Terms and Conditions.

WE GUARANTEE

All goods contained in this Catalogue to be strictly as represented, and if any article should not prove satisfactory to the Lodge, it may be **exchanged** within ten days after arrival, **provided the article has not been used and is not soiled or damaged.** (This does not apply to Seals, Lanterns, Badges or any article having the name and number of the Lodge thereon, if made as ordered, nor to goods made **specialty** to order.

When it becomes necessary to exchange an article, the Lodge must always prepay the express charges on the goods returned.

DISCOUNT.

All articles in this Catalogue are subject to a discount for **CASH.**

SHIPPING.

ALL GOODS ARE SHIPPED BY EXPRESS UNLESS OTHERWISE ORDERED.

When ordered shipped by **FREIGHT**, the Lodge or party ordering must assume all risk of delays, damage and loss.

ORDERING.

Remember that many of the articles catalogued are made to order only, and therefore sufficient time should be allowed for filling an order. It is difficult to state exactly "how long," as that will depend altogether on the quantity and class of goods wanted. Ordinarily from ten to twenty days is ample time to fill an order.

When goods are wanted for a particular date, always mention the fact in your orders and we will promptly notify you whether or not we can fill the order by the time specified.

Give the number of this Catalogue (**No. 10**), the list number and the list price, of each article you order.

Always attach the Seal of the Lodge to the order, if you do not want the goods sent **C. O. D.**

When the Seal of the Lodge is **not** attached to the order, the goods will be sent by Express **C. O. D. with privilege of examination** before paying, in accordance with the rules of the Express Co.

Goods can be sent by freight **C. O. D.** (Bill of Lading attached to Sight Draft) but the goods **cannot be examined** before being paid for. *This is the rule of the Railroad Companies and they will not waive it.* Our standing, however, is sufficient guarantee that we will correct, free of expense to the Lodge, any errors of ours, if such be found.

All orders for secret paraphernalia are filled in accordance with the Law of the Supreme Lodge, only.

HOW TO REMIT.

Remittances should be made by Cincinnati or New York Draft, Express Money Order, or Post Office Money Order, payable to The Cincinnati Regalia Co., or currency by Express, **prepaid.** Remittances made otherwise are at the senders' risk of loss.

Please address all correspondence to

Office: New No. 230 E. Fourth St. Between Main and
Sycamore Streets.

CINCINNATI, O.

Organized in the Spring of 1895, with experienced men in all departments. Our office force represents by their membership almost every known Secret Society.

In our factories we have selected from the market the cream of the operatives; experienced and trained experts. We have the best lighted and best prepared Regalia factory on the continent. (We do not claim the largest, but we do claim the best equipped.)

All of our machinery is the very latest and most approved that money will buy.

Our motive power is electricity, for all machinery, even to the elevators. No steam, no smoke, no dirt

WE BUY EXCLUSIVELY FOR CASH, DISCOUNT ALL BILLS,
AND ARE THUS PREPARED TO MEET ANY AND ALL COMPETITORS. THEY CANNOT BEAT OUR FIGURES.

We propose to sell good goods at reasonable prices, guarantee satisfaction, and meet all competitors, value for value.

We have determined that our house shall not be charged with SUBSTITUTING. With us, you will get what you order, and what you pay for. If the goods are not obtainable in time, you will be notified, but the order shall not go forth from us "Send the next thing to it; they will not know the difference," **as others have done.**

Finally, our house starts with:

New Goods, New Machinery, New Building.

Backed by experience and money.

We need your trade and influence.

We will try hard to secure both.

We must earn and merit your confidence.

You will find familiar names in our correspondence.

Give us a trial and it will be appreciated by

COMBINATION CASKET, TRESTLES, AND PALL.

NOTE.—We desire to call attention to this combined article. The three parts, Casket, Trestles, and Pall, are constructed IN ONE, and can be placed into position for work as quickly as any one of the articles separately. Besides this advantage it is also the most economical. When not in use it can be folded together, occupying no more space than a Casket alone.

- | | Each. |

NOTE ON COLORS.—*Usually in a colored sandal, scarlet or dark red is the favorite, especially where it will blend with the color of the costume. Purple and blue coming next in order. In all cases where colored sandals are used, always wear the flesh-colored stockings under them, to bring out the pattern of slashings. Never wear a colored stocking with a colored sandal, it destroys the effect.*

THE CINCINNATI REGALIA CO.

COSTUMES.

NOTE.—All of our costumes are new designs, and are specially suitable for the characters they represent. Our Costume Department is unexcelled for producing artistic costumes, as we have a full corps of expert designers, cutters, trimmers and general operatives. As an example of high art in costuming, see back cover-page of this catalogue.

We are prepared to make original designs and specifications where necessary on a special set of costumes. The variety is almost infinite in designs, material and trimmings.

We call special attention to our merino and velvet robes. We do not use job-lots or goods bought out of stock, which always varies in shades and colorings. Our fabrics are all made and colored to special order, the colorings being produced to the very shades we want. Compare them with others, and draw your own conclusions.

We buy exclusively for cash, discount all bills, and, consequently, you get the best values at our quotations. The fabrics and trimmings are graded in quality, according to the price of the garment. The workmanship is good in all.

ROBES FOR OFFICERS.

NOTE.—The four principal officers of a Lodge, viz.: Chancellor Commander, Vice-Chancellor, Prelate, and Master of the Work, are generally costumed in robes and turbans. Their costumes should always be graded in keeping with their rank. The finer costumes for the higher characters.

The Master-at-Arms should be clothed in an armor costume; for the Attendants in the first rank, ordinary robes and turbans are all that is essential. Their color should be blue.

In ordering costumes, always specify the character intended for, so the proper colors can be used; or name the colors you prefer.

ROBES, FOR KING.

SPECIAL NOTE ON KING'S COSTUME.

Any of the Robes described in "Robes for Officers" are adapted for King's Robes. Select any Robe, according to the price you desire to pay, from Robe No. 825 to No. 879 inclusive.

Select Crown from page 39.

Necklace, if wanted, from page 39.

Scepter, from page 40.

Short Sword, if wanted, from pages 30 and 31.

Shoulder Belt, for Short Sword, page 32.

The following are special Robes, trimmed with Ermine, to meet the wishes of those who have that conception of a King's Robe. We do not recommend a Robe trimmed with Ermine, as these Robes belonged to the Feudal Ages—a much later period than the times of Damon and Pythias.

There are two Kingly colors for Robes—scarlet and purple. The preference is generally in favor of the scarlet, and we so make them, unless the purple is preferred, and so specified in ordering.

Nos. 903, 904 and 905.

For finer Robes, select from Officers' Robes, or we will make special specifications if applied for under seal.

COSTUMES AND UNIFORMS.

A Lodge equipped with a fine set of costumes is an important factor in making a successful career. Dramatized work is highly interesting to all men of every rank and station in life. It vitalizes a Lodge by drawing out the attendance; it invites visiting Lodges to see the work; it gives the Lodge more than a local reputation.

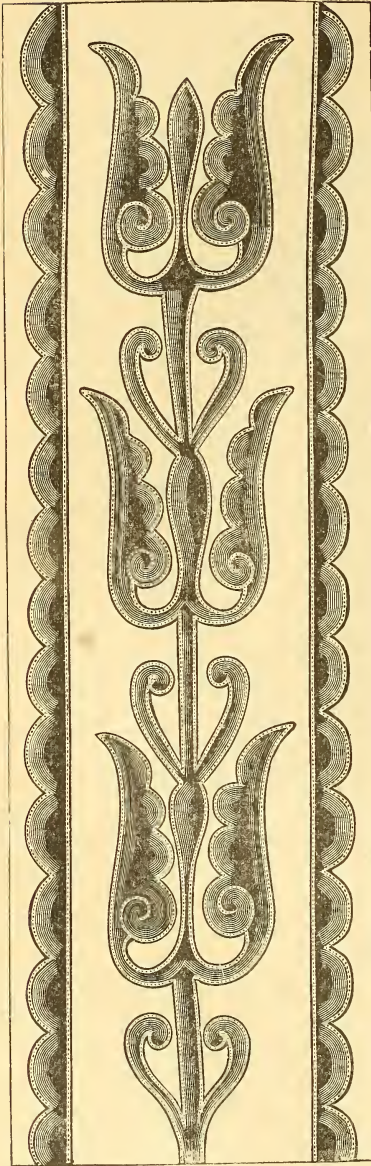

Next to fine costumes, a Uniform Rank is undoubtedly the best factor for drawing new materials--the younger men who are fond of parade and martial equipments.

Our new Uniform Rank Catalogue is the latest and the most correct of any hitherto published. It contains everything of interest to a Lodge contemplating the organization of a Rank. We will cheerfully send it to any one interested, and will freely give any desired information on how to start a Division of the Uniform Rank.

COSTUMES FOR SENATORS.

SPECIAL NOTE.

PATTERN H.

*Illustration of one of our Patterns
for Applique Work and
Silk Embroidery.*

In addition to robes, Senators need various articles to complete a costume. In order to facilitate ease in making your selections, we here give the pages where the various articles will be found, so as to save you the trouble in looking them up; for—

Wigs and Beards, see page 14.

Sandals, see pages 35 to 37.

Scrolls, see page 40.

Fillets or Head Bands, see page 41.

Bracelets and Armlets, see page 41.

OUR DESIGNS.

On our finer robes we have originated and offer for the first time, high art in costume embroidery and applique work. Our applique work, *is not patch-work* like your grandmother made, in making old-time quilts; but is real artistic, clean cut designs, showing every detail, and in proof of this we here illustrate a few of our many designs, all of which are copyrighted for our own protection. Then to assure you further, we make these robes, subject to approval, if ordered under seal. We guarantee not only our illustrations and descriptions, but more than this, we guarantee our robes to give satisfaction. No one could do more.

ARGUMENT ON GREEK AND ROMAN COSTUMES.

Some houses contend that the Greek are the only authentic robes for use in the new work. Other houses contend that the Roman is the only proper costumes. We say that we make all kinds, and the Lodge itself is the best judge of what particular styles it likes the best. Our illustrations are so perfect that they will furnish requisite assistance in deciding.

Oriental people, of all countries and all times, have delighted in bright colorings. They wore Gowns, Robes, Tunics, Togas and Drapery of all kinds. The main object is to produce an ensemble of beauty by grouping a variety of colors that will harmonize. Our styles have been carefully studied and designed. Our Togas are made with ample fullness, and draped to place, so the wearer has no trouble in adjusting graceful folds; *we do that for him*. Our Robes are beautifully ornamented by our own original designs, protected by copyright.

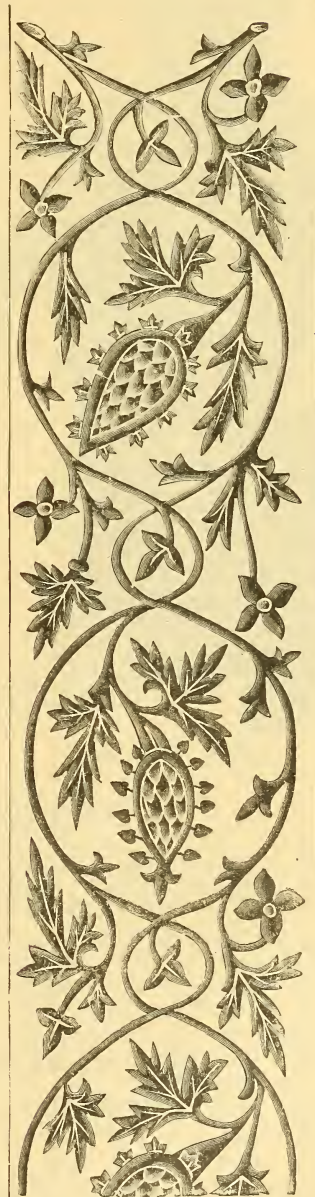

Robes can be worn either with or without cloaks, just as the Lodge prefers. All of our styles are effective. All are graceful. All we guarantee to give satisfaction.

ROBES, FOR SENATORS.

SPECIAL NOTE.

Our Robes for the ten Senators are assorted in colorings, and we vary the designs of trimmings to give an individuality to each, more especially on the finer Robes. On some, we use sashes; on others, cords and tassels. Our plates give a general idea of one Robe of a set. The more expensive the Robe, the better the materials, trimmings, and, especially, the applique work.

Read note, on page 52, relative to our applique work, which is a special method of our own, not used by other manufacturers.

We illustrate, on pages 52 and 53, a few of our special patterns of applique work and silk embroidery, which are protected by the copyright of this catalogue.

When cloaks are shown in our illustrations, they will be found in separate quotations, later on in Catalogue.

OUR SPECIAL SENATOR.

This is our own special design of art in costuming. See back cover-page of this catalogue. This costume, to produce the effect of the picture, should be in white, or light-colored silks or satins, with the cloak of a contrasting color. We will quote the costume complete; the colorings can be changed to suit the buyer's taste.

No. 970. A fine costume for Senator. Robe made full length, of white costume satin, with broad band of scarlet banner silk at bottom; resting on the band and on front of robe, a silk-embroidered special design in scarlet; neck-piece embroidered in scarlet silk; special belt, made of scarlet-silk, with special gilt belt-plate, with gilt cords and ornamental gilt end-pieces; two pairs of sleeves, the upper sleeves lined with scarlet-satin; bands of scarlet-satin for cuffs of inner sleeves. Classic, simple and pure in style. Cloak, made full length, but not over-wide, of scarlet banner-silk; lined with gold-colored satin; broad band at bottom, embroidered in gold-colored silk; special gilt-metal clasps, with chain. Special pair of sandals, ornamented with gilt-metal ornaments, etc. Special fillet, or head-band, set with jeweled stones. A pair of fine-quality flesh-colored stocking. This completes the costume. *See plate on back cover-page of this catalogue*.....\$125 00

SUGGESTIONS ON OTHER COMBINATIONS OF COLORS.

- White Robe. Blue cloak; yellow lining.
- White Robe. Purple cloak; yellow lining.
- Yellow Robe. Scarlet cloak; white lining.
- Pale Blue Robe. Crimson cloak; yellow lining.
- Lilac Robe. Pink cloak; white lining.
- Scarlet Robe. Yellow cloak; white lining.

In contrasting colors, always use colors that will blend well together. Nature never makes a mistake in coloring, men often do.

This costume can be duplicated in cheaper goods; but not as a work of art, as it appears and as we produce it.

Where the general style is desired in fine cashmeres, or in satins, omitting the more expensive details, we will submit special bids, provided the request is made under the seal of the Lodge. The cloak is, necessarily, a part of the costume; as, without it, the costume would be shorn of much of its beauty.

We avoid over-decoration on this costume everywhere, but give beauty and simplicity their full effectiveness.

Any Lodge that equips ten Senators with these costumes would be equipped equal to anything upon the stage for classic robes.

COSTUMES, FOR PRELATE.

NOTE.—Any of the “Robes for Officers” can be used for the Prelate. The color should be black, trimmings silver. The same remarks apply for “Head dresses.”

The following are special robes, and are intended for those Lodges wanting an ecclesiastical costume. To save trouble in making selections and referring to the various articles, we condense the matter by quoting the complete costume (excepting stockings and sandals).

ROBES WITH COWLS.

We will duplicate any robe, by its number and quotation, leaving out the cap and mask and putting in their place a hood or cowl with eye-holes to cover the head. We do not recommend the cowl, as it is a trifle absurd in appearance.

HEAD-DRESSES.

SPECIAL NOTE.

Head-dresses are made in an infinite variety of styles, and with great variety of materials and trimmings. We make them in Turbans; Caps with coronet fronts, etc., with and without back curtains; with and without side pendants. No catalogue can describe the variety in styles, materials and trimmings. We give here a limited variety, and suggest it is better to select your robe, and then say to us "to make head-dress to correspond with the robe, and the character it is intended for." Our aim is always to vary the head-dresses for a set of costumes, so as to give an individuality to each costume. The finer head-dresses for the more important characters.

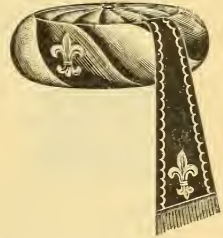

To save repetition and space, we describe all head-dresses with gilt trimmings, but where the robe is silver-trimmed, of course, the head-dress should be also. There is no difference in the prices. Where silver-trimmed head-dresses are wanted, please specify it in your order. When sets of costumes are ordered, we will see that the robe and head-dress correspond in trimming, if you will name the characters the costumes are intended for.

OTHER STYLES MADE IN GREAT VARIETY.

ARMOR COATS AND TUNICS.

A SPECIAL LETTER.

Tunics are better adapted for the Herald (as he was a court officer, not a warrior), for the Attendants, Executioners or Headsmen, and for the Outer Guard.

Armor Coats are better adapted for the Master-at-Arms, the Captain of the King's Guards, the King's Guards or Spearmen, and the Inner Guard.

AS-TO MATERIALS.

We carry in stock, in great variety—

Plain and figured Armor Cloths.

Brocades, of various patterns and colors.

Silk and gold fine-woven brocades. All colors.

Silk and silver fine-woven brocades. All colors.

Figured Damasks, of special patterns.

Fine gilt, silver and nickel metal ornaments.

All widths of gold and silver laces, of almost infinite variety and pattern.

Gold and silver bullion fringes, in all widths.

Gilt-metal settings, with jeweled stones in variety.

Metal Discs, Concaves, etc. Plated and gilt.

Special ornaments. Our own designs.

All these, and many other materials, enter into the make-up of fine Armor Costumes, so that our illustrations convey a general idea as to styles, as no catalogue, no matter how large, could embrace all the different styles we manufacture.

We give full value on every Armor Coat, always endeavoring to exceed the expectations of our customers. Many of these imported goods are very expensive, and, when you add the elaborate trimmings on a fine Armor Coat, you will find our quotations very reasonable, when you deduct your discount.

When intended for men above the average size, it would be well to send us their height, weight and chest measure, more especially for the finer Armor Coats.

We have confidence in our goods, therefore our plain proposition: that we will make these goods subject to approval of the Lodge, provided the order is sent in under seal. Our aim is to please you, make you our permanent customers, and, by your good words, to extend our trade.

HOW TO SELECT A COMPLETE ARMOR COSTUME.

In order to assist in making selections of the various articles that constitute an Armor Costume, we will here give the pages the various articles appear on.

If spears are used by the Guards, no swords or belts are needed. The Captain of the Guards should have sword and belt. For—

Helmets, see page 22.

Shields, see page 27.

Swords, see pages 29 and 31.

Belts, see pages 32 and 33.

Spears, see page 34.

Stockings, see page 35.

Sandals, see page 35.

These comprise all the essentials, except the Armor Coats, the selection of which you can easily determine.

In the foregoing finer armor coats we can use real silk and gold brocades, in various colors and patterns, which will materially increase their expense. We can make armor coats at prices ranging from \$50.00 to \$100.00 each. All depends on the qualities of the armor cloth, gold brocades, and quality of ornamentations used. For fine outfits we will design to special order, and submit special figures, some of which we describe in the following special armor coats, letters H to R.

SPECIAL ARMOR COATS, FOR CHANCELLOR COMMANDER, MASTER-
AT-ARMS, ETC.

NOTE.—The following are Special Armor Coats, made after special designs of our own; trimmed with special trimmings, laces, etc., which we do not describe, for various reasons, the principal one is to prevent our competitors knowing exactly what they have to meet in our goods.

We protect the customer, however, by guaranteeing satisfaction. If the goods do not suit you, do not take them. This is a broad proposition we make. All we ask in return is that you send your orders under seal, and then these goods will come to you subject to approval.

FUNERAL ROSETTES AND BADGES.

Lodges and individual Knights of Pythias are forbidden, by the Supreme Lodge law, to use any insignia of mourning other than the regulation funeral rosette, which can only be secured from the Supreme Keeper of Records and Seal, R. L. C. White, Nashville, Tenn.

This law abrogates and annuls all funeral badges, either single or reversible, except those supplied by the Supreme Lodge, and we can not quote or sell any funeral badges, single or double.

Parade badges are permissible, and we quote them for parade purposes only, but they can not be worn at funerals.

PARADE BADGES.

NOTE.—The usual color for a parade badge is scarlet, the color of the highest rank. Any other color will be given at same quotations.

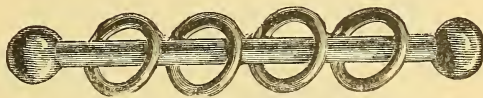

Our badge tops are gilt-metal. Choice will be given of any pattern selected. Give the number of the badge-top you prefer in ordering.

Badges being lettered, and made to special order, will not be made on approval. Quotations are subject to usual discount.

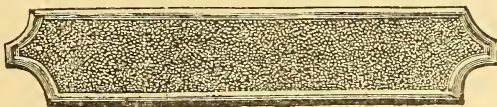

Parade badges can be worn for parade purposes only, and not at funerals.

WE ASK YOUR KNIGHTLY COURTESY.

It is quite natural that our new company will meet with opposition from the older houses. We expect it, and are prepared to meet it.

Our support will come from secret societies, and upon them we rely.

Long experience as old members of this Order justifies us in believing they will give a new house a fair showing, and that is all we ask. Your friendship will be valued. Your confidence shall not be abused. We will endeavor to please you by good treatment and fair dealing.

MAGIC LANTERNS, OR SCIOPTICONS.

The new work is made far more impressive by the use of one of our Magic Lanterns and a set of slides.

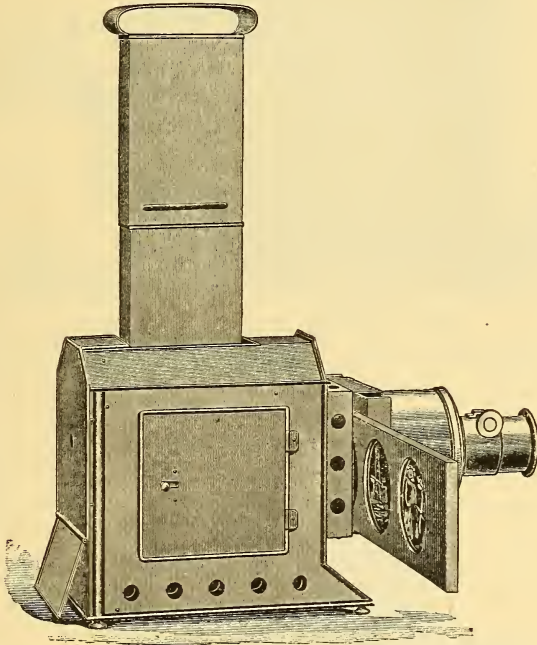

They are simple and effective, and are the best in the market. The only Magic Lanterns that can be successfully handled by the inexperienced.

OUR SLIDE HOLDER

Is always ready; simple in operation; requires no adjusting; works automatically.

OUR SLIDES

Are the best that are made, and are authentic in design; beautiful in coloring, all being painted by hand.

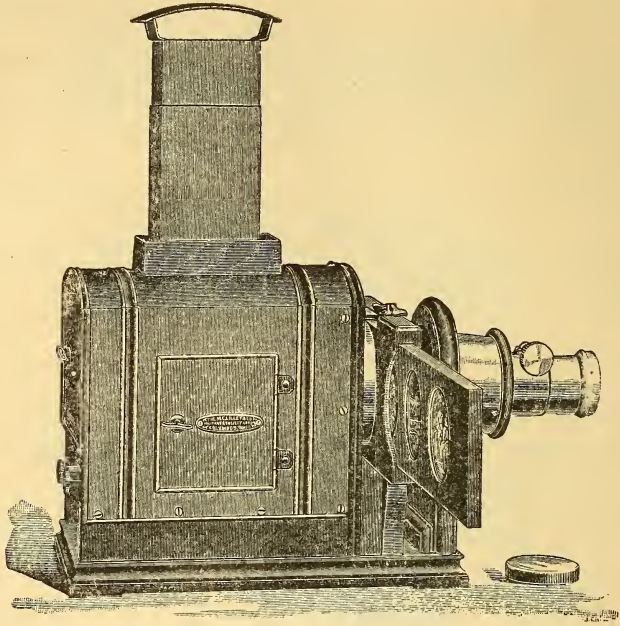

THE EUREKA LANTERN,

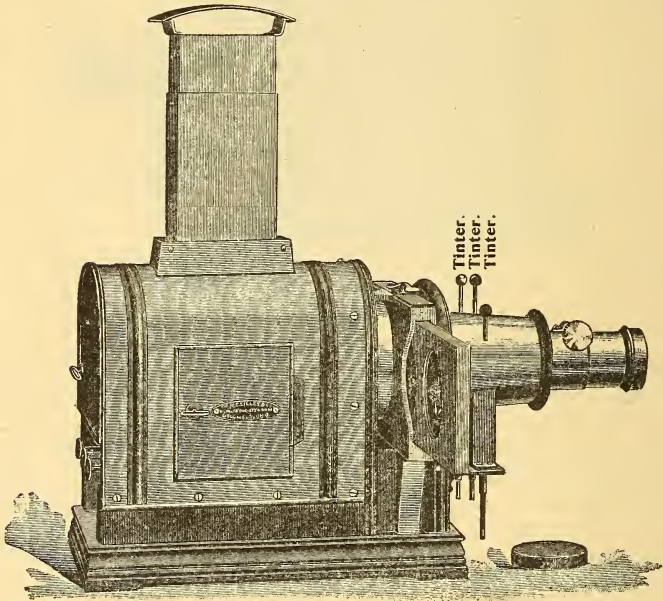

SHOWING VIEWS MOUNTED IN ONE FRAME.

The Eureka Lantern is specially adapted for use in small Lodge-rooms. It is substantially made of Russia iron, with openings on sides and end to avoid overheating. Imported double achromatic objective lenses, with rack and pinion adjustment for focusing; a pair of imported, large size plano-convex condensing lenses, mounted in brass and adjusted for expansion and contraction. IMPROVED THREE-WICK LAMP; the flame is regulated by an opening in the rear of Lantern, through a tinted glass, to prevent impairment of the eyesight. Door on side and on end. Easily operated, and will produce a sharp, clear picture, from 8 to 10 feet in diameter, at a distance of about 18 feet from the screen. Spring slide carrier, adapted for long and single slides. Packed in our improved case, which can be used as a stand while exhibiting.

Price, including white muslin screen, but not the slides (subject to discount).... \$30 00

THE QUEEN CITY LANTERN,
SHOWING SLIDE HOLDER, AND VIEWS MOUNTED IN ONE FRAME.

THE AUTOCRAT LANTERN,
WITH TINTERS AND SLIDE HOLDER, AND SHOWING THE VIEWS MOUNTED IN ONE FRAME.

THE QUEEN CITY LANTERN.

See illustration on page 84.

The Queen City Lantern is made of best quality Russia iron and is perfectly ventilated. Fine French double achromatic objective lenses, mounted in a polished brass tube, having a rack adjustment for focussing. Large double plano-convex condensing lenses, mounted in polished brass; adjusted for expansion and contraction. This Lantern will produce a sharp and clear picture, 8 to 10 feet in diameter, with oil light, which is the most desirable for Lodge-room work. Packed in our improved case, which can be used as a stand for the Lantern during exhibition.

Price, including screen and slide holder, but not the slides (subject to discount) \$40 00

WE GUARANTEE IT TO HAVE NO EQUAL FOR THE MONEY.

THE AUTOCRAT LANTERN.

See illustration on page 84.

The Autocrat Lantern, with our slide holder and tint, is the most complete and the simplest in operating of any Lantern in the market, made of fine Russia iron, *perfectly ventilated to prevent overheating*. The objective and condensing lenses are of the finest French manufacture, and capable of producing a sharp and clear picture, 10 feet in diameter with oil light, and 25 feet in diameter with oxy-hydrogen light. The objective lenses are mounted in a NICKEL-PLATED tube, which has rack adjustment for focusing. The condensing lenses are mounted in a NICKEL-PLATED cell, adjusted for expansion and contraction, and so arranged that they can be readily removed when necessary. The latest improved three-wick lamp, WHICH WE GUARANTEE TO PRODUCE A BRIGHTER PICTURE THAN ANY OTHER OIL LAMP, easily adjusted to any desired brilliancy through an opening in the rear of the Lantern. Fine nickel-plated reflector. This is the only Lantern having a TINT ATTACHMENT arranged in the head, with which many fine effects can be produced. Packed in a neat case, having a compartment for slides and other accessories, and which can also be used as a stand for the instrument while exhibiting.

Price, including screen and slide holder, but not the slides (subject to discount) \$64 00

K. P. MAGIC LANTERN SLIDES.

SPECIAL NOTE.—We have arranged to secure the finest and most perfect lantern slides produced in America. They are copyrighted by the manufacturer, who keeps a corps of special artists on this kind of work, all of them being colored by hand. The slightest imperfection in a slide is highly magnified when thrown on a screen. Consider our price, when you consider the fine artistic hand coloring, carefully done by patient hands. We aim to excel here as in all other lines. They combine beauty and art, are historically correct in accordance with the new ritual, and the prices are the same as charged by other dealers for cruder work.

K. P. BANNERS.

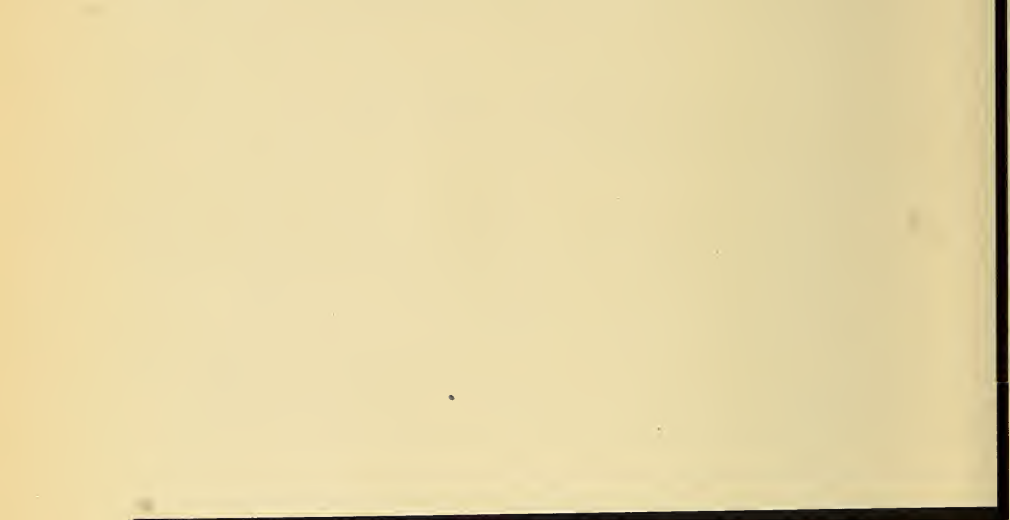

Nos. 1320 and 1321.

CORRECTION.

On page 89, Regulations as given for K. P. Banner has an error in printing. The words " Pole to have a gilt battle-axe top " should read thus:—

" Pole to have a spear head at top ; at the ends of the cross piece, ball and falcon spear heads." .

K. P. BANNERS.—CONTINUED.**REGULATIONS.**

The Regulation Banner, as prescribed by the Supreme Lodge, is as follows :

"A tri-colored silk banner, size 36 x 54 inches; upper left hand corner, blue; upper right hand corner, yellow; lower part, red; in center a white shield, 18 x 24 inches, with the K. P. escutcheon, together with the name, number and location of the Lodge upon the shield. The letters F. C. B. in gold lettering, on their respective colors. Pole to have a gilt battle-axe top."

EACH LODGE SHOULD OWN A K. P. BANNER.

SPECIAL NOTE.—The office force of The Cincinnati Regalia Company are old and experienced regalia people, having been connected with other regalia houses for many years.

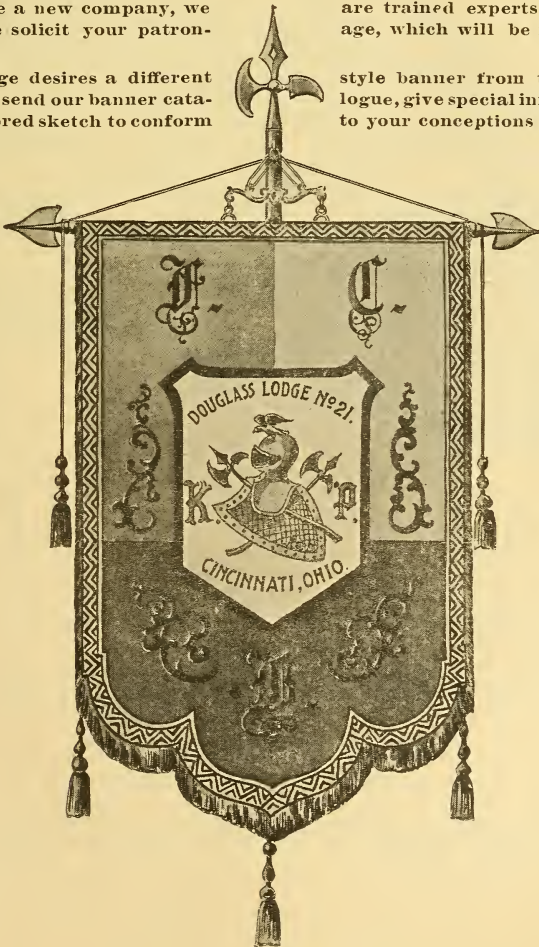

We are pleased to state that they have designed and sold more fine banners than any other office force in America.

While we are a new company, we ourselves, and we solicit your patronage, appreciated.

When a Lodge desires a different style banner from the regulation, we will be pleased to send our banner catalog, give special information, and furnish a special colored sketch to conform to your conceptions of the banner.

NATIONAL FLAGS.

"The star-spangled banner; long may it wave."

EACH LODGE SHOULD HAVE "THE STARS AND STRIPES."

SPECIAL NOTE.

As an American Order, each Lodge should own a National flag for parade purposes.

Our bunting flags are quoted very low when you consider we use the very best bunting—all wool, warranted fast colors, well made, and mounted ready for immediate use.

Our silk flags are made of imported banner silks, trimmed with silk fringes, according to the United States Army regulations, and are the best silk flags in the market.

We do not quote gold bullion fringe, as it is a metal fringe and weighs down a flag so it will not fly. We can not recommend buying a flag that won't float. The silk fringe is lighter, prettier and neater, and harmonizes better with the flag than metal fringe.

Remember this fact, we will send any bunting or silk flag quoted, on approval. To give complete satisfaction, or to be returned to us, provided it is ordered under seal or by a reliable business house.

Our cut is a new one, showing the present regulation field of stars, and, like all other cuts in this catalogue, is protected by copyright.

We will furnish any Lodge that is our customer with an electro of this flag, where it is to be used exclusively for Lodge purposes, at a nominal sum.

U. S. SILK FLAGS.

NOTE.—All our silk flags are made of banner silk. This silk is made to special order in Lyons, France, and comes in two widths, 36 and 72 inches wide. We embroider all the stars in silk, as they are more flexible, and more durable than gold-leaf work.

Our sewing of the seams is done with the greatest of care, insuring strength and neatness.

Our eagles are cast brass, and substantial. Some dealers, on their cheaper flags, use a campaign eagle, very light and easily broken.

Our goods will come to you just as described.

We do not substitute qualities. Remember this fact.

K. P. CARPETS.

EMBLEMATIC DESIGNS.

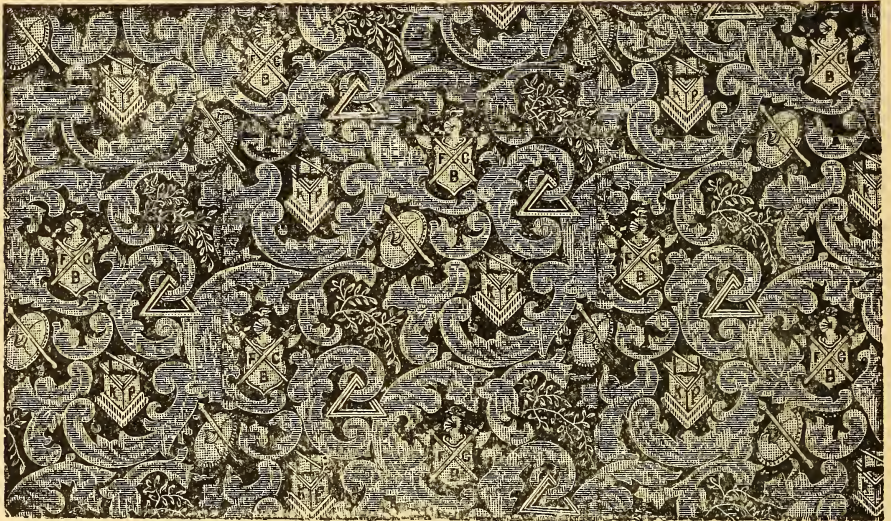

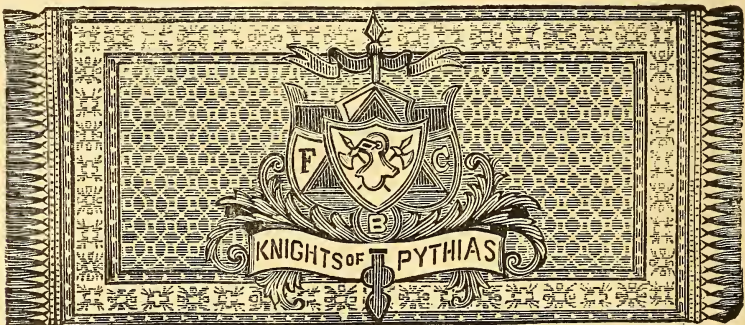

ILLUSTRATION OF PATTERN,
IN BOTH INGRAIN AND BODY-BRUSSELS CARPETS.

We simply illustrate the design of our carpet, showing the patterns; and make no quotations, as the market changes from time to time, and we prefer to make net cash quotations when called upon; either by the roll or sewed and ready for laying. In the latter case we require an accurate diagram of the Hall. There is some loss in matching the pattern, when made; this should be figured on, in buying any quantity. Please address us for quotations, under the seal of the Lodge, and oblige.

K. P. EMBLEMATIC RUGS.

LODGE FURNITURE.

(Please Read This.)

NOTE.—Our furniture is made to our special order by the very best cabinet makers in the country. All lumber is thoroughly seasoned, and we guarantee that our furniture will not open at the joints, nor crack or warp. We do not use composition or plaster ornamentation, which continually breaks and comes off. Other dealers may sell such furniture; we don't. All of our ornamentation is solid wood, and hand-carved. The highest grades of Lodge furniture manufactured anywhere.

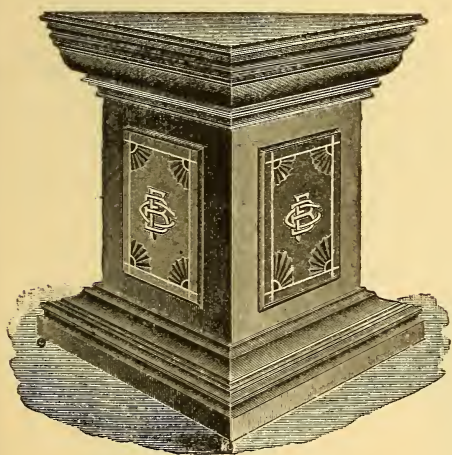

Furniture is expensive when shipped by express. We ship by freight, unless otherwise ordered. Specify, in ordering, how you want it shipped, as we will not share express charges.

As furniture is "made only to special order," a reasonable time must be given for its proper manufacture. Usually, 30 days is required.

Furniture being made to special order, is not sold on approval as our Lodge goods generally are. You can rely, however, on our indorsement of its reliability, by the descriptions and the illustrations.

OFFICERS' CHAIRS.

SPECIAL NOTE.—Our chairs are made to our special order by the very best cabinet makers in the country. They are hand-made, hand carvings, and have no putty work, or what is called "combination" or stucco ornamentation, to fall off. Please remember this fact in buying, our goods are always reliable. We have a great variety of patterns, and have in preparation now (Fall of 1895) a complete Furniture Catalogue. We only show a few styles here. Our furniture being made to special order, is not made subject to approval, but we will guarantee it all to be equal to our illustrations and descriptions. Walnut or cherry chairs furnished at same quotations as given for oak.

We have in course of preparation a special catalogue devoted exclusively to K. P Lodge Furniture.

Our new Uniform Rank Catalogue contains all the latest regulations. Every Division should have a copy, as several changes have been made. Our catalogue shows the new swords and new belts for officers, the helmets with yak hair plumes, etc., etc. Mailed free on application.

OUTFITS

FOR

KNIGHTS OF PYTHIAS LODGES.

AN OPEN LETTER.

(This Letter takes the place of a written one.)

For "Terms and Conditions," shipping information, etc., see inside front cover-page.

For Index, see last page of catalogue.

Outfits will be sent by Express, unless otherwise ordered. If sent by freight, we will not be responsible for delays or damage in transit. If damaged, recovery must be made from the railroad company, which is always an uncertain thing to accomplish.

Our Outfits, while carefully prepared, are not arbitrary. You can make any other selections you desire and prefer. You can omit from, or add to any Outfit; take part of one and part of another, or you can use any one as a guide and make up an entirely new Outfit.

Carefully prepared printed blanks will be mailed on application, embracing all articles used by a new K. P. Lodge, so you can order any given number of articles of your own selection.

We give the number of the page that the description of the article will be found on, in the left-hand column; next column to the right, we give the catalogue number of the article itself; and to the extreme right, the catalogue prices, which are subject to a liberal discount for cash.

Our object in giving the number of the page is to assist the buyers, by relieving them of the labor of hunting up the various articles, and save them the trouble of constantly referring to the index.

In this, as in all things, our aim is to please the trade.

Seals are required by law to have the date of institution on their face. This necessitates our shipping the seal after the Lodge is instituted (unless notice of date is given us in advance).

As we make up all Outfits to order (not sending any shop-worn goods), it is always best to give us ample time to do you good work. We very much prefer to send out creditable work than to be hurried too fast. Usually from ten days to two weeks is sufficient time to fill an ordinary order; that is, from the date we receive the order to the date of shipment. From two to three weeks is better, especially in the busy season. We will send them as early as possible to do your work right.

Remember, we buy for cash exclusively, discount all bills, and aim to make our goods better than competitors on similar descriptions. Please read our "Announcement," on page 2, it bristles with facts.

Finally, we guarantee satisfaction on any and all goods we make, except special goods—such as banners, seals, badges, etc., which would be worthless to us if returned.

If you order from us, you can not fail to be pleased. We need you, your goodwill, and good words. All we ask is your knightly consideration.

Yours respectfully,

THE CINCINNATI REGALIA CO.

WE CAN FURNISH ANYTHING YOU WANT

in Regalia, Supplies, Costumes, Uniforms, &c., for any Secret Society.

We make Military and Band Uniforms and Equipments, &c.

We can furnish letters K. P. for Hall fronts in all sizes from 8 inches high to 24 inches high, periods included. Prices quoted on application.

Should there be anything your Lodge wants outside of our catalogue, or outside of our business, such as Safes, &c., we will take pleasure in giving you the names of reliable dealers, or assist you in purchasing at the closest figures.

All your correspondence, shall have our careful and prompt attention.

Yours truly,

THE CINCINNATI REGALIA CO.

SENATORIAL WORK.

OR LONG FORM, THIRD RANK.

LETTER OF INFORMATION :

(This letter takes the place of a written one, is easier read, and conveys specific information.)

In the Senatorial work, it is presumed that the Lodge ordering, has the necessary costumes for its regular officers, as tabulated in the preceding supplements to outfits for new K. P. Lodges, specified in the preceding pages.

We therefore omit the costumes for officers, as they can be selected from the catalogue, pages 42 to 49, or from the supplements without duplicating here.

In making your selections, remember our tabulated outfits are not arbitrary, but can be used as a guide to make any desired selection you may prefer.

A FEW WORDS ON COSTUMES FOR SENATORS.

Some Lodges prefer the Roman Costumes, Togas and Tunics. These will be found commencing on page 54, see plates 13, 14, 15, 16 and 17.

Other Lodges prefer the Grecian Costumes, Robes with bright colored borders, etc. These we illustrate in plates 18, 19, 20, 21, 22, 23, 24 and 25 on pages 56 to 60, and an especially fine one on the back cover-page of this catalogue, and which is described on pages 60 and 61.

We also provide Cloaks to go with the Grecian Robes, see page 61. It is not intended, however that all of the Senators should wear cloaks, but rather, that not to exceed half may, in order to give greater individuality to each.

We do not make the entire set alike, as it is not presumed that Senators were clothed like a military company, all uniform.

A special note, or letter appears on page 52 which we particularly call your attention to, as our aim in our notes, is to give the fullest information to the reader.

SCRIBE'S COSTUME.

On page 66 we say "The Scribe usually wears a white wig and beard" we change this here and use a head-dress as being more appropriate, and also because Pythagoras wears a wig and beard and they would appear too much alike.

HEADSMAN AND ATTENDANTS.

There are two styles of Costumes for the Headsman. The Robe as described on page 66, and Tunics as shown in plates 32, 33 and 34 on pages 72 and 73. The Lodge or committee, can best judge which they prefer. The Headsman should be equipped with a Headsman's axe, see pages 37 and 38.

The Attendants in a cheaper outfit can be costumed with Robes and Head-dresses. Never use a Helmet with a Robe. It is incongruous.

Select Robes from "Officers Robes," commencing on page 42, and Head-dresses to correspond commencing on page 67. In a better outfit the Attendants should be costumed as Warriors, with spears and shields, or with swords and belts as preferred.

Continued on next page.

Continued from preceding page.

They should be equipped as follows:

- With Armor Coats, see page 71.
- With Leggings, see page 79.
- With Helmets, see page 23.
- With Spears or Halberds, see page 34.
- With Shields, see pages 27 and 28.

Or, if preferred, omit the Leggings and use long stockings and sandals, see pages 35 and 36. Again, if preferred, omit the Swords and Belts, and use Axes. See pages 37 and 38.

KING'S GUARDS OR SPEARMEN.

An escort of Spearmen, is ritualistic, and hence permissible, and adds to the beauty of dramatized work. A detachment of 4, 6, 8, 10 or even more can be used, always having even numbers, with a Captain of the Guards, if wanted. This officer should have a rather finer armor costume, and be equipped with sword and belt, instead of a spear.

The Spearmen or Guards to King should be equipped as follows:

- With Tunics or Armor Coats, see page 71.
- With Helmets, see page 23.
- With Leggings, see page 79.
- With Spears or Halberds, see page 34.

Or, the Leggings can be omitted, and long stockings and sandals used instead, see pages 35 and 36.

PARAPHERNALIA, ETC.

For Wigs and Beards for King, Senators, Pythagoras, Scribe and Headsman, see pages 14 and 15.

- A Bell is absolutely essential, see pages 15 and 16.
- A Monitor's Room, is needed, see page 12.
- For Senator's Scrolls, see page 40.
- For Fillets (Head-bands), Bracelets and Armllets, for Senators to go with the finer outfits, see page 41.
- For Necklaces for King, see page 39.
- For Special Belts for King, see page 40.
- For Crowns and Scepters, see pages 39 and 40.

MAGIC LANTERNS.

In all well equipped Lodges exemplifying the Senatorial work, a Magic Lantern is almost an absolute necessity. Select from pages 83 to 85.

The Slides illustrating Pythagoras' lecture will be found on page 87.

The regular Slides for Third Rank work will also be found on page 87.

This gives all the general information on making selections. Any special information that may be wanted, will be cheerfully given if applied for under seal.

Finally, we will send printed blanks containing every detail needed for a complete outfit, free of charge on application. This blank makes the selection of an original outfit an easy task.
