offering a farm site near this village for the institution, although the funds for the purpose had not nearly all been subscribed. This eligible offer, the central location and the New England characteristics of Granville turned the scale decidedly in favor of that location. The farm site selected for the Granville Literary and Theological Institution, as it was first named, is situated about one mile southwest of Granville on the Columbus road. A large brick dwelling house on the premises was subjected to repairs and some additions put to it and this was to serve as the first college building. Such was the beginning of our college. With its slender resources and primitive equipment, it had a wealth of potential manhood and a fine spirit of achievement.

A great crisis came in the college affairs with the burning of the college building in the Spring of 1832. When the fire swept away the nearly completed building they were not merely without a college building and without insurance, but had even a deficit of twenty-three hundred dollars in payment for the farm which had been thought wholly provided for. But what made the affair particularly heart-breaking was the conviction which was generally held by the trustees that the origin was incendiary. Fortunately, however, the college was again put on its feet by subscriptions which helped it to start anew.

In 1854 the name of the college was changed to that of Denison University, in honor of William S. Denison, donor of ten thousand dollars. Two years later this institution was removed from the farm to the present site on College Hill. That same year saw the building of the west dormitory known as Marsh Hall, at a cost of twenty-five thousand dollars. The year 1864 was an eventful one in the history of the college also. At this time, the university was re-incorporated, thirty-six trustees to be members of good standing in Ohio Baptist churches. Between 1864 and 1867, the first permanent endowment, one hundred thousand dollars, was raised through the leadership of Ebenezer Thresher of Dayton.

At first the curriculum of our college embodied the studies of Greek, Latin, and Mathematics, with a smattering of English, a little Philosophy, mental and natural. Such studies as these were the walls, pillars, and the roof of every higher educational institution in that day. In 1866 the study of modern languages was introduced, closely followed by the introduction of Zoology and Geology. The rapid expansion of scientific lines of activity and research and the increased endowment, led to a division of the chair of Natural Sciences, with that of Geology and Natural History, occupied by Professor Hicks, and Chemistry and Physics. We find also in the curriculum, a professorship of History and Political Science, one for Botany, and another for Civil Engineering.

Taking a retrospect of the last seventy-five years, we find a revolution wrought in almost every activity of life. But when we turn to the educational world, to the college world, we observe our almost incredible advance. And to make the observation, we need go no farther than the limits of our own institution.

HISTORY OF THE ADYTUM

IN 1882 the Beta Theta Pi and Sigma Chi fraternities, the only ones then existing in Denison, realizing the need of an annual for our University, published the "Adytum," containing a history of that year. The editorial gives the following cause for the publication: "Many of our students possess qualities of mind or peculiarities of disposition that are eminently worthy of some sort of mention." Another cause leading to the enterprise was the need of representing somewhere those organizations and all the different phases of college life which were not touched upon in any other college publication.

Before the second number was issued Phi Gamma Delta organized a chapter here and the Adytum of 1884 was published by the three fraternities with J. E. Andrews as editor in chief.

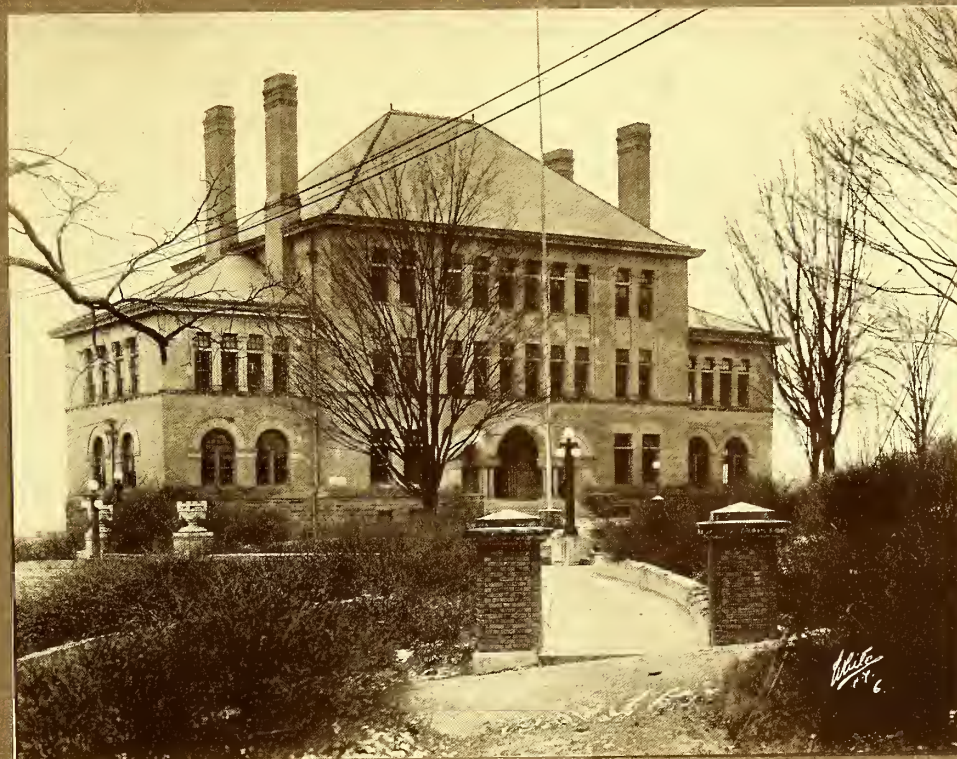

Three numbers were published by the fraternities, then in 1893, "The Adytum" was taken over by the Senior class of Granville College. In 1900, Shepardson College was represented on the board of editors. In 1902, the task of getting out the annual was given to the Junior class and from this time it has been handled by them.

Until 1899, the book appeared irregularly, but since has been published annually. The Adytum has grown from a small, unpretentious, paper-bound book, containing only characterizations and etchings, to a book of which any Denisonian may well be proud.

Besides representing the many phases of college life, the Adytum contains numerous specimens of art and literature contributed by class-mates. The annuals of our four years at Denison remind us that—

"Our days with thee were days of pleasure
And days we ever shall revere;
Those days and joys we'll ever treasure
And give to thee our hearty cheer."

BOOK I FACULTY AND CLASSES

MISS MARGARET JUDSON

Dean of Shepardson College

Miss Judson comes to us with all that could be asked for in the way of name and ancestry, being the granddaughter of Adoniram Judson and the daughter of Dr. Edward Judson, pastor of the Judson Memorial Baptist Church of New York. She graduated at Vassar in 1903, taught in Simmons College of Texas in 1904, and in 1905 was called to Vassar as instructor in the department of English. In 1907-09 she was a graduate student in English at Yale, and in 1908 received the Babbitt Fellowship at Vassar. In 1909 she returned to her position at Vassar and last year was given another leave of absence for study at Yale. She is the author of a number of books on composition, rhetoric, and literature. In the short time she has been with us she has won our deepest admiration. The women of Shepardson College not only respect and admire, but dearly love their new Dean and wish for her the best of success.

RICHARD STEERE COLWELL, A.M., D.D.,

Phi Beta Kappa, Delta Kappa Epsilon
A.B., Brown, 1870; B.D., Newton, 1875; Royal Univeristy of
Berlin, 1875-'76; D.D., Brown, 1891.

Dean of Denison University and Professor of Greek.

"Each day begins anew to him who rightly takes it."

GEORGE F. MCKIBBEN, A.M., Ph.D., Delta Upsilon

A.B., Denison, 1875; A.M., Denison, 1876; B.D., Baptist
Union Theological Seminary, Morgan Park, Ill., 1887;
Ph.D., University of Chicago, 1905.

Professor of Romance Languages.

*"Gentlemen, gentlemen, there are five perfectly good beats
gone to waste."*

H. RHODES HUNDLEY, D.Sc., Kappa Alpha,

Alpha Delta Tau, Phi Beta Kappa

A.B., Richmond College (Va.), 1888; D.Sc., Bucknell Univer-
sity, 1900; A.M., Denison University, 1910.

Dean of Doane Academy with rank of Professor in Denison
University. *"That is something new, just make a note of it."*

CHARLES L. WILLIAMS, A.M., Litt.D.

A.B., Princeton, 1878; A.M., Princeton, 1881; Litt.D., Buck-
nell, 1913.

Professor of Rhetoric and English Literature.

"Five nice fat questions."

WILLIAM H. JOHNSON, A.M.

A.B., Denison, 1885; A.M., Denison, 1888.

Eliam E. Barney Professor of the Latin Language and Literature.

"I have resigned as superintendent of the Sunday School."

WILLIS A. CHAMBERLAIN, A.M., Ph.D., Sigma Chi
A.B., Denison, 1890; A.M., Harvard, 1891; A.M., Denison,
1894.

Professor of the German Language and Literature.
"Take the usual amount in advance."

CHARLES E. GOODELL, A.M., Phi Delta Theta,
Phi Beta Kappa, Alpha Delta Tau
A.B., Franklin College, 1888; A.M. 1890; Cornell, 1891-'92;
University of Chicago, 1898-1900.

Professor of History and Political Science; Registrar.
"Let us come back to the lesson."

KARL H. ESCHMAN, A.M., Phi Beta Kappa,
Alpha Delta Tau, Phi Gamma Delta
Graduate of Denison Conservatory, Piano, 1909; Organ, 1911;
A.B., Denison, 1911; A.M., Harvard, 1913; Student
at Berlin, 1912-'13.

Director of Conservatory.
"Now, class, I'll sing for you."

FRANK CARNEY, Ph.D., Sigma Xi, Alpha Delta Tau,
Phi Gamma Delta
A.B., Cornell, 1895; Ph.D., 1904.

Professor of Geology and Mineralogy.
"Genus homo is a patient beast."

CLARENCE D. COONS, M.S., Phi Gamma Delta,
Kappa Zeta
B.S., M.S., Denison, 1909; University of Chicago, 1912.

Professor Physics,
"Gad, what's the matter there?"

MALCOLM E. STICKNEY, A.M., Kappa Sigma,
Phi Mu Alpha, Alpha Delta Tau
A.B., Bates College, 1898; A.B., Harvard, 1899; A.M., Har-
vard, 1900; University of Wisconsin, 1907-'08.
Professor of Botany.
"Ah, I believe I left it at the house."

P. BIEFELD, B.S., E.E., Ph.D.
B.S., E.E., University of Wisconsin, 1894; Ph.D., University
of Zurich, 1900; Polytechnicum Zurich, 1897-'99.
Professor of Astronomy and Director of Swasey Observatory.
"Get under it, Mr. Howell; lift up on it."

BUNYAN SPENCER, A.M., B.D.
A.B., Denison, 1879; A.M., 1882; B.D., Morgan Park The-
ological Seminary (Chicago), 1885.
Associate Professor of Philosophy.
*"Remember the fondness of the genitive and dative for the
circumflex."*

ANNA B. PECKHAM, A.M., Phi Beta Kappa
A.B., Wellesley, 1893; A.M., Denison, 1901; University of
Chicago, 1896; Leland Stanford, 1897-'98; Gottingen
University, 1898-'99. Associate Professor of Mathematics.
"Why, girls, what is the matter?"

THEODORE S. JOHNSON, C.E., M.S., Assoc. Mem.
Amer. S. C. E., Phi Beta Kappa, Sigma Xi,
Phi Gamma Delta
B.S., Denison, 1908; M.S., *ibid* 1913; C.E., Ohio State, 1913;
Associate Member American Society of Civil Engineers,
1913. Professor of Civil Engineering.
"Get the idea involved?"

RAYMOND W. PENCE, A.M., Alpha Nu Sigma
A.B., Ohio State University, 1905; A.M., 1906.
Assistant Professor of English.

"Remember the outline."

AUGUST ODEBRECHT, A.M.
Ph.B., Denison, 1906; A.M., 1907; University of Chicago,
1909-'12; Graduate in Pharmacy, O. S. U., 1895.
Assistant Professor of Modern Languages.

"In the French we have—"

E. E. HOPKINS, A.B.
A.B., Denison, 1909.
Treasurer of Denison University.

"Cash is scarce just now."

VICTOR H. HOPPE, A.B., Phi Gamma Delta
A.B., Denison, 1909; Teacher's Diploma, School of Expression,
Boston.

Assistant Professor of Public Speaking.

*"Breathe from the diaphragmatic center before you initiate
the fundamental image."*

IRVING STODDARD KULL, A.M.
A.B., Beloit College, 1909; A.M., Indiana, 1911.
Assistant Professor of History.

"If you please."

SAMUEL B. PRINGLE, Phi Mu Alpha

Graduate Sherwood Conservatory (Chicago), 1908; Graduate Teacher's Course, Chicago Musical College, 1906; Pupil of Arthur Baeresford, Herbert Miller and Francis Campbell. Head of Voice Department "Now take the syllable 'mo.'"

ELIZABETH M. BENEDICT

Student of Harrison and Wild, Chicago; of Alexander Guilman, Paris, 1907. Instructor in Organ and Piano. "Girls, I read in the Outlook."

ELMER O. WOOLEY, A.M.

Graduate Indiana State Normal, 1904; A.B., Indiana University, 1907; Univ. of Leipzig, 1910-11; A.M., Harvard, 1913. Instructor in German.

"That isn't the answer I expected."

FANNIE J. FARRAR

Pupil of Constantin, Steinberg, Philadelphia; Bertrand Roth, Dresden; Student in Vienna, 1894; in London, 1906. Head of Piano Department.

"Isn't it queer?"

MARION G. ROSE, Kappa Phi

Graduate Denison Conservatory, 1913. Assistant Voice Instructor.

"Wake up, Rosy."

ALFRED W. ORCUTT, A.M., Tau Kappa Epsilon,
Beta Rho Delta
B.S., Carleton (Minn.), 1909; A.M., Lake Forest University,
1911; University of Illinois, 1911-'13.
Acting Professor of Zoology.
"Look it up in the book."

LILY B. SEFTON, B.S.
Denison, 1909.
Instructor in Chemistry.
"Do you mind! Well, Fay McKinney will."

R. C. DITTO, A.M., Phi Beta Kappa
B.S., Denison, 1908; A.M., Princeton, 1911.
Instructor in Physics.
"Let us talk the matter over."

MRS. KATE HINES, A.M.
A.M., Shepardson College, 1900.
Librarian.
"Now girls, these alcoves are not visiting rooms."

RUTH ORCUTT, Ph.B., A.M.
Denison.
Assistant in Botany.
"This plant has roots."

CHARLES E. DAVIS, B.S., Phi Beta Kappa
B.S., Denison, 1912.
Instructor in Latin, Doane Academy.
"Just translate, don't read."

ANNABEL BRADSTREET, A.M.
Oberlin.
Director of Physical Training for Shepardson.
"Laying aside all levity."

MILES ELTON DEAN, A.B.
A.B., Bucknell, 1913.
Instructor in English Dramatic Art.
"What is it's dramatical purpose?"

ANNE MILLS, Pi Beta Phi
Washington University.
Assistant in Geology.
"O gee, I don't know."

SARA H. SEYMORE, A.M.
Arts and Crafts Instructor, Denison; Columbus School of Art.
"This brass is a joy."

CHAS. W. HENDERSON, B.S., Sigma Chi
B.S., Denison, 1914; Ohio Wesleyan University, 1900-'02;
Chicago University, 1911.
Instructor in Mathematics, Doane Academy.

ALICE K. HERRICK
Denison University; Chicago University.
Matron of Shepardson.
"Good morning!"

MRS. LAURA A. SWARTZ
Director of Shepardson dining halls.
"Cabbage is supposed to be plebeian, but I like it."

MRS. EUGENIA ELIZABETH FINLEY
University of Chicago.
Instructor in Domestic Science.
"Girls, I had biscuits for breakfast."

WALTER J. LIVINGSTON, B.S., Beta Theta Pi
Training under C. W. Bassett, head of Missouri Athletic Club,
1898-1904; B.S., Denison, 1909.
Athletic Director.
"Now, that's all there is to it."

HISTORY OF THE SENIOR CLASS

IT has been said that an illustrious class enters a college every four years, and it is with pride that the Class of 1914 claims that exceptional honor. Although when we entered our number was smaller than that of the preceding freshmen, nevertheless the intervening years have made little impression on the original size. As seniors our ranks of ninety strong are larger than any recent graduating class.

The goals reached by individuals and by the class as a whole, have not been a matter of luck, but have been attained through hard work, for we have learned that if we want anything we must go after it—hard.

One of the first victories in our history was made by the boys in the flag rush one fall morning in 1910. This was merely the start, and since then in all lines of athletics, 1914 has had some part either great or small. The Varsity basketball team has had worthy members of this class among its rank every year, and this season, the two most noteworthy players are its representatives. No less a place have we held in track, as well as inter-state meets. In the freshman and sophomore years our good work on various teams had made a fine beginning, and this year five 1914 members have been important players in football.

Every year has been marked by some unusual social “stunt.” The first event of the four years was an informal party given in the gymnasium in early December, and ever since that time, social affairs have been given their due place. At both the Junior banquet and the 1914 Washington banquet, the members of this class made speeches which were a credit to the blue and white.

In many directions the girls have shown their spirit and ability. For two years a member of our class took the prize in archery, and in tennis and basketball our girls have not been far behind. In musical lines also the girls have been diligent, and for two years the Shepardson Glee Club has been under the direction of two 1914 girls, and another promises to make a mark with her musical compositions.

Throughout our college course we have shown ourselves to be worthy of responsibility and capable of work, and for this reason our years have been pleasant ones, for “work fits us to know, to grow, and to enjoy.”

H. E. H.

SENIOR POEM

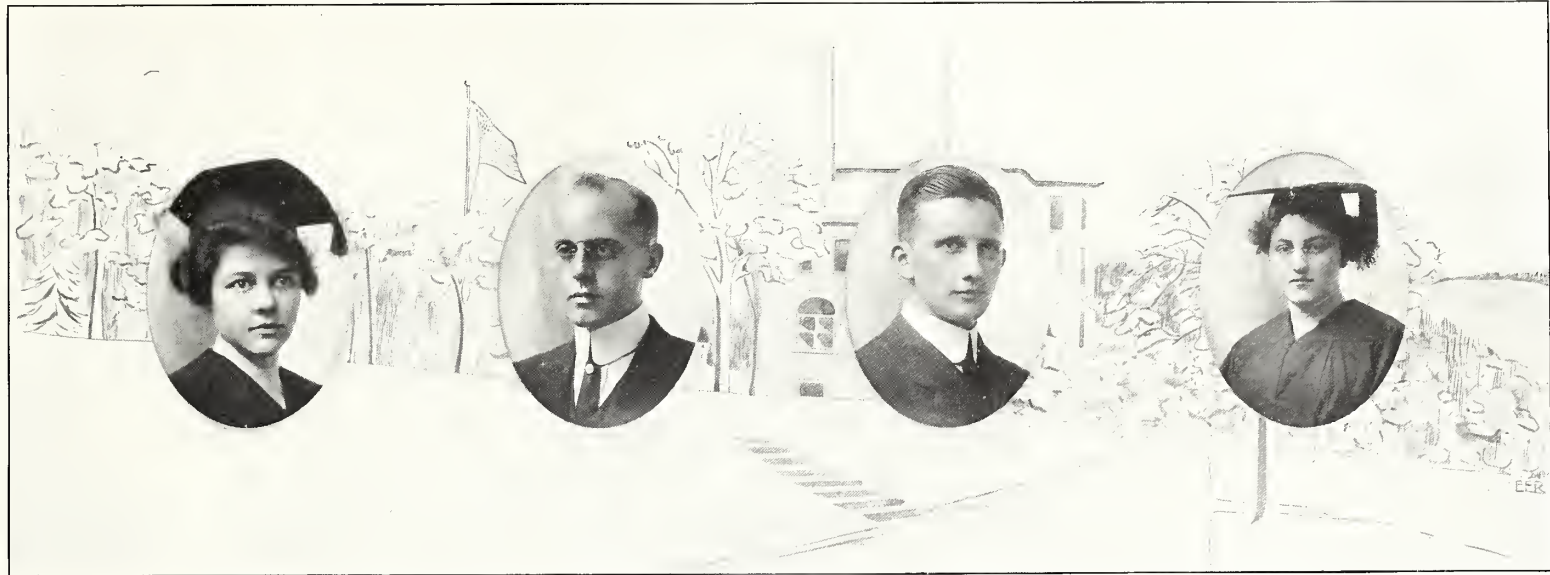

You love to walk 'neath the open sky,
 Neighbor o' Mine, Neighbor o' Mine,
To pause and watch the world go by,
 Neighbor o' Mine, Neighbor o' Mine.
You gaze in the depths of waters still;
You face the wind on the highest hill,
And rove o'er the land the farmers till,
 Neighbor o' Mine.

You live your life with never a doubt,
 Neighbor o' Mine, Neighbor o' Mine,
And come to your task with a heart so stout,
 Neighbor o' Mine, Neighbor o' Mine,
That all the world has a love for you.
You accomplish your work with no more ado—
I wonder if I could do so too,
 Neighbor o' Mine.

And when you have lost—ah, yes, it is then,
 Neighbor o' Mine, Neighbor o' Mine,
You show your worth to your fellowmen,
 Neighbor o' Mine, Neighbor o' Mine.
Though they tear down all that you strive to rear,
You carry your sorrow with never a tear
And turn to the morrow with never a fear,
 Neighbor o' Mine.

Teach me the path that you have trod,
 Neighbor o' Mine, Neighbor o' Mine,
With face to the front as you pass 'neath the rod,
 Neighbor o' Mine, Neighbor o' Mine.
Then I can walk with a heart as light;
With thy own faith that all is right,
And never wince as I come to the night,
 Neighbor o' Mine.

—L. J. B

RUTH ABELL, B.S., Kappa Phi, Thalia

Toledo Night School 1910; Assistant in Domestic Science (2, 3, 4); Class Vice-President (2); Glee Club (2, 3, 4); Thalian Play (4); Manager of Glee Club (4); Associate Editor of Adytum (3); Y. W. C. A. Cabinet (3); Debating Council (4).

"Rufus" is truly an accomplished lady. She knows Domestic Science from pantry to parlor; and such a knowledge involves "heart, head and hands." Last year Ruth's heart was in Granville, but now it is many miles from here. However "Rufus" is still teaching many freshmen to make menus and pies.

ALBERT A. AKERS, Ph.B., Alpha Delta Phi, Phi Mu Alpha

Central High School, Cleveland, 1910; Reserve, 1911-12; Glee Club (3, 4); D. D. Ch. (4); Chimes of Normandy.

"Al" came here to a good school after trying two years of the Reserve life. He is quite a guy but not much of a Sem fusser. As soon as he could get a town girl he hitched up to her and is still tied. His manly figure is a little spoiled by his round shoulders, which he got by stooping over to wash the top of his face.

ELBERT LEWIS BABB, Ph.B., B.Rh., Phi Gamma Delta, Calliope

Xenia High School; Vigilance Committee; D. D. D. (1, 2, 3, 4); Class Poet (1, 2, 3); Class Basketball (2); Denisonian Staff (2, 3); Associate Editor (3); Lewis Prize Declamation (3); Glee Club (3); Varsity Cheer Leader (3); Basketball Manager (3); Football Manager (4).

"Lew" is a manager and in that line he is preeminently the best that has ever managed the school. It may be safely said that he has managed everything here with the possible exceptions of "Goody" and the Gospel Team.

HAZEL M. BAILEY, Ph.B., Thalia

Highland Park High School, 1910; Adytum Board (3); Secretary Thalia (3); President Thalia (4).

What will Shepardson do without "Hazella"? Who will pilot Illinois' young hopefuls to Denison next year. She finds her greatest joy, and her chief worry in serving on committees and in running Thalia. This busy life does not prevent "Hazella" from being a student.

MILDRED G. BAILEY, Ph.B., Philo

Lima High School, 1910; Basketball (3, 4); Chaplain Philo (4); Secretary Y. W. (4).

Mildred is one of the bright and shining stars of 1914. In fact she might even serve as the head-light for this "20th century limited". Did you ever hear her say "I don't know," or did she ever get anything but "A's" and "A double pluses."

EUGENE J. BARNEY, B.S., Kappa Sigma

Stivers M. T. H. S. (Dayton); Class Baseball (1, 2); Baseball Manager (3); Assistant Physics (4).

With usual Dayton spirit Barney came to Denison and didn't say much. "Gene" hasn't said much since but he is known on the Shepardson campus as a "good fellow" and when the list of past friends is mentioned Gene's name will not be the last one thought of.

HARRIET BARRINGTON, Ph.B., Euterpe

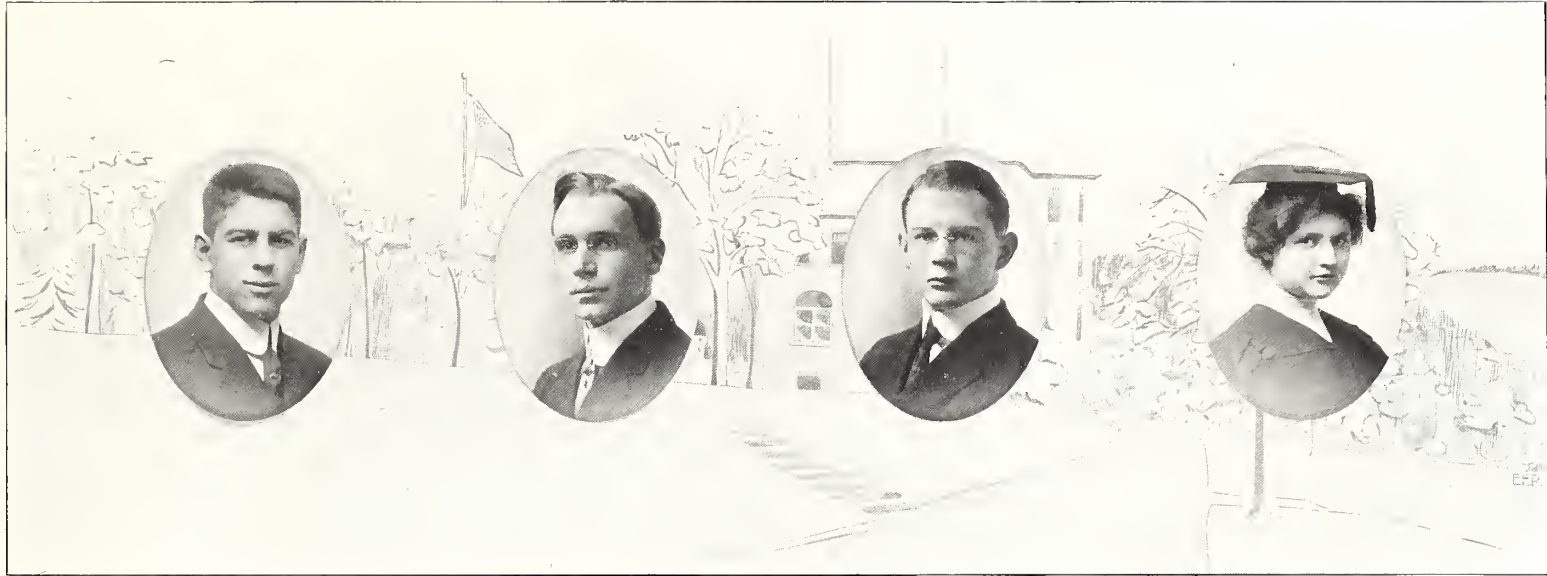

St. Mary's High School, 1910; Basketball (2, 3).

Harriet has made quite a name for herself by chasing the elusive sphere about the basketball floor. Since Julia Seagrave's successful voyage, Harriet has been laying great plans for a trip to Burma. Whenever there is a committee meeting or any work in which Harriet's help is needed she is always right there to do. Not even muddy Sugar Loaf can stop her.

RUTH ANNE BARRINGTON, Ph.B. Philo

St. Mary's High School, 1910.

After four years of probing into the lives of ancient kings and monarchs under "Goody's" eye, Ruth Anne has come out well prepared to inflict this knowledge on the next generation. Large bodies move slowly but with Ruth's impetus they always get there and make their mark.

LESTER J. BLACK, B.S., Kappa Sigma

Newark High School, 1909; Vigilance Committee; Baseball (2, 3, 4); Basketball (2, 3, 4); Football (2, 3, 4); Captain (4); Glee Club (4).

Almost as far as the name of Denison is known, is recognized another name—that of Black. Little Lester has percolated through four years of Denison in a limelight glow and has attained a reputation which he would not trade for the president's title.

C. CLAYTON BROWNE, B.S., Franklin

Perrysville High School; Y. M. C. A. Cabinet (4); Chaplain Franklin (4).

Clayton hails from Wood county, where he was quite a genius at husking corn and firing a threshing engine; but one year when the crops failed, he came to D. U. The faculty, thinking they had at last found an honest man, have retained him ever since to report chapel buckers.

CASTLE M. BROWN, B.Ph., Beta Theta Pi, Phi Mu Alpha, Franklin Orchestra (2, 3, 4); Franklin Debating Team (3).

Castle's long suit is arguing with Prof. Goodell, at which he is so skillful that he has never failed to convince himself that he was right. Of course the fact that no others were convinced mattered but little. "Mib" is most interesting when angry, but delightful at all times.

EDITH L. BROWN, Ph.B., Philo

Newark High School, 1909; Shepardson Glee Club (2, 3, 4); Shepardson Debate Shepardson Glee Club (2, 3, 4); Shepardson Debate Council (4); Assistant in Council (4); Assistant in Political Science (4); President Philo (4).

Edith spends her spare time studying the catalogue of the Chicago law school and wonders how her name will look in it. In Poly Sci, Edith is the 'whole works' and there is absolutely nothing that you can tell her about it. She will make a striking figure behind the bar and surely will win her "case" yet.

LOUIS L. BRUCE, B.S., Franklin

Garrettsville (O.) High School, 1908; Dyke School of Business '09; Alligator; Y. M. C. A. Cabinet (2, 3); President (4); Varsity Football (4); Class Basketball, Football, and Track (2, 3, 4); Adytum Board (3); Denisonian Staff (2); Editor (4); Assistant in Chemistry (3, 4).

"Lewie" has had perhaps as great an "all-round" development as any man in Denison, being a wearer of a "D" and a leader in Y. M. C. A. and a dozen other things. He is one of the men that Denison expects to make good.

ALICE MAY BULLETT, B.S., Thalia

Masten Park (N. Y.) High School, 1910; Euterpe Treasurer (1); Class Historian (2, 3); Adytum Board (3); Denisonian Staff (4); Vice-President Student Gov't. (4); Y. M. C. A. Cabinet (4); Zoology Assistant (3, 4).

A Bullett came to us as a shot out of the clear sky and has been sizzling ever since. Watch in hand, she has been the constant encouragement of our gastronomic efforts. The most acceptable gift one could give her would be a cat. If it is dead she will take great delight in cutting it up and explaining its internal works.

MAXWELL THOMAS BURNHAM, Ph.B., Alpha Nu Sigma, Calliope

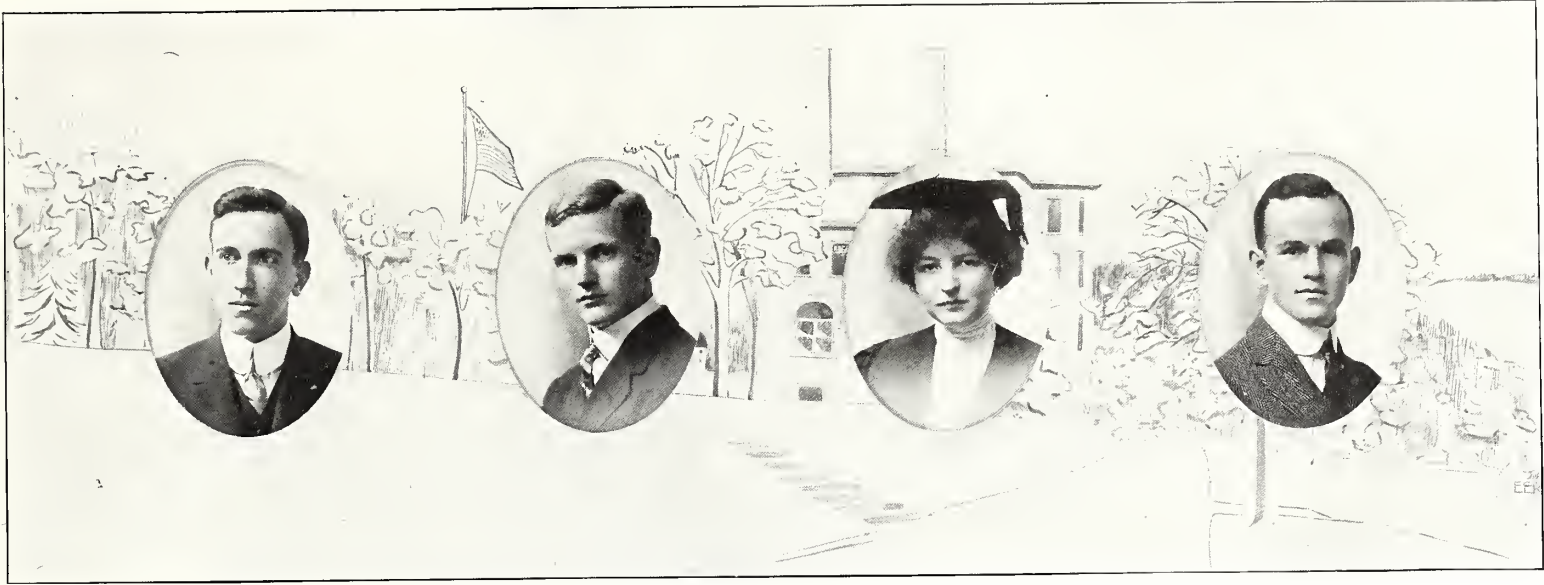

Medina High School, 1910.

"Empty" was rudely yanked from his cradle in Medina, O., and brought to Granville where it was hoped he would learn the rudiments of civilization. His chief delight lies in devouring law books of immense proportions. In his future career as a lawyer great things may be expected of him.

L. HAROLD CHAILLE, B.Ph., Beta Theta Pi, Franklin

Detroit Central High School, 1910; Class Basketball (2, 4); Varsity Basketball (2, 3); D. D. D. (1, 2, 3).

Many a man fusses the sem but few are so clever as to get away with fussing the faculty, so Hal is in this respect somewhat distinguished. Though he left school for a short time he came back in good form and having natural student qualities soon fell in with his classes again.

JOHN S. CLARK, B.S., Calliope

Hampton (Iowa) High School, 1910; President of Calliope (4).

This firm countenance is that of Mr. Clark of Iowa; it is the face of a student, a stern man of business. J. S. came to Denison to study science and he shows the marks of arduous labor. Some say that he has missed his calling, that he should be a poet because he has a certain romantic way about him, but no, J. S. is cut out for science, and we feel that he has a great future before him.

ROBERT M. COLLETT, Ph.B., Sigma Chi, Franklin

Wilmington High School, 1911; Vigilance Committee; Class Baseball; Class Basketball; Denisonian Staff; Treasurer Y. M. C. A.

"Cotchum" came from Wilmington and we can't blame him for coming from there, he should have left sooner. He is one of those real bright boys—going through college in three years. He is quite a farmer and says he is going to raise cash down East. Good luck to you, "Cotchum."

VIVIAN CRITCHFIELD, Ph.B., Chi Psi Delta, Thalia

Wheaton (Ill) High School, 1910; Glee Club (2, 3, 4); Adytum Board (4); Class Historian (3); Treasurer Glee Club (3); Treasurer Thalia (3, 4); Street Council (3, 4); Y. W. Cabinet (3, 4); English Assistant (4).

"Vid" is a small but efficient implement. Four years ago she came to us chaperoned by her sister but now she needs no one to chaperone her. German is one of her specialties, that is, archaic forms. Her greatest amusement is the Fox hunt.

GEORGE D. CURTIN, B.S., Sigma Chi, Franklin

Clarksburg (W. Va.) High School, 1910; Vigilance Committee; Alligator; Varsity Football (2, 4); Adytum Board (3); Junior Toaster W. B. (3); President Athletic Association; President Senior Class.

"Doc" is a good bit like "Willy"—he likes to make a speech. Anybody who went to the W. B. in the last two years would swear to that. Coming from the backwoods of W. Va., he was a rather raw specimen, but four years here have taught him to speak United States.

JOHN NORMAN DARROW, Ph.B., B.Rh., Phi Gamma Delta, Calliope
Central High School, Cleveland; Vigilance Committee; Adytum Staff; Glee Club
(1, 2, 3, 4); D. D. D. (1, 2, 3, 4); Pianfore (2); Class President (2); Chair-
man W. B. Committee; Toaster Junior Banquet.

"Jack" came here for a college education and by the time that he has com-
pleted his stiff courses in D. D. D., Glee Club and other college work we ven-
ture to say that he will have just that. He has done a lot for Denison and
whatever he does is always done well.

E. BIXLER DAVIS, A.B., Franklin
Newton High School, Atlantic Highlands H. S., D. A., 1910.
With his pedometer showing more miles probably than any other of his class,
"Bix" has reached the end of his Senior year. His experiences have been varied.
He has walked and ridden a bicycle many miles in order to attend Y. M. C. A.
conferences; he has been jailed as a tramp; and through it all "Bix" has
maintained the same unconcerned appearance.

E. B. DOWNEY, B.Ph., Alpha Delta Tau, Alpha Nu Sigma, Calliope
D. A., 1910; College Debating Team (2), Captain (4), Manager (2); Lewis
Prize Contest (4); Y. M. C. A. Cabinet; Orchestra.

"Ebby" finished his course in three and a half years. He comes from Cam-
bridge and consequently little can be said of his character. His specialty is de-
bating and he has made quite a name for himself in this line.

ETHEL L. DYE, Ph.B., Kappa Phi, Alpha Mu, Thalia
Central High, Akron, 1910; Buchtel College, Akron, 1910 and 1912.
Ethel came a full-fledged Junior from Buchtel College. Her "feeds" have saved
many a sem-ite from starvation and their frequent occurrences have well nigh
played havoc with our constitutions. She has lots of good common sense and
if you ever have disagreed with her, she will talk you over to her side.

FREEMAN ESSEX, Ph.B., Calliope

Library Staff; Council Debating and Oratory; Calliope Play (3); Lewis Prize Essay (3); Cross Country (1, 2, 3, 4).

Essex is an infinitesimal specimen of humanity, but then, dynamite comes in small packages. By diligent application of his cerebral powers he has completed his course in seven semesters and now expects to go to the wild and woolly Philippines to put his wisdom to a practical test.

DOROTHY FINCH, Ph.B., Sigma Delta Phi, Thalia

Austin High School 1909; Secretary of Athletic Association (2); Vice-President of Athletic Association (3); Champion in Archery (2); Champion in Swimming (3); Y. W. C. A. Cabinet (4); Assistant to Physical Director (3, 4).

Dorothy has found ample time in college for both work and play. She has not been a grind, but her A's are not few. Much of her pleasure has been found in the girls' gym. Her archery is skillful indeed, and it is rumored that one of her darts hit the mark in Chicago.

A. S. FLEMING, B.S., Kappa Sigma

Doane Academy 1911; Glee Club (2, 3, 4); Adytum Board (3).

How often we remark that a person's name has something in connection with his disposition. Alby's middle name, "Sweet," and his disposition are like qualities. The Book Exchange and piano bench are his haunting places. Go to it, Alby, financier or musician, they are both great dope.

EUGENE COFFMAN FLORY, B.S., Alpha Nu Sigma

Granville High School 1910; Assistant C. E. (4).

"Jean" lives in the vicinity of Granville and as a result came to Denison. He studies with a book in one hand and a telephone receiver in the other, but fortunately he can do two things at once without getting the wires crossed.

RHODA IVA GALBRAITH, B.S., Euterpe

Toledo Central High School 1910; Secretary to Dean 1911-14; Secretary of Euterpe (2); Critic of Euterpe (3); Assistant in Zoology (3); Adytum Board (3); Denisonian Staff (3).

"Rhoder" now says she wishes she had taken something besides science, but she probably wasn't speaking of Domestic Science. She is the "power behind the throne" and the mistress of our fates. Her word once spoken is as the "law of the Medes and Persians."

WILSON W. GALLOWAY, Ph.B., Kappa Sigma, Calliope

Xenia High School 1908; Y. M. C. A. Cabinet (4); Gymnasium Assistant (2, 3, 4).

When a man makes himself indispensable he has his job cinched. That's Galloway. Go with all our good will, Gally, there is nothing you cannot attain. We shall be as glad to know you then as we are now.

MARGARET CAROLINE GOOCH, Ph.B., Kappa Phi, Euterpe

Watertown High School 1909; Abbot Academy (Andover, Mass. 1910); Historian of class (1); Philo Euterpe Contest (1); Vice-President Euterpe (2); Vice-President Class (3); Adytum Board (3).

Yes "Peggy" is from Boston but she was heard to remark, "Girls, even if I am from the East, I 'sweah' by the western type of 'genus homo'." Peg loves fun, and if the Sem needs some excitement, her clever brain can always devise the "ways and means."

LUELLA GRAHAM, Ph.B., Philo

Paris (Ill.) High School 1910; Manager Basketball Team (3); House Council (4).

They say Luella's chief interest is found somewhere in California. However she has a fondness for some things around Denison. Her chief occupation is drinking tea and quoting ditties. Should you hear: "Ain't we having a good time, kids?" you would know that was Luella.

ROBERT DeMOSS GREGG, B. S., Calliope

Toledo High School; Ohio State University 1909-10.

They say this man is monarch of all he surveys. He spent part of his college career at Ohio State but has redeemed himself since coming to Denison, so we forgive him. Gregg has been shining in chemistry and has gained such knowledge of affinities that they say he is soon to desert the ranks of the free.

FERN MARIE GRIFFETH, Ph.B., Philo

Doane Academy 1910; Shepardson Glee Club (3, 4); Quartette (3); Class Basketball (3).

Denison was no new thing for Fern for she spent her prep days in the Academy. Her position on the Glee Club has shown us that she has something of a voice and that we may expect to hear from her later. Basketball is one of her favorites and the class of 1914 may well be proud of her on their team.

ADIN A. GRUBB, B.S., B.Rh., Phi Beta Kappa, Sycamore, Franklin

Johnstown High School 1909; Wooster 1910; Secretary Franklin (2); Manager Debating Team (2); Assistant in Physics (2, 3); Chamberlain Debating Team (3); Adytum Staff.

Here's "Grube." This Licking County product taught High School for a couple years in his tender youth, then came to Denison to get educated. While here he has won renown by his athletic powers, having taken part in two class scraps.

HARRIET ELIZABETH HAGGARD, Ph.B., Kappa Phi, Thalia

Doane 1910; Vice-President Class (3); Glee Club (1, 2, 3); Glee Club Director (3); Y. W. Cabinet (3); President Y. W. (4); Pinafore Cast (2); "Chimes of Normandy" (3); Director "Egyptian Princess" (4); Basketball team (1, 2, 3, 4); Adytum Board (3); Director of Thalia Play (4); Associate Editor of Denisonian (4); Historian (4).

"Haggie" has that wonderful something which keeps the busiest of folks pleasant, and surely she has been busy during her college and "prep" days here. Anything you want Haggie to do just ask her and see how quickly she will consent.

BESS HAGMEIER, B.S., Chi Psi Delta, Euterpe, Clef Club Newark High School 1910; Vice-President Euterpe (3); Glee Club Quartette (3); Glee Club Director (3); Accompanist (4); Assistant in Chemistry (3, 4).

If you ever want to know anything about chemistry that the Professor can't tell you, ask Bess. Much of Bess's time is spent in the laboratory and she will certainly make a fine chemistry teacher—that is if she ever teaches.

FLORENCE HANNAS, Ph.B., Euterpe

Bible Study Committee (3).

Precious things are always done up in small packages. Florence has proven her value as a German dictionary, a history shark and a delight to Student Government. She is twice blessed by having a home "in town," also one at the Sem.

J. R. HARTZOG, B.S., Beta Theta Pi, Franklin Adytum Board (3); Assistant Biology (3).

No, this taciturn creature is not a clam—he is simply suffering from a chronic case of lock-jaw. "Hartz" is also quite a fusser, his interest in girls rivalling his interest in flowers in the form of botany.

JOSEPH F. HASKINS, B.S., Phi Gamma Delta, Phi Beta Kappa Doane Academy; Varsity Football (2); Basketball (2).

"Teck" is one of a family of loyal Denisonians. He is here for business as well as pleasure and the Chem Lab is his adopted home. He will finish his work at Yale next year and then he will begin to make the world sit up and take notice.

CLAUDE R. HASTINGS, B.S., Kappa Sigma

Akron High School 1910; Vigilance Committee; Adytum Board (3).

"Kid" Hastings, amateur college student, competent fusser and reliability itself in all kinds of devilment, has amused and abused us during four years. A better man, however, we never met, satisfied with every turn of the world, seeing the silver plating of every cloud.

CHARLES W. HENDERSON, B.S., Sigma Chi

Spencerville High School 1900; Ohio Wesleyan 1900-02; Chicago University 1911; Instructor in Mathematics, Doane Academy.

This is the local representative of Aristotle, Socrates and Company. Henderson found Wesleyan and Chicago too slow for his mature mind so he came to Denison to study physics and take his degree.

LAURA HERRICK, Kappa Zeta, Euterpe

Senior in Home Economics; Shepardson Preparatory 1911; Graduate, School of Domestic Science in Boston 1913.

Laura is a rather quiet person but she makes her personality connect wherever she is. She started in with '15 and then left us to go back east for a year. But Denison had a strong hold on her and so she came to us again.

GRAFTON PARKER HILL, Ph.B., Alpha Nu Sigma

Bellefontaine High School 1910; Adytum Board; W. B. Committee; Assistant in Political Science.

"Bean" came from Bellefontaine on the electric car. His specialty is Political Science and just what sort of a charm he carried to class we do not know but it must have been a good one if we judge from the number of A's he received.

HAMILTON F. HOLTON, B.S., Kappa Sigma

Akron Central High School 1908; Wooster University 1910-11.

"Ham," that light fantastic form, that gay and graceful spirit of the class of '14, is also leaving us. His destination is unknown. A major share of Chem. and Physics is his equipment up to date.

ROSS HOWELL, B.S., Alpha Nu Sigma, Alpha Delta Tau, Calliope Honor Scholarship Sc. Association (1); Treasurer Y. M. C. A. (2); Assistant in Geology (2); Adytum Board (3); Assistant Manager Denisonian (3); Manager (4).

Ross hails from Bladensburg which he says is on the map. "Bowss" is a scientist, having taken one course in Geology and Stickney's "Forestry." He made his niche in Denison's Hall of Fame by managing the college yellow sheet.

RAY E. HOWELL, B.S., Alpha Nu Sigma

Doane Academy 1910; Wooster Summer School 1913.

Ray is a very quiet little boy, so much so that if you did not see his name in the catalogue you would not know that he is in school. However, through some system of graft which has never been discovered he managed to hang on to the job of assistant in geology.

HARRIET O. HUNT, Ph.B., Kappa Phi, Kappa Zeta, Phi Beta Kappa, Philo Doane 1909; Class Poet (2); French Play (3); Chaplain Philo (3); Denisonian Staff (3); Adytum Board (3); Y. W. Cabinet (4); Vice-President Class (4).

From the Greek letters after Harriet's name we would suppose she were rivaling "Dick." She always has a smile and cheering word, even in exam time, for those trying times seem never to try her.

GRACE ROSE JONES, Ph.B., Euterpe

Berkeley High School 1909; University of California (1); Euterpe-Philo Contest (2); President Enterpe (4); Shepardson Debating Council (4).

In the realness of debate Grace is happiest and her most persuasive argument is "Horrors! I just want to scream." It is with great reluctance that we give her back to California but we are happier for having known her and wish her all the happiness that Cupid can bring.

GLADYS KEMPER, Ph.B., Philo

Broadus Institute (W. Va.) and Shepardson Prep. 1909.

Gladys is always in a good humor and greets every one with a sunny smile. She is quiet and unassuming yet ever willing to perform any task intrusted to her in a manner that makes all confident that she will do her best.

MAMIE EDNA LLOYD, Dom. Sci, Thalia

Granville High School 1912; Instructor in Basketry 1913 and 1914.

Mamie doesn't create much disturbance but gets there just the same. Under her careful tutelage some wonderful creations in the form of baskets have made their appearance about the school. She modestly bears the distinction of being the only person known who ever gets Vic Hoppe's unalloyed praise.

MARJORIE LEA McCUTCHEON, Ph.B., Phi Beta Kappa, Thalia

Franklin (Va.) High School 1910; Vice-President Y. W. (3); Chaplain Thalia (3); Secretary Class (3); English Assistant (3, 4); Honors in English (4); President Stud. Govt. (4).

For three years "Marj" led a carefree life, except for the Freshman themes she corrected for Pence. Why, she even went on midnight spreads in those happy days! But for the past year the cares of Student Government have rested heavily on her youthful shoulders.

KATHERINE ELIZABETH MACK, Ph.B., Kappa Phi, Philo
Canton High School 1909; Hood College (Md.) 1912-1913.

Katherine started her education here at Denison and then left us for two years. But our claims were strong and she returned to graduate with '14. Her frequent visits to Columbus might lead us to suspect that there was another attraction there than the musical entertainments.

WALLACE WILLIAM MASTELLER, Ph.B., Sigma Chi
Mt. Vernon High School; Doane Academy, '11; Class Football (2); Class Baseball (2); D. D. D. (2, 3, 4); Business Manager Adytum (3); Class Treasurer (4); Vigilance Committee.

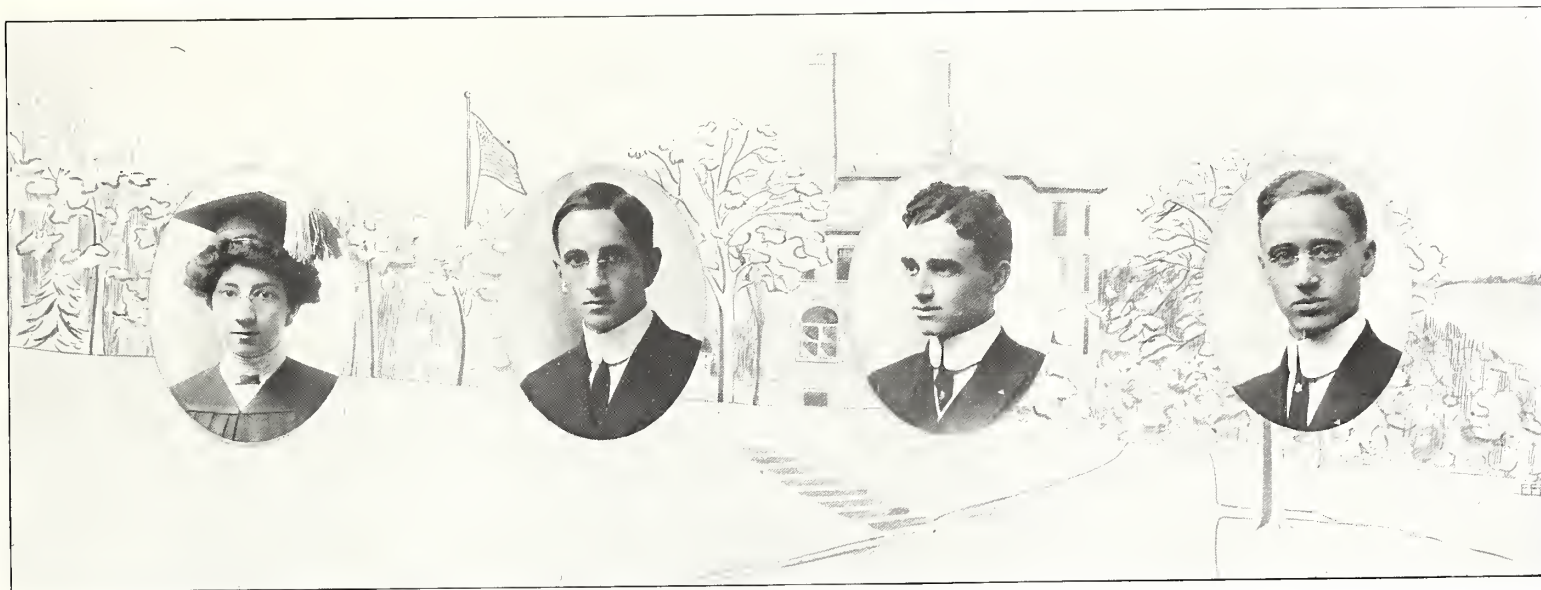

Judging from Johnnie's equatorial dimensions he will be President or a law teacher some day. The "funny paper" and a bag of popcorn constitute Johnnie's idea of the pleasure of Heaven. He advocates the simple life and always gets to bed by 8 o'clock. He gets married next leap-year.

CORWIN MATTHEWS, B.S., Phi Gamma Delta
Jackson High School; Alligator; Varsity Football (3, 4); Track (2); Baseball (2, 3, 4); Class Football, Basketball, Track and Baseball.

"Matty," as we all know the little fellow that puts up the big scrap, has been through his college course, one of those that could be depended on to do their derndest for Denison against any opponent in football, baseball or track.

FRANK M. MATTHEWS, B.S., Franklin
Zanesville High School 1910.

Frank is from the village of Philo, U. S. It is said that that smile he is cultivating is part of his preparation for a political life; he aspires to the mayorship of Philo. While at Denison he has been active in Franklin Hall, and the Chemistry lab.

MARIAN CAROLINE MILLER, Ph.B., Philo, Clef Club

Salamanca (N. Y.) High School 1910; Engwerson Choral (3, 4); Basketball (1, 2, 3); Secretary Philo (3, 4); Vice President Clef Club (4); Secretary and Treasurer Engwerson Choral (4).

Marion's college life has been a busy one, but never too busy to entertain us with a performance on the piano. Being one of King Hall's triumvirate of Seniors and an awe-inspiring official of Student Government, she is a source of terror to her Freshmen friends.

ROBERT B. MILLER, B.S., B.Rh., Sycamore, Franklin

Salamanca High School 1910; Physics Assistant (3, 4); Cross Country (2, 3, 4); Captain (3, 4); Manager (4); Track (2, 3, 4); Captain (4); Adytum Board.

"Hoot mon, the de'il's in my legs"—Burns. Bob has done great thing for D. U. on the track and over the hills. But that is just a side line. His departments are physics and "fussics"; he is assisted in the former by Prof. Coons and in the latter—well, everybody knows.

DWIGHT M. MOORE, B.S., B.Rh., Sycamore, Calliope

Zanesville High School 1910; Calliope Recording Secretary (2); Prosecuting Attorney (3); Vice-President (4); Critic (4); Play (1, 3); Glee Club (2, 3, 4); Orchestra (1, 2, 3, 4); Pinafore (2); Chimes of Normandy (3); Biology Assistant (2, 3, 4); Associate Editor Adytum (3); Class Poet (3).

Yes, and he extracts wierd strains of would-be music from a little handful of something he calls a "sweet-potato." He is chief executioner of the "bug and frog" department, too. However, Dwight is a very nice little fellow—good-natured as he can be.

LAWRENCE N. MOORE, B.S., B. Rh., Sycamore, Calliope

Zanesville High School 1910; College Orchestra (1, 2, 3, 4).

This is another one of the Zanesvillians who came to college not to fool away his time but to tend to his business, which has been mostly in the Physics department. Lawrence has the (dis)advantage of having a twin brother classmate.

MILDRED MOORE, Ph.B., Euterpe

Muskingum Academy 1911; Assistant in Zoology 1912-13; Assistant in English 1914; Treasurer Y. W. 1912-13; President Euterpe 1914.

Mildred has always had quite a time as to who should 'Wheeler' around. Now she is after the big things in life and "Bigg(s)" things are after her. Recently she has taken up china painting, which we take as a very good sign.

RALPH H. MORROW, B.S., Phi Gamma Delta, Phi Mu Alpha, Calliope

Granville High School; Vigilance Committee; Varsity Football (2); Baseball (2, 3, 4); Class Football, (1); Basketball (2, 3); Captain (4); Baseball (2, 3); Captain (3); Track (2, 3); Board of Control of Athletics (3); Glee Club (1, 2, 3, 4); Pinafore (2); Chimes of Normandy (3); Mikado (4); D. D. D. (1, 2, 3, 4).

"Tony" as can be seen by the list of his accomplishments here at Denison has done a lot to uphold the name of Denison. In athletics he was always there on the spot when he was needed.

ASA C. MEYERS, Ph.B., Franklin

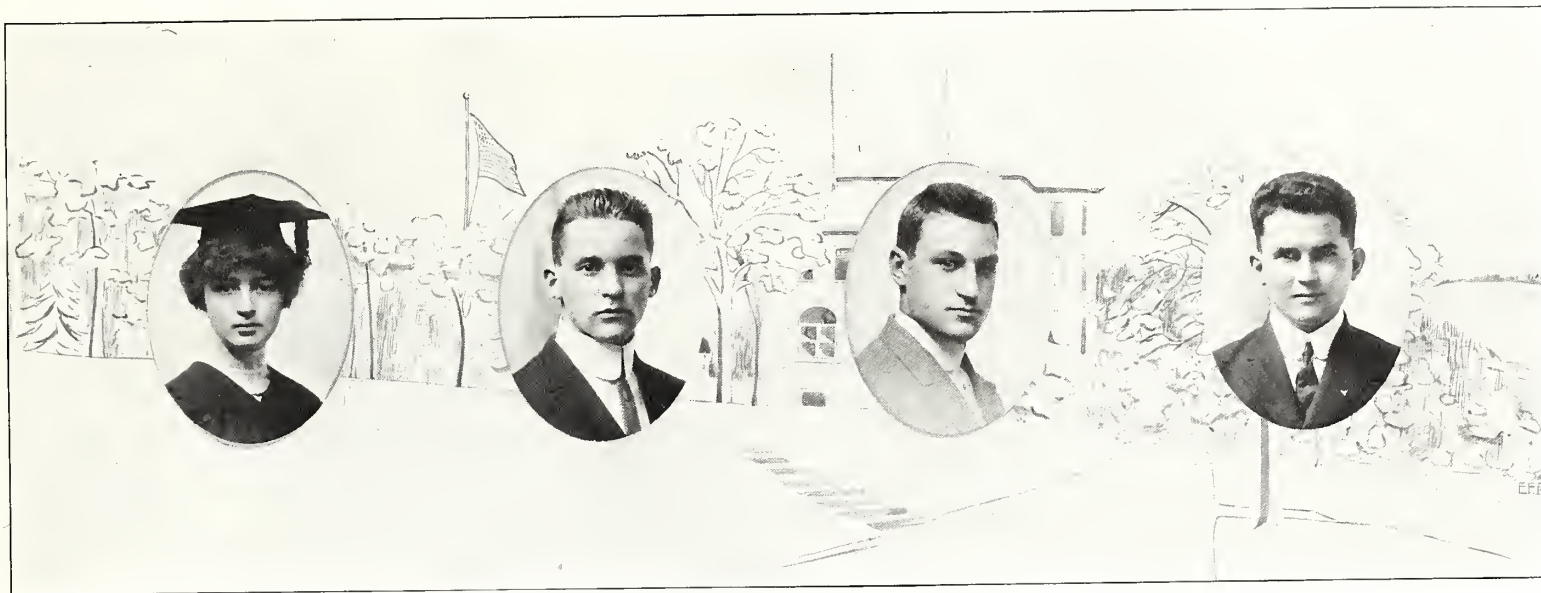

Marysville High School 1910; Doane Academy 1912.

This pleasant face is a Marysville product, right off the farm, but you wouldn't suspect it at first. About a year ago Asa cut out fussing and all Denison wondered. The prying newspapers gave away the secret, so Mr. Meyers gave his friends a "feed" in honor of the event.

HELEN NOTT, Ph.B., Philo, Kappa Phi

Cambridge High School 1910; Marietta College (2, 3).

Helen began her college career alright but, "man is prone to wander," and for two years Helen wandered. But the ties of old Denison proved too strong so back she came for her sheepskin. Now a loyal Stone Haller she keeps Third floor amused and cheered up with her, "Come in and tee-hee with me."

ALTA BELLE O'DANIEL, Art, Euterpe

Granville High School; Doane Academy; Ohio Wesleyan University.

Behold an artist in the true sense of the word. Her name may remind you of the Sem bell, but really there is no connection for Mt. Parnassus is her abode and the Semites can speak for the gracious hospitality of Shekemeka.

ROBERT WILLIAM PEIRCE, A.B., Franklin

Hughes (Cincy) High School 1910; Class Track (4); Cross Country (4); Franklin Play (2).

Our friend "Bobby" is of a very reserved trend of mind, due perhaps to the fact that he is pretty well saturated with Greek and Latin. He is also a dispensary for all kinds of valueless information about the ancients.

KENT A. PFEIFFER, B.S.

New Hamburg High School (Ontario, Canada) 1910; Baseball (2, 3, 4); Football (2, 4).

"Dutch," as he is known by all Denisonians, came from the cold, cold north, and we are glad he did so, because we all enjoy his wit and humor. His fun and antics are frequently of practical value to the home team at the critical moment in a baseball game.

THOMAS WARREN PHILIPPS, B.S., Franklin

Granville High School; Colgate (1, 2); Orchestra (3).

"Tommy" came to Denison from Colgate where he spent his first years. He is a far-famed musician and some day he may be an engineer.

LYMAN C. PINKERTON, Ph.B., Franklin

Ashtabula Harbor High School; Adelbert College (1); President B. Y. P. U. (4); Manager Debating Teams (3); Council of Debating and Oratory (4); Debating Team (3, 4); President Franklin (4).

"Pink," better known as "Judge," true to his name, carries himself with all the dignity that such a cognomen connotes. Very early in his course he told the Phi Beta Kappas that there was nothing stirring.

LILLIS PRICE, Ph.B., Kappa Phi, Philo

Morgan Park High School 1910; Sergeant-at-arms (1); Treasurer Philo (3, 4); Adytum Board (3); Secretary of Class (4); W. B. Committee (4).

"Why stay on earth unless to grow? This has been Lillis' working hypothesis. She fairly radiates good cheer and many a stunt has been a success because of her enthusiasm. She is a star in Math. and takes social astronomy as a recreation.

ARTHUR C. PROUTY, B.S., Sigma Chi

Granville High School; Doane Academy; Class Football, Baseball, Track and Basketball, Captain Class Basketball (1); Varsity Basketball (2, 3, 4); Captain (4); Track (2, 3, 4).

Pete was originally intended to be an athlete. Furthermore, Pete is a wizard with the fair sex, also in the classroom. Nobody knows what he'll do out in the cold world.

MASON K. READ, B.S., Phi Mu Alpha, Franklin

Doane Academy 1909; Engwerson Choral Society; Class Track (1, 2); Football (1).

This handsome young man is one of our quietest and best,—such a beautiful disposition, too. He is just one of 1914. They say, too, that Mason is by no means a grind, but he will make good in the world anyway.

FLORENCE HELEN REES, Domestic Science, Thalia
Pemberville High School 1912.

Our little Welsh girl, Florence, has spent two very happy years in King Hall. Florence believes in the old adage, "The best way to win a man's heart is through his stomach;" and to this end she has made Domestic Science her specialty.

GARNETT M. RILEY, A.B., Calliope
Broaddus Institute 1910; Y. M. C. A. Cabinet (3, 4); Spencer Debating Team (4); Critic Calliope (3); President (4).

Perhaps "Pat" has not advertised his qualities as much as some others, but he is there with the goods. His crowning achievement was participation in the campaign for prohibition which recently swept over West Virginia. Now he is going back there to preach and practice his school ideals. Success to you, "Pat."

RUTH ESTHER ROCKWOOD, Ph.B., Phi Beta Kappa, Philo, Clef Club
Assistant in Harmony (1, 2, 3, 4).

In this case still water runs deep. Ruth is one of those girls who can do most anything yet her trumpet doth not sound. The Rock of Gibraltar could stand no stronger than this "Rock-wood." She is a conservatory standby and a student after Karl's own heart.

JULIA I. ROGERS, Ph.B., Philo
Doane 1909.

Julia is a good advertisement for Rogers silver; a maiden of "superior quality," and, "warranted to wear." Her favorite expression is, "thats just it." However this is always accompanied by a characteristic gesture.

CLIFTON F. SCHROPP, Kappa Sigma

Sandusky High School; Class President (3); Assistant in C. E. (2, 3, 4); Football (2, 3, 4); Y. M. Cabinet; Class Football, Basketball, Baseball; Vice-President Athletic Association (3); Vigilance Committee.

"Cap" is one of those lucky people who are so full of smiles that, even the morning after the night before, when he should, according to all precedents, have a dark brown taste in his mouth, he wakes up with his happy grin and puts in his best licks all the time.

HARRY J. SCHULMAN, Ph.B., Alpha Delta Tau, Phi Beta Kappa, Franklin Norwich (Conn.) Free Academy '04-'06; Doane Academy '09-'11; Class Track and Cross Country; Treasurer Franklin (4).

"Zeus" has been the mouthpiece of his class for years and as advance advertising agent he is sure the big noise. As to his mental attainments, Plato's knowledge was as a child's compared with his.

ROLLIN W. SCHWEGMAN, B.S., Sigma Chi, Franklin

Pomeroy High School; Varsity Baseball (2, 3, 4); Captain (4); D. D. D. (1, 2, 3, 4); Athletic Board of Control (3).

Give "Sweg" a tennis racket or a baseball and he's perfectly happy. The only thing he likes better is his little cradle when the 7:30 bell is ringing. Shortly after commencement poor old "Sweg" will be laid to rest in Pomeroy.

CAREY J. SCOTT, Ph.B., Alpha Nu Sigma, Calliope

Detroit Central High School 1910; Tennis Team (2, 3, 4); Manager (2, 3); Adytum Board (3); Calliope Play (1); Assistant Physiology (4).

"Scottie" spent the early part of his life in Japan. He is a shark at tennis and it's pretty hard to put one over on him. Carey never was a frequent visitor at Shepardson owing to his weekly visits to the capital city.

RACHEL HOLBROOK SEAGRAVE, A.B., Kappa Zeta, Phi Beta Kappa, Philo Methodist Girls' High School, (Rangoon, Burma) Shepardson Preparatory 1910; Assistant in History (4); Assistant in English (4); Honors in Greek (4).

Rachel is one of the wonders of our Denison world. No one has yet been able to find a study that would phase her. Burma is the land of her birth, her thought at the present and her hope for the future.

J. PAUL SELLERS, B.S., Alpha Nu Sigma

Wellston High School 1910; Football (4).

"Jingle" came to us from the soft coal fields of Wellston, O. He has spent most of his time in the "Tomb" with "Beefy" where he has acquired considerable knowledge of the celestial sphere. However ethereal his studies have been he intends to go into the manufacturing business after he has spent a year at Columbia.

MARY GRACE SHENBERGER, Ph.B., Kappa Phi, Thalia

Sidney High School 1910; Class Secretary (2); Thalia Play (3); Secretary Y. W. (3); Vice-President Thalia (4).

In the Fall of 1910 a smiling little lady came tripping into college and thus she has been tripping since. But to look at her list of A's shows that she can be both serious and gay. She is a Senior and can use the Senior parlor.

IRENE SHENBERGER, Ph.B., Kappa Phi, Philo

Sidney High School 1909; President Philo (4); Philo Play (2); Adytum Board (3); W. B. Committee (4).

Irene has no nickname—at least the Sem girls have never heard it. To get her cedar chest full to the brim has been her greatest ambition and for this reason she has wasted no time in trying to keep the Wolfe from the door.

LAWRENCE E. SMITH, Ph.B.

Naples (N. Y.) High School 1900; Doane Academy 1911.

This stirring boy is said to be a Political Science shark; at least he can ask all kinds of questions that no one else ever heard of. Many think that he should become a tragedian but no—he says he is to be a teacher.

MERRIE SOPHIA STEERE, Domestic Science, Chi Psi Delta, Euterpe

Ionia (Mich) High School 1912; Shepardson Glee Club (1, 2); University Orchestra (1, 2); Clef Club (2).

Although we call this lady "Janie" she says her right name is Merrie (otherwise known as Mary). She has a very happy disposition and we seldom hear a chuckle just like hers. Domestic Science is her speciality and we know she will make excellent, "pi-zn-cakes."

RUTH STEWART, Ph.B., Euterpe

Newark High School 1910; Assistant in Geology (3, 4).

When you connect Geology and men you always think of Ruth, she is proficient in both. Every week end she goes to Newark so we are sure there is some drawing card. In fashions, smiles or Casey's, Ruth excels all the rest.

JOHN A. THIELE, Phi Gamma Delta

A. B. Shanck's Preparatory School (Dayton) 1910; Ohio Wesleyan '11-'12; Glee Club (3, 4).

"John Andrews" hails from the Gem City and as all from that place turn out sooner or later to be fussers he started just as soon as he got here and has been at it ever since. He used to go to Wesleyan but two years here have removed all traces of the rigors of that life. Gluck auf, Jawn!

RUTH LUCILE THOMAS, Ph.B., Sigma Delta Phi, Philo

Austin (Chicago) High School 1910; Y. W. Cabinet (3); Glee Club (2, 3, 4); Street Council (4); Adytum Board (3).

It was supposed that "Tommy" was to have a career but lately it has been rumored that "the west" has called her to domestic life. Tommy's voice is one of her redeeming features and will make her famous yet.

JAMES D. THOMPSON, Jr., B.S., Sigma Chi, Franklin

Doane Academy 1909; Vigilance Committee; Assistant in Ornithology.

Jimmy is a harmless looking little runt but that is because he has the cares of the world on his shoulders. He is not much of a fusser and would have been lost to the Sem. if he hadn't been "saved by Grace." He expects to revise the Ten Commandments after he gets his diploma.

ROGER E. TUTTLE, B.S., Alpha Nu Sigma

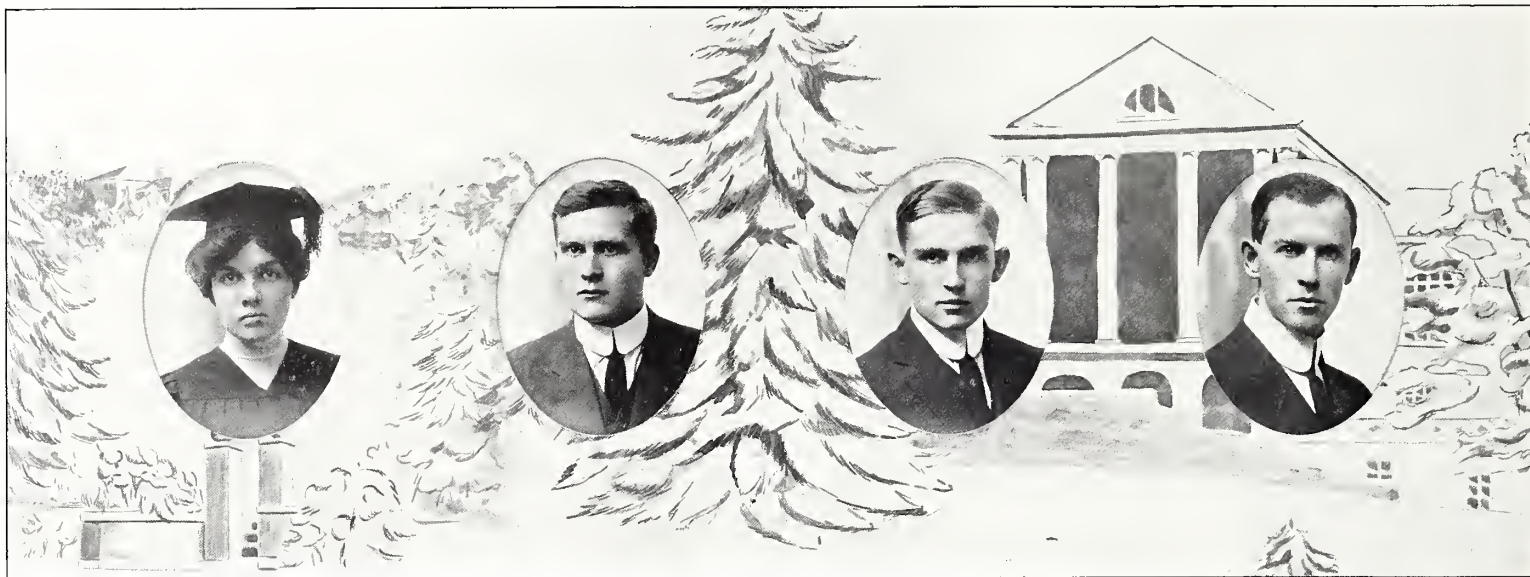

Springfield High School; Glee Club (1, 2, 3, 4); Quartette (4); Adytum Board.

Tuttle lives in Springfield and narrowly escaped being a son of fair Wittenberg. "Rog" holds all records for snap courses and has been known to have as many as two classes on the same day. He is one of the landmarks on the Glee Club and like the proverbial sailor has a girl in every port.

ERNEST G. VILLERS, B.S., Franklin

Marietta High School 1910; Y. M. C. A. Cabinet (4); Class Track (1, 2, 3, 4); Cross Country (2, 3, 4); Varsity Track (2, 3); Franklin Play (4); Orchestra (1, 2, 3, 4); Manager (3).

"Count de Villiers,"—the mention of that name reminds us of Sousa and his band. But if you visited his room you would also agree that his name is a synonym for Thomas A. Edison, for his electrical inventions will do almost anything for him but study.

MARGARET WASSON, Ph.B., Sigma Delta Phi, Euterpe

Marshalltown (Iowa) High School 1910; Prosecuting Attorney (1) and Cor. Secretary (2) of Euterpe; Adytum Board (3).

Margaret has come a long way to get an education; but we are sure she does not regret her choice of schools. The Trans-Mississippi Club will never be the same without her, and Euterpe will lose a loyal worker.

EARL WATKINS, B.S., Alpha Nu Sigma

Doane Academy 1910; Football (2, 3, 4).

"Goat" we all delight to call him but no one knows why. He is a Granville product and his mild and gentle nature shows it. During his college course "Goat" has specialized in one thing particularly and that is Newark.

ROBERT R. WEBER, B.S., Beta Theta Pi, Phi Beta Kappa, Franklin

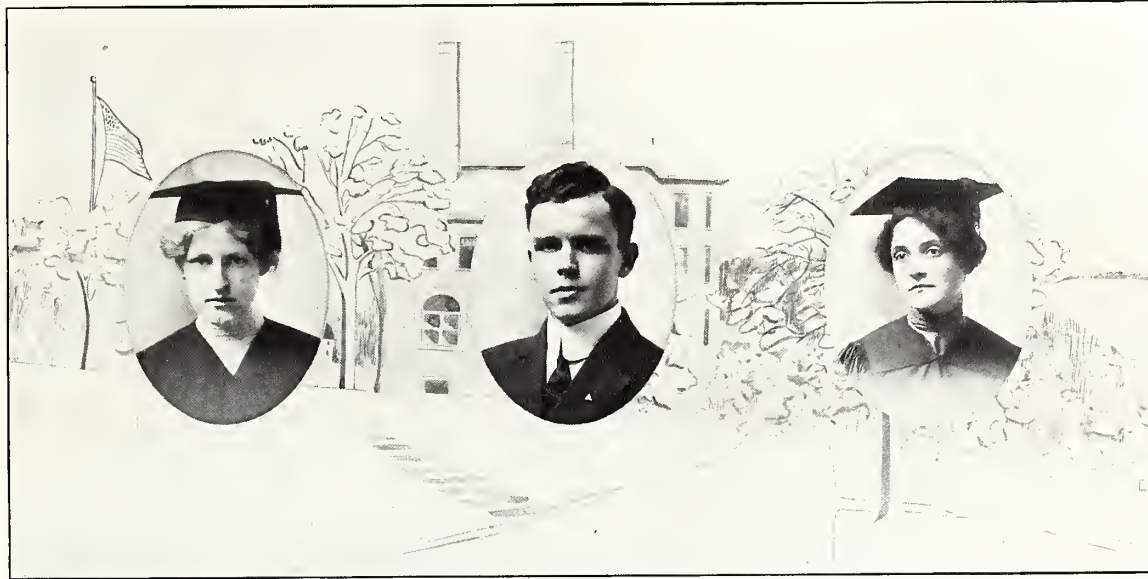

Toledo Central High School; Alligator; Denisonian Staff (2, 3); Editor (4); Editor Adytum (3); Franklin Critic (3); President (4); Play (2); Council of Debating and Oratory (3, 4); Debating Team (2, 3); W. B. Committee (4).

"Dotty" was one of "Brummy's" most valued pupils in the gentle art of creating those sweet perfumes which used to delight "Willy" so much. His chief delight has been journalism. Though he left before his last year was over, on the eve of his departure he made arrangements that will keep him in close connection with his Alma Mater.

ARDON KIRK WHEELER, B.S., Phi Beta Kappa, Franklin

Adamsville High School 1907; Doane Academy 1910; Treasurer Franklin (3).

This sweet face with its lovely smile came from Muskingum County some years ago. And sometimes it puts on such a rosy blush, too; but why? Is it girls? Possibly. Perhaps, too, it is due to Kirk's modesty and those fine grades he pulls.

HELEN WOLCOTT, Ph.B., Thalia

Doane 1910; Basketball Manager (1, 2); President Athletic Association (4); Y. W. Cabinet (2, 4); House Council (3); Treasurer Thalia (3); Chaplain Thalia (4); Denisonian Staff (3).

"Suzzy day!" or "What would you do in a case like this?" If you really want to know just consult Helen. She is authority on all subjects from a 'vase-line sandwich' to Darkest Africa. Helen is the power behind the throne in all athletic affairs this year and this and missions keep her busy.

LORA SMYTHE WRIGHT, Ph.B., Phi Beta Kappa, Philo

Honor Graduate, Granville High School 1910; Assistant in English (4); Honor in English and German.

You have not lived long in Granville without hearing of Lora. At first sight she seems a demure little lady but in the class room, she always distinguishes herself. Teaching is her ambition but we have heard that she won't teach all her life.

JAMES LAWRENCE WRIGHT, B.S., Franklin

Granville High School 1909; Berea College (Ky.) (1); Franklin Debating Team (3); Franklin Play (4); Prosecuting Attorney (4); Y. M. C. A. Cabinet (4); Debating Team (4).

The next picture on the screen is that of Mr. Wright. Lawrence has done heavy work since he came to D. U. three years ago; however, he is no grind. After getting "hold of the bushy end" of Math. 4A, he was able to qualify as "the grouch" in the Franklin Play. J. L. has a "business head" and this is bound to bring him success in life.

HISTORY OF THE JUNIOR CLASS

A PROGRESSIVE movement always meets with criticism. Accordingly, the close observer notices that criticism directed at the Class of 1915 is but a sign of its progress. Progress is and has been the characteristic of this group. It was an imposing body of freshmen that first ascended the Hill in September, 1911, and indeed it gave the sophomores cause for worry. These neophytes exhibited considerable courage in appearing after dark during that siege of guerrilla warfare, and like Washington were masters of retreat. When the real test came it took but a short time for the "huskies" of this class to remove the blue and white flag of boiler plate supposedly put up forever.

A good start toward social achievement was made by a hayride to Watkins', where a most congenial spirit sprang up. Such a spirit was furthered in the Spring, when on a beautiful afternoon, with a great deal of enthusiasm we made our way to Cat-Run for a real bacon-bat.

In athletics the class has ever been proud. Always have we had strong teams in every sport, and the girls also have established an enviable reputation in this respect. To this class belongs the credit for producing the strongest freshman basketball team that Denison has ever seen.

The sophomore year marked a continuation of this progress. Never will any one of us forget that ride to Alexandria, that chicken supper, and that wonderful production of vaudeville, staged especially for the Class of 1915. How, "Somebody Else is Getting It," with the recollection of that masterful voice still runs through our minds! The Spring also witnessed a social success in another huge bacon-bat at Spring Valley.

With the junior year we find our numbers somewhat impaired, but the "1915 train" still is making rapid progress, displaying individual, yet worthy qualities.

But it is not only in the work of the class for the class that we take pride, but also the place it has taken in the greater college life and what its members have accomplished for Denison. The debating teams here find excellent material, the Y. M. C. A. and Y. W. C. A., active and earnest workers, and the Glee Clubs find in the class a good source of supply.

Denison athletics, it is conceded, were never in better shape than now. This fact reflects great credit to the class, for we have but to look over the teams to see what a big place is filled by juniors in every activity. On the best Varsity basketball team that ever represented Denison there are three juniors.

And so among the many accomplishments, this book stands as an everlasting monument to the achievements of the Class of 1915.

A Lyric Tenor
"Great spirits now on earth are sojourning."
—Keats.

“THE COLLEGE DAY”

(JUNIOR POEM)

Alive in the dawn of beginning,
The youth starts out filled with hope,
And sees the bright colors of morning,
Which call deep response from his soul.

Though shadows, like foreboding prophets,
Forecast the hard struggles and toils,
Yet the first joyful confident moments
Hold nothing but rosier song.

How soon it is day! Then comes labor:
But the memory of dawn still inspires,
And we find happy, earnest endeavor,
New problems, old conflicts, and trials.

Disappointments, like dark clouds, may hover,
And failures bring gloomy despair,
'Til the sun again shines. Then discover
'Tis brighter than ever before!

The end of the day soon advances;
There is unfinished work still to do;
But the youth, now a man, stops and glances
Toward the flaming and wonderful west.

The rosy ideals of the morning
And the scarlets of victories won,
The clouds, now bright gold, all combining
And blended by light of true hope.

He looks for the dawn of to-morrow,
As he eagerly gazes ahead,
And his face from that glow seems to borrow
New joy, new hope, and new life.

HISTORY OF 1916

THE Autumn winds of 1912 blew in from all directions a new band of Denisonians, destined not only to learn, but to teach others how to do. In the Scrap, our husky heroes, besides taking second prize in football, won a glorious victory over the Class of '15, the memory of which triumph is made forever secure by the missing pole. The naval defeat was marked by a bravery unheard-of the year before.

It was not long until Denison knew us and we knew Denison. Then was the time that we made a jaunt to Alexandria to get acquainted with ourselves, who turned out to be very interesting people. There were many in our class who won fame in various pursuits. Our girls who played basketball left the other teams mourning in the shade.

We passed through the year untouched by worries and responsibilities, for they are not the lot of freshmen. Perhaps we were a little "Pence-ive" after themes and outlines had tortured us. When school was drawing to a close the boys of 1916 met to sing out the old, sing in the new; and soon their little caps went out of style forever.

Last September brought us back to Denison, fewer but not less loyal. We allowed the freshmen to climb our pole to gain strength and valor, but in spite of such a concession they were laundered and rough-dried in the succeeding events. We held a jollification over the cups (of coffee) that night.

Later on we went to immortal Alexandria, where the good ladies fed us as usual on chicken and all sorts of *et ceteras*. Our courageous president with his trained troupe amused us astonishingly well. When we reached home, we could count a golden memory for every grain of yellow corn that had gone down our collars.

Our class was the first to take charge of the Football Banquet as a regular function. In all progressive movements there has been more interest and co-operation than is usually found, and all members are ready to work hard, pulling together. There are two years and a half remaining before we go from Denison. We have enough time to make our record one which will be good to remember, and we are going to do it.

N. B.

CLASS POEM OF 1916

A woman called Fortune, an eery old dame,
Sought far in the highways and hedges,
Plucked leaves from the grasses and sedges
From the laurel and oak, and came
Unhaltingly trudging.

The guardsmen who watch them are aged and wise,
Fighting off worms that come creeping,
Cutting out blight that while sleeping
Strangles the leaf till it dies,
Then seizes its fellows.

Arrived at the School of the Leaves, where doth fall
Richness of sunshine and showers,
Turning the sap into flowers.
She left them close-bound, each to all,
To grow for a season.

The dame will come back when the leaves are all grown;
Those children of near-land and far-land,
Her fingers will weave for a garland
To honor the school that her own
Call bright Alma Mater.

Some leaves she had lost; and some withered and died,
And winds bore them off in their sorrow—
There's no one can find them to-morrow.
She locked in her basket and cried,
"Stay, precious my treasures!"

FRESHMAN CLASS HISTORY

MANY, many years ago an acorn gently fell from the mighty oak tree. It took root, sprang up, and is now growing into the sturdiest of trees. Just as this happened long ago, so it was that a little voice whispered confidently in our ears to follow it. With this summons ever before us, we forged upward, always rising, always climbing higher, till the realization of that never-to-be-forgotten day was reached.

Did not we, the Class of 1917, make everybody open their eyes and say (perhaps against their will): "We will have to look out or they will get the better of us." And they did not realize this query falsely, because we have held our own in all lines. We are among the first in the class-room, in music, and in social functions. A great interest is also taken in religious affairs. Our men are showing much skill and enthusiasm in athletics, and there is very promising material to be found in our ranks. The freshman girls are also coming to the front and taking the lead in Shepardson athletics.

Most of us realized how strong the custom of our "ancestors" was, consequently we joined the literary societies. Later, we found that much good and many good times were to be derived from them.

When it comes to the question of gray wrinkles, we have just a few more than any class before us, for you know in this day of advancement, everything new ought to be an improvement over the old. So with all the talent and ambition that this class has shown so far, it promises to be very good material to raise the standard of Denison.

On one long-to-be-remembered day last Fall was the class scrap. In a hurry we tore down the sophomore flag and our own glorious colors were left floating in the breeze. Of course we didn't want any ill feelings because of our monopolizing everything, so we good-naturedly (?) gave up the tug-of-war and football game to the upper-classmen.

The "natives" of the country surrounding Alexandria soon found out what was happening when they heard the yell, "Walla, Walla, Wah-hoo; Wah-hoo, Wah; Nine-teen-seven-teen; Rah, Rah, Rah!" Perhaps they didn't get so much sleep that night, or have so much corn the next morning, but they came to the realization of the fact that a new and powerful class had just entered Denison. So, after our craving appetites were satisfied, we solemnly surveyed the ruins of the city. Then we started home on a supposedly moon-light ride, but even if it did rain, our spirits were not dampened, and with many lusty college songs and yells, we departed, after enjoying our first class stunt.

COACH LIVINGSTON

The most valuable coach in the country to his college, to the alumni, to the students, and to the players—that is “Livy.” The most popular coach with other coaches, and the most loved among his followers—that is “Livy.” Under his instruction Denison teams have stood higher in the matter of championships than under the instruction of any previous coach. On the basis of winning teams alone his success has been greater than that of any other coach of the state.

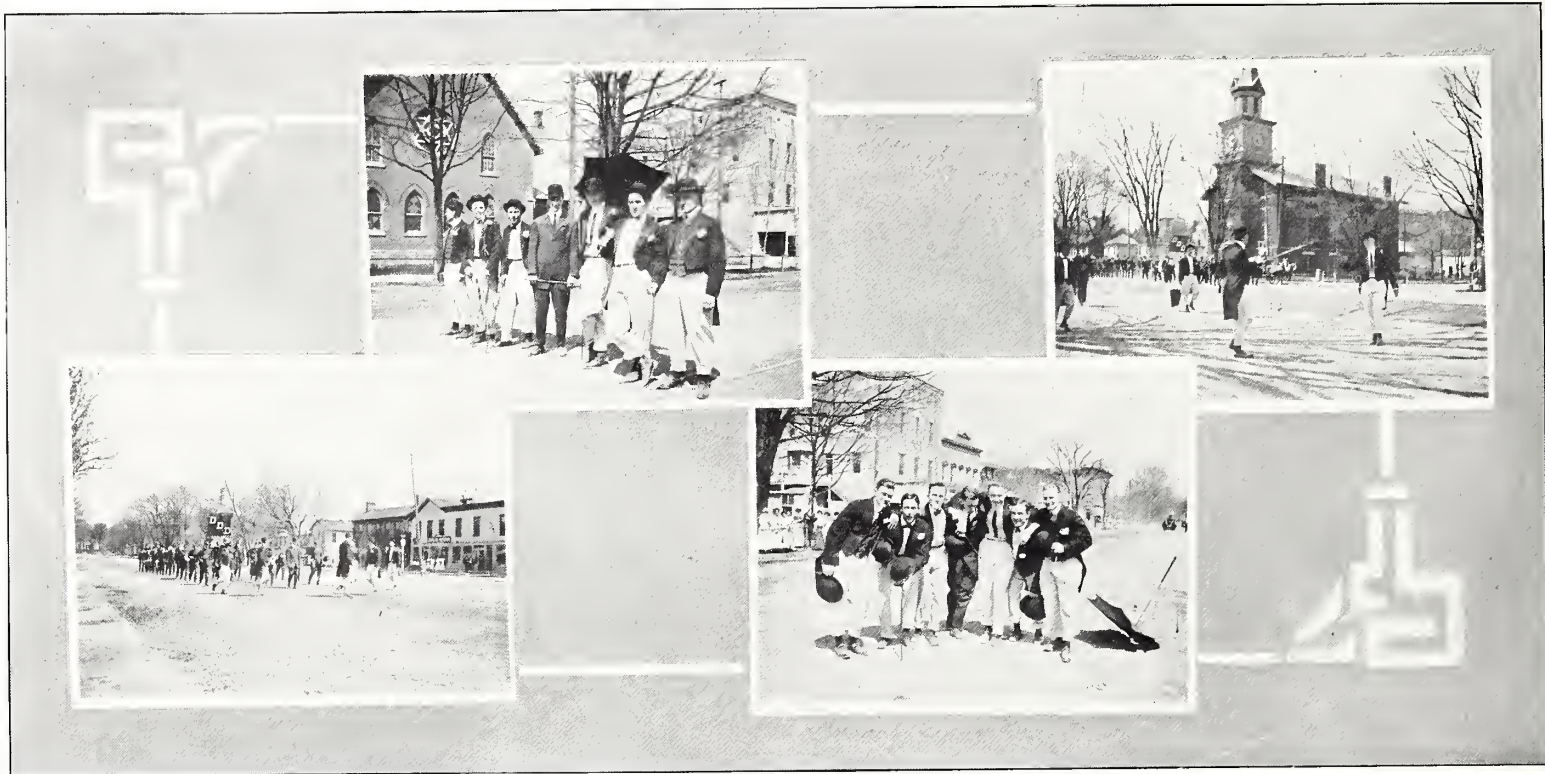

But “Livy’s” greatest contribution to athletics at Denison has been the inculcating the true spirit of athletics. The Denison team is always out to win and plays to win until the whistle blows; but with him to play to win and to play absolutely on the square are synonymous terms. This aim is part of every game with Denison teams. To play on a team of “Livy’s” is to learn the very important lesson of the proper relation of man to man in the stress of struggle.

MANAGER COONS

“Cooney” is the man who put Denison on the athletic map in a managerial way. When it was seen that we did not have a proper outlet for the magnificent training of “Livy,” the “powers that be” immediately settled upon Professor Coons as the man best fitted for taking hold of the situation and for bringing the managing end of the game up to the standard set by the coaching end. In the short time he has held the office of Graduate Manager he has many times over proved the wisdom of the choice.

He has been untiring in his efforts in behalf of Denison athletics, and as a result has given us the best schedules that we have ever had. “Cooney” is popular among all the students and has their confidence. They know that he intends to give them the kind of attractions that their teams deserve. Not a little of the credit of our athletic prowess must be given to him.

D. D. D. PARADE

DENISON DANDY DARKIES

THE seventeenth annual performance of the Denison Dandy Darkies was given in the Town Hall, Thursday evening, May the first. The D. D. D. is presented to benefit athletics at Denison; and aside from its financial success, it gave us a fine evening's entertainment. The house was packed with a very enthusiastic audience when the curtain rose, disclosing the chorus, clad in white trousers and white sweaters, singing "Down in Dear Old New Orleans." This was followed by a medley of popular songs, including a solo "Till the Sands of the Desert Grow Cold," by G. B. Athey.

The first part also included songs and jokes with a plenty of local color by the end-men, "Tony," "Red," "Rox," "Johnnie," "Tarh'l" and "Sweg." These black-face comedians with Lew Babb as Interlocutor drove away the blues and even Kibby's dog, James, had to laugh. This part was exceedingly good and it was evident that the end-men had been well chosen.

"Shylock Bones," an alleged comedy skit, was the second part. The plot was not deep and would not have appealed to lovers of the "Ibsen stuff," but it had pep and won the favor of the house.

Between the second and third parts, Hascall, Darrow, Akers and Kier entertained us with some fine musical selections, receiving many encores.

The final part, "The Coontown Musketeers," was a typical minstrel farce — sans plot, sans everything but the ridiculous.

The committee in charge of the D. D. D. deserves much credit for the way they took hold and did things. Bill Hobart and Tarh'l Wolfe are to be especially commended, for the success of the show depended largely on their originality and executive ability.

Heretofore the management of the Adytum has not given the D. D. D. a place in the year book, but this year's Board feels that the D. D. D., for the worthy purpose it serves and the pleasure it affords us, should be ranked high among college activities.

FOOTBALL SEASON OF 1913

CAPT. BLACK was a team whose efficiency and fighting spirit had not been paralleled. Even before school had formally opened, there was a big squad going through preliminary practice on Beaver Field and each succeeding night saw the squad grow in numbers and ability. Interest on the part of the student body was a great asset throughout the season and helped in no small way to give the squad that unity and spirit of which winning teams are made. Our first game was with Ohio Northern on Beaver Field, which

With the opening of the season for the year 1913, Livy was confronted with the task of filling the positions left vacant by such sterling men as Ashley, Deeter, Rupp, Dunlap, who graduated the preceding June. On top of these losses, he was confronted with the loss of his two dashing ends, Mitchell and Brown, as well as Thomson, Heinrichs and Ladd. But Livy was determined to have a real team anyway, so he set out with the material he had to draw from and the result

resulted in Denison's first victory with a score of 16 to 7. The visitors had a much stronger team than had been expected and had the advantage of weight. Although the field was in a muddy condition, Denison put up a plucky fight, while Ohio Northern had us bested the first five minutes of play and obtained the first touchdown. In fact the score remained 7-0 against Denison until the end of the third quarter, when Livy's men began to patronize the scoring machine. One feature of this game was the clever kicking of Captain Black, who showed that he could "come back." Dave Reese at Center had his man bested at all times of the game. Matty and Shock both played pluckily with injuries. Roudy hadn't quite

CAPTAIN-ELECT REESE

gotten into the old time form and his passing was not up to standard. On running with the ball, he picked his holes well and made several long gains. Fletcher, of Ohio Northern, was the man most feared, but he was unable to stand the regular attacks of Denison.

ROUDEBUSH

On October 11, Denison journeyed to Springfield where we played Wittenberg. The score for this game was 31 to 0 and contributed another scalp to Denison's belt. This was a big game for Roudy. His passing was excellent and on end runs, he was the star of the day. Matty, Roudy and Swanson made a trio of nifty halves and played nice

games. Hickman at full and Thiele at end showed up well. The touchdowns were made by Pfeiffer, Bruce, Matthews and Thiele, while Black kicked goals after each touchdown with his usual accuracy. Swanson punted to advantage several times.

The second home game was with Miami on October 31, and many prefer to delegate this game to ancient history. Pierce of Miami was the cause of our loss of this game, which was won by a score of 19 to 0. Pierce played like a wild cat, making every point secured by the visitors. Roudy made some fine passes, but Miami had been coached to break these up, which they did successfully. Schropp played a good game

at quarter when he replaced Ladd in the last quarter of the game. This game was an added incentive of the game. This game was an added incentive to progress and Livy's call for recruits brought out men who although they knew they might not get into a game, came out to make the first team better. That's the Denison spirit, and we're proud of the men.

The following Saturday, November 7, we played at Athens against Ohio University. Dur-

ing the preceding week Livy had worked hard to make the team more efficient along both defensive and offensive lines. On a good field under ideal conditions, we beat Ohio University by a score of fifty-two to nothing. Ohio U. could do nothing but play a defensive game, for Denison's line was airtight. Ladd was working like lightning and kept the team going in a well-generated battle. Roudy did the most scoring for Denison with four touchdowns to his favor. Williams played his first game this year at this time and did his level best. Bruce and Ward played good games, Jack getting away with several forward passes to our star end Thiele, who made them good. Swanson played a good

MATTHEWS

THIELE

WILLIAMS

offensive game, while Sellars and Matty specialized in defensive work. Marsh, Watkins and Willis made a strong trio of linemen and made many advantageous holes in Ohio's line. Line bucks were more than effective this game and not a little credit is due Denison's stalwart linemen.

Right after this game, it was suggested that the squad eat together at the old Training Table and the suggestion was so favorably received that about twenty of the squad proceeded to try out Mrs. Buckland's cooking. None were disappointed for the eats were always good and the effect of being together with the coach and manager three times a day was that the unity and attendant good fellowship was a great asset in keeping up the "pep." Football matters were discussed, questions asked and answered, songs were sung and we all had a good time. The whole idea as carried out contributed to the keen enjoyment and bettering of the spirit and friendship between the squad members. It is no wonder, then, that when we went down to Cincinnati, another victory was added to Denison's string. Starting out on Friday noon, Manager Babb led

BIGGS

us to Xenia, where we had a practice in pouring rain. Livy anticipated a wet field and a wet ball when we should arrive at Cincinnati and so proceeded to get us acquainted with such adverse conditions. It was real work, but every one was feeling good when we all sat down to a good hot supper. After the meal, the team started out for Cincy, where they stayed at the Palace Hotel. Rain throughout the

night did not dampen the ardor of Livy's men and the passerby who heard the squad sing "To Denison" after dinner the following day, knew that Denison had the winning spirit. The field was very wet but covered with sawdust to the depth of six or seven inches in places and the Cincinnati bunch had us outweighed, giving them quite an advantage over us. Fumbling was frequent on both sides. Captain Fenker and "Teddy"

Baehr were Denison's strongest opponents and both played good games. Reese played a fine game against Bryant and had him at his mercy throughout the game. The backfield, consisting of Roubush, Hickman and Williams, did some good ground-gaining, battering through Cincy's line at

PFEIFFER

will. Ladd played a fine game and ran the team in veteran style. Thiele, on receiving one of Roudy's forward passes, scored a touchdown. The line put up the highest class of football yet displayed and Livy was rightly proud of them. Biggs was a bear on defense, smashing through Cincy's line and frequently downing the man for a loss. Black's toe was in working order and he scored two goals from touchdowns under poor field conditions. Cincinnati had steamed up for state championship, but Denison put on the brakes, 14 to 7

CURTIN

per cent. It was gratifying to note the number of Denison alumni who attended the game and cheered the team on.

Following the game with Cincinnati, there was a bad snow-storm and the field was in poor condition for practice

LADD

but Livy worked out the team in the snow for a couple of days and then the loyalty of the Denison Rooters' Association cropped out. In one night the field was cleared of the snow and successful practices could be held. Good preparation was made for the Otterbein game, but when the day arrived, weather conditions demanded a cancellation of the game. A practice game was held on the high-school field for the satisfaction of the assembled alumni, and they all went away proud of the team.

On November 22, Denison, backed by a large number of loyal rooters, journeyed to Delaware, where Wesleyan had to bow down in defeat. Our old rival didn't relish the decisive victory we had over them but we are proud to add to the string of Denison victories, this one of 47 to 0 over O. W. U. in 1913.

This game was one of forward passes

SCHROPP

HICKMAN

WYLLISS

reer to a fitting close and we're proud of our captain.

With the Denison-Rochester game on Thanksgiving, our football schedule was brought to a close. After a very comfortable trip, which was due to the untiring efforts of Manager Babb, we arrived in Rochester. The game was attended by at least four thousand people, and the spirit shown was of a high class. The game was somewhat delayed by the unreliability of one of the officials whose forgetting to show up resulted in the enlisting of the services of a man who didn't know a football from a pumpkin. The weather was ideal, crisp and bright, and Denison's men were primed for the final battle. From the first whistle, however, Rochester's

and Roudy had the Wesleyan bunch completely bewildered. Denison's line bucking also was very effective. Curtin played a strong, consistent game. For Black is recorded a touchdown, two place kicks, and five goals from touchdown. Lester brought his Ohio Conference football car-

BRUCE

stars, Forsythe, Chesbro and Lanni, kept Denison from advancing down the field. Rochester's backfield was the strongest met this year and their defense was perfect. Captain Black was the best player on the field and excited much comment from the spectators. His tackling was sure and hard. Thiele, Roudebush, Biggs and Ladd played with that vim which is gratifying to see. Denison took a decided brace in the second half and Rochester didn't score a single point. Denison, however, scored thirteen points through the clever work of Reese, Thiele and Roudebush, but this could not win the game which ended in a score of 26 to 13 for Rochester. Curtin, Pfeiffer and Sellars all played good defensive games.

Thus did the 1913 football season come to a close. Denison scored 173 points to her opponents' 59. Captain Black was unanimous choice for the All-Ohio, with Captain-elect Reese chosen by several papers for a position.

Here is what Livy has said of the 1913 bunch: "This year's team is the best-working machine that has represented Denison since ny coming here. In the matter of individual stars, past teams have excelled the 1913 delegation in some ways, but as a well-running unit, this team has surpassed all its predecessors."

BASKETBALL SEASON OF 1912-1913

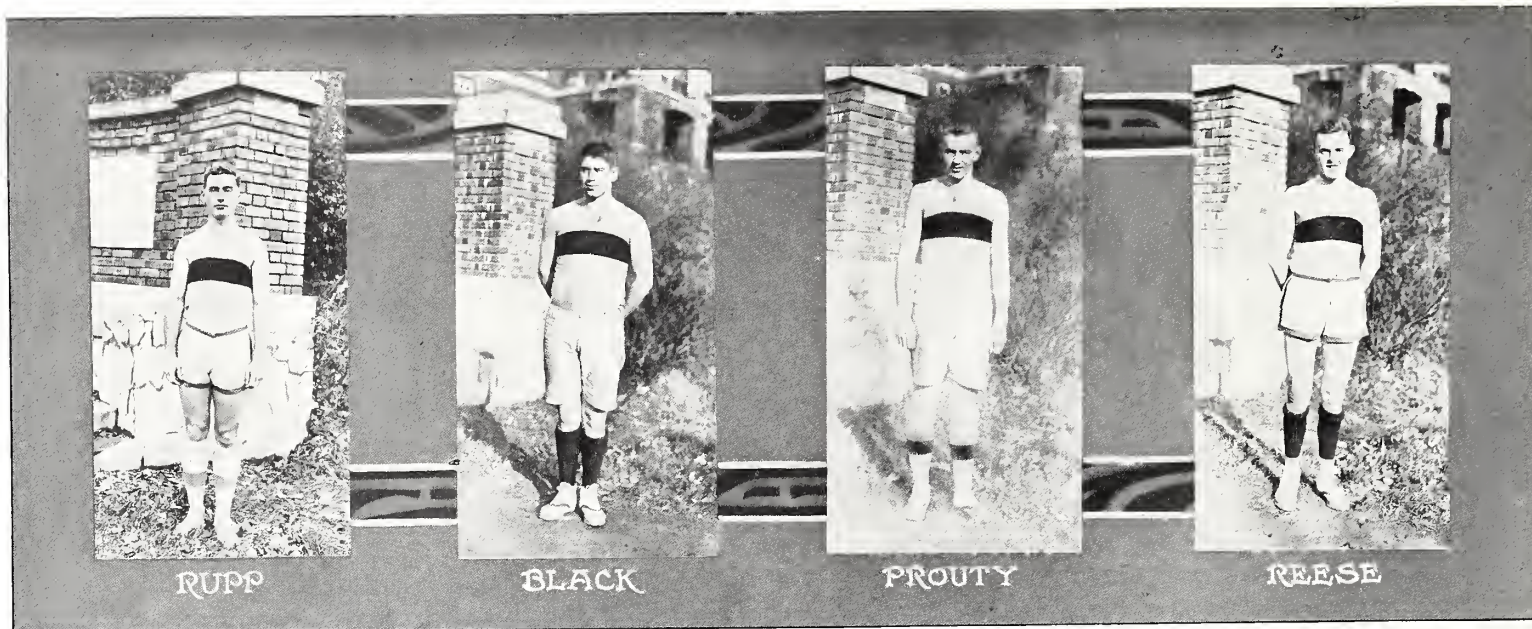

THE basketball season 1912-1913 was another example of what a good coach with good material can do. From the beginning of the season, "Livy" had a fine bunch to work with and his efficient coaching resulted in a team whose state championship was undisputed. The loss of Captain Morrow and Holt was felt at first but they had very creditable successors in Reese, Black, and Jones, who proved themselves to be stars in their positions. It was gratifying to notice in All Ohio conference selections that there was not a regular Denison player but made one of these mythical teams. Captain Rupp and Black were the choice on the first team for guard and forward respectively; Prouty was the selection on the second team for center; while Reese and Jones made places for themselves on the third team as guard and forward respectively.

With only one game lost, and that to Wooster, Denison showed not only the Ohio Conference teams the finer points of the game, but the acknowledged champions of Indiana and Michigan as well. Notre Dame was beaten by a score of 47 to 13 after they had made a splendid record of twelve straight winnings against the best teams in the middle west. Denison won by a score of 43 to 18 from Michigan "Aggies", thereby disappointing the Wolverines, who had planned for taking an easy scalp.

In all, Denison scored 832 points against their opponents' 271, and according to "Livy" was the best basketball scoring machine in the history of the institution that far. At this writing it is safe to predict that the team for the season of 1913-1914 bids fair to even surpass the splendid record of that of the preceding year. We can all be justly proud of our team and its coach.

CAPTAIN RUPP

Rupp was just the man to be captain of a team such as we had this year and it was a fitting climax to his athletic career at Denison. Rupp is a hard, fast player, consistent, and in the game every minute. He is as good on offense as defense and can be depended upon to be there when he is wanted. Rupp was at his best in the Cincinnati game and at Wesleyan. He earned a position on the All-Ohio first team.

BLACK

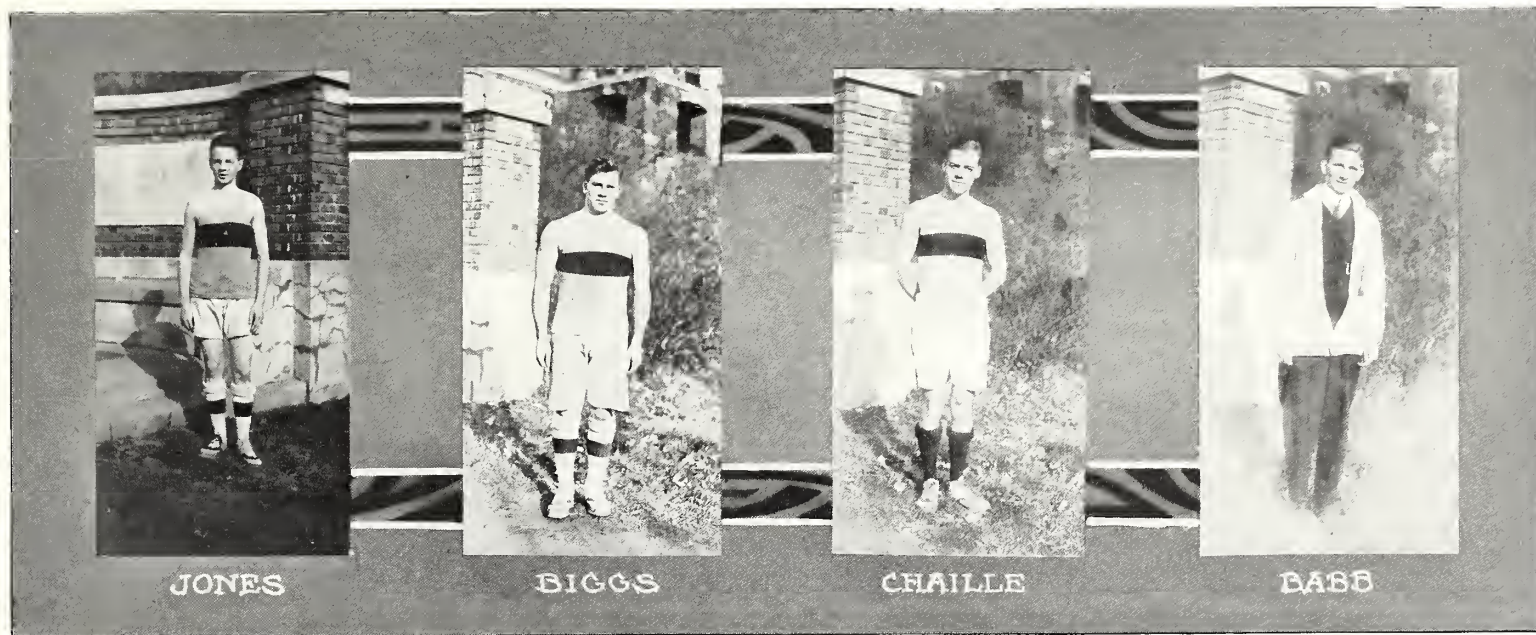

Lester was the terror of all opposing teams. No matter how many men were hanging on his shoulders, he would cage them just the same. It would not be too much to say that Lester is the best forward in the state, as his record of one hundred and twenty-one baskets will show. Black scored more points by himself than all our opponents put together, making ten or more goals in each of seven different games. He was named as a forward on the All-Ohio first team.

CAPTAIN-ELECT PROUTY

Pete played his second year for the Varsity at center this year. He sure is some center and there were very few men who met him that had anything on him on the tip-off. Pete's best games were Kenyon, Ohio U., Notre Dame, and the Cincinnati game here. At passing and basket-shooting Pete is as steady as clock-work and dependable at all stages of the game. Pete's fifty-five field goals make him the third best scorer on the team. He was given the center position on the second All-Ohio.

REESE

Dave demonstrated on last year's freshman team that he was slated for the Varsity this year. At guard he played a perfect game and is rated by many as one of the best guards of the state. On offense he was also a star and forty-eight goals are credited to him. Dave is fast, dependable, and always on the job. It would be hard to say just what was Dave's best game, but they say at Cincinnati that he is the best guard they ever saw. Dave excels at all departments of the game and was given a guard position on the All-Ohio third team.

JONES

JONES

"Jonesy" was the smallest man on the team but still he was mighty hard to handle. For fast floor work, passing and basket-shooting, one would have to go some to beat him. He is another of last year's freshman bunch and will have two more years to work for Varsity. Jones is the second best scorer on the team and although roughly handled in several contests, was still on the job. Notre Dame, Miami, Cincy, and the Michigan Ags all have a good opinion of Jones. He was given a forward position on the All-Ohio third team.

BIGGS

Biggs is another of last year's freshman quintet, who earned his letter on the Varsity this year. For a man of size, such as Biggs is, his speed is wonderful. Biggs' football training helps him in basketball to a great extent. His best game was against Miami, when he caged ten goals in the last half of the game. As Horace is a sophomore, he will no doubt get a chance at the Varsity next year.

BIGGS

CHAILLE

CHAILLE

This was Hal's second year on the Varsity. He played at forward and center and played a fast and hard game whenever called upon. He had no trouble in filling a vacant pair of shoes whenever they might be. Hal's performance in both Cincy games and against Ohio U. bears witness to the fact that he is a man of Varsity calibre. Hal is a junior and we shall be glad to see him out again next year.

BABB

A large share of the credit for Denison's showing for the past season is due to Manager Lew Babb. Lew started in with a big handicap, in spite of which he succeeded in securing for Denison one of the best schedules we have had in years. One of his stunts was to schedule games with teams like Notre Dame and the Michigan Ags. Lew was a splendid financier and a corking good manager, and deserves his "D."

BASEBALL SEASON OF 1913

DURING the last two or three years, Denison has been advancing in proficiency along all athletic lines, but nowhere is this progress so obvious as in the record of her baseball team in the Spring of 1913. Of our previous season's team, we lost "Dusty" Miller, "Buck" Hewins, Ben Forsythe, and Knouff. The condition of Beaver Field was not the best, but even against such adverse conditions, "Livy" was able to put out a snappy bunch of ball tossers to ply for state honors.

Our first game was with a bunch of amateurs from Cambridge resulting in a 16 to 4 victory for Denison, whose batting was weak and fielding poor throughout the game. On May 3, Denison shut out Otterbein by a score of 3 to 0; but one clean hit being made by the Westervillites, Schwegman pitching air-tight ball during the entire game. Miami was defeated twice in games of close scores, the first game resulting in a score of 7 to 6, and the second 3 to 2. On May 10, we defeated Ohio University in a fast clean cut game. "Schweg" was working fine and held Ohio to five harmless safeties. Captain Mathews featured with the stick and was responsible for all three runs made. Our two games with Wesleyan were excellent exhibitions, despite the muddy field. Both Biggs and "Sweg" pitched good ball and had good support but luck was against us. On its southern trip our team played her two best games with Miami and St. Mary's Institute, Denison being the first team to defeat Miami. At St. Mary's the score was a tie of 3 to 3 in the ninth when "Matty" hit the ball for a home run making the score 4 to 3. During commencement week the team was successful in winning all three games; Otterbein 6 to 5, Denison Alumni 5 to 0, and Ohio State 8 to 5. On the whole, this was one of the best seasons in Denison baseball history.

BASEBALL SCHEDULE FOR 1913

Apr. 19.	Denison	16	Cambridge	4

ASHLEY

Big Bob held his position behind the bat in his usual good form and played good ball throughout the season. His whip to second was the terror of opposing base-runners and many a man was caught off his guard by the ever-alert catcher. We will sure miss Bob next year.

CAPTAIN MATTHEWS

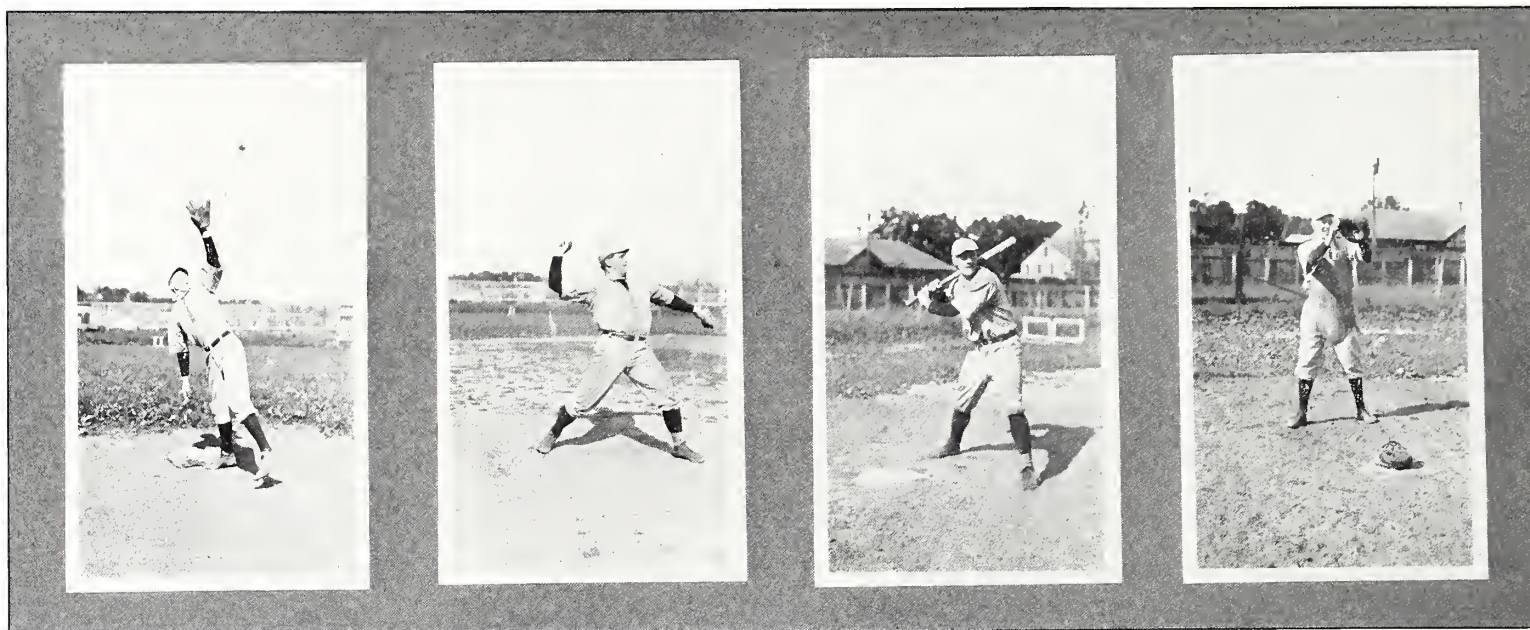

Matty is a natural-born ball player and would rather be in a game than eat. He is a shark with the stick and can always be depended upon to do his share of the fielding. Beside, he was a fine captain and we are glad he will be with us next year.

CAPTAIN-ELECT SCHWEGMAN

Sweg as a pitcher is as cool as the proverbial cucumber. This old "south-paw" has made a name for himself as a ball player here at Denison and we are proud of him. His slow ball had all of them guessing and he is a master in the art of curving. He was as reliable as a chronometer and Livy never hesitated to put him in the box.

MORROW

Tony is our ever-alert little second-sacker. Fast on his feet and with fine baseball sense, Tony made good for fair this year. We could always count on him for a few spectacular plays during every game. He has one more year and we are betting on him.

REESE

Dave began to make good at the first bag but Livy needed a good man on third, so he was shifted to that position, where he worked very creditably. Dave made up in science what he lacked in gracefulness when he got up to bat and he was a heady player at all times.

BIGGS

When his support was strong, Horace was a fine pitcher, but the trouble was that the support was a variable quantity, hence the necessity of replacing him at times. Biggsy is a monarch of speed and his control is good, and so we expect great things of him in the future.

RODEBUSH

Roudy worked like clock-work all season and showed the ear-marks of a big leaguer, with his accurate throws to first and second. Short was his position and our opponents soon found that region of the diamond a mighty poor place to clout the ball.

BURRER

Burrer was understudy to Bob and when Bob's injury necessitated a good substitute, he was the logical man. He was accurate with his pegs to second and showed great speed and brain work in running bases. We hope to see him out next year.

PFEIFFER

Our ever-present "comedian of the field," Dutch made a hit wherever we went. Balls batted into his field were about as safe as a celluloid dog in purgatory. He's good with the stick, too, and we hope to see him knock in some runs for Varsity next year.

BLACK

Lester is one of those fellows who seldom move without making that movement count. He played a capital game all season at first and besides was a good batter. Many a man did Lester help to retire even before he struck first. We will all be glad to see Yaqui on deck next year.

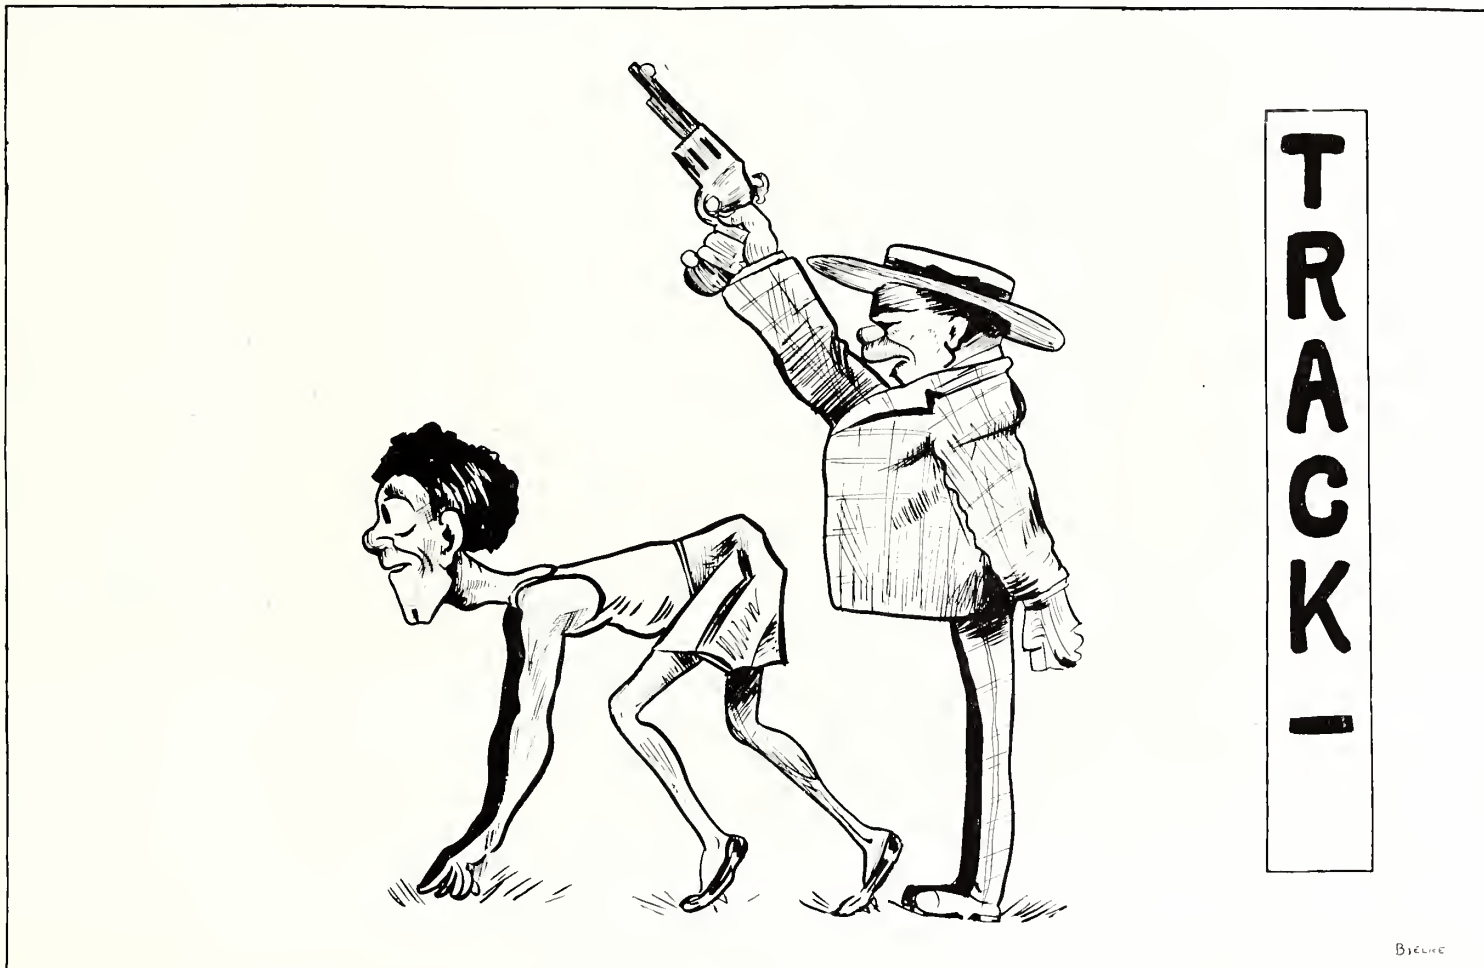

BRADFORD

Brub is a fine fielder. He knows inside baseball and his playing throughout the season was of high order. We are sorry that Brub thinks State is the logical school for him, for we need him. He is a good batter and not a few hits were made by him that resulted in runs.

BARNEY

Barney was kept pretty busy in bailing out the sink holes in Beaver Field, previous to games but some one had to do it. Not a single player ever knocked his methods of managing. He kept the boys happy and comfortable all season and credit is due to him.

TRACK SEASON 1913

With the beginning of real spring weather, Captain Heinrichs had his squad of track men out for practice. Material was good and he worked faithfully to construct a winning team. The result of the season's meet showed that his efforts were rewarded. On April 19 Denison beat Ohio University on Beaver Field. The conditions were against fast time as the track was heavy and a steady cold wind blew across the field. In the 100 Burrer took first with Todd a close second in 11 seconds. In the pole vault Ohio University won at 9 feet. Heinrichs showed up well in the hurdles winning both the 120 and 220 yard events. Prouty carried off the honors for the weights, while Dunlap and Davies outclassed their opponents in the 880 yard run. The mile relay was forfeited to Denison but Edwards, Kirk, Tribolet and Dunlap ran against time, making 3:47.

On May 3 Denison brought back another victory, from Wooster, the score being 71 2-3 to 45 1-3. A number of events were a tie and the decisions in some cases were difficult to make. Miller ran a beautiful 2 miles in 10:10 2-5, tying with Moore of Wooster. Prouty hurled the discus to the distance of 112 ft. 3 in. He had little trouble in taking the shot-put but was outclassed in the hammer-throw by Compton of Wooster. Ladd was right there in the dashes taking both the 100 and the 220. He also won the broad jump. Captain Heinrichs took three firsts—both hurdles and the high jump.

The next meet was with Ohio University on May 10 in which Denison won by the decisive score of 68 to 49. Miller was pushed by Fry of Ohio in the 2 mile, losing by a margin of 6 seconds. Dunlap and Davies had things all their own way in the half mile and finished easily. Edwards made the quarter mile in 53 seconds flat. Captain Heinrichs took three firsts in the hurdles and high jump, while Prouty took firsts in the shot-put and the discus. Ohio had improved greatly since their appearance here and expected to take the meet. In fact the points were tied, up until the last few events. It was a splendid meet in every way.

Otterbein proved easy meat for Denison on May 17 when Otterbein tracksters

University of Pennsylvania Relay Races. Denison third in their group. Big Six meet—Denison 14 points.

came to Granville. They took but two firsts, those being the pole vault and the high jump. Webb, Ladd and Heinrichs took all the runs, while Prouty proved himself a star in the weights. It was a good practice meet as preparation for the Big Six meet which was held in Columbus on May 24. Denison demonstrated her ability in track athletics in this meet making 14 points. We were represented by our six best men, Heinrichs, Ladd, Dunlap, Edwards, Prouty and Miller. Captain Heinrichs took third in the 120 high hurdles with Banks of Wesleyan and Larimer of State ahead of him. Ladd placed third in the broad jump with Thomas of State and Weim of Miami the best men. Firsts were taken by Dunlap in the half-mile and Prouty in the discus. Rhiny ran the half in 2:3 1-5, while Pete hurled the discus 110 feet 7 1-2 inches.

The season was brought to a fitting close on May 31 when Denison beat Miami in the best meet of the year. While Denison led throughout the meet, Miami kept pushing the Varsity men so that the meet was closely contested. Lester Black proved to be a dark horse in the shot-put and broke a record with a heave of 36 feet 3 inches. This broke De Armond's record of 35 feet 11 inches, made for Denison in 1893. Captain "Fish" lowered his own record in the 120 high hurdles to 16 seconds flat.

Summing up the season's points Captain Heinrichs scored high man with 70 5-12 points to his credit. Prouty in the weights was second high man with 66 points. Ladd in the dashes and broad jump scored 51 points. "Rhiny" Dunlap in the half-mile and relay has 30 1-2 points, Bob Miller came next with 26 points in the distance runs. The others are as follows: Webb, 15 1-2, R. Moore 15 1-2, Rector 19, Tribolet 11 3-4, Burrer 11, Edwards 17 1-4 and Davies 15 1-4.

It is pleasing to note the showing made by Denison in the Philadelphia Relay meet. Denison got third in their class—the team being Heinrichs, Kirk, Edwards, and Dunlap. Each of these four men was presented with a handsome loving cup as prize for third place. Participation in such a nation-wide meet was a great thing for Denison and it is to be hoped we will be asked to enter again.

DAVIES

"Duffy" exhibited a chance for a bright future this season. This was his first season and $15\frac{1}{2}$ points to his credit make a very creditable start. The half-mile was his favorite and in his two years to come, he will make an enviable name for himself in this event.

DAVIES

HEINRICHS

"Capt. Fish" certainly did himself proud this year. He was our biggest point-winner, having 70 5-12 points to his credit. Fish ran on the Penn Relay Team, broke the college record in the high hurdles and placed in the latter event in the Big Six meet.

PROUTY

"Big Pete" showed us again this year that he is a real weight-man. He showed us his ability when he took first place in the discus throw at the Big Six. Pete never failed to get his share of points in every meet and is the second highest point-winner, scoring 66.

PROUTY

MILLER

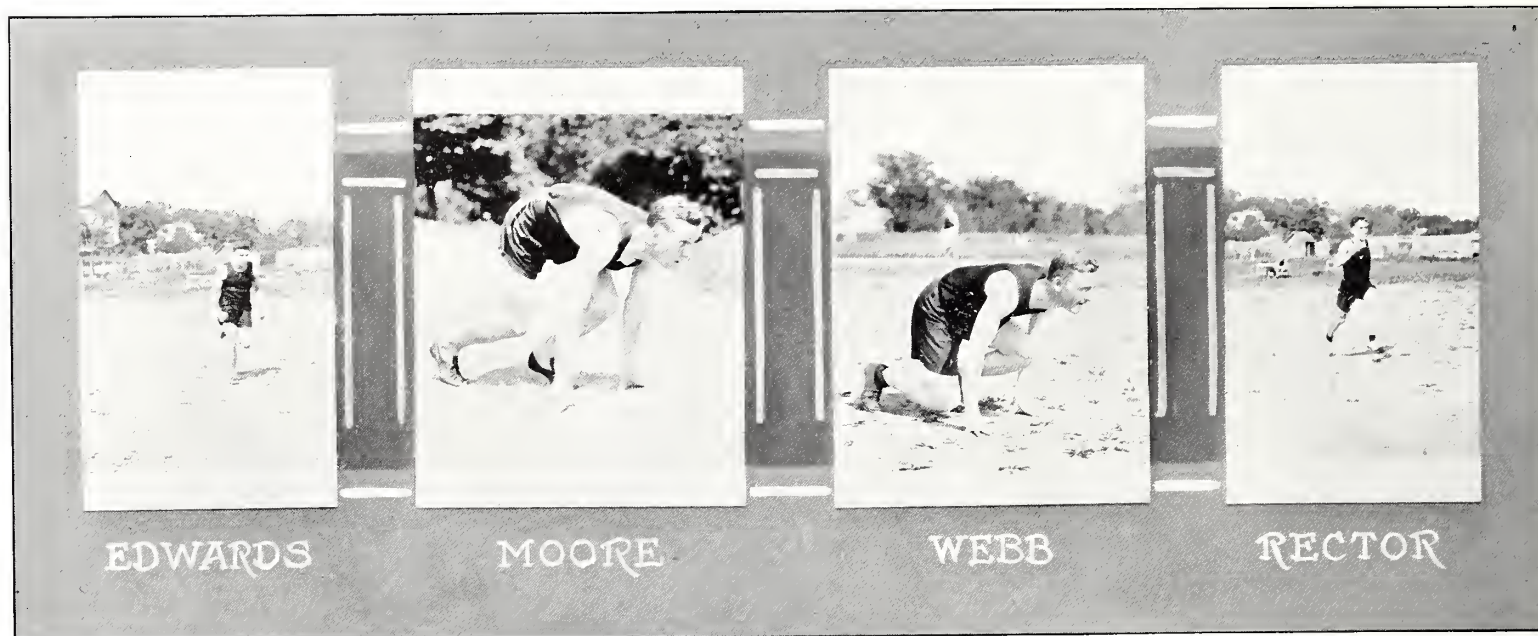

"Bob's" consistent work deserves praise. He always worked hard and earned his 26 points. In the two-mile run, Bob lowered the college record considerably, making it 10 min. 10 2-5 sec. We are glad he is with us another year and he sure is the logical man for captain.

MILLER

LADD

LADD

Ray, with his 51 points to add to the season's score, was a big help to the team. His dashes were brilliant, but his broad jump was his long suit. In the latter he is to be especially commended for taking third place in the Big Six.

EDWARDS

MOORE

WEBB

RECTOR

EDWARDS

"Eddy," full of scrap and game to the last, was a man to be feared. He did good work on the relay team that went to Philadelphia. In the quarter mile, Eddy was a fast and consistent runner and could always be counted on to place in the finals.

MOORE

Ray is a hard-worker and by his faithful efforts added several points to our season's total. He did good work on the quarter-mile and served as alternate on the relay team. We were sorry to lose Ray by graduation last Spring.

WEBB

"Pinky" receives a double measure of praise. As manager, he deserves credit for being always on the job and for his first-class treatment of the team. It was due to him that the relay team went to Philadelphia. But we must not slight the 15½ points he secured in the sprints.

RECTOR

"Randy" is one of those fellows who doesn't say much, but who quietly shows us his real worth. His 19 points helped the season out a lot and we are expecting bigger things than ever of him this year. Here's luck to you, Randy.

WINNERS OF THE TENNIS "D"

TENNIS SCHEDULE 1913

- May 3, Ohio Wesleyan at Granville.
- May 10, Capital University at Granville.
- May 17, Ohio Wesleyan at Delaware.
- May 24, Miami at Oxford.
- May 29, 30, 31, State Tournament at Gambier.

TENNIS SEASON 1913

THE tennis honors for the school were upheld by Noyes, Scott, Roudebush, Reese, and C. P. Moore. Scott as manager arranged a very good schedule. The first tournament with Otterbein had to be called off on account of rain. On the following day we met Wesleyan on local courts. In the morning, Reese and Hill lost the doubles to Philliputt and Badley 6-4, 6-4. In the afternoon, Moore was outclassed by Badley, losing 6-4, 6-2. In the final match of the day, forty games were necessary to decide the contest. Philliputt took the first set 8-6, Scott the second set 6-4, and after see-sawing back and forth, Philliputt finally won the deciding set 9-7. On May 10, the Denison tennis team composed of Moore, Scott, and Noyes, easily defeated the racquetters from Capitol University of Columbus. In the doubles, Scott and Moore swamped the visitors and ran away with two sets 6-3, 6-0. Moore in singles beat Spoehr 6-0, 2-6, 6-1; Noyes in a second single event won from Hanck 3-6, 6-1, 6-0.

On May 17, Scott, Moore, Reese, and Roudebush met the Wesleyan team and suffered defeat. In the singles, Moore defeated Philliput of Wesleyan 6-2, 6-3. Reese put up a good game against Bodey but lost 6-4, 6-0. In the deciding matches of the singles, Scott lost to Worley 6-4, 6-3. In the doubles Reese and Roudebush played in fine form against Hadley and Worley but lost 6-4, 4-6, 5-7. In the other doubles Scott and Moore defeated Philliput and Helter 6-2, 6-1.

On May 23 Denison racquetters gave an interesting exhibition of tennis and won from Miami, Moore and Scott, taking the doubles event 6-4, 4-6, 6-4, Ashton, the Miami star, succeeded in winning his event from Moore 6-3, 6-2, in a hard-fought battle. Scott won from Krauss 6-3, 5-7, 6-4.

At the state meet on June 29, 30, 31, at Gambier, Denison was somewhat outclassed. The tennis teams have a distinct disadvantage at Denison because of lack of suitable courts to practice on and finances to equip such courts, but Denison has turned out some good tennis players and prospects are promising for better teams in the future.

FRESHMAN FOOTBALL SQUAD

First Row: Addams, Nicholson, Athey, Schock, Metcalf, Cosler, Swaine, Wellwood, Ladd, Shreve.

Second Row: Winans, Knapp, Malcolm, Kidwell, Rupp, Slackford, Brock, Clary, Cossum.

This is the bunch that responded to Coach Livingston's call and helped to turn out a successful 'Varsity by giving the 'Varsity squad good scrimmage every night throughout the season.

DOANE ATHLETICS

IF we were inclined to be superstitious we should point to the figure thirteen as the most influential factor in determining the unenviable records of this year which must be entered in the chronicles of Doane's Athletic history. But because to lose manfully does not denote defeat and because we wish rather to spurn luck and the Fates and to be known as true sportsmen we offer no apology whatever for the cold bare facts here presented. Let it suffice then merely to say, that this year must not be adopted as the criterion by which the prep's athletic usefulness is to be estimated, but rather that nineteen thirteen must be under-scored as an "off" season.

To begin with the success of the football season was seriously hampered by a late start in practice. To be sure the preps were out in full force exhibiting a keen desire to make the season one to be proud of. But the powers, the wielders of the golden branch, offered no recognition of this scholastic ambition. As a result the preps were deprived of the services of a coach and probably would have disbanded entirely but for the timely offer of "Pete" Prouty, whose gratis services in the capacity of coach were greatly appreciated. The season began with a staggering blow from Newark in the form of a 26-0 defeat. One week later Utica suffered the same defeat at the hands of Doane. Things now looked more hopeful until Cambridge was encountered and walloped us by 32 points. Next in line came Mt. Gilead, perhaps the best game of the season, which resulted in a no score game. Thence the team journeyed to Columbus and played a poor fumbling game, which nevertheless ended with a 12-0 victory for Doane. Granville High now challenged and a game that adds nothing to Doane's glory was played and won by a touchdown. The season closed with a plucky scrap against the Mt. Gilead team but the inevitable '13 played havoc with the scoring machine and victory was yielded to Mt. Gilead by the count of 31-21.

Perhaps after a season of such disastrous results it is not altogether befitting to endeavor to attach the distinguished cognomen of "Star" to any member of the team. And yet we feel that especial mention is due "Tommy" McMahon and Roger Ferris, while Cory Boggs and "Russ" Griffith deserve a word of distinction.

DOANE FOOTBALL SQUAD

First Row: Clark, McMahon, Houston, Kemper, Jordan, Barrington, Chandler.

Second Row: Wise, Brillhart, Swanson, Griffith, Hill, Boggs, Prouty, Coach.

DOANE BASKETBALL SQUAD

First Row: Davis, Carson, Kemper, Athey, Dilg.
Second Row: Winans, Butler, Rupp, Latta.
Third Row: Griffith, Tannehill.

SHEPARDSON ATHLETIC ASSOCIATION

OFFICERS

- President*.....Helen Walcott
- Vice-President*.....Susan Thresher
- Secretary*.....Laura Harris
- 1917 Board Member*.....Sarah Holmes
- Prep Board Member*.....Margaret Heinrichs

The Shepardson Athletic association is a large and important feature of Shepardson college. The membership of this year, which includes the faculty and students, is a great increase over previous years, which proves it to be a growing organization. The board of control is composed of the Dean, the Physical Director, and a member from each class, the Senior member holding the office of president, the Junior member of vice-president and the Sophomore member that of secretary.

The association's activities extend over quite a range outside of regular gym classes. Swimming is especially popular. Besides this there are tennis, hockey, archery, basketball, and cross country walking. At least twice a year, the association gives a large party for all its members. This fall, everyone came dressed as Buster Brown, or his dainty companion, Mary Jane. The spring of 1913 witnessed the first intercollegiate game that Shepardson ever played, but further negotiations are under way for one or two games with other schools.

ATHLETICS ON SHEPARDSON CAMPUS

HOCKEY

ALL-SHEPARDSON BASKETBALL TEAM

LYDIA BUCKLAND

HAZEL BOLIN

VIRGINIA PUTNAM

ALMA BRUMBACK

LILLIAN BOGGS

KATHERINE OLNEY

LYDIA BUCKLAND, Forward

"Tacks enters every game with a purpose and is an exceptional player. Her pass work is fast and sure.

HAZEL BOLIN, Center

Hazel neglected to grow as tall as the average center, but she made up for this in her jumping. She was fast in covering the floor and always in place when needed.

VIRGINIA PUTNAM, Forward

"Put" came to Shepardson with lots of basketball experience and energy. Not only is she quick in floor work but also very accurate in passing. Add to this the title of captain and we have one of the stars of the team.

ALMA BRUMBACK, Center

"Brummy" is tall, has long arms, and can jump. She is the prettiest player in school for she is extremely light on her feet but very graceful.

LILLIAN BOGGS, Guard

The sophomores contributed a big part of the team when they presented Lillian. She plays like lightning, delighting in spoiling her opponents' passes, and in caging the ball.

KATHERINE OLNEY, Guard

"Kath" made the all-Shepardson team by steady, efficient guarding. Her strong point is her team work and she enters the game as calmly as she does the recitation room.

BASKETBALL

EACH year the basketball in Shepardson advances in interest and quality. The girls begin working hard in December and from then until spring vacation every team knows no rest. The season of 1912-13 offered at least two big surprises. First, the class of 1913, which had held the championship for five years including two years in prep, rested on previous laurels and allowed the freshmen to claim first honors. The freshmen worked hard for their position but they had the material as three of this team made "All-Shepardson." Every game in which they played was lively and snappy.

The second big surprise was a game played with Cedarville College. This was the first intercollegiate game Shepardson had ever played and a large audience came to witness it. Our girls made a very good appearance with their white suits and red ties.

From the minute the referee's whistle blew, Shepardson had the advantage. The Cedarville girls seemed unable to keep track of the ball, it was passed so rapidly among the Shepardson girls. The game ended with a score of 21 to 1, the only score made by Cedarville being from a free throw.

Six of the girls who played in this game were given an "S" as members of the All-Shepardson team. One peculiarity was the absence of upper classmen, as the team was composed of one prep, three freshmen and two sophomores. Numerals were given to the teams and managers of the different classes at a jolly picnic held at Spring Valley.

CARNIVAL DAY

CARNIVAL DAY

THE thirty-first of May dawned bright and sunny and very early Shepardson began to prepare for their great day. By noon all the halls were decorated and the various booths erected. Fond parents and admiring friends began to come, and all the campus was ready for the event of the day. First came a concert of "Chimes of Normandy" music by the University Opera Orchestra. Then came the grand march, led by the seniors in cap and gown, followed by the different classes in costume. The Preps in bright yellow dresses gave three Swedish dances, and Laura Harris and Laura Cook defeated Margaret Colwell and Lydia Buckland in tennis doubles, giving the championship to the freshmen.

The freshmen girls in crepe paper dresses of pastel shades executed two German dances followed by the Sauter-alla Poka given by the Junior girls. Then according to time honored custom, the Sophomores danced the Maypole dance in white dresses contrasted with the rainbow colored streamers. The Senior hoop race was a most interesting event, being won by Bess Nichols.

Then Dr. Hunt presented the prizes, giving candy to the winners of the tennis doubles, a new racquet to Emily, the singles champion, and letters to Laura Prouty, Emily Colwell and Alma Brumback. Alma also came in for her share of honors in swimming, having won the championship the week before. For this she received a spoon and had her name engraved on the swimming cup.

The class numerals were also awarded to two best players in each class and the Academy and the All-Shepardson Basketball letters were given to Virginia Putnam, Hazel Bolin, Alma Brumback, Lillian Boggs, Katherine Olney, and Lydia Buckland.

DENISON PHYSICAL DEPARTMENT

Some years ago, young men were sent to college for the training of the mind only; and no suggestion whatever was held out to them regarding the training of the body. One notable change within the last few years has been the gradual falling away of active opposition to athletics as a part of education. It is practically admitted by everybody now, that the gymnasium work and athletic sports have come to stay. There is a good reason for their staying.

We can see that the occupations of everyday life in the future, and especially with the more intelligent classes, will not afford enough exercise and training to maintain the physique of the race. Without a doubt the athletic training is necessary to the highest mental development. Some say physical training is for the benefit of the few who least need such training, rather than for the good of the mass of students; but not so at Denison. Years ago the mass of students, lacking unusual physical ability, merited consideration only, in so far as they would help by paying the admission fee and "rooting" for the team.

At the present time the aim at Denison is to get the mass of students interested in physical training and the results are more than encouraging. We hope to make gymnasium work so successful as to manifest itself in an increased capacity for learning throughout college life. Those who have their senses of hearing and sight sharpened on the gymnasium floor, will not be likely to let much go unnoticed in the class room. The habit of "correct form" is one of the most important elements of all things taught in our gymnasium, and is kept in the fore-

ground of all our work. A gracefulness and precision will be found in the student's every day habits, which would not be gotten in any other way.

The compulsory gymnastic hours are just as much a part of the curriculum as the Latin, Science or English, and why should it not be? Suppose a student knows every science by heart, what will it bring him if he breaks down at thirty and remains a burden to himself and others the rest of his life.

The Denison gymnasium is now equipped with plenty of apparatus and the exercises given on them gives an increase of power of the muscles involved and an increase in action of the lung, heart and circulation. This creates a correct relation between the nervous system and the muscles.

I will now take up the athletic work at Denison. It is our plan here, to conduct athletics for the good of the mass of students rather than for the few who least need such training. Our main purpose is to be hygienic and educational, rather than spectacular. We don't want athletics to lead to a degree of excess. Denison does not dishonor herself by permitting one who is not a regular and genuine student to represent her. Over three-fourths of the students at Denison take regular exercise. Hence a few students do not monopolize our athletics and gymnasium. Years ago here at Denison the athlete was usually a dull fellow, or an idler, with few exceptions. Now the members of the teams are as brilliant and intellectual as any of the students. On the teams our motto is ideal conduct. Honor is always upheld whether in victory or defeat.

Objections to football have been heard in certain quarters on account of its alleged brutality and the violence of the exercise demanded in its play. It certainly is not a game for weaklings or improperly trained boys. Statistics show that accidents are no more frequent in football than in many other kindred sports. The game is no more violent than is required by the physical demands of the men who play it. There are no memories, which cling so persistently to the mind of the alumnus, always capable of awakening the view of enthusiasm, and always recalled with pleasure, as those interwoven in the football games of his undergraduate days. The conversations at class reunions usually drift to football in general.

It is loyalty to college which makes the college man a valuable addition to the

institution he adopts. It is the self-same spirit that stands for the best in college life and is an absolute essential to its success in its highest meaning and it is college athletics, of which football is the greatest example, which makes this spirit possible.

Without athletics the college life would be dull. A man would leave as an alumnus with the relief that he got out of a hard work shop. The hours spent in the open air on the athletic field are spent in beneficial exercise, and even if the candidate does not succeed in making the team, he is storing up for himself a fund of health, from which to draw in later years.

COUNCIL OF DEBATING AND ORATORY

F. Essex
R. B. Deer

Prof. Bunyan Spencer
Prof. V. H. Hoppe

R. R. Weber
E. P. Mills

THE Council of Debating and Oratory is an organization representative of the faculty and the two men's literary societies and designed to promote the best interests of debating and other kindred literary work at Denison. This year the council has suffered almost an entire change of personnel. Prof. C. E. Goodell, who has been president of the organization in past years, has retired owing to his additional work as registrar, and Prof. Bunyan Spencer has succeeded him. Freeman Essex and R. R. Weber both completed their required work for graduation at the middle of the year and were succeeded by Donald Atwell and L. C. Pinkerton.

The Council tries to secure debating contests with some of the strongest teams of the state and in this way is making the debate work count in Denison.

THE season just passed was in every way, most successful for the Glee Club. Due to the cancellation of several engagements last year, the treasury was sorely depleted at the beginning of the season—however, an extensive schedule put the finances on a favorable foundation again. The club's trips this year have included the following towns and engagements: Lake Erie College, Cleveland, Conneaut, Rochester, N. Y., Salamanca, Union City, Pataskala, Newark, Jamestown, Xenia, Cincinnati, Springfield, Dayton, Chicago, Kalamazoo, Columbus, Pittsburgh, Ashland and Norwalk. At each place, the club was received by an enthusiastic and appreciative audience. The program at each concert was greatly appreciated and every engagement resulted in a "hit" and a boost for Denison. As a means for advertising there are few better than the Glee Club, and wherever the club has gone during any season, there Denison is better known.

The Clef Club, a musical sorority of the Denison Conservatory, was founded in September, 1912, but was not definitely organized until March, 1913.

Its purpose is to bind the music students together, promote all musical interests in the college, and above all, to raise a standard of musical performance and scholarship which will serve as an incentive to all conservatory students.

Membership is extended only to those whose conservatory work has shown musical ability along both theoretical and practical lines.

The first public appearance of the club was in a presentation of the operetta, "Egyptian Princess," given in January. In practical furthering of musical interests, Clef Club has joined with the other musical organizations in presenting a music course of seven numbers which is proving very successful.

MINISTERIAL ASSOCIATION

OFFICERS

<i>President</i>	G. M. Riley
<i>Secretary</i>	C. F. Hamilton
<i>Treasurer</i>	W. J. Houston
<i>First Vice-President</i>	C. C. Browne
<i>Second Vice-President</i>	L. C. Pinkerton
<i>Third Vice-President</i>	J. W. Gainfort

THE Ministerial association at Denison is composed of the men in the college and Academy who expect to enter the ministry, also the members of the volunteer band and those men who expect to enter Y. M. C. A. work or other religious fields. The purpose of the organization is to be able to get the men together and have addresses from ministers and men of experience in religious work, on the various phases of the life of the religious worker. The meetings are held once a month. During the first semester, Rev. Brelsford of the Granville Baptist church addressed the association and Professor Hoppe volunteered his his services to a class in Bible reading once a week. This proved quite helpful to those who availed themselves of the opportunity.

Many of the young men find ready engagements with the various churches of Ohio that are without regular pastors.

Third Row: Hamilton, Smart, Gainfort, Bjelke, Walbe, Adams, Socach, Reister, Baker, Oldham, Ireland, Curtis

STUDENT VOLUNTEER BAND

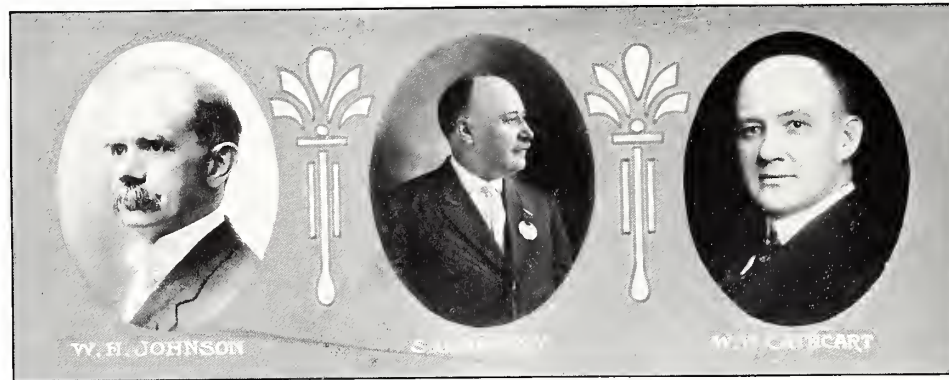

THE student volunteer society for this year has had a record for which we can be proud. The organization has sent out its members in groups of four and five to many of the cities around the state. These deputation committees have tried to give the people whose churches they have visited a wider knowledge of what is being done where the missionaries are and of the largeness of the work. The band has increased until now it has almost doubled in numbers and all the members are full of the spirit of their future work. Several of the members have joined since this picture was taken, making the total membership thirty-six.

DENISON ALUMNI ASSOCIATION

President.....S. B. Brierly '75
Vice-President.....W. H. Cathcart '90
Secretary-Treasurer.....W. H. Johnson '85

TO foster and maintain interest and activity for Alma Mater is the chief aim and object of the Society of the Alumni. Organized in 1859, comprising active and associate membership all graduates of the University and former students, it has been of increasing strength and influence. Catalogues of alumni have been prepared at various times, an annual bulletin giving changes in addresses and occupation, has been maintained since 1907, and quarterly bulletins full of informative and interesting matters pertaining to the alumni are published under the direction of the President of the Society, Samuel B. Brierly '75.

PATRONS OF THIS BOOK

The names appearing on this page are those of former Denison students who have kindly contributed to the financial support of this "ADYTUM", thereby becoming patrons to it. The management sincerely appreciates the kindness of these Denisonians who have helped make the publication of this book a possibility.

O. H. Larwill.....	Wooster, Ohio.

DENISON SCIENTIFIC ASSOCIATION

OFFICERS

President.....Dr. P. Biefeld
Vice-President.....Prof. A. W. Orcutt
Secretary.....Ruth Orcutt
Treasurer.....Prof. C. D. Coons
Librarian.....Prof. M. E. Stickney
Permanent Secretary.....Dr. Frank Carney

Dr. Paul Biefeld

THE Denison Scientific association was founded April 16, 1887, to afford opportunity for the exchange of ideas by those interested in the various sciences. Each scientific department is represented in the sections of the association. At the regular meetings, which are held on alternate Tuesdays throughout the year, papers and reports are presented by the various sections. Many of the papers are accounts of research work done in the University. Occasional addresses from noted scientists of different universities have added much of interest and value to the programs. Among those who, within the last few years, have thus been brought to Denison by the association are Dr. C. J. Herrick of the University of Chicago, Dr. C. D. Cole of Ohio State University, Dr. A. F. Foeste of Dayton, and Dr. J. M. Aldrich of the U. S. Department of Agriculture, Bureau of Entomology.

Under the auspices of the society, a library is maintained which contains files of all the important scientific publications of the world. Under the direction of the permanent secretary the association publishes from time to time "The Bulletin of the Scientific Laboratories of Denison University." This publication exchanges with many others of its kind and has done much to establish the scientific prestige of Denison.

GEOLOGICAL SOCIETY

First Row: J. L. Bjelke, H. B. Carney, Harriett Haggard, R. N. Adair, W. C. Woodyard
Second Row: Irene Shenberger, O. B. Kirk, Abigail Rowley, W. W. Galloway, Grace Shenberger, Dr. Carney, Ruth Abel
Third Row: Viola Johnson, F. Essex, Alice Eiswald, J. D. Thompson, Jr., Ethel Morris, E. W. Owen

THE C. L. Herrick Geological Society is one of the oldest of Denison's departmental organizations. As far as can be learned, it is the only society of its kind in the United States. There are other Geological societies of course, but none composed entirely of undergraduate students who are voluntarily carrying on this line of study free from faculty direction. It was organized for the purpose of learning more about the subject of geology and geography, through presentation and discussion of topics of interest and importance, by the students themselves, and whenever possible, by the outside talent obtainable.

Membership in the society is by invitation, the number being limited to twenty. For 1913-14 the officers are: Wilson Galloway, President; Abigail Rowley, Vice-President; Grace Shenberger, Secretary; O. B. Kirk, Treasurer.

CHEMICAL SOCIETY

First Row: R. R. Weber, G. B. Athey, L. L. Bruce, H. S. Stout, S. L. Lapp, H. D. Dawson, R. D. Gregg, R. W. Schwegman
 Second Row: A. A. Scholl, T. H. Rees, P. G. Horton, Miss Sefton, H. F. Holton, Prof. Brumback, Mrs. Finley, E. W. Owen, H. D. Adkins
 Third Row: R. P. Vickers, L. N. Moore, L. C. Boynton, Florence Rees, Merrie Steere, Mamie Lloyd, L. S. Martin, H. W. Mossman, J. T. Allison

OFFICERS

President H. F. Holton
Vice-President L. L. Bruce
Secretary-Treasurer L. N. Moore

IN spite of the fact that the Chemical Society is only in the sixth year of its activity, it is one of the most active of the societies here at Denison. The membership and attendance are larger this year than ever before, and keen interest is taken in chemistry along all lines of work. A feature of the meetings, which are held the first Wednesday of each month, is the report of processes at various manufacturing plants that have been visited and the reports of research work done by the members. Some of the alumni of the Society are now holding positions as head chemists in various concerns in the iron, sugar and automobile industries, another is chief chemist in one of the largest cities in the country. The Society although young has made rapid strides to the top, and from present indications its future will be even more successful.

STUDENT GOVERNMENT

First Row: Alice Dieter, Winifred Hamilton, Lucille Summers, Marjorie McCutcheon, Fay McKinney, Luella Graham, Margaret Allen

Second Row: Margaret Boyer, Laura Harris, Alice Bullett, Vivian Critchfield, Edith Beard, Marian Miller

EACH year that passes, finds Student government in Shepardson College a more efficient organization. This, the tenth year since its beginning, has been marked by great changes. The constitution and by-laws have been revised, a revision which places more responsibility upon the student body itself, as well as giving more personal liberty to each girl. The system of student government now maintained has raised the standard of honor among the girls, making them feel a certain self-responsibility which is good training and discipline.

HONOR COURT

First Row: W. W. Galloway, A. L. Johnson, Ralph Jones, E. N. Dekker
Second Row: Virginia Putnam, Helen Wolcott, Vivian Critchfield

THE Honor Court is an organization which is made up of representatives elected from each class in the University. It is the student council before which all cases of violation of the honor system now in use at Denison are tried. There are but two main offices in this organization, namely: the presidency which is held by W. W. Galloway, and that of Vice-President and Secretary combined, which is held by Ralph Jones.

 Asbestos Polisher.....Artful Arthur
 PluggerPedro Pat

Oft when the Hoot owl sounds his call
 Oft when night's descending pall,
 Casts o'er the landscape shadows deep,
 When the day birds go to sleep.

Then from some distant wood crowned hill,
 Comes the signal, sharp and shrill,
 Causing a touch of nameless fear
 Wingless Angels then are near.

PHI MU ALPHA

Phi Mu Alpha, Sinfonia fraternity of America, is nearing the close of its third year in Denison with ten active men and one pledge. The membership of this organization is made up of conservatory and academic students who are giving music a large part of their attention during their college course. One member of the Denison faculty, Professor Stickney, and two members of the Conservatory faculty, Professors Pringle and Karl Eschmann, are active Sinfonians. This organization aims to increase the interest in music and to support all musical endeavors about Denison.

PHI BETA KAPPA

THE charter for a branch of the Phi Beta Kappa at Denison was granted by the Council of the United Chapters in 1910. The chapter, known as Theta of Ohio was instituted with appropriate exercises on January eighteenth, 1911, by President Edwin A. Grosvenor, LL.D., of Amherst. It was composed of twelve members.

A limited number of members were chosen from the Alumni of the college, whose standing in scholarship would have entitled them to such honor at the time of their graduation.

Members in course are elected each year from the Senior and Junior classes. The number of Seniors so elected may not exceed one-fifth of the class, to be chosen from the upper fourth. The number from the Junior class is more restricted, usually not exceeding one to three members of the class.

The membership at present stands as follows:

	Men	Women
Alumni	88	41
Honorary	1	1
In course	25	23
Affiliated	1	

OFFICERS OF THETA CHAPTER

President Professor R. S. Colwell, D.D.
Vice-President Professor W. H. Johnson, A.M.
Secretary-Treasurer Professor W. A. Chamberlin, Ph.D.

MEMBERS IN COURSE

ADYTUM CALENDAR 1913-14

March

March 1. 1914 Adytum Calendar Committee takes up its pen to grind out some space filler.
Dusty Miller brings his team from Wilmerding and lets the Preps lick them. Score 41 to 29.

Sunday 2. Prex gave us much of good advice in a sermon at Church.

Monday 3. Phi Beta Kappa Keys doled out in chapel.
Shepardson play try-out.

Tuesday 4. The Dean bucked chapel!
Ebenezer Thresher tried to leave his foot in Chapel.
Willy is feeling very chesty over Friend Wilson's inauguration.

Wednesday 5. Howard "Wabb", king of the Alligators, sports a new hat on the campus.
Prex starts on his trip around the world.

Thursday 6. Dr. Haggard made us a speech and is given a reception to which the Sem people were nor admitted.
Willy spouts to his classes about the negatively useful man.

Friday 7. No song books in chapel which causes Dick to be astounded.

Saturday 8. Denison 83, Cincinnati 16.
No comment is needed on "The Crimes of Normandy."

Sunday 9. One of the Burton Hall girls thought the Dean was a man and locked her out of her room.

Monday 10. Carrie Hawley lost her equilibrium on the steps and coasted down the hill.

Tuesday 11. Important and astonishing discovery! One of the members of Willie's classes tells us the Spanish Armada was a book published in 1588.

Wednesday 12. The "poor Armenian's" speech in chapel made everybody but Kibby laugh.

Thursday 13. No English today—Willy bucked!

Friday 14. One little robin announces to the love-lorn that they may take heart, for spring is coming.

Saturday 15. Hooker cuts his classes.
Denison 83, Reserve 16.
Shepardson 21, Cedarville 1.
Denison won the debate from Ohio, and lost the other one to Miami.

Sunday 16. Willy goes out for dinner and loses his better half.

Monday 17. Lily Bell, Goody and Coghill have a joint birthday party.

Tuesday 18. Glee Club at the Opera House.

Wednesday 19. Once again we have the pleasure of announcing that Willy bucked.

Thursday 20. Kibby announced in chapel that there would be a meeting at 10 o'clock noon.

Friday 21. The first day of gentle Spring is ushered in with a little rain.

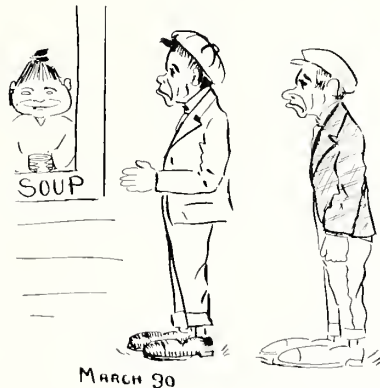

Saturday 22. Pence made a little toast at the Cicero Banquet

Sunday 23. A beautiful rain prevents the Sem wearing their Easter bonnets.

Monday 24. There is weeping and wailing and gnashing of teeth among the tents of the wicked—the Temperance Pool Room is being torn down.
Rain. The Dean resigned. Good-bye Miss Loveridge!

Tuesday 25. Irving-Cicero Contest.
Still more rain. Dr. Loveless puts out a sign in front of his house "NO FISHING."
Floods in Dayton, Columbus and Zanesville.

- Wednesday 26. Granville Car stops running because the track is washed out.
- Thursday 27. Spring vacation postponed because of the Flood.
The Dean, contrary to her usual policy, says that the girls cannot go home unless they have male escort.
- Friday 28. Fox and Tattershall start home; they get as far as Troy where they get free soup in the bread line.
- Saturday 29. Vacation starts.
Glee Club is stranded in Warren, Pa. The paper says that they are worried about their families.
During the vacation Miss Teeple resigned.
Cooney becomes a "papa." Too bad he could not have waited till next week and given us a little lay-off on classes.

April

- April 7. School starts again.
Kibby lead chapel and made it last at least an hour.
First D. D. D. practice.
- Tuesday 8. Biefeld's constellation class chased us out so we didn't get a chance to invent an event for today.
- Wednesday 9. Goody tells his classes that the matter of women's dress must be looked into.
- Thursday 10. Ted Johnson gives his engineering class a feed at the T-Cups.
- Friday 11. Victrola Hoppe has one of his girls drive him to a date with the other one.
- Saturday 12. Trans-Mississippi Club has its stunt.
Geology class reports a very delightful trip to Zanesville.
- Sunday 13. It rained so hard that the Dean said that the girls did not have to go to church.
- Monday 14. Dutch Chamberlin's class gives him a feed.
The Dean tells the girls that the Directors are coming to-morrow and that they must wash up and be ready to receive them.
- Tuesday 15. One of the Directors, Mr. Galbraith, points out Kibby in Chapel and refers to him as our President.
- Wednesday 16. Judge Keeler in chapel tells us that in his day instead of burying Willie's English they buried Livy.
- Thursday 17. Shepardson Athletic Association Banquet.
- Friday 18. Granville is about to undergo a spasm of religion.—Cause—the Ohio Student Volunteer Convention.

Saturday 19. First game of the season—Varsity 16, Cambridge 4.
Ohio U. beaten badly in Track Meet.

Sunday 20. Prexy leads Y. M. C. A.

Monday 21. First day of Tennis weather; the bugs are getting busy.

April 22. As a gentle reminder we wish to say that it was only one-hundred and thirty-eight years and four days ago that Paul Revere's famous ride was the newest quick-step.

Wednesday 23. Last of the Composer's Recitals at the Conservatory—Thank Heaven for that!

Thursday 24. Margaret Steere elected May Queen after a long and hard campaign.
Freshmen girls win the basketball championship at the Sem.

Friday 25. Doane 7—Newark High 6.

Saturday 26. Our relay team takes third place at the big meet in Philadelphia. Pennsylvania Club stunt.

Sunday 27. Some of the boys sneak over to Newark to see the circus unload.
Norm Hascall carried water for the elephant and then was disappointed because they would not give him a ticket.

Monday 28. The Calendar Committee went to the circus and now do not feel able to write about it.

Tuesday 29. Gosh! The Dean bucked a class!

Wednesday 30. 1915 has its stunt and a dandy serenade afterwards.

May

May 1. The Class of 1915 put on colors.
Junior stunt.
D. D. D. was not quite as bad as usual.
P. Biefeldt says that his constellation class was eclipsed by the D. D. D.

Friday 2. Kull's classes and Willie's bucked. Kull was grieved and Willie tickled.
1915 Girls' Basketball Banquet.
Irving Banquet.

Saturday 3. Baseball—Denison 5, Otterbein 0.
Tennis—Denison defeated by Wesleyan.
Track—Denison 71½, Wooster 42½.

Sunday 4. Ez Hansen and Nixon were caught desecrating the Sabbath by fishing.

Monday 5. Y. W. C. A. meeting on the Sem campus.
Ebenezer Thresher was tried and found guilty of disorderly conduct in the Dorm and sentenced to go in the Creek. The punishment was duly administered.

Tuesday 6. Tea-Cups reopened.

The Dean had to take a back seat in Chapel to-day.

Wednesday 7. The Girl's Glee Club gives quite a swell parade.

Thursday 8. We feel much better now that the Girls' Glee Club won't give another concert for a whole year.

Friday 9. Franklin won in a debate against Athenian.

Saturday 10. As is our custom, Denison beat Ohio U. in track and also in baseball.

A large and enthusiastic audience of 59 lost souls witness the French Play.

Sunday 11. Mother's day. Miss Parsons lead the Y. M. C. A.

Monday 12. Kull's cherry tree froze.

The Betas were late on their picnic and as a result Bros. Wickenden, Chaille and Heinrichs were campused.

Tuesday 13. The Fiji moving-picture show for the benefit of the public was almost but not quite spoiled by rain.

Wednesday 14. Field Day and also a partial day of rest from the duties imposed by the Faculty. Doane won the track meet.

Sigma Chi, Phi Gamma Delta and Alpha Nu Sigma are entertained at dinner at the Sem.

Dorothy Schwartz's recital.

Thursday 15. Freshman—Sophomore Baseball game. Score unknown.

Friday 16. Varsity 8, Miami 6.
Adelphian Play.

Saturday 17. Track meet. Varsity 91, Otterbein 26.
Baseball. Varsity 6, Wesleyan 7.

Sunday 18. Mrs. Gilpatrick died.

Monday 19. Orchestra Recital—just like we thought it would be!
Baseball—Beta Theta Pi vs. Union Club.

Tuesday 20. The Sem rejoices over the appearance of real true cinnamon rolls.

Wednesday 21. Rain. The Vigilance Committee gives a wet picnic.

Thursday 22. Kappa Sig picnic. Also rain and worse than that. Poor old Ez Hansen campused.

Friday 23. Kibby turned out to be quite a guy when his class gave him a feed.
Sigma Chi spring stunt. They also had the nerve to serenade!
Baseball. Varsity 1, O. W. U. 2.

Saturday 24. Phi Gamma Delta, Kappa Sigma and Sycamore Club serenade. Most of the Sem was out on the campus with male body-guards—do not tell it to the Dean, please.

May 24. Zeus disguises himself as a carpenter to build seats for the Big show e. g. The Canterbury Pilgrims.

Sunday 25. Curtin accidentally went to church and was so moved by the plea for the Anti Saloon League that he pledged \$600.00!

Monday 26. The dear old weather-man gave us a little rain for the Junior Prom. Was the punch nailed?

Tuesday 27. Prex resigned.
Pete Ullman makes his debut in the world of music with a solo at chapel.
That is an awful place to start anything.

Wednesday 28. Sophomore stunt and the only thing that lacked was a breath of scandal.

Dick gives a reception to the Seniors.
Kellerman hunts clovers on the campus.

Thursday 29. Exams start—"Nos mortituri, te salutamus." Do you get it?

Friday 30. Preps have a night-shirt parade. It was, to say the least, quite a revelation.

Last track meet of the year. Varsity 60, Miami 57.

Saturday 31. Carnival Day.
Track. Doane 60, North High 45.
Baseball. Doane 4, Mt. Gilead 5.
Baseball. Varsity 3, S. M. I. 2.
Sycamore serenade.

June

June 1. Kappa Sigma boys have their mothers here to inspect them.

Monday 2. Prex makes his farewell speech in Chapel.
Sophomores 13, Freshmen 7.

Tuesday 3. First load of trunks leave the Sem—the lovers start to have the heart-ache.

- Wednesday 4 The Dean in Chapel makes the astonishing announcement that the names of the girls in the swimming contest will be posted in the pool room!
- Thursday 5. Stewed gov. gets generous and throws open Lover's Lane to the fussing public. Some jam! and well sweetened, too.
- Friday 6. Dr. Tilbe of Rangoon in Chapel tells us all about the "poor Armenian." Sig picnic.
- Saturday 7. Student Volunteer Band plays the opening selection of its convention. Stone Hall Baking Bat.
- Sunday 8. Harriet Haggard, Ruth Abel and Vid Critchfield get into the wrong room and sing for the Y. M. C. A. meeting, thinking that it was Student Volunteers.
- Baccalaureate Sermon. Judging from the crowd it must have been some talk.
- Monday 9. Shorty Long takes his father and sister out driving and upsets the buggy.
- Tuesday 10. Priske thinking that one dose was not enough gave us another inoculation of the "Crimes of Normandy." We are mighty glad that it didn't take.
- Varsity beat the Alumni.

Wednesday 11. Class Day. 1915 plants the ivy.
Varsity 8, O. S. U. 5.

Thursday 12. Commencement exercises. They were distinguished by an exhibit of Mexican athletics.
So-long. See you some Sept. morn.

September

- September 17. Dick receives a large consignment of "greens."
Our "Willie" is now Dr. C. Luther Williams!
- Thursday 18. Registration; the poor freshies look like they had lost their last friend.
King Hall Party.
- Friday 19. First meeting of Stewed Gov.
Hello meeting.
Y. W. C. A. Reception.
- Saturday 20. The Sophs find it necessary to duck two of the Freshmen.
Freshman and Sophomore class meeting.
- Sunday 21. A new preacher has come to drive the Devil out of Granville.
- Monday 22. The Alpha Nus get hungry and go out on a trip to swipe pumpkins.
- Tuesday 23. 1915 class meeting. Dave Reese got sore and said "darn."
- Wednesday 24. The Sophs put out the posters but the Freshmen removed them almost before we had a chance to read them.
Reception for the new Dean, Prex and the Preacher at the church.
Senior class meeting.
- Thursday 25. Count Globules de Villers advertises for players in the band.
The Fijis take a whack at serenading.

Friday 26. Euterpe open meeting.

Saturday 27. Athletic Association meeting.

Sunday 28. The preacher prougt ten minutes overtime; we will have to reprimand him.

Monday 29. Prex is still wearing his straw lid.

Tuesday 30. Try out for the Glee Club was marked by the wanton slaughter of "The End of a Perfect Day."

October

- October 1. Pool at the Girls' Gym is opened to the female public—big crowds; everybody needs a bath.
The Freshmen put their flag up on the flag-pole and soon decide that they had better take it down.
- Thursday 2. Freshman-Sophomore scrap gives us upper-classmen a day of rest.
- Friday 3. Thalia open meeting.
- Saturday 4. Casey closed.
Zeus makes a noise like a carry-all on the geology trip.
- Sunday 5. Casey still closed—we're getting hungry.
Prex sports a new derby. We hate to see the straw lid go, but the snow would have spoiled it anyway.
- Monday 6. Casey opened—let's give a Heike!
Prof. Davis tries to tell us how he knows that the earth is millions of years old, and he took about that long to do it.

Saturday 8. Varsity 14, Cincinnati 7.

Freshmen win the cross-country meet.

Sigma Chi Fall Party.

Sunday 9. Much snow. It looks like a vacation for some one.

Monday 10. More snow. Newark cars blocked and the people from there take a little lay-off.

Tuesday 11. Some of the Faculty and a few of the students with cultivated tastes went to Columbus to hear Josef Hoffman. He never showed up and they say that the movies were very edifying.

Calliope extra.

New England Club stunt.

Wednesday 12. Victrola Hoppe gives a lecture on the position of the mouth in speaking.

Thursday 13. Lily Bell eats dinner in the Sem dining-hall while the poor little Freshman who was to tote the chaperon to the Kappa Sig dinner party waited patiently in the Stone Hall parlor.

Friday 14. Eschmann announces that at the next Historical Recital Miss Farrar and Miss Benner will give a war dance. Don't miss it!

Saturday 15. Otterbein game cancelled; rain.

Doane 17, Columbus Academy 0.

Cross-country—Varsity 19, Ohio State 44.

First Pan-Hellenic meeting of Denison Greeks.
Fraternity initiations.

Sunday 16. The Fraternity Freshmen blossom out with pins almost worn on their neckties.

Monday 17. Kibby forgot to bring his keys up the Hill and had to buck his Spanish class. It nearly broke his heart.
Inter-class track meet.

Tuesday 18. Willie's alarm clock didn't go off and consequently he bucked two classes.

Wednesday 19. Some of the Seniors bucked Psych and Dick said that they played the fool.

Prex in chapel tells us that we must keep off the grass.

Thursday 20. Hopkins' lecture, "Along the Shore."
The football men serenade the Sem.

Friday 21. Gosh, Johnny and Odey both buck classes on the same day!!

Saturday 22. Varsity 47, Wesleyan 0. Some class to that, eh?

Denison takes ninth place in the Big 9 track meet, which is going some.

Sunday 23. Miss Benner's organ recital.

Monday 24. Eschmann gives a lecture on primitive musical instruments. Judging from the sounds we hear issuing from the Conservatory, he could have gotten plenty of data right there.

Tuesday 25. Marsh and Ladd appear at classes with white collars on!

Wednesday 26. Goodie was not prepared for his class in government and let them off.

Everybody starts home thankful for a Thanksgiving vacation.

December

December 1. Everybody comes back from the Thanksgiving recess with a sleepy look.

Rev. Jones of Japan spills a stereopticon lecture.

1915 gives the Junior Banquet a knock-out. Good for us!

Tuesday 2. Much rejoicing in the tents of the wicked—the Faculty have decided on an extension of the Xmas vacation.

Wednesday 3. First sitting for the Adytum pictures. The girls wear out three mirrors the first hour.

Lily Bell carries about half of the apparatus from the Chem Lab to dinner with her. Did she want to take something away with her or was she just a little absent-minded?

Thursday 4. The Dean establishes a lost and found room in Burton Hall. "Any article lost on the Campus can be found by applying to her."

MacVicar lectures on good roads in the Recital Hall.

Friday 5. A baby grand (no, not a grand baby) was placed in Stone Hall. None but the very best of music will be heard there.

Saturday 6. Football Banquet.

The Semites get a full meal at Chrysler's—Heinz Day!

Sunday 7. Eschmann spends the day in Stone Hall parlor initiating the new piano.

Monday 8. Prex and the Dean go on a tear and decide to forbid the Sorority bidding this year until further notice. We must stamp this great evil out; make Denison the Vassar of the West! Now ain't that a heck of an outlook?

Tuesday 9. Skating at the gravel pit. Everybody does a stunt.

Wednesday 10. Historical Recital at which part of the Glee Club sing from the gallery "to give the effect." We would recommend that as a permanent change.

Thursday 11. Miss Peckum gives a Stone Hall party to the girls. Why did she not invite a few of us men folks?

Friday 12. Philo open meeting in Stone Hall. Mrs. Herrick would not allow a grand march because it might raise some dust.

Saturday 13. All the boys who had at least two cents to invest went up to the Girls' Gym and squandered it ALL at the BAZAAR.

Sunday 14. A chorus of 200 puts on The Messiah at the church. However, sad to say, the chorus was not all girls.

Monday 15. Mrs. Reese "nee Laura Parsons" gives the Sem a Christmas talk.

Tuesday 16. The Gospel teams are packing their trunks preparatory to going out among the heathen.

Wednesday 17. Ebenezer Thresher turns up at classes this morning with his hair parted.

Thursday 18. Those of us whose tastes are up to the required level go over to Newark to see "Everywoman." We like "Everywoman" but "Nobody" cares.

Friday 19. About noon to-day the cars began to look like there was a big league game in Newark. Merry Xmas!

January

January 6. All back wearing the new suits that they got for Christmas. Lucille Summers arrives minus her suitcase and the necessities of life that were therein contained.

Wednesday 7. Zoology and Botany assistants sleigh ride. Malcomenos is sure some official chaperon judging from the reports. The Freshmen girls get busy and stack the rooms of the upperclassmen in Stone Hall—but, they had to unstack them, too.

Thursday 8. Goody has the stomach ache and bucks.

Friday 9. Hoppe has become the man of mystery—he has not come back from the vacation yet. Where, oh, where can he be?

Saturday 10. Mrs. Pankhurst presented herself at Goody's classes. She wore a large patch on her face as a result of her last campaign.

Sunday 11. Kansas City delegates have charge of the church services.

Monday 12. Rev. Vinton gives a lecture on the heathen Chinese.

Tuesday 13. Some of the Conservatory students go to Columbus to see Mary Garden but she decided that it was too cold to appear in the barefoot stunt and she didn't. Maybe it is just as well that some of our lambkins did not see that performance.

Wednesday 14. The Freshman toques appear. It looks to us like Spring is coming in with a riot of color or all the Freshmen have been pledged Kappa Sig.

Thursday 15. Day of Prayer, alias Day of Rest, for colleges. Girls forbidden to go to the Ohio U. game because of the prayer-meeting. Varsity 71, Ohio U. 19. Glee Club makes it initial bow-wow.

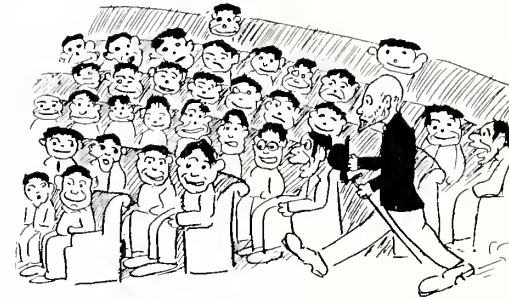

Friday 16. Rare treat for music lovers. Mrs. Fiske puts on a vaudeville entertainment of songs, jokes and lightning artist stuff.

Saturday 17. Varsity 34, Kenyon 14. Football "Ds" awarded. Stewed Gov entertains the Freshman girls.

Sunday 18. Scene in church—Dean of women at one end of the pew and Dick at the other end with two lone Freshmen in between. Question—Did those Freshmen listen to the sermon?

Monday 19. Kibby after reading several editorials in the Denisonian dismisses his classes almost on time.

Tuesday 20. More about Kibby and this is still harder to believe. He was late to chapel. You don't have to believe it if you don't want to.

JAN 8

Wednesday 21. "Egyptian Princess." The Queen makes a mash on two electric lights and those in the front row almost see stars.

Thursday 22. Varsity 74, Heidelberg 12.

Friday 23. Chicken-pox develops at the Sem. The victim was hastily removed to the pest house. Be careful, boys, stay away from the chickens if you don't want the pox.

Saturday 24. Thalberg comes to us and busts a couple of our perfectly good pianos.

Alice Bullet takes a nap in the bath-tub. (We ought to have a cartoon here, but we don't dare.)

Sunday 25. The King Hall parlor furniture disappears. Mrs. Finley tries to work off some excess avoirdupois by carrying the chairs down from the attic.

Monday 26. Prof. Goody starts an H. & P. S. Association. Have you been able to figure out what that stands for? Is it some sort of a sewing circle?

Tuesday 27. Harriet Hunt asks a Freshman if Essex is in the Library. The obliging freshie after a frantic search through the catalog—"We don't have that in the Library."

Franklin Banquet.

Wednesday 28. Dwight Moore appears on the stage at the recital ten times—to adjust the top of the piano.

The Dean tries her hand at running chapel. She got away with it pretty good, but she can't whistle in Dick's class.

Thursday 29. Varsity 83, Miami 18. Villers and his band attended.

Friday 30. Brother and sister dinner at the Sem. "Abe" Martin covers himself with glory by being a little late. Maybe he don't like to eat soup in public.

Saturday 31. Lucille Summers suitcase returned "by kindness of Lee Hill, Harlem College." There is a chance for a little romance, Lucille.

February

February 1. The Consolidated Union of Loafers wake up to the fact that tomorrow we will have final exams.

Monday 2. Exams. Don't feel good at all.

Tuesday 3. Exams. Sick.

Wednesday 4. Exams. Dead.

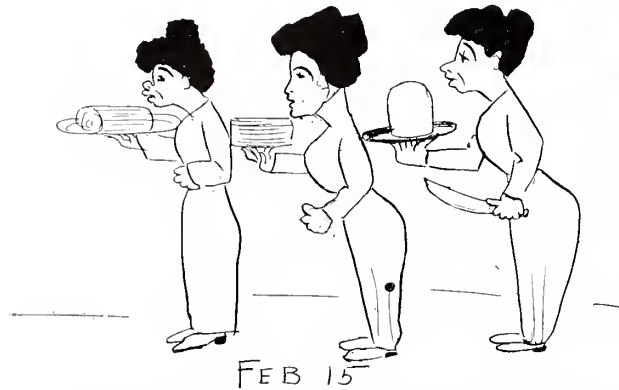

Thursday 5. Exams. Buried. Thank heavens it is over!

HERE—A NICE LITTLE VACATION.

Tuesday 10. Registration. "Get in line, thus save time."

Wednesday 11. Varsity 52, Buffalo Germans (world champs, I don't think) 38. At the game the Leaders' Gym Class throws a fit.

Thursday 12. Smoker at the Sem. For particulars, see Miss Lily Bell.

Friday 13. Friday the thirteenth! I am going to stay in bed all day. Kibby troubles the young gentlemen to rise when they attempt to recite. This must be out of respect to the French nation.

Saturday 14. Nothing happened to me yesterday; how about you?
Varsity 22, O. S. U. 27. Ouch! The rooters get home about 3 A.M.

Sunday 15. Many empty seats in church. It is the morning after the night before.
Pringle and his squad execute the "Holy City." Who sang the bass solo?
Supper at the Sem served a la cafeteria. Awful rush!

Monday 16. Y. W. C. A. election of officers.

Tuesday 17. The Seniors put on the flowing robes and mortar boards. The Juniors made them look sick.

Wednesday 18. Prex makes a speech about the decorum of the Juniors at chapel yesterday. We appreciated it to the fullest extent.

Thursday 19. The W. B. committee enjoys the first course of the stunt.

Friday 20. Washington Banquet.
Some of the fellows were so anxious to see their girl home, that Eschmann had to dismiss class early.

Saturday 21. Varsity 50, West Virginia Wesleyan 36.

Sunday 22. The Semites change tables for the semester. Were they all satisfied?

Monday 23. Stewed Gov has the mumps. Hooray! Now won't the girls have a good time?

Tuesday 24. Rover comes to Willy's English.
Orchestra Recital.

Wednesday 25. The W. B. committee enjoys a sleigh ride(?).

Thursday 26. The Semites rejoice over the rare treat of a whole shredded wheat biscuit for the dejeuner.

Friday 27. Varsity 44, O. W. U. 27. Hooray!!!! We have some band!

Saturday 28. Varsity 42, Oberlin 23. State championship again! We have some more team! We have a big celebration.

Finis—The Calendar Committee dies happy!

IN MEMORIAM

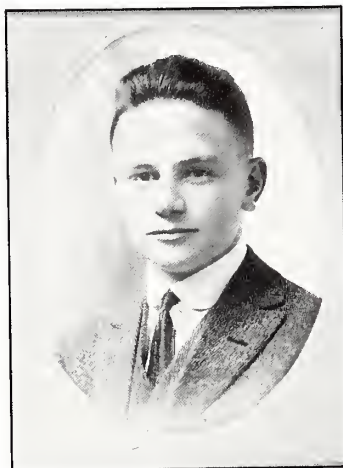

ERNEST H. LOWE

THE stay of Ernest H. Lowe with the class of 1917 was a brief one. On October 8th, only three weeks after the opening of the college year, he died at the City Hospital in Newark of acute nephritis. He was born December 24, 1894, at Springville, N. Y., and was the son of the Rev. R. W. and Clara E. Lowe, and brother of Ellsworth B. Lowe of the Class of 1911, D. U. The major portion of his preparatory course was taken at Springville, where he distinguished himself as a public speaker, receiving the first prize in the annual speaking contest of 1911. He also did good work as a member of the inter-scholastic team of the Debating Society and in the Athletic Club. His high-school course was completed at Machias, N. Y., where his brother, E. B. Lowe, is principal.

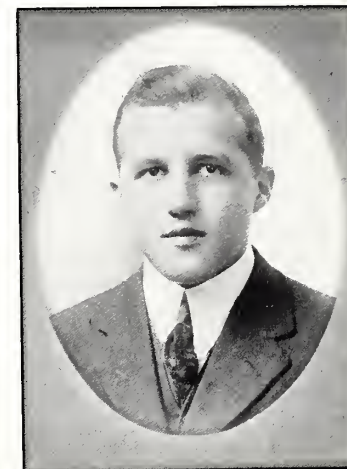

He was naturally generous and high-minded, and possessed of a very lovable disposition and winning manners, which secured him friends wherever he went. Although he had not had time to make intimate acquaintances at Granville, yet, as one of the students has said, "To meet him was to like him." He confessed his faith in Christ and united with the church when only twelve years of age; and at the time of his death was a member of the Baptist Church in Delevan, N. Y., where his parents now reside. Humble and sincere, he was without ostentation in his religious life; but, as good opportunity seemed to offer, engaged quietly in positive Christian work. The impression which his life made upon one of those who knew him best during his short residence in Granville is expressed in the following words: "To me personally it was one of my greatest joys to have had even a short-time friendship with a boy of Ernest's calibre. He lived by deed not by word and his Christian example was worth more than all the public confessions he might have been able to make during his college career." An insight into his heart may be gained from a quotation from a letter written to a friend not many months before his death: "I do not think we ought merely to get the habit of attending prayer-meeting. The habit I covet is the habit of looking forward to it as a time to meet with God and get a real blessing from Him."

He was pledged to membership in the Sycamore Club and was greatly enjoying his relations with the members of that organization and with the whole college community. Why he was so suddenly taken away in the flush of his early manhood, we may not now comprehend; but we believe, that

"God knows the way, he holds the key,
He guides us with unerring hand;
Sometime with tearless eyes we'll see;
Yes, there, up there, we'll understand."

Advertisements

The management of this ADYTUM urges the careful attention of all readers to the advertisements appearing upon the following pages. Without them the successful publication of a book of this kind would be impossible. The gentlemen who have become advertisers have become so mainly to express the friendly relations which have existed between them and Denison patrons in the past and we, as Denison people, should reciprocate by patronizing them as much as possible in the future.

Watch Repairing--Reliable

On October 27th, Prof. Willie gave the Juniors a nice little talk upon the subject of WOMEN SUFFRAGE. After this talk there was not a member of the class believed thoroughly in this great national movement. Willie traced the whole matter back to the Garden of Eden. If Adam didn't want the apple, why did he take it?

There's one great good in whiskey, according to Prof. Willie, who feels sure that it will either revive one's spirits, or the spirits will revive the individual.

Prof. Kull—"Anybody here from another state?"

Miss Thresher holds up her hand.

Prof. Kull—"Where are you from, Miss Thresher?"

Miss Thresher—"From Missouri."

Prof. Pence, in speaking of the way in which women do up their hair, ventured the assertion that there was lots in it.

Goody's favorite theme is the T. and O. C. We cannot support him however in the proposition that more trains could be put on without crowding.

Pence said that Ez Hanson's story was a typical E. A. Poe production. We suggest that he be hereafter entitled E. A. Poe Hanson.

Kirk—"Where you going Sal?"

Sallahaddin—"To keep my appointment with the Professor."

Kirk—"What Professor?"

Sal—"Why, Professor Bumboozle."

Kirk—"Oh no, you mean Brumback don't you?"

Sal—"That's who I mean."

Kirk in Quiz class: "Dr. Carney, there is a lady at the door."
Carney: "I don't think so."
Kirk: "But I heard her knock."
Carney: "Will some one open the door; Mr. Kirk says there is a lady outside."
Enter Mrs. Carney.

Professor Coons (to Kirk)—"Give me a definition of space."
Kirk—"I can't express it, but I have it in my head."

Dr. Colwell (to confident senior)—"I would like to see you as soon as possible concerning your diploma. There is a little matter that is confusing me."

Senior (heart in his throat)—"Well, well, I can't understand what can be the matter."

Dr. Colwell—"It is this: Does your middle name commence with C or G?"

Six foot porch swings all remind us, three foot swings would do as well.

If iodine makes four compounds with methane, how many would chloroform?

Mills—"I'm doing my best to get ahead."

Hansen—"Goodness knows, you need one."

GRANVILLE, OHIO

"Rexall Store"

With one great swoop the bracelet flew;
It bounded up a time or two;
The footlight crashed, her aim was true.
And then,—

She let the other bracelet fly;
Another footlight said, "Good-Bye."
While Hopkins heaved a mournful sigh.
And then,—

THE CURTAIN.

The above business men are reliable.

COLUMBUS, O.

Miss Sefton—"Name one very hard metal."

Zehner—"Alimony."

Prof.—"For a cap and bells our lives we pay—what does that mean?"

Slackford—"That's what we get when we get through college, isn't it?"

Prof. Biefeldt—"Now, suppose, Mr. Malcolm, there were people on the moon, and they looked at you on the earth. What would they see?"

Malcolm (pompously)—"They would see a large star."

(Large groans in the rear of the room.)

CLASS IN "BUSINESS EFFICIENCY"

These seven men (two formerly from Denison) canvassed a total of 606 days with "The People's Home Library." Their profits were \$10,012.14. They averaged canvassing less than 87 days each, their average profits were \$1,430.30 each and their average daily profits were \$16.52 each. For two years the average daily profits of all together, without any exceptions, were over \$7.54 each. The book contains Medical, Cooking and Live Stock Departments. It is "The King of Subscription Books." We train our vacation salesmen in "Salesmanship and Business Efficiency."

THE R. C. BARNUM COMPANY

Minneapolis, Minn. CLEVELAND, OHIO Kansas City, Mo.

Inquisitive Freshman—"In what course will you graduate?"
Zeus—"In the coahse of time."

If grape sugar carries six atoms of oxygen, how many would alcohol?

Before a house where a colored man had died, a minute darkey was standing erect at one side of the door. It was about time for the services to begin, when the parson appeared from within and said to the darkey: "De services am about to begin. Ain' yo' gwine in?"

"Ise would if I could, pahson," answered the little darkey, "but den yo' see, I'se de crepe."—Ex.

Prof. Goody—"Give an example of the wastefulness of the times."
Pinkerton—"Mills' arms were waistful last night."

You will not be disappointed in dealing with these advertisers.

Mitchell & Miracle

East Side Square

NEWARK, O.

Prof. Johnson—"Explain the difference between VIR and HOMO."

Student—"VIR is man alone; HOMO embraces woman."

Prof. Odebrecht (to Myers)—"What are you doing?"

Myers—"Nothing."

Prof. Odebrecht—"Well, stop it, then."

Senior—"We had solid gold soup last night."

Freshman—"What!"

Senior—"Yes, it was made of twenty-four carrots."

Dr. Carney—"You muts look the bald fact in the face. All eyes this way."

Mr. Pence—"Now for the rest of the story."

Richardson—"There is no rest to this story; it's too tiresome."

Prof. Goodell—"When I was in the state prison, I—What on earth is the matter?"
